(C) The proposed use complies with applicable roadway standards, access design, parking, and traffic requirements such that it will not create or aggravate hazards to vehicular or pedestrian traffic on the roads and sidewalks, both off-site and on-site, serving the proposed use.

(D) Noise, lighting, vibration, air emissions, dust, odor, and similar impacts of the proposed use comply with this DSR and any applicable state and federal standards.

(E) The proposed use complies with all applicable stormwater management, environmental, wildlife, geologic hazard, and floodplain requirements.

(4) The conditional use will not create adverse impacts on the surrounding area that cannot be mitigated to the maximum extent practicable.

(A) In evaluating adverse impacts, the development review body shall consider the location of structures and other improvements on the site; the size, height and massing of the structures; the number and arrangement of structures; the design of structures and other site features; the proposed removal or addition of vegetation; the extent of site disturbance, including, but not limited to, any grading and changes to natural topography; and the nature and intensity of the activities that will take place on the site.

(B) In determining the surrounding area, the development review body shall consider the unique location and environment of the proposed use; assess the relevant area that the proposed use is expected to impact; and take note of important features in the area including, but not limited to, scenic vistas, topography of the terrain, agricultural lands and activities, sensitive environmental areas, and the characteristics of nearby development and neighborhoods.

(5) The conditional use will not result in an over-intensive use of land or excessive depletion of natural resources.

(A) In evaluating the intensity of the use of land and depletion of natural resources, the development review body shall consider the extent of the proposed use in relation to parcel size and the natural landscape/topography; the area of impermeable surface; the amount of blasting, grading, or other alteration of the natural topography; the elimination or disruption of agricultural lands; the effect on significant natural areas and environmental resources; the disturbance of plant and animal habitat, and wildlife migration corridors; the relationship of the proposed use to natural hazards; and available mitigation measures such as the preservation of open lands, the

addition or restoration of natural features and screening, the reduction or rearrangement of structures and land disturbance, and the use of sustainable construction techniques.

(6) The site is suitable for the conditional use, including adequate usable space, adequate access, and the absence of environmental constraints.

(7) The Site Plan for the proposed conditional use will provide the most convenient and functional use of the lot, including the parking scheme, traffic circulation, open space, fencing, screening, drainage facilities, landscaping, signage, and lighting.

(8) Sewer/wastewater, water, stormwater drainage, utilities, fire protection, police protection, and roads are available and adequate to serve the needs of the conditional use as designed and proposed or such services will be improved to serve the proposed use.

b. *Additional Criteria for Approval*. Refer to Sec. 13-03-02.D, *Solid Waste Transfer Station Criteria for Approval*, through Sec. 13-03-02.I, *Outdoor Storage and Accessory Outdoor Storage Criteria for Approval*.

## 13-03-02.B Permit Issuance

1. **Description and Conditions**. The Conditional Use Permit shall describe in detail the conditional use allowed by the permit, include all specific conditions applied by the Board of County Commissioners, and be accompanied by an official Site Plan and building elevations modified by the applicant to reflect the conditions of the permit.

2. **Effect of Approval**.

   a. Issuance of a Conditional Use Permit shall be deemed to authorize only the particular use and development plan for which it is issued. The applicant shall be subject to all other permits required by these standards and regulations to develop the land.

   b. All conditions contained in the Conditional Use Permit shall be binding upon the applicant, and any successors and assigns. The Conditional Use Permit and its conditions shall limit and control the issuance and validity of certificates of occupancy, and shall restrict and limit the construction, location, use, and maintenance of all land and structures within the development.

3. **Transfer of Conditional Use Permit.**

   a. *Run with Land*. Subject to subsection (b) below, the Conditional Use Permit shall run with the land and shall remain valid upon a change in ownership, tenancy, or operation, unless the permit expressly provides otherwise or the permit has expired or been revoked in accordance with this DSR.

   b. *Notice of Transfer and Acknowledgement of Conditions*. Within 14 days following a transfer of ownership of property subject to an active Conditional Use Permit, the new owner shall provide written notice to the Director of Community and Economic Development identifying the property, the Conditional Use Permit, and the new owner. As part of the notice, the new owner shall execute an acknowledgment confirming that the new owner has received and reviewed the Conditional Use Permit and agrees to comply with all conditions of approval, approved plans, and other requirements applicable to the conditional use. Where an existing Conditional Use Permit expressly requires the permit holder or operator to maintain specified technical qualifications, financial assurances, insurance, bonding, staffing, equipment, or other qualifications as a condition of approval,

the successor owner or operator shall provide reasonable documentation demonstrating its ability to satisfy those existing requirements. The Director of Community and Economic Development may require documentation reasonably necessary to verify compliance with the existing conditions but may not impose new substantive conditions as a consequence of the transfer. If the required notice of transfer is not provided to the Director of Community and Economic Development, the Director or their designee may issue a written notice of violation requiring the owner to provide the required information within 14 days. Failure to comply with such notice may result in further enforcement proceedings under this DSR.

c. *Administrative Confirmation*. Upon receipt of the required notice and acknowledgment, the Director of Community and Economic Development shall confirm administratively that the Conditional Use Permit remains in effect and shall update the County's records to identify the new owner as the responsible party for compliance with the permit. The confirmation shall not constitute a new Conditional Use Permit, reconsideration of the original approval, or modification of any condition of approval.

d. *Enforcement*. The new owner shall be subject to the same conditions, standards, enforcement provisions, and remedies applicable to the prior owner. Nothing in this Section limits the County's authority to enforce an existing condition of approval or to revoke or terminate a Conditional Use Permit in accordance with this DSR.

4. **Off-Premises Sign Review Process.** The review process for an off-premises sign is as follows:

a. The applicant shall submit, and the County shall review, a Conditional Use Permit application in accordance with the applicable steps in Div. 13-01, *Common Review Procedures*.

b. If the Board of County Commissioners approves the Conditional Use Permit, the applicant shall submit an application for a Building Permit for a sign and a Roadside Sign Permit Application from the Colorado Department of Transportation, if applicable, to the Director of Community and Economic Development.

c. The Director of Community and Economic Development shall review the Building Permit for a sign application for compliance with this DSR and execute the local jurisdiction approval section of the Roadside Sign Permit Application.

d. The applicant shall submit the issued Building Permit for a sign as well as the executed Roadside Sign Permit Application to the Colorado Department of Transportation.

e. Once the Colorado Department of Transportation has issued a Roadside Advertising Permit, the applicant shall return the Building Permit for a sign and Roadside Advertising Permit to the Director of Community and Economic Development.

## 13-03-02.C Extension of Approval

In addition to the permit extension requirements in Sec. 13-01-09, *Step 8: Actions Following Development Decision,* the following shall apply.

1. **Progress Report**. The applicant shall submit a progress report and revised schedule with the request for extension.

2. **Granting of Extension**. The Board of Commissioners may grant an extension may be granted only if it finds that:

a. *Good Faith Effort*. The applicant has maintained a continuous good faith effort in commencing the activity including, but not limited to, preparing financing, securing state or federal permits, undertaking engineering and design, etc.; and

b. *Conditions and Policies*. Conditions near the site, this DSR, and the Adams County Comprehensive Plan have not changed in a way to render the original findings erroneous.

## 13-03-02.D Solid Waste Transfer Station Additional Criteria for Approval

The following criteria for approval are in addition to those for all Conditional Use Permits in Sec. 13-03-02.A, *Conditional Use Permit Procedures, General*.

1. There is a need for the facility for the benefit of Adams County.
2. The request is compatible with the Adams County Comprehensive Plan, complies with the minimum zoning requirements of the zone district in which the Conditional Use Permit is to be granted, and complies with all other applicable requirements of this DSR.
3. The applicant has documented his ability to comply with the health standards and operating procedures as provided by the Colorado Department of Public Health and Environment, Adams County Health Department, Fire District, and other relevant agencies.
4. The proposed facility will not cause significant traffic congestion or traffic hazards.
5. The request is compatible with the surrounding area.
6. The site is accessible to Adams County residents and other potential users.
7. The site will not impact health and welfare of the community based upon specific facility design and operating procedures.

## 13-03-02.E Solid Waste Composting Facilities Additional Criteria for Approval

The following criteria for approval are in addition to those for all Conditional Use Permits in Sec. 13-03-02.A, *Conditional Use Permit Procedures, General*.

1. There is a need for the facility for the benefit of Adams County.
2. The request is compatible with the Adams County Comprehensive Plan, complies with the minimum zoning requirements of the zone district in which the Conditional Use Permit is to be granted, and complies with all other applicable requirements of the Adams County Zoning and Subdivision Regulations.
3. The applicant has documented his ability to comply with the health standards and operating procedures as provided by the Colorado Department of Public Health and Environment, Adams County Health Department, Fire District, and other relevant agencies.
4. The proposed facility will not cause significant traffic congestion or traffic hazards.
5. The request is compatible with the surrounding area.
6. The site is accessible to Adams County residents and other potential users.
7. The site will not impact health and welfare of the community based upon specific facility design and operating procedures.

## 13-03-02.F Solid Waste Recycling Facilities Additional Criteria for Approval

The following criteria for approval are in addition to those for all Conditional Use Permits in Sec. 13-03-02.A, *Conditional Use Permit Procedures, General*.

1. There is a need for the facility, and it will provide a benefit to Adams County.
2. The request is compatible with the Adams County Comprehensive Plan, complies with the minimum zoning requirements of the zone district in which the Conditional Use Permit is to be granted, and complies with all other applicable requirements of this DSR.
3. The applicant has documented their ability to comply with the health standards and operating procedures as provided by the Colorado Department of Public Health and Environment, Adams County Health Department, Fire District, and other relevant agencies.
4. The proposed facility will not cause significant traffic congestion or traffic hazards.
5. The request is compatible with the surrounding area.
6. The site is accessible to Adams County residents and other potential users.
7. The site will not adversely impact the health and welfare of the community based upon the specific design and operating procedures.

## 13-03-02.G Recycling Facilities (includes Scrap Tire and Metal) Additional Criteria for Approval

The following criteria for approval are in addition to those for all Conditional Use Permits in Sec. 13-03-02.A, *Conditional Use Permit Procedures, General*.

1. There is a need for a recycling operation for the benefit of Adams County and the proposed end use of the recycled material is a viable marketable material.
2. The request is compatible with the Adams County Comprehensive Plan, complies with the minimum zoning requirements of the zone district in which the Conditional Use Permit is to be granted, and complies with all other applicable requirements of this DSR.
3. The applicant has documented their ability to comply with the health standards and operating procedures as provided by the Colorado Department of Public Health and Environment, Adams County Health Department, Fire District, and other relevant agencies.
4. The proposed facility will not cause significant traffic congestion or traffic hazards.
5. The request is compatible with the surrounding area.
6. The site will not impact health and welfare of the community based upon specific recycling facility design and operating procedures.

## 13-03-02.H Inert Fills Applicability and Additional Criteria for Approval

The following criteria for approval are in addition to those for all Conditional Use Permits in Sec. 13-03-02.A, *Conditional Use Permit Procedures, General*.

1. **Inert Fills Applicability**.
    a. Inert material fills meeting the following criteria may obtain a Conditional Use Permit issued in accordance with the procedures outlined in this chapter.

b. Total amount of inert fill material is over 500,000 cubic yards.

c. Time to completion of filling operation is greater than 365 days.

d. Fill material to be used meets the definition of either inert fill for grading or inert fill for landfilling, as defined in Chapter 16.

e. Site operator has sole discretion over the source of fill material.

f. Fill material is not likely to contaminate ground water.

2. **Criteria for Approval**.

a. There is a need for the inert filling operation for the benefit of Adams County.

b. The request is compatible with the Adams County Comprehensive Plan, complies with the minimum zoning requirements of the zone district in which the Conditional Use Permit is to be granted, and complies with all other applicable requirements of this DSR.

c. The applicant has documented his ability to comply with the health standards and operating procedures as provided by the Colorado Department of Public Health and Environment, Adams County Health Department, Fire District, and other relevant agencies.

d. The proposed inert fill will not cause significant traffic congestion or traffic hazards.

e. The request is compatible with the surrounding area.

f. The site will not impact health and welfare of the community based upon specific fill design and operating procedures.

## 13-03-02.I Outdoor Storage Additional Criteria for Approval

The following criteria for approval are in addition to those for all Conditional Use Permits in Sec. 13-03-02.A, *Conditional Use Permit Procedures, General*.

1. There is a need for the outdoor storage operation for the benefit of Adams County.
2. The request is compatible with the Adams County Comprehensive Plan, complies with the minimum zoning requirements of the zone district in which the Conditional Use Permit is to be granted, and complies with all other applicable requirements of this DSR.
3. Aesthetic concerns have been taken into consideration during the site design and placement of the outdoor storage.

# 13-03-03 Floodplain Use Permit

A. **Purpose**. The purpose of this Section is to provide processing requirements for Floodplain Use Permits to review, consider, approve, approve with modifications, or deny a request for permission to:

1. Erect, move, place, or alter a structure or facility within the Floodplain Overlay District;
2. Place any fill within the Floodplain Overlay District;
3. Store or process any materials or equipment within the Floodplain Overlay District; or
4. Conduct certain land uses as described in Sec. 2-08-12, *FO, Floodplain Overlay*; or change a channel of a watercourse within the Floodplain Overlay District.

B. **Applicability**. All Floodplain Use Permits must be processed in accordance with this Section. A Floodplain Use Permit is the only authorization under which a structure may be erected, moved, placed, or altered within the Floodplain Overlay District; fill may be placed within the Floodplain Overlay District; materials or equipment may be stored or processed within the Floodplain

Overlay District; or a channel of a watercourse may be changed within the Floodplain Overlay District.

C. **Initiation**. The owner of the property on which a structure is proposed to be erected, moved, placed, or altered within the Floodplain Overlay District; fill is proposed to be placed within the Floodplain Overlay District; materials or equipment are proposed to be stored or processed within the Floodplain Overlay District; or a channel of a watercourse is proposed to be changed within the Floodplain Overlay District may request a Floodplain Use Permit without limitation.

D. **Specific Review Procedures**. The following review procedures shall apply:

1. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.
2. [Reserved].

E. **Criteria for Approval**. In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall consider the following criteria and find that each has been met (or determined to be inapplicable, in which case the criterion shall not be required to be satisfied, provided that the basis for such determination is supported by the record):

1. The Floodplain Use Permit is consistent with these standards and regulations, any applicable development plans or conditional use permits, and all applicable state and federal floodplain management laws and regulations.

## 13-03-04 Special Use Permit

A. **Purpose**. The purpose of this Section is to detail the steps for obtaining a Special Use Permit. Special uses are those uses which are non-permanent (less than five years) and often support other land uses authorized or permitted in a zone district or public utilities or services, but which, because of their potential zone impacts require more discretionary review than those uses which are authorized. In addition to meeting applicable performance standards, special uses may require the imposition of conditions to ensure the number of special uses and their location, design, and configuration are appropriate at a particular location during the duration of operation or use to protect the health, safety and welfare of the County and inhabitants of the area.

B. **Applicability**. All uses that require a Special Use Permit must be processed in accordance with this Section. The Board of Adjustment is the permit issuing authority for Special Use Permits. The designation of a use as a special use does not constitute an authorization or an assurance that such a use will be approved.

C. **Initiation**. Any owner of, or person having an interest in the property on which the special use is proposed to be located may request a Special Use Permit without limitation.

D. **Specific Review Procedures**. The following review procedures shall apply:

1. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*
2. *Conditions of Approval*.
   a. *Generally*. The Board of Adjustment, in approving a Special Use Permit, may condition the approval on one or more of the following:
      (1) A requirement that the development or activity proceeds in accordance with a specific Site Plan and/or development schedule.

(2) A requirement that the design and mitigation measures be put in place including, but not limited to, limits on the hours of operation and traffic generating uses; improvements to on-site and off-site pedestrian, bicycle, and vehicular circulation; alternative access and open space provisions to address site capacity and resource protection issues; controls on noise, light, odors and other potential nuisances; measures to protect and improve the aesthetic value of high traffic areas; aesthetic value of high traffic areas; requirements to protect air and water quality; construction of fencing and planting of landscaping; restrictions on signage and outdoor lighting; changes in off-street parking layout and design; restrictions concerning the building bulk, height, setback, location, and external appearance; stipulations concerning adequate storm drainage or utilities; and other appropriate conditions in order to protect the health, safety and welfare of Adams County residents, and to provide for sound environmental practices.

b. *Term*. In addition to other conditions the Board of Adjustment may place on a Special Use Permit, the Board of Adjustment shall specify the term of the Special Use Permit. The term of a Special Use Permit shall be limited to the absolute minimum term necessary for the proposed use, but in no case shall any one Special Use Permit exceed five years.

c. *Description and Conditions*. Upon final approval and fulfillment of all requirements of the Board of Adjustment, the Director of Community and Economic Development shall issue a Special Use Permit in conformance with the decision of the permit-issuing authority. The Special Use Permit shall describe in detail the special use allowed by the permit, include all specific conditions applied by the permit issuing authority, and be accompanied by an official Site Plan modified by the applicant to reflect the conditions of the permit. The Special Use Permit shall also state an explicit expiration date for when the approved special use that is being authorized by the permit shall lapse.

E. **Criteria for Approval**. In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall consider the following criteria and find that each has been met (or determined to be inapplicable, in which case the criterion shall not be required to be satisfied, provided that the basis for such determination is supported by the record):

1. The special use is consistent with the purposes of this DSR.
2. The special use will comply with the requirements of these standards and regulations including, but not limited to, all applicable performance standards.
3. Any adverse impacts of the special use on the surrounding area with respect to the environment; building scale, massing, and site design in relation to established development patterns; access, traffic generation and circulation; parking; emergency services; utilities and infrastructure demand; waste disposal areas; noise, lighting, vibration, air emissions, dust and odor; hours of operation; and other material adverse impacts have been addressed and/or mitigated to the maximum extent practicable.
4. The site is suitable for the special use, including adequate usable space, adequate access, and absence of environmental constraints.
5. The Site Plan for the proposed special use will provide adequate parking, traffic circulation, open space, fencing, screening, and landscaping.

6. Sewer/wastewater, water, stormwater drainage, utilities, fire protection, police protection, and roads are to be available and adequate to serve the needs of the special use as designed and proposed or such services will be improved to serve the special use.

F. **Effect of Approval**.

1. *Authorization and Term.* Issuance of a Special Use Permit shall be deemed to authorize only the particular, non-permanent use and activity for which it is issued for a period no greater than five years. The Special Use Permit is nontransferable unless otherwise conditioned by the Board of Adjustment. The applicant shall be subject to all other permits required by these standards and regulations to use the land in accordance with the Special Use Permit.

## 13-03-05 Temporary Use Permit

A. **Purpose**. The purpose of this Section is to detail the steps for obtaining a Temporary Use Permit. Temporary uses are those uses which are non-permanent (90 days or less) and often support other land uses authorized or permitted in a zone district or public utilities or services, but which, because of their potential impacts require more discretionary review than those uses which are authorized. In addition to meeting applicable performance standards, temporary uses may require the imposition of conditions in order to ensure the number of temporary uses and their location, design, and configuration are appropriate at a particular location during the duration of operation or use.

B. **Applicability**. The designation of a use as a temporary use does not constitute an authorization or an assurance that such a use will be approved.

C. **Initiation**. Any owner of, or person having an interest in the property on which the temporary use is proposed to be located may request a Temporary Use Permit without limitation.

D. **Specific Review Procedures**. The following review procedures shall apply:

1. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.

2. *Conditions of Approval*. The Director of Community and Economic Development, in approving a Temporary Use Permit, may attach any conditions necessary to implement the Adams County Comprehensive Plan and to ensure compatibility with adjacent uses. In addition to other conditions the Director of Community and Economic Development may place on a Temporary Use Permit, the Director of Community and Economic Development shall specify the term of the Temporary Use Permit. The term of a Temporary Use Permit shall be limited to the absolute minimum term necessary for the proposed use, but in no case shall exceed 90 days. Div. 3-14, *Temporary Uses and Structures*, specifies the maximum time frame or expiration of specific temporary uses eligible for the Temporary Use Permit. A Temporary Use Permit may be issued annually for the same project. The Director of Community and Economic Development in approving a Temporary Use Permit may condition the approval on one or more of the following:

a. A requirement the development or activity proceeds in accordance with a specific Site Plan and/or development schedule.

b. A requirement the design and mitigation measures be put in place including, but not limited to, limits on the hours of operation and traffic generating uses; improvements to on-site and off-site pedestrian, bicycle, and vehicular circulation; alternative access and open space provisions to address site capacity and resource protection issues; controls on noise, light, odors and other potential nuisances; requirements to protect

air and water quality; construction of fencing and planting of landscaping; restrictions on signage and outdoor lighting; changes in off-street parking layout and design; restrictions concerning the building bulk, height, setback, location, and external appearance; and stipulations concerning adequate storm drainage or utilities.

3. *Denial of Temporary Use Permit*. If the Director of Community and Economic Development denies a Temporary Use Permit, the applicant may pursue a Special Use Permit for the temporary use in accordance with Sec. 13-03-04, *Special Use Permit*.

E. **Criteria for Approval**.

1. *Generally*. In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall consider the following criteria and find that each has been met (or determined to be inapplicable, in which case the criterion shall not be required to be satisfied, provided that the basis for such determination is supported by the record):

   a. The temporary use is consistent with the purposes of these standards and regulations.

   b. The temporary use will comply with the requirements of these standards and regulations including, but not limited to, all applicable performance standards.

   c. Any adverse impacts of the temporary use on the surrounding area with respect to the environment; building scale, massing, and site design in relation to established development patterns; access, traffic generation and circulation; parking; emergency services; utilities and infrastructure demand; waste disposal areas; noise, lighting, vibration, air emissions, dust and odor; hours of operation; and other material adverse impacts have been addressed and/or mitigated to the maximum extent practicable.

   d. The site is suitable for the temporary use including adequate usable space, adequate access, and absence of environmental constraints.

   e. The Site Plan for the proposed temporary use will provide adequate parking, traffic circulation, open space, fencing, screening, and landscaping.

   f. Sewer/wastewater, water, stormwater drainage, utilities, fire protection, police protection, and roads are to be available and adequate to serve the needs of the temporary use as designed and proposed or such services will be improved to serve the temporary use.

2. *Additional Criterion For Approval For Permissible Fireworks Stand/Tent*. In addition to the Criteria for Approval in subsection E(1), *Generally*, above, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall find, for permissible fireworks stands/tents:

   a. The applicant has demonstrated the ability and, if applicable, a history of their ability to comply with these regulations.

F. **Actions Following Development Approval.** Upon final approval and fulfillment of all applicable requirements, the Director of Community and Economic Development shall issue a Temporary Use Permit. The Temporary Use Permit shall describe in detail the temporary use allowed by the permit, include all specific conditions applied by the permit issuing authority, and be accompanied by an official Site Plan revised by the applicant to reflect the conditions of the permit. The Temporary Use Permit shall also state an explicit expiration date for when the approved temporary use that is being authorized by the permit shall lapse.

G. **Effect of Approval**. Issuance of a Temporary Use Permit shall be deemed to authorize only the particular, non-permanent use and activity for which it is issued for a period no greater than

90 days. The Temporary Use Permit is nontransferable. The applicant shall be subject to all other permits required by these standards and regulations to use the land in accordance with the Temporary Use Permit.

# Div. 13-04 Plan, Text, and Zoning Map Amendment Procedures

## 13-04-01 Comprehensive Plan Amendment

A. **Purpose**. The purpose of this Section is to establish a process for an amendment to the Comprehensive Plan.

B. **Applicability**. This Section applies to all proposed changes to the Comprehensive Plan.

C. **Initiation**. The Planning Commission, the Board of County Commissioners, the Director of Community and Economic Development, or the owner of the property to be amended on the plan may propose an amendment to the Comprehensive Plan.

D. **Specific Review Procedures**. The following review procedures shall apply:

1. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.
2. *Action by Planning Commission, then Board of County Commissioners.* Per State statute, it is the duty of the Planning Commission to make, adopt and amend the Comprehensive Plan, subject to the approval of (ratification by) the Board of County Commissioners.
3. *Action by the Director of Community and Economic Development Following Approval*. Upon final approval and fulfillment of all requirements of the Board of County Commissioners, the Director of Community and Economic shall make the approved changes to the Comprehensive Plan.

E. **Criteria for Approval**. In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking required action shall consider the following criteria and find that each has been met (or determined to be inapplicable, in which case the criterion shall not be required to be satisfied, provided that the basis for such determination is supported by the record):

1. The proposed amendment is compatible with the surrounding area, and the goals and policies of the Comprehensive Plan and all its maps;
2. The proposed amendment addresses or responds to a material change that has occurred to the immediate neighborhood or to the greater Adams County community;
3. Strict adherence to the Comprehensive Plan would result in a situation neither intended nor in keeping with other key elements and policies of the Plan;
4. The proposed amendment, if within a neighboring jurisdiction's growth boundary or five-mile annexation plan, is consistent with that jurisdiction's Comprehensive Plan; and
5. The proposed amendment advances the health, safety, and welfare of the citizens and property owners of Adams County.

## 13-04-02 DSR Text Amendment

A. **Purpose.** The purpose of this Section is to establish a process for an amendment to the text of this DSR.

B. **Applicability.** This Section is applicable to Text Amendments initiated by the Board of County Commissioners, Planning Commission, or any other staff or decision-making body set out in Chapter 12, *Development Review Bodies*.

C. **Initiation.** The Planning Commission, Board of County Commissioners, the Director of Community and Economic Development, the Director of Public Works, or a person having an interest in land located in unincorporated Adams County may propose a DSR Text Amendment.

D. **Specific Review procedures.** The following review procedures shall apply:

1. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.
2. *Development Application Submittal*. All items or documents required for a DSR Text Amendment shall be submitted to the Director of Community and Economic Development at least 50 days prior to the first unfilled Planning Commission public hearing agenda.
3. *Action by the Director of Community and Economic Development Following Approval*. Upon final approval and fulfillment of all requirements of the Board of County Commissioners, the Director of Community and Economic shall make the approved changes to the text of this DSR.

E. **Criteria for Approval.** In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall consider the following criteria and find that each has been met (or determined to be inapplicable, in which case the criterion shall not be required to be satisfied, provided that the basis for such determination is supported by the record):

1. *Comprehensive Plan*. The Text Amendment is consistent with the Adams County Comprehensive Plan and any applicable area plan.
2. *DSR Purpose*. The Text Amendment is consistent with the purposes of this DSR.
3. *Generally Beneficial*. The Text Amendment will not be detrimental to the majority of persons or property in the surrounding areas nor to the community in general.
4. *Impact Mitigation*. The amendment serves to mitigate adverse impacts of the use and development of land on the natural or built environments, including, but not limited to, mobility, air quality, water quality, noise levels, stormwater management, and vegetation, or will be neutral with respect to these issues.
5. *Changing Conditions*. The amendment addresses a changing condition that was not anticipated in the Comprehensive Plan or this DSR.
6. *Community Need*. The amendment addresses demonstrated community needs.
7. *Strategic Objectives*. The amendment advances the strategic policies or objectives of the Board of County Commissioners.
8. *Code Usage*. The amendment corrects an error, omission, or other deficiency in this DSR, enhances its clarity, or otherwise improves its operation, function, or utility.

# 13-04-03 Planned Unit Development

## 13-04-03.A Purpose and State Law

1. **Purpose.** In accordance with the Planned Unit Development Act of 1972, the objective of a Planned Unit Development is to establish an area of land, controlled by one or more landowners, to be developed under unified control or unified plan of development for a number of dwelling units, commercial, educational, recreational, or industrial uses, or any combination of the foregoing, the plan for which does not correspond in lot size, bulk, or type of use, density, lot coverage, open space, or other restriction in this DSR. The PUD process requires an approval of a Preliminary Development Plan (PDP) and Final Development Plan (FDP).
2. **Applicability of State Law**. Notwithstanding any provision of an approved Planned Unit Development, all Planned Unit Developments shall comply with applicable state law. Where a provision of an approved Planned Unit Development conflicts with state law, the state law shall control, and such conflicting provision shall be unenforceable to the extent of the conflict.

## 13-04-03.B PUD Plan Stages

1. **Preliminary Development Plan (PDP)**. The Preliminary Development Plan shows how the applicant may develop a PUD property. Approval of a PDP does not permit construction; however, minor site preparation may be allowed as determined by the Director of Community and Economic Development. The PDP shall include:
   a. Proposed land uses;
   b. Layout of landscaping and circulation;
   c. Architectural elevations;
   d. Buildings; and
   e. Preliminary plat (if required).
2. **Final Development Plan (FDP)**. The Final Development Plan is the site-specific development plan that describes and establishes the type and intensity of uses for a specific parcel or parcels of land. The Final Development Plan includes:
   a. Final subdivision plat;
   b. Development Agreement (if any);
   c. Utility plan; and
   d. Detailed engineering (as required).
3. **Overall Development Plan**. For PUD Zoning Map amendments involving two or more separate Preliminary Development Plans, an Overall Development Plan as established in Sec. 13-04-03.C, is required for review and approval prior to submittal of the first Preliminary Development Plan. The Overall Development Plan establishes general planning and development control parameters for projects developed in phases with multiple submittals while allowing sufficient flexibility to permit detailed planning in subsequent submittals. Approval of an Overall Development Plan does not establish any vested right to develop a property in accordance with the plan.

## 13-04-03.C Overall Development Plan

1. **Purpose.** The purpose of this Section is to establish procedures for creating general planning and development control parameters for projects developed in phases with multiple submittals while allowing sufficient flexibility to permit detailed planning in subsequent submittals. Approval of an Overall Development Plan (ODP) does not establish any vested right to develop property in accordance with the plan.

2. **Applicability.** An ODP shall be required for any property intended for development over time in two or more separate Preliminary Development Plan submittals.
3. **Initiation.** An owner of the subject property may propose an ODP without limitation. The applicant has the burden of proof to demonstrate the ODP fully complies with these standards and regulations and meets the criteria for approval.
4. **Specific Review Procedures.** The following review procedures shall apply:
   a. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures.*
   b. *Development Application Submittal*. All items or documents required for an ODP as described in the development application submittal requirements shall be submitted to the Director of Community and Economic Development. Once the application has been determined to be complete, the application shall be scheduled for public hearing before the Board of County Commissioners within 60 days of notice of public hearing.
   c. *Action Following Approval***.** Upon final approval and fulfillment of all Board of County Commissioners requirements, the Director of Community and Economic Development shall file a copy of the approved ODP in the office of the Department of Community and Economic Development. The Director shall not change the official Zoning Map but shall note the date of approval and case number on the map to facilitate tracking.
5. **Criteria for Approval.** In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall consider the following criteria and find that each has been met (or determined to be inapplicable, in which case the criterion shall not be required to be satisfied, provided that the basis for such determination is supported by the record):
   a. The ODP is in general conformity with the Adams County Comprehensive Plan and any applicable area plan.
   b. The ODP is consistent with the purpose of these standards and regulations.
   c. The ODP is compatible or designed to mitigate externalities with the existing or allowed land uses adjacent to the proposed ODP.
   d. The ODP conforms to the Adams County Transportation Plan and will not negatively impact utilities or traffic in the area or otherwise have a detrimental impact on property in sufficient proximity to the proposed development to be affected by it.
   e. The ODP is consistent with any applicable drainage plans.
   f. The ODP allows for the regulation of use and development of land and buildings where:
      (1) Specific issues or concerns must be mitigated due to unusual and unique circumstances;
      (2) Alternative design concepts are desired; or
      (3) Mitigation is necessary for specific conditions.
   g. Any adverse impacts of the ODP on the surrounding area with respect to the environment; building scale, massing, and site design in relation to established development patterns; access, traffic generation and circulation; parking; emergency services; utilities and infrastructure demand; waste disposal areas; noise, lighting, vibration, air emissions, dust and odor; hours of operation; and other material adverse impacts have been addressed and/or mitigated to the maximum extent practicable.

## 13-04-03.D Preliminary Development Plan

1. **Purpose.** The purpose of this Section is to establish the requirements for approval of the proposed land uses, layout of landscaping, circulation, architectural elevations, buildings, and, if required, a preliminary plat within a Preliminary Development Plan (PDP). Approval of a PDP establishes vested rights to develop property in accordance with the plan.
2. **Applicability.** A PDP shall be required for any property that is intended to be developed as a Planned Unit Development. The PDP application shall be accompanied by an application to rezone the property to the PUD zone district.
3. **Initiation.** The owner of the subject property may propose a PDP. The applicant has the burden of proof to demonstrate the PDP fully complies with these standards and regulations and meets the criteria for approval.
4. **Specific Review Procedures.** The following review procedures shall apply:
   a. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.
   b. *Development Application Submittal*. The applicant shall submit all required PDP items to the Director of Community and Economic Development. An application for rezoning from the base zone district to the Planned Unit Development zone district shall also be submitted at this time. Once determined complete, the application shall be scheduled for public hearing within 60 days of notice.
   c. *Action Following Approval*. Upon final approval and fulfillment of all Board of County Commissioners requirements, the Director of Community and Economic Development shall:
      (1) File a copy of the approved PDP in the office of the Department of Community and Economic Development; and
      (2) Make the approved changes to the Official Zoning Map indicating the change to the PUD zone district.
   d. *Construction Activities*. No construction activities shall be permitted, except for minor site preparation as determined by the Director of Community and Economic Development, until the Final Development Plan is approved by the Board of County Commissioners.
5. **Criteria for Approval.** In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall consider the following criteria and find that each has been met (or determined to be inapplicable, in which case the criterion shall not be required to be satisfied, provided that the basis for such determination is supported by the record):
   a. *Comprehensive Plan Conformity.* The PDP is in general conformity with the Adams County Comprehensive Plan and any applicable area plan.
   b. *Standards Consistency***.** The PDP is consistent with the purposes of these standards and regulations.
   c. *Adjacent Land Use Compatibility.* The PDP is compatible or designed to mitigate externalities with the existing or allowed land uses adjacent to the proposed PDP.
   d. *Transportation Plan Conformity.* The PDP conforms to the Adams County Transportation Plan and the Safety Action Plan and will not negatively impact utilities, traffic, or safety in the area or otherwise have a detrimental impact on property, traffic, and circulation in sufficient proximity to the proposed development to be affected by it.

e. *Drainage Plan Consistency.* The PDP is consistent with any applicable drainage plans.

f. *Special Circumstances***.** The PDP allows for the regulation of use and development of land and buildings where: i. Specific issues or concerns must be mitigated due to unusual and unique circumstances; ii. Alternative design concepts are desired; or iii. Mitigation is necessary for specific conditions.

g. *ODP Consistency***.** The PDP is consistent with any approved ODP for the property.

h. *Area Compatibility.* Any adverse impacts of the PDP on the surrounding area with respect to the environment; building scale, massing, and site design in relation to established development patterns; access, traffic generation and circulation; parking; emergency services; utilities and infrastructure demand; waste disposal areas; noise, lighting, vibration, air emissions, dust and odor; hours of operation; and other material adverse impacts have been addressed and/or mitigated to the maximum extent practicable. The proposed development has established an adequate level of compatibility by:

(1) *Natural Features Integration*. Incorporating natural physical features into the development design and providing sufficient open spaces considering the type and intensity of use;

(2) *Balanced Transportation Planning*. Incorporating site planning techniques to foster the implementation of the County's plans, and encourage a land use pattern to support a balanced and safe transportation system, including auto and multimodal traffic, public or mass transit, and the cost-effective delivery of other services consistent with adopted plans, policies, regulations of the County.

(3) *Transition Design Features*. Incorporating physical design features in the development to provide a transition between the project and adjacent land uses through the provision of an attractive entryway, edges along public streets, architectural design, and appropriate height and bulk restrictions on structures.

(4) *Environmental Sensitivity*. Incorporating identified environmentally sensitive areas, including but not limited to, wetlands and wildlife corridors, into the project design.

(5) *Public Facilities Integration*. Incorporating public facilities or infrastructure, or cash-in-lieu, reasonably related to the proposed development so the proposed development will not negatively impact the levels of service of the County services and facilities.

(6) *Streetscape Design*. Incorporating an overall plan for the design of the streetscape within the project, including landscaping, auto and multimodal circulation and parking, bicycle and pedestrian circulation, architecture, placement of buildings, and street furniture.

6. **Expiration of PDP Approval; Effect on Vested Rights and Subdivision Approvals.**

a. A PDP approval shall expire and become null and void if the applicant has not obtained approval of a Final Development Plan (FDP) for all or a portion of the property subject to the PDP within three (3) years following the date of approval of the PDP.

b. Upon expiration of the PDP approval:

(1) The PDP and all rights, permissions, and approvals granted thereunder shall terminate and be of no further force or effect;

(2) Any vested property rights established pursuant to the PDP, whether arising under this DSR, a Development Agreement, vested rights statute, or otherwise, shall terminate to the fullest extent permitted by law, unless expressly preserved by separate written agreement approved by the Board of County Commissioners;

(3) Any subdivision plat, site plan, development plan, or related land use approval that was approved in reliance upon or in substantial conformity with the PDP, but that has not been substantially completed, recorded, or vested pursuant to applicable law, shall be deemed expired and void;

(4) No building permit, grading permit, subdivision approval, site development permit, or other development entitlement shall thereafter be issued pursuant to the expired PDP; and

(5) The property owner shall apply for and obtain approval of a rezoning of the property either:

(a) back to the base zone district applicable to the property immediately prior to approval of the PDP; or

(b) to another zone district approved by the Board of County Commissioners in accordance with the procedures and standards of this DSR.

c. Following expiration of the PDP approval, the property may only be used, subdivided, or developed in accordance with the zone district subsequently applied to the property following a rezoning pursuant to this subsection and all applicable provisions of this DSR.

d. Nothing herein shall be construed to impair vested rights lawfully established pursuant to State law where such rights cannot lawfully be terminated by local regulation.

## 13-04-03.E Final Development Plan

1. **Purpose**. This purpose of this Section is to provide processing requirements for the site-specific development plan that describes and establishes the type and intensity of uses for a specific parcel or parcels of land. The Final Development Plan (FDP) includes:

   a. Final Subdivision Plat;

   b. Development Agreement (if any);

   c. Utility Plan; and

   d. Any additional plans, studies, or reports the County may require.

2. **Vested Rights**. Approval of an FDP establishes a vested right to develop property in accordance with the Plan, which may be more particularly described in a related Development Agreement.

3. **Applicability.** An FDP shall be required for any property that is intended to be developed as a Planned Unit Development.

4. **Initiation**. The owner of the subject property or other person(s) with an interest in the subject property may propose an FDP. The applicant has the burden of proof to demonstrate the FDP fully complies with these standards and regulations and meets the criteria for approval.

5. **Specific Review Procedures**. The following review procedures shall apply:

   a. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.

   b. *Development Application Submittal*. The applicant shall submit all required FDP items to the Director of Community and Economic Development. Once determined complete, the application shall be scheduled for public hearing within 60 days of notice.

   c. *Action Following Approval*. Upon final approval and fulfillment of all Board of County Commissioners requirements, the Director of Community and Economic Development shall:

(1) Make the approved changes to the Official Zoning Map indicating the PUD approval; and

(2) Record the FDP with the Office of the Adams County Clerk and Recorder.

6. **Criteria for Approval**. In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall consider the following criteria and find that each has been met (or determined to be inapplicable, in which case the criterion shall not be required to be satisfied, provided that the basis for such determination is supported by the record):

a. *Comprehensive Plan*. The FDP is in general conformity with the Adams County Comprehensive Plan, Transportation Master Plan, the Comprehensive Safety Action Plan, and any applicable area plan.

b. *PUD Standards*. The FDP conforms to the PUD standards.

c. *Approved PDP*. The FDP is consistent with any approved PDP for the property.

d. *Construction Plans*. The FDP construction plans meet the requirements of these standards and regulations and have been approved by the Director of Community and Economic Development, all infrastructure and utility providers, Adams County Health Department, and all other referral agencies.

## 13-04-03.F Effect of Final Development Plan Approval

1. **Limitations on Other Uses.** After obtaining Final Development Plan approval, the subject property may be developed only in accordance with the Final Development Plan unless:

a. *ROW Abandonment*. The property owner obtains Board of County Commissioners approval to abandon the right to develop the property in accordance with the approved Final Development Plan;

b. *Amended FDP*. The property owner obtains Board of County Commissioners approval to amend the approved Final Development Plan in accordance with the amendment procedures in this Section; or

c. *Expiration*. The right to develop the property in accordance with the Final Development Plan has expired.

2. **Nonconforming Uses.** Nonconforming uses and structures existing at the time of Final Development Plan approval shall not be expanded, replaced, or changed except in conformance with the Final Development Plan.

3. **Amendment and Abandonment Process.**

a. *Application Requirements.* Any property owner seeking Board approval to abandon or amend a Final Development Plan shall submit an application in accordance with the procedures established for Final Development Plan amendments.

b. *Abandonment.* A request to abandon a Final Development Plan shall not, by itself, rezone the property. Upon abandonment, the property shall remain subject to its underlying zoning district. If the applicant seeks a new zoning designation, a rezoning application shall be required in accordance with the procedures of this DSR.

c. *Review Criteria.* The Board of County Commissioners shall approve a request for amendment or abandonment only when both of the following criteria are met:

(1) Remaining Development Viability. If any portion of the property will remain developed or continue to be developed in accordance with the Final Development

Plan, the remaining parcel shall continue to qualify for Final Development Plan approval pursuant to the original approval criteria.

(2) Public Interest Protection. The County's ownership of or practical use of any road, easement, right-of-way, or other public area shall not be denied or diminished to the detriment of the public good.

4. **Decision.** If the Board of County Commissioners finds both criteria have been satisfied, the Board shall approve the amendment or abandonment of the Final Development Plan.

5. **State-Mandated Housing Provisions**. Approval of a Final Development Plan does not exempt a property from compliance with state-mandated housing provisions, including but not limited to regulations governing Accessory Dwelling Units pursuant to C.R.S. § 29-35-401 *et seq*. An existing or future Planned Unit Development shall not prohibit an Accessory Dwelling Unit where such unit is required to be allowed by state law. Any provision of a Planned Unit Development that conflicts with such requirements shall be unenforceable to the extent of the conflict.

## 13-04-04 Zoning Map Amendment (Rezoning)

A. **Purpose**. The purpose of this Section is to detail the steps to follow for changing the boundaries of the zone districts shown on the Zoning Map (Rezoning).

B. **Applicability**. A Zoning Map Amendment is any change in the County's official Zoning Map. This section does not apply to amendments to a Planned Unit Development district. Refer to 13-04-03, *Planned Unit Development*.

C. **Initiation**. The Planning Commission, the Board of County Commissioners, Director of Community and Economic Development, or the owner(s) of the property to be rezoned may propose an amendment to the Zoning Map.

D. **Review Procedures**. The following review procedures shall apply:

1. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.

2. *Development Application Submittal*. All items or documents required for amendment of the Zoning Map as described in the development application submittal requirements shall be submitted to the Director of Community and Economic Development at least 50 days prior to the first unfilled Planning Commission public hearing agenda.

3. *Action by the Director of Community and Economic Development Following Approval*. Upon final approval and fulfillment of all requirements of the Board of County Commissioners, the Director of Community and Economic shall make the approved changes to the Official County Zoning Map.

E. **Criteria for Approval**. In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall consider the following criteria and find that each has been met (or determined to be inapplicable, in which case the criterion shall not be required to be satisfied, provided that the basis for such determination is supported by the record):

1. *Comprehensive Plan*. The Zoning Map amendment is consistent with the Adams County Comprehensive Plan.

2. *Purposes of DSR*. The Zoning Map amendment is consistent with the purposes this DSR.

3. *DSR Requirements*. The Zoning Map amendment complies with the requirements of this DSR.
4. *Compatibility*. The Zoning Map amendment is compatible with existing and planned land uses and development in the surrounding area, considering building scale, density, intensity of existing and potential land uses, and neighborhood character.
5. *Property Suitability*. The property subject to the Zoning Map amendment is suitable for the uses, development intensity, and standards permitted by the proposed zoning district, considering the property's location, physical characteristics, access, and relationship to surrounding properties.

## 13-04-05 TOD Sketch Plan

**A. Sketch Plan Required.** A complete TOD sketch plan application shall be submitted with a TOD rezoning application. Final determination of the application of these standards and regulations shall be made by the Director of Community and Economic Development. The Director may refer the building permit site plan to the Planning Commission. If so referred, the decision of the Planning Commission shall constitute a final decision, subject to appeal to the Board of County Commissioners.

# Div. 13-05 Site Development Procedures

## 13-05-01 Access or Right-of-Way Permit

A. **Purpose**. The purpose of this Section is to provide processing requirements for Access or Right-of-Way Permits in order to review, consider, approve, approve with modifications, or deny a request for permission to access a County road, install utilities within a public right-of-way, landscape within a public right-of-way, install a mailbox within a public right-of-way, or otherwise work or construct within a County right-of-way.

B. **Applicability**. All Access or Right-of-Way Permits must be processed in accordance with this Section. An Access or Right-of-Way Permit is the only authorization under which access to a County road may be installed or constructed or work within a public right-of-way may be performed including, but not limited to, construction, landscaping, utility placement, alteration, or repair of any existing facilities or utilities within a public right-of-way or County road.

C. **Initiation**. The owner of a property to which access is to be extended, the owner of the utility or mailbox, or any person performing work within the public right-of-way or County road may request an Access or Right-of-Way Permit without limitation.

D. **Specific Review Procedures.** The following review procedures shall apply:

1. *Common Review Procedures*. The procedures outlined in Div. 13-01, Common Review Procedures.
2. *Conditions of Approval*. The Director of Community and Economic Development may impose any conditions determined to be necessary to assure the safety of the general public, protect the County's infrastructure, adequately accommodate the type and volume of traffic during the work, and deal with anticipated traffic volumes and road improvements.

E. **Criteria for Approval**. In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall consider the following criteria and find that each has been met (or determined to be inapplicable, in which case the criterion shall not be required to be satisfied, provided that the basis for such determination is supported by the record):

1. *DSR Compliance*. The Access or Right-of-Way Permit is consistent and complies with the requirements of this DSR.
2. *Safety and Traffic*.
   a. The access or work to be performed will be of such a standard and condition to safely and adequately accommodate the type and volume of traffic currently using the access, including emergency and fire equipment and vehicles, plus any increase in traffic that may be added by the use accessing the road.
   b. Adequate controls have been established to ensure compliance and safety during the course of work.
   c. Issuance of the Permit will not exacerbate an identified crash problem affecting the safety of motorists, bicyclists, or pedestrians.
3. *Financial Guarantees*. Adequate financial guarantees have been provided to ensure that any problems arising from the work to be performed can be reasonably remedied by the County, if necessary.

# 13-05-02 [RESERVED]

# 13-05-03 Site Plan (formerly referred to as a Change in Use Permit)

A. **Purpose.** The Site Plan process coordinates development projects with the public realm and with adjacent sites and specifically demonstrates how new projects meet the development and design standards of this DSR regarding compatible arrangement of buildings, pedestrian and vehicle access, site design, lighting, and landscaping.

B. **Applicability.** The Site Plan process specifically applies to:

1. Any new building, except (a) single-family detached dwellings and their accessory buildings, and (b) duplexes and their accessory buildings;
2. Any expansion to an existing building footprint by 25% or more, except single-family detached dwellings and their accessory buildings, and except duplexes and their accessory buildings;
3. Any change in use. A change in use occurs when the essential character or nature of the activity conducted on a lot changes, or when active and continuous operations of a use are not carried on in a building or property during a continuous period of six (6) months;
4. Any intensification of use that increases parking requirements by 25% or more;
5. Any site development activity that expands the existing impervious surface by 3,000 square feet or more;
6. Any changes to the site access and circulation, or other development requirements that significantly impact the design of the public realm or traffic conditions near the site;
7. Any agritourism activity that exceeds the exemptions listed in Sec. 3-13-03.(B)(2)(a).

C. **Initiation.** Any owner of, or person having an interest in, the affected property may submit a Site Plan.

D. **Specific Review Procedures.** The following review procedures shall apply.

1. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.
2. *Subsequent Approvals*. Unless specifically allowed by the Community and Economic Development Director, no Building Permit shall be approved, and therefore no development, excavation, site preparation, or construction activity, including tree/vegetation removal or grading work, shall occur on any property until a Site Plan has been approved in accordance with this Section.

F. **Criteria for Approval.** In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall consider the following criteria and find that each has been met (or determined to be inapplicable, in which case the criterion shall not be required to be satisfied, provided that the basis for such determination is supported by the record):

1. *Generally.*
   i. The use proposed in the plan is allowed in the zone district and any required use approval has been sought and obtained.
   ii. The plan complies with this DSR, including all applicable performance standards and operational standards contained herein.
   iii. If the site is within the TOD zone district, the plan meets the requirements set forth in Sec. 2-08-16.
2. *Site Design and Engineering.*
   i. The plan provides adequate internal circulation; balances vehicle, bicycle, and pedestrian needs for the proposed development; and provides adequate parking, loading and stacking consistent with Div. 4-02.
   ii. The plan provides safe and adequate access into and out of the development and addresses traffic impacts of the development consistent with Chapter 7.
   iii. The plan provides or has existing capacity for public and private utilities (including, without limitation, water, wastewater, telecommunications, electric power, gas) and other required improvements to serve the proposed development.
   iv. The plan provides for the adequate disposal of solid waste.
   v. The plan provides adequate management of the quality and quantity of all stormwater generated consistent with Chapter 10.
   vi. The plan provides proper grading considering prevailing grades and the relationship to adjacent sites consistent with Sec. 13-05-03.
   vii. The proposed development will not generate noise, vibrations, odors, dust, gas, fumes, glare/reflection or other annoying or dangerous emissions that are detectable at property boundaries.
   viii. The plan addresses all off-site impacts of the proposed development.
   ix. The plan complies with all supplemental engineering standards set forth in Addendum A, *Adams County Engineering Design and Construction Standards*. Addendum A is referenced herein for informational purposes but is not made a part hereof.
3. *Landscape and Open Space Design.*

i. The plan provides adequate landscaping and open space consistent with Div. 4-04.

ii. If applicable, the plan meets the amenity space requirements set forth in Div. 2-04.

4. *Building Design.*

i. All proposed buildings on site meet the exterior building design requirements set forth in Div. 2-03, *Exterior Building Design Standards*.

ii. All proposed buildings on site reinforce the character of the area and reflects a compatible architectural relationship to adjacent buildings. Specifically, the scale, proportion, forms and features, colors, and materials of adjacent buildings inform choices on the proposed building.

# 13-05-04 Stormwater Quality Permit

A. **Purpose**. The purpose of this Section is to detail the steps of obtaining a Stormwater Quality (SWQ) Permit. A SWQ Permit promotes the quality of water in the County's drainage ways and subsequent receiving waters to promote the safety, public health, convenience, and general welfare of the County by preventing soil erosion, sedimentation, and other pollutants from leaving construction sites.

B. **Applicability**.

1. *Projects Requiring a Permit*.

a. The following construction projects shall obtain a SWQ Permit, unless excluded under subsection 2, *Exemptions*, below:

(1) Any construction activity, within unincorporated Adams County MS4 Permitted Area, that disturbs one or more acres of land.

(2) Any construction activity within unincorporated Adams County MS4 Permitted Area that disturbs less than one acres of land but is also part of a larger common plan of development that would disturb (or has disturbed since the implementation of the County's MS4 permit construction requirements) at least one or more acres, unless the disturbed areas have been finally stabilized.

(3) If a construction project is partially located within the MS4 Permitted Area, then only the area disturbed within the County's MS4 Permitted Area is subject to the SWQ Permit requirements.

(4) If there is an applicable construction site overlapping multiple jurisdictions, and a written agreement is in place with a co-regulating jurisdiction holding an MS4 Permit, the BMP requirements may be imposed in accordance with the requirements of the co-regulating jurisdiction pursuant to a written agreement. SWQ Permit requirements, review and Adams County Regulatory Inspections may be delegated to the co-regulating jurisdiction.

b. It shall be unlawful for any person to commence or conduct qualifying construction activities, land disturbance activities or other development without first obtaining a SWQ Permit when applicable.

2. *Exemptions*.

a. The Adams County SWQ Permit is not required for the following:

(1) Construction projects outside the County's MS4 Permitted Area, regardless of the size of the project. Although a SWQ Permit is not required, installation and maintenance of erosion and sediment control BMP's and stormwater pollution prevention control measures shall be implemented during construction. In addition, sites disturbing one or more acres outside the MS4 Permitted Area must comply with CDPHE Stormwater Discharge Permit requirements for construction activities.

(2) Land zoned for and used for agriculture; including agricultural practices such as tilling, planting, or harvesting. This exemption does not apply to buildings on agriculturally zoned land.

(3) Gravel, sand, dirt or topsoil removal as authorized pursuant to approval of the Colorado Mined Land Reclamation Board.

(4) Any construction activity waived or exempt of coverage under the State of Colorado Discharge Permit System (CDPS) Stormwater Discharge Permit for Construction Activities (*i.e.*, R-Factor Waiver).

(5) Pavement maintenance of public and private roadways or surfaces, such as an overlay or pavement patching, that does not disturb the subsurface of the paved area.

(6) Emergency situations that pose an imminent risk to life or property, such as hazardous waste cleanup operations, emergency firefighting, or emergency utility repairs provided that applicable projects apply for a SWQ Permit within 14 days of the start of construction activity.

(7) Land disturbance of one or more acres for construction of a single-family dwelling within Adams County MS4 Permit Growth Area on a large single-family residential lot, or agriculturally zoned land, with an area greater than or equal to 2.5 acres, and having a total site impervious area that is equal to or less than 10% imperviousness.

(8) Land disturbance of one or more acres for construction of a single-family dwelling within Adams County MS4 Permit Growth Area on a large single-family residential lot, or agriculturally zoned land, with an area greater than or equal to 2.5 acres, and having a total site impervious area that is equal to or less than 20% imperviousness; only if a study specific to the watershed shows that expected soil and vegetation conditions are suitable for infiltration/filtration of 100% of the Water Quality Control Volume (WQCV) for a typical site has been conducted and approved by the County.

(9) Land disturbance of one or more acres for facilities associated with oil and gas exploration, drilling, production, processing, treatment operations, or transmission facilities within Adams County MS4 Permit Growth Area. These facilities are not exempt from CDPS Stormwater Discharge Permit for Construction Activities coverage.

b. Notwithstanding the foregoing SWQ Permit exemptions in this Section, those operations and construction activities that are exempted from obtaining a SWQ Permit must nevertheless comply with the rules and regulations concerning erosion and sediment control specified in Sec. 10-03-01, *General County Requirements*, or other applicable provisions of this DSR, and shall provide adequate stormwater pollution prevention controls.

C. **Initiation**.

1. *Applicant*. The owner of the property that is proposed to be developed, without limitation, may request a SWQ Permit. The applicant has the burden of proof to demonstrate the SWQ Permit application fully complies with these standards and regulations and meets the criteria for approval.
2. *SWQ Permit Application*. The applicant must submit to the County the following documentation to obtain a SWQ Permit:
   a. A complete SWQ Permit Application on the form prescribed by the County. The application shall be signed by a person responsible for compliance with the SWQ Permit throughout the duration of the permit's validity.
   b. An Erosion and Sediment Control Plan (ESCP) that includes the narrative and civil EC Plan, according to Sec. 10-03-08, *ESCP*.
   c. A copy of the State of Colorado CDPS Stormwater Discharge Permit for Construction Activities.
   d. Permit fees in accordance with this Section.
   e. The BMP Cost Opinion Worksheet form or equivalent.
   f. Financial guarantee in accordance with this Section.
   g. When applicable:
      i. Recorded Plat including ownership and long-term responsibilities for the permanent post-construction water quality treatment BMP or drainage facility; or recorded stand-alone drainage and access easement for such facility.
      ii. Operation and Maintenance (O&M) Plan for the permanent post-construction water quality treatment BMP or drainage facility.
   h. Other materials as deemed appropriate by the County to ensure compliance with the County's Stormwater Quality Regulations.
3. *SWQ Permit Fees*. SWQ Permit fees shall be established from time to time in the annual fee schedule adopted by the Board of County Commissioners. The permit fees shall be paid at the time of submittal of the SWQ Permit application.
4. *SWQ Permit Term*. SWQ permits are issued for a period of twelve (12) months, and solely for the specific applicant, scope of work, location and size of the proposed development. Any SWQ permit renewal or modifications to the scope of work, location or size of the permitted area (area within the construction boundary line where land disturbing activities are allowed to take place) must be pre-approved in writing by the County. Amendments to the permit shall be filed by the Permittee with the County on a form prescribed by the County.
5. *Modifications*. SWQ Permits are issued solely for the specific applicant, scope of work, location and size of the proposed development. Any SWQ Permit renewal or modifications to the scope of work, location or size of the permitted area (area within the construction boundary line where land disturbing activities are allowed to take place) must be pre-approved in writing by the Director of Public Works. Amendments to the permit shall be filed by the permittee with the Director of Public Works on a form prescribed by the County.
6. *Construction Plan Approval*. SWQ Permits will not be approved until construction plans are approved. If there is no construction activity for a period longer than 6 months, then any

SWQ Permit issued will be automatically terminated. All applicable SWQ Permit fees are nonrefundable.

7. *SWQ Permit Financial Guarantee*.
   a. A financial guarantee shall be submitted in the form of check, irrevocable letter-of-credit or bond to the benefit of the County, in the amount determined by the estimated cost of the work required to ensure compliance with the SWQ Permit requirements. The BMP Cost Opinion Worksheet form (or equivalent) shall be used to calculate the financial guarantee amount.
   b. The amount shall be sufficient to purchase, install and maintain the construction site's temporary and permanent erosion and sediment control BMP measures as indicated on the Erosion and Sediment Control Plan (ESCP).
   c. The financial guarantee shall remain in place until final stabilization is reached in accordance with Sec. 10-03-11, *Final Construction Site Stabilization*.
   d. The County has the authority to reduce the financial guarantee amount to 20% of the original approved amount, or retain a minimum amount of $5,000, whichever amount is higher, if construction activities have been completed, temporary and permanent construction BMPs are in place and the site is only waiting for Final Stabilization.
   e. The County may consider the release of the financial guarantee at such time as the development, in whole or in part, is sold by the Permittee, and responsibility for stormwater and erosion and sediment control is transferred to the new owner and an acceptable substitute financial guarantee is provided to the County by the new owner.
   f. The financial guarantee, less any deductions in accordance with Sec. 10-02(B), *Additional Enforcement Mechanisms*, shall be promptly released and returned to the Permittee if all required work has been completed successfully and all other requirements of the Stormwater Quality Regulations have been met.

D. **Specific Review Procedures**. The following review procedures shall apply:

1. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.
2. *Stormwater Inspection Frequency*.
   a. The Permittee shall perform and document site stormwater inspections following the inspection frequency requirements of the State CDPS Stormwater Discharge Permit for Construction Activities, as amended.
   b. The Permittee must inspect for evidence of, or the potential for pollutants leaving the construction site permit boundaries, entering into the MS4, or discharging into State Waters. All erosion and sediment control BMPs identified in the ESCP shall be evaluated to ensure they are installed, maintained and operating correctly.
3. *Stormwater Inspection Report*. The Permittee shall keep a record of all required stormwater site inspection reports, as well as all Adams County Regulatory Inspection reports. Records must be available on-site upon request. The Permittee must comply with the retention of record requirement set by the State CDPS Stormwater Discharge Permit for Construction Activities, as amended. Stormwater inspection reports must identify must identify any incidents of non-compliance with the terms and conditions of the SWQ Permit. At a minimum, the stormwater inspection report must contain and comply with the requirements set by the State of Colorado CDPS Stormwater Discharge Permit for Construction Activities, and shall include the following information:

a. Inspection date;
b. Names(s) and titles(s) of personnel performing the inspection;
c. Locations(s) of any discharges of pollutants outside the SWQ Permit boundary;
d. Location(s) of BMPs that need to be maintained;
e. Location(s) of BMPs that failed to operate as designed or proved inadequate for a particular location;
f. Location(s) where additional BMPs are needed that were not in place at the time of inspection;
g. Description of all BMP corrective actions and the date actions were corrected;
h. Document when the BMPs are no longer necessary and are removed; and
i. Certification Statement signed by the Permittee or his/her designee stating that the inspection information is true and accurate.

3. *Permit Closeout*. In order to close out the SWQ Permit, the Permittee must complete the following:
   a. Permit Closeout Notification. The Permittee must contact the County to set up a Closeout Inspection. The purpose of the Closeout Inspection is to verify the site is adequately stabilized and/or covered with pavement or structures, per the County accepted plans. If the County needs to conduct more than one Closeout Inspection, an inspection fee may be assessed for each additional closeout inspection, as approved by Adams County Annual Fee Schedule adopted by the Board of County Commissioners.
   b. Removal of Temporary BMPs. Once the site has met the final stabilization conditions, as specified in Sec. 10-03-11, *Final Construction Site Stabilization*, the remaining temporary BMPs such as perimeter controls, inlet protection, silt fence, etc. shall be removed and disposed of properly.
4. *Release of Financial Guarantee*. Once all conditions as specified in Paragraph 3, *Permit Closeout*, have been met, the Permittee may that the County release the financial guarantee.

E. **Criteria for Approval**. In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall consider the following criteria and find that each has been met (or determined to be inapplicable, in which case the criterion shall not be required to be satisfied, provided that the basis for such determination is supported by the record):

1. The application complies with the submittal requirements of these standards and regulations, including, without limitation, the following:
   a. Stormwater Management Plan (SWMP/SWPPP): A detailed document showing site boundaries, drainage flow directions, and the locations of topsoil, concrete washout, and waste storage areas.
   b. Best Management Practices (BMPs): The selection and layout of structural (*e.g.*, silt fences, sediment basins) and non-structural (*e.g.*, preserving existing vegetation) controls to reduce erosion and trap pollutants before runoff leaves the site.
   c. Site Stabilization Plan: Specific methods and timelines to achieve at least 70% of pre-disturbance vegetative cover, or equivalent non-erosive surface stabilization, to permanently prevent erosion once construction is complete.

d. Inspection & Maintenance Schedules: Protocols for routine site inspections (often weekly or after every major storm) and the immediate repair or replacement of failing BMPs.
e. Illicit Discharge Controls: Proof of protocols to prevent materials like paint, concrete wash, grease, and fuels from mixing with stormwater or entering the County's municipal storm sewer system (MS4).

2. The application is consistent with the provisions of these standards and regulations.
3. The application is adequate to reduce the discharge of pollutants to the maximum extent practicable and to protect water quality.
4. Financial guarantees (such as bonds or letters of credit) have been provided that ensure that temporary control measures will be properly maintained or that the site will be restored if the project is abandoned.

# 13-05-05 Development Agreement

A. **Purpose**. The purpose of this Section is to establish detail the steps whereby the Board of County Commissioners may enter into a Development Agreement.

B. **Applicability**. In connection with any approval under this DSR, and in addition to any Improvements Agreement authorized by Chapter 5, the Board of County Commissioners is authorized to enter into a Development Agreement with the applicant for any of the following purposes:

1. To establish schedules for development, or for the installation of improvements and/or amenities on the property by the applicant, or the County, or both;
2. To ensure that conditions related to the applicant's mitigation of impacts of the development on surrounding areas are performed without cost to the County;
3. To document what portions, if any, of the costs of infrastructure or facilities needed to serve the property will be borne by the County, and under what terms or conditions; and
4. To address any other matter related to the completion of the development consistent with the Comprehensive Plan and this DSR, or related to reducing or mitigating the potential impacts of the development on surrounding areas or the County, that is not contrary to state or federal law.

C. **Initiation**. The owner of, or person having an interest in the property in question may propose a Development Agreement without limitation.

D. **Specific Review Procedures**. The following review procedures shall apply:

1. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.
2. *Resolution*. The Board of County Commissioners shall take final action on a Development Agreement by resolution.

E. **Criteria for Approval**. In determining whether to approve the Development Agreement, the Board of County Commissioners may consider the following:

1. *DSR Compliance.* The proposed agreement is consistent with and complies with the requirements of this DSR.
2. *Public Health, Safety, and Welfare.* The agreement provides tangible benefits to the community, such as mitigating environmental impacts, safeguarding public health, and maintaining consistency with the general welfare of the public.

3. *Technical and Financial Capacity*. The applicant has demonstrated the ability to construct or finance any necessary public improvements according to County construction standards.

# Div. 13-06 Platting Procedures

## 13-06-01 Subdivision Exemption

A. **Purpose**. The purpose of this Section is to establish criteria and detail the steps whereby the Board of County Commissioners may grant exemptions from the definition of the terms "subdivision" and "subdivided land" for any division of land if the Board determines that such a division is not within the purpose of C.R.S. §§ 30-28-101 - 30-28-140 (Part 1 of Article 28, Title 30 of the Colorado Revised Statutes).

B. **Applicability**. An exemption approval is required to obtain a release from the requirements of platting (associated with approval of a major or minor subdivision) by resolution of the Board of County Commissioners in accordance with the terms set forth in this DSR.

C. **Initiation**. The owner of, or person having an interest in the property in question may propose a subdivision exemption without limitation.

D. **Specific Review Procedures**. The following review procedures shall apply:

1. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.
2. *Resolution*. The Board of County Commissioners shall take final action on a subdivision exemption by resolution. The applicant shall still be required to file an accurate subdivision exemption map reflecting the division of land.
3. *Action by the Director of Community and Economic Development Following Approval*. Upon final approval and fulfillment of all requirements of the Board of County Commissioners, the Director of Community and Economic Development shall file in the Office of the Adams County Clerk and Recorder the deeds, any subdivision exemption map, required easements and maintenance agreements and a copy of the Board of County Commissioners' Resolution granting approval.

E. **Criteria for Approval**. In determining whether the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall find:

1. The subdivision exemption is consistent with and conforms to this DSR other than the requirements to obtain approval for a major or minor subdivision.
2. *Mandatory Criteria*. The division of land must meet the following criteria:
   a. The division of land is not within the purpose of C.R.S. §§ 30-28-101 - 30-28-140 (Part 1 of Article 28, Title 30 of the Colorado Revised Statutes);
   b. The property that is the subject of the subdivision exemption is not within any recorded subdivision plat;
   c. The property that is the subject of the subdivision exemption is not zoned for nonresidential uses;
   d. The applicant is not using the subdivision exemption process to circumvent the subdivision statute and this DSR; and

e. Legal and physical access is provided to all resulting parcels by public right-of-way or recorded easement, acceptable to the Adams County Director of Public Works and in compliance with Addendum B, Adams County Engineering Road Standards.

3. *Discretionary Criteria*. The division of land may meet at least one of the following two criteria [*i.e.*, (a) or (b)]:

   a. The division of land involves boundary line adjustments where no additional parcels are created (for previously unplatted land only).

   b. The division of land involves creating additional parcels from a parcel with more than one existing principal residence, provided all of the following additional criteria are met:

      (1) Each residence was constructed in conformance with the applicable County regulations in effect at the time the residence was constructed, and provided the structures were not previously considered uninhabitable or accessory to a principal residence (*e.g.*, a guest house, resort or seasonal cabins used in conjunction with a lodge operation or housing for tenant labor); and

      (2) Each residence has a documented history of continuous use as a single-family detached dwelling.

# 13-06-02 Major Subdivision

## 13-06-02.A Generally

1. **Purpose.** The purpose of this Section is to detail the steps for obtaining approval to develop a Major Subdivision.

2. **Required Approvals.** All Major Subdivisions are required to obtain two approvals:

   a. *Preliminary Plat Approval.* The Preliminary Plat provides an in-depth analysis of the proposed subdivision, including a refinement of the design considering the geologic hazards, environmentally sensitive areas, source of required services, vehicular/pedestrian circulation, and the relationship to surrounding land uses; and

   b. *Final Plat Approval*. The Final Plat provides a review of all final engineering plans, the Improvements Agreement, and other legal requirements.

3. **Review Sequence**.

   a. *Preliminary Plat Review*. The *Preliminary* Plat shall be reviewed according to Table 13-01-12-1, *Development Review Summary Table*.

   b. *Final Plat Review.* The Final Plat shall be reviewed according to Table 13-01-12-1, *Development Review Summary Table*, and shall not be submitted prior to the Preliminary Plat approval.

## 13-06-02.B Sketch Plan (Major Subdivision)

1. **Purpose**. The purpose of this Section is to detail the steps for examining the feasibility of a Major Subdivision of land including the review of conceptual design, ability to obtain water and sanitation, location of geologic hazards, identification of environmentally sensitive areas, sources of required services, vehicular and pedestrian circulation, relationship to surrounding land uses, and conformance with zoning, design standards, and the Adams County

Comprehensive Plan. Approval of a Sketch Plan does not establish a vested right to develop property in accordance with the Plan.

2. **Applicability**. A Sketch Plan approval is optional for all Major Subdivisions.
3. **Initiation**. The owner of, or person having an interest in the property to be subdivided may propose a Sketch Plan without limitation.
4. **Specific Review Procedures**. The following review procedures shall apply:
   a. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.
   b. *Administrative Analysis*. After review and final action on the submittal, the Director of Community and Economic Development shall forward a written administrative analysis concerning the decision and application to the applicant.
   c. *Action by the Director of Community and Economic Development Following Approval*. Upon approval, the Director of Community and Economic Development shall file a copy of the approved Sketch Plan in the offices of the Department of Community and Economic Development.
   d. *Extension of Approval*. A Sketch Plan approval may not be extended.
5. **Criteria for Approval**. In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall consider the following criteria and find that each has been met (or determined to be inapplicable, in which case the criterion shall not be required to be satisfied, provided that the basis for such determination is supported by the record):
   a. *Comprehensive Plan*. The Sketch Plan is consistent with the Adams County Comprehensive Plan and any applicable area plan.
   b. *Purpose of DSR*. The Sketch Plan is consistent with the purpose of this DSR.
   c. *Subdivision Standards*. The Sketch Plan is in conformance with Chapter 5, *Subdivision Standards*.
   d. *Water Supply*. The applicant has provided reasonable evidence that a sufficient water supply has been acquired in terms of quantity, quality, and dependability for the type of subdivision proposed, as determined in accordance with the standards set forth in the water supply standards.
   e. *Public Sewage*. The applicant has provided reasonable evidence that a public sewage disposal system has been established and, if other methods of sewage disposal are proposed, adequate evidence indicating that the system complies with state and local laws and regulations.
   f. *Soil or Topographical Conditions*. The applicant has provided reasonable evidence to show all areas of the proposed subdivision, which may involve soil or topographical conditions presenting hazards or requiring special precautions, have been identified by the applicant and the proposed uses of these areas are compatible with such conditions.
   g. *Drainage Improvements*. The applicant has provided reasonable evidence showing adequate drainage improvements can be provided.
   h. *Resources*. Significant cultural, archaeological, natural/historical resources and unique landforms will be reasonably protected in accordance with resources inventory provisions of these standards and regulations.

i. *Public Services*. Necessary services, including fire/police protection, schools, recreation, utilities, open space and transportation system, appear to be available to serve the proposed subdivision.

j. *Compatibility*. The Sketch Plan does not create any adverse impacts on the surrounding area with respect to the environment; building scale, massing, and site design in relation to established development patterns; access, traffic generation and circulation; parking; emergency services; utilities and infrastructure demand; waste disposal areas; noise, lighting, vibration, air emissions, dust and odor.

## 13-06-02.C Preliminary Plat (Major Subdivision)

1. **Purpose**. The purpose of this Section is to detail the steps for an in-depth analysis of the proposed Major Subdivision including a refinement of the design considering the geologic hazards, environmentally sensitive areas, source of required services, vehicular/pedestrian circulation, and the relationship to surrounding land uses. Approval of a Preliminary Plat establishes a vested right to develop property in accordance with the approved Preliminary Plat.

2. **Applicability**. A Preliminary Plat shall be required for any property intended for subdivision. A Preliminary Plat shall be approved prior to filing an application for Final Plat.

3. **Initiation**. The owner of, or person having an interest in the property to be subdivided may propose a Preliminary Plat without limitation.

4. **Specific Review Procedures**. The following review procedures shall apply:

   a. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.

   b. [Reserved].

5. **Criteria for Approval**. In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall consider the following criteria and find that each has been met (or determined to be inapplicable, in which case the criterion shall not be required to be satisfied, provided that the basis for such determination is supported by the record):

   a. *Comprehensive Plan*. The Preliminary Plat is consistent with the Adams County Comprehensive Plan and any available area plan.

   b. *Purpose of DSR*. The Preliminary Plat is consistent with the purposes of this DSR.

   c. *Water Supply*. The applicant has provided evidence that a sufficient water supply has been acquired in terms of quantity, quality, and dependability for the type of subdivision proposed, as determined in accordance with the standards set forth in the water supply standards.

   d. *Public Sewage*. The applicant has provided evidence that a public sewage disposal system has been established and, if other methods of sewage disposal are proposed, adequate evidence indicating that such system complies with state and local laws and regulations.

   e. *Soil or Topographical Conditions*. The applicant has provided evidence to show all areas of the proposed subdivision, which may involve soil or topographical conditions presenting hazards or requiring special precautions, have been identified by the applicant and the proposed uses of these areas are compatible with such conditions.

   f. *Drainage Improvements*. The applicant has provided evidence that adequate drainage improvements comply with these standards and regulations.

g. *Density*. The overall density of development within the proposed subdivision conforms to the zone district density allowances.

h. *Compatibility*. Any adverse impacts of the proposed subdivision on the surrounding area with respect to the environment; building scale, massing, and site design in relation to established development patterns; access, traffic generation and circulation; parking; emergency services; utilities and infrastructure demand; waste disposal areas; noise, lighting, vibration, air emissions, dust and odor; hours of operation; and other material adverse impacts have been addressed and/or mitigated to the maximum extent practicable. The proposed subdivision has established an adequate level of compatibility by incorporating one or more of the following:

(1) *Natural Features and Open Spaces*. Incorporating natural physical features into the development design and providing sufficient open spaces considering the type and intensity of use;

(2) *Transportation*. Incorporating site planning techniques to foster the implementation of the County's plans, and encourage a land use pattern to support a balanced transportation system, including auto, bike, and pedestrian traffic, public or mass transit, and the cost-effective delivery of other services consistent with adopted plans, policies and regulations of the County;

(3) *Transition*. Incorporating physical design features in the subdivision to provide a transition between the project and adjacent land uses through the provision of an attractive entryway, edges along public streets, architectural design, and appropriate height and bulk restrictions on structures;

(4) *Environmentally Sensitive Areas*. Incorporating identified environmentally sensitive areas, including but not limited to, wetlands, CPW mapped High-Priority Habitats, and wildlife corridors, into the project design; and

(5) *Public Facilities or Infrastructure*. Incorporating public facilities or infrastructure, or cash-in-lieu, reasonably related to the proposed subdivision so the proposed subdivision will not negatively impact the levels of service of the County services and facilities.

6. **Expiration of Preliminary Plat (Major Subdivision) Approval Not Subject to a Valid Preliminary Development Plan; Effect on Other Approvals.**

a. A Preliminary Plat approval shall expire and become null and void if the applicant has not obtained approval of a Final Plat of the property subject to the Preliminary Plat within 2 years following the date of approval of the Preliminary Plat.

b. Upon expiration of the Preliminary Plat approval for a property not subject to a valid Preliminary Development Plan:

(1) The Preliminary Plat and all rights, permissions, and approvals granted thereunder shall terminate and be of no further force or effect;

(2) Any site plan, development plan, or related land use approval that was approved in reliance upon or in substantial conformity with the Preliminary Plat, but that has not been substantially completed, recorded, or vested pursuant to applicable law, shall be deemed expired and void;

(3) No building permit, grading permit, site development permit, or other development entitlement shall thereafter be issued pursuant to the expired Preliminary Plat; and

(4) If applicable, the property owner shall apply for and obtain approval of a rezoning of the property to address any nonconforming situations created by the expiration of the Preliminary Plat.

c. Upon expiration of the Preliminary Plat approval for a property subject to a valid Preliminary Development Plan:

(1) No building permit, grading permit, site development permit, or other development entitlement shall thereafter be issued pursuant to the expired Preliminary Plat; and

(2) The property owner may take action pursuant to Sec. 13-01-09, *Step 8: Actions Following Development Decision* relating to expired approvals.

d. Following expiration of the Preliminary Plat approval, the property may only be used, subdivided, or developed in accordance with all applicable provisions of this DSR.

e. Nothing herein shall be construed to impair vested rights lawfully established pursuant to State law where such rights cannot lawfully be terminated by local regulation.

## 13-06-02.D Final Plat (Major Subdivision)

1. **Purpose**. The purpose of this Section is to detail the steps and requirements for a review of all final engineering plans, the Improvements Agreement, and other legal requirements for platting a Major Subdivision. Approval of a Final Plat establishes a vested right to develop property in accordance with the approved Final Plat.

2. **Applicability**. A Final Plat shall be required for any property intended to be subdivided.

3. **Initiation**. The owner of, or person having an interest in the property to be subdivided may propose a Final Plat without limitation. A Final Plat may only be submitted if a Preliminary Plat for the subject property has been approved. The Final Plat shall conform to the Preliminary Plat.

4. **Specific Review Procedures**. The following review procedures shall apply:

   a. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.

   b. [Reserved]

5. **Criteria for Approval**. In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall consider the following criteria and find that each has been met (or determined to be inapplicable, in which case the criterion shall not be required to be satisfied, provided that the basis for such determination is supported by the record):

   a. *Consistency with Preliminary Plat*. The Final Plat is consistent and conforms to the approved Preliminary Plat.

   b. *Subdivision Standards*. The Final Plat is in conformance with Chapter 5, *Subdivision Standards*.

   c. *Water Supply*. The applicant has provided evidence that a sufficient water supply has been acquired in terms of quantity, quality, and dependability for the type of subdivision proposed, as determined in accordance with the standards set forth in the water supply standards.

   d. *Public Sewage*. The applicant has provided evidence that a public sewage disposal system has been established and, if other methods of sewage disposal are proposed, adequate evidence indicating that the system complies with state and local laws and regulations.

   e. *Soil or Topographical*. The applicant has provided evidence to show all areas of the proposed subdivision, which may involve soil or topographical conditions presenting hazards or

requiring special precautions, have been identified by the applicant and the proposed uses of these areas are compatible with such conditions.

f. *Drainage Improvements*. The proposed or constructed drainage improvements are adequate and comply with these standards and regulations.

g. *Public Facilities or Infrastructure.* Adequate public facilities or infrastructure, or cash-in-lieu, for impacts reasonably related to the proposed subdivision have been constructed or financially guaranteed through cash-in-lieu or an Improvements Agreement so the proposed subdivision will not negatively impact the levels of service of the County.

# 13-06-03 Minor Subdivision

## 13-06-03.A Generally

1. **Purpose.** The purpose of this Section is to detail the steps for obtaining approval to develop a Minor Subdivision. A Minor Subdivision shall only be used to divide parcels of less than 20 acres into four or fewer lots

2. **Required Approvals**. All Minor Subdivisions are required to obtain two approvals prior to development of a site:

   a. *Final Plat Approval.* The Final Plat provides a review of all final engineering plans, the Improvements Agreement, and other legal requirements.

3. **Alternative Review Option.** An applicant may also choose to process a Minor Subdivision in the same manner as a Major Subdivision and the process shall follow Sec. 13-06-02, *Major Subdivision*.

4. **Application Process***.* Each process involves the submittal of an application, an application fee, required plans and reports, referrals of the proposal to other agencies, staff analysis and meetings with staff or public hearings/meetings. The Final Plat application builds on the previously approved application by providing additional details and by meeting additional restrictions and standards. This progression relieves the applicant from major and potentially unnecessary expenses in situations which may require a redesign, and, therefore, a revision of expensive engineering or planning reports. Approval at any step in the process does not ensure approval at the next step.

5. **Review Authority And Process.**

   a. *Final Plat Review.* The Final Plat shall be reviewed according to Table 13-01-12-1, *Development Review Summary Table.*

6. **Major Subdivision Processing Option.** If significant issues are identified or disclosed, including, but not limited to, public opposition, the applicant may choose to have the Minor Subdivision processed as a Major Subdivision. Where issues appear to be significant or public opposition to a subdivision is substantial, the applicant is advised that by filing a Preliminary Plat, the applicant may avoid the unnecessary expense in completing final engineering where Final Plat approval is less certain. If the applicant chooses to have the proposed Minor Subdivision processed as a Major Subdivision, the applicant shall submit a Preliminary Plat in conformance with the requirements of the Major Subdivision process.

## 13-06-03.B Final Plat (Minor Subdivision)

1. **Purpose**. The purpose of this Section is to detail the steps and requirements for a review of all final engineering plans, the Improvements Agreement, and other legal requirements for platting a Minor Subdivision. Approval of a Final Plat establishes a vested right to develop property in accordance with the plan.
2. **Applicability**. A Final Plat shall be required for any property intended for subdivision.
3. **Initiation**. The owner of, or person having an interest in the property to be subdivided may propose a Final Plat, without limitation.
4. **Specific Review Procedures**. The following review procedures shall apply:
   a. *Major Subdivision Final Plat Reference*. Refer to Sec. 13-06-02.D.D, *Specific Review Procedure*.
5. **Criteria for Approval**. In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall find:
   a. *Major Subdivision Final Plat Reference*. Refer to Sec. 13-06-02.D(5), *Criteria for Approval*.

# 13-06-04 Plat Amendment, Plat Correction, Lot Line Vacation/Plat Vacation with No Public Infrastructure or Dedication

A. **Purpose**. The purpose of this Section is to detail the steps for obtaining approval to amend a plat, correct a plat, vacate a lot line, or vacate a recorded plat with no public infrastructure or dedication. The process is designed to ensure the intent of the original subdivision is not substantially altered. The process varies according to the nature or the proposed amendment based on, but not limited to, the following: degree of amendment, design, size, impact to public facilities, services, roads, and overall impacts.

B. **Plat Amendment (Lot Line/Building Envelope Adjustment).**
   1. *Purpose*. The purpose of this Section is to detail the steps for a realignment of a lot line or building envelope, or replatting of several lots (*e.g.*, three lots into two), in which the original subdivision is not substantially modified, and additional lots are not created. This process is intended to address minor boundary or building envelope adjustments only and shall not be used to circumvent subdivision, replat, or other land division procedures. However, tracts may be created provided that the intended use of the tract(s) does not include a structure.
   2. *Applicability.* An approved Plat Amendment map, Plat Amendment approval certificate, and correction deeds shall be required to realign any lot lines or adjust a building envelope on a recorded subdivision plat. This process shall apply only to adjustments that do not create any additional lots, do not increase the total number of developable parcels, and do not result in a lot that fails to meet the minimum lot area, width, frontage, or dimensional standards of the applicable zone district.
   3. *Initiation*. The owner of, or person having an interest in the affected property may propose a Plat Amendment, without limitation.
   4. *Specific Review Procedures.* The following review procedures shall apply:
      a. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.

b. *Administrative Analysis*. After review and final action on the submittal, the Director of Community and Economic Development shall forward a written administrative analysis concerning the decision and a copy of the Plat Amendment map, Plat Amendment approval certificate, and correction deeds, to the applicant and the Office of the Adams County Clerk and Recorder.

c. *Action by the Director of Community and Economic Development Following Approval*. Upon approval, the Director of Community and Economic Development shall sign the Plat Amendment approval certificate and cause the Plat Amendment approval certificate, and correction deeds to be recorded in the Office of the Adams County Clerk and Recorder.

5. *Criteria for Approval*. In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall find:

a. *DSR and Original Conditions*. The Plat Amendment complies with this DSR and the original conditions of approval.

b. *Nonconforming Lots*. The Plat Amendment does not create nonconforming lots, and in the case of nonconforming lots, the Plat Amendment does not increase the nonconformity.

c. *Subdivision Standards*. The Plat Amendment is in keeping with the purpose and intent of Chapter 5, *Subdivision Standards*.

d. *Public Health, Safety, and Welfare*. The approval will not adversely affect the public health, safety, and welfare.

6. *Appeal*. An aggrieved party may appeal a Plat Amendment decision to the Board of County Commissioners at a regular business meeting when a request for appeal is submitted, in writing, to the Director of Community and Economic Development within 30 days of the denial.

C. **Plat Correction**.

1. *Purpose*. The purpose of this subsection is to detail the steps for making amendments to recorded plats, due to errors and omissions, *i.e.*, dimensions, road names, and plat notes.

2. *Applicability.* A plat correction may be approved if the sole purpose is to correct one or more technical errors in an approved plat and where such correction is consistent with an approved preliminary plat.

3. *Initiation*. The owner(s) of, or person having an interest in the subdivided property may propose a Plat Correction without limitation.

4. *Specific Review Procedures*. The following review procedures shall apply:

a. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.

b. *Administrative Analysis*. After review and final action on the submittal, the Director of Community and Economic Development shall approve or deny the Plat Correction and shall forward a written administrative analysis concerning the decision and a copy of the Plat Correction certificate to the applicant and Office of the Adams County Clerk and Recorder.

c. *Action by the Director of Community and Economic Development Following Approval*. Upon approval, the Director of Community and Economic shall sign the Plat Correction

certificate and cause it to be recorded in the Office of the Adams County Clerk and Recorder.

5. *Criteria for Approval*. In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall find:
   a. *DSR and Original Conditions*. The correction complies with this DSR and the original conditions of approval.
   b. *Nonconforming Lots*. The correction does not create a nonconforming lot are not created, and in the case of nonconforming lots, the correction does not increase the nonconformity.
   c. *Subdivision Standards*. The correction is in keeping with the purpose and intent of Chapter 5, *Subdivision Standards*.
   d. *Public Health, Safety, and Welfare*. The approval will not adversely affect the public health, safety, and welfare.
6. *Appeal*. An aggrieved party may appeal a Plat Correction decision to the Board of County Commissioners at a regular business meeting when a request for appeal is submitted, in writing, to the Director of Community and Economic Development within 30 days of the denial.

D. **Lot Line Vacation/Plat Vacation with No Public Infrastructure or Dedication**.

1. *Purpose*. The purpose of this Section is to detail the steps for vacating a lot line or vacating a plat with no public infrastructure or dedication.
2. *Applicability*. An approved vacation map, vacation approval certificate, and correction deed shall be required to vacate any lot line on a recorded subdivision plat or to vacate a recorded subdivision plat with no public infrastructure or dedication.
3. *Initiation*. The owner of, or person having an interest in the affected property may propose a Lot Line Vacation/Plat Vacation with No Public Infrastructure, without limitation.
4. *Specific Review Procedures*. The following review procedures shall apply:
   a. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.
   b. *Administrative Analysis*. After review and final action on the submittal, the Director of Community and Economic Development shall approve or deny the Lot Line Vacation/Plat Vacation with No Public Infrastructure and shall forward a written administrative analysis concerning the decision and a copy of the vacation map, vacation approval certificate, and correction deed, to the applicant and Office of the Adams County Clerk and Recorder.
   c. *Action by the Director of Community and Economic Development Following Approval*. Upon approval, the Director of Community and Economic Development shall sign the vacation approval certificate and cause the vacation map, vacation approval certificate, and correction deed to be recorded in the Office of the Adams County Clerk and Recorder.
5. *Criteria for Approval*. In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall find:

a. *DSR and Original Conditions*. The vacation complies with this DSR and the original conditions of approval.

b. *Nonconforming Lots*. The vacation does not create nonconforming lots, and in the case of nonconforming lots, the vacation does not increase the nonconformity.

c. *Subdivision Standards.* The vacation is in keeping with the purpose and intent of Chapter 5, *Subdivision Standards*.

d. *Public Health, Safety, and Welfare*. The approval will not adversely affect the public health, safety, and welfare.

6. *Appeal*. An aggrieved party may appeal a Lot Line Vacation/Plat Vacation with No Public Infrastructure decision to the Board of County Commissioners at a regular business meeting when a request for appeal is submitted, in writing, to the Director of Community and Economic Development within 30 days of the denial.

## 13-06-05 Subdivision Replat

A. **Purpose**. The purpose of this Section is to detail the steps for modifying or replatting a previously recorded subdivision.

B. **Applicability**. Any proposal to modify or replat a previously recorded subdivision plat shall be processed as a Subdivision Replat in accordance with this Section.

C. **Initiation**. The owner of, or person having an interest in the affected properties may propose a Subdivision Replat, without limitation.

D. **Specific Review Procedures**. The following review procedures shall apply:

1. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.

2. *Determination of Review Level*.

a. The Director of Community and Economic Development shall determine whether the proposed Subdivision Replat is substantial or insubstantial for the sole purpose of establishing the applicable subdivision review process, if the proposed Subdivision Replat:

(1) *Design*. Materially alters the design or layout of the subdivision, including changes to lot configuration, orientation, building envelopes, internal circulation patterns, or the relationship between lots, streets, open space, or common areas, such that the overall development pattern differs from that approved under the recorded plat;

(2) *Size*. Increases the number of lots, decreases lot sizes, or alters the developable area of the subdivision in a way that is reasonably expected to affect intensity of use;

(3) *Public Concern*. Has generated, or is reasonably anticipated to generate, a level of public concern or agency review that indicates the changes raise issues of broader community interest not addressed in the original subdivision approval;

(4) *Public Facilities*. Modifies, relocates, adds, or removes public facilities or improvements, including but not limited to streets, sidewalks, drainage facilities, utilities, parks, trails, or open or amenity space, or changes previously approved obligations related to such facilities;

(5) *Public* Services. Is reasonably anticipated to alter the demand for public services, including but not limited to emergency access and response, solid waste service, school service areas, or utility service provision, beyond that contemplated by the approved subdivision plat;

(6) *Access*. Creates, removes, or substantially modifies points of vehicular, pedestrian, or emergency access, or alters the function or classification of access in a manner that affects circulation, safety, or connectivity within or beyond the subdivision; or

(7) *Transportation Network*. Affects the external transportation network, including changes to street alignments, connections, rights-of-way, or traffic patterns, or is reasonably expected to alter traffic generation or distribution beyond what was evaluated with the original plat approval.

b. The presence of any one or more of the above characteristics shall be sufficient to classify a proposed Subdivision Replat as a substantial replat.

c. If the Director determines the Subdivision Replat is insubstantial, the Subdivision Replat shall be processed as a Minor Subdivision in accordance with Sec. 13-06-03. If the Director of Community and Economic Development determines the replat is substantial, the Subdivision Replat shall be processed as a Major Subdivision in accordance with Sec. 13-06-02.

## 13-06-06 Plat Vacation with Public Infrastructure or Dedication and Roadway/Easement Vacation

A. **Purpose**. The purpose of this Section is to detail the steps for vacation of a subdivision plat that has associated public infrastructure or dedication and for vacation of roadways, which include any public street, alley, lane, parkway, avenue, road, trail, or other public way designated or dedicated on a plat, conveyed by deed or recorded easement, or acquired by prescriptive use, whether or not it has ever been used as such. A street or road, established as part of a subdivision, but never constructed or used as such, may be vacated and replatted through the replat process.

B. **Applicability**. The vacation of a subdivision plat that has associated public infrastructure or dedication shall be pursuant to this Section. Any roadway or easement dedicated to the County or public, may only be vacated through the following procedures, which have been adopted in accordance with C.R.S. § 43-2-101 *et seq*.

C. **Initiation**. The owner of, or person having an interest in, the affected properties may propose a Plat Vacation with Public Infrastructure or Dedication and Roadway/Easement Vacation, without limitation.

D. **Specific Review Procedures**. The following review procedures shall apply:

1. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.

E. **Criteria for Approval**. In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall find:

1. *DSR and Original Conditions*. The vacation complies with this DSR and the original conditions of approval.

2. *Nonconforming Lots*. The vacation does not create nonconforming lots, and in the case of nonconforming lots, the Plat Amendment does not increase the nonconformity.
3. *Subdivision Standards*. The vacation is in keeping with the purpose and intent of Chapter 5, *Subdivision Standards*.
4. *Public Health, Safety, and Welfare*. The approval will not adversely affect the public health, safety, and welfare.
5. *Additional Approval Criteria for a Roadway Vacation*.
    a. The vacation does not leave any land adjoining the roadway without an established public road or private access easement connecting said land with another established public road.
    b. If the roadway is a state or federal highway, the vacation has been approved by the State Transportation Commission.

# Div. 13-07 Relief and Appeal Procedures

## 13-07-01 Administrative Exception Relief

A. **Purpose**. The purpose of this Section is to detail the processing steps and requirements for Administrative Exception Relief. Administrative Exception Relief is a means whereby the Director of Community and Economic Development may allow for relief from standards in very limited cases as necessary to comply with federal or state law.

B. **Applicability.**
    1. *Administrative Exception Relief*. Notwithstanding any other provision of this DSR to the contrary, the Director of Community and Economic Development may approve adjustments, waivers, modifications, or alternative compliance measures from development standards, procedural requirements, or use regulations where necessary to comply with applicable federal or state law, avoid federal or state preemption, prevent unconstitutional application, or protect rights afforded under federal or state law.
    2. *Director of Community and Economic Development Variance Referral.* Requested relief beyond the scope of that necessary to comply with federal or state law shall be submitted and reviewed as a Variance in accordance with Sec. 13-07-03, *Variance.*

C. **Specific Review Procedures.** The following review procedures shall apply:
    1. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.
    2. *Written Findings Required.* The Director of Community and Economic Development shall set forth their findings in writing and articulate why the Administrative Exception Relief meets the criteria for approval. Administrative Exception Relief shall be noted on the relevant pending development application. In addition, Administrative Exception Relief related to any approved application shall be noted on the application with the Director's signature and date of approval.
    3. *Type of Relief Granted.* The Director of Community and Economic Development may approve relief that is different that the applicant's request if the Director deems such different relief would meet the criteria for approval.
    4. *Conditions on Approval.* The Director of Community and Economic Development may impose any conditions deemed reasonably necessary to ensure continued compliance with the criteria for approval applicable to Administrative Exception Relief.

5. *Lapse Upon Redevelopment.* Administrative Exception Relief shall automatically lapse upon redevelopment of the property with no right of assignment unless the scope of redevelopment is limited and the Director of Community and Economic Development agrees that the modifications can remain in effect.

D. **Criteria for Approval.** In determining whether to approve the Administrative Exception Relief, the Director of Community and Economic Development shall find:

1. *Relief is Tied to Legal Necessity.* The relief afforded is tied to a specifically identified legal necessity, such as compliance with applicable federal or state law, avoidance of federal or state preemption, prevention of unconstitutional application, or protection of rights afforded under federal or state law.
2. *Minimum Necessary.* The relief afforded is the minimum necessary to comply with applicable law.
3. *DSR Purpose.* The relief afforded generally preserves the underlying purposes of this DSR.

# 13-07-02 Floodplain Use Permit Variance

A. **Purpose.** The purpose of this Section is to detail the processing steps and requirements for a Variance from the provisions of the Floodplain Overlay District requirements in Sec. 2-08-12. The Floodplain Use Permit Variance is a means whereby the literal terms of the Floodplain Overlay District standards and regulations need not be applied if there are practical difficulties or unnecessary hardships associated with their application, meaning the property cannot be reasonably used in a manner permitted by this DSR. In granting a Floodplain Use Permit Variance, the spirit of the Floodplain Overlay District standards and regulations shall be observed, public safety and welfare secured, and substantial justice done.

B. **Applicability.** All Floodplain Use Permit Variance requests must be processed in accordance with this Section. Variances to the Floodplain Overlay District requirements shall be limited as follows:

1. *National Register of Historic Places*. Floodplain Use Permit Variances may be issued for the reconstruction, rehabilitation, or restoration of structures listed on the National Register of Historic Places or the State Inventory of Historic Places.
2. *One-Half Acre Lots*. Floodplain Use Permit Variances may be issued for new construction and Substantial Improvements to be erected on a lot of one-half acre or less in size contiguous to and surrounded by lots with existing structures constructed below the base flood level.
3. *Historic Structures*. Floodplain Use Permit Variances may be issued for the repair or rehabilitation of historic structures upon a determination that the proposed repair or rehabilitation will not preclude the structure's continued designation as a historic structure and the variance is the minimum necessary to preserve the historic character and design of the structure.
4. *Functionally Water-Dependent Uses*. Floodplain Use Permit Variances may be issued for new construction and Substantial Improvements and for other development necessary for the conduct of a Functionally Water-Dependent Use provided that the structure or other development is protected by methods that minimize flood damages during the base flood and create no additional threats to public safety.
5. *Floodways*. Floodplain Use Permit Variances shall not be issued within any designated floodway if any increase in flood levels would occur during the base flood discharge or if increases within the channel exceed those standards specified in the storm drainage design and technical criteria of these standards and regulations.

C. **Initiation.** Any owner of, or person having an interest in the affected property may request a Floodplain Use Permit Variance, without limitation. The applicant has the burden of proof to demonstrate the Variance meets the criteria for approval.

D. **Specific Review Procedures.** The following review procedures shall apply:

1. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*. Any request for Floodplain Use Permit Variance shall be processed through a public hearing before the Board of Adjustment. The Board of Adjustment shall approve, approve with conditions, or deny the Floodplain Use Permit Variance based on consideration of the staff report, the evidence from the public hearing, and the variance's compliance with the criteria for approval.

2. *Development Application Submittal*. All items or documents required for obtaining a Floodplain Use Permit Variance as described in the development application submittal requirements shall be submitted to the Director of Community and Economic Development at least 20 days prior to the first unfilled Board of Adjustment public hearing agenda.

3. *Action By the Director of Community and Economic Development Following Approval.* Upon final approval and fulfillment of all conditions of the Board of Adjustment, the Director of Community and Economic Development shall file a Floodplain Use Permit Variance decision letter with the Office of the Adams County Clerk and Recorder and the Federal Emergency Management Agency. The Floodplain Use Permit Variance decision letter shall describe in detail the variance approved by the Board of Adjustment and include all specific conditions applied by the Board of Adjustment and be accompanied by an official Site Plan and building elevations modified by the applicant to reflect the conditions of the variance. The Director of Community and Economic Development shall also notify the applicant in writing over their signature that the structure will be permitted to be built with the lowest floor elevation below the Base Flood Elevation, and that the cost of flood insurance will be commensurate with the increased risk resulting from the reduced lowest floor elevation. Such notification shall be maintained with a record of all Floodplain Use Permit Variance actions as required by this Section.

4. *Effect of Approval*. Issuance of a Floodplain Use Permit Variance shall be deemed to authorize only the particular variation from the Floodplain Overlay District standards and regulations for which it is issued. The Floodplain Use Permit Variance shall run with the land. The applicant shall be subject to all permits required by these standards and regulations to develop the land. All conditions contained in the variance shall be binding upon the applicant, and their successors and assigns. The Floodplain Use Permit Variance and its conditions shall limit and control the issuance and validity of Certificates of Occupancy and shall restrict and limit the construction, location, and maintenance of all land and structures within the boundaries of the property subject to the variance.

5. *Reversion of Approval*. If at the expiration of one year, a Building Permit has not been issued for the structure for which the Floodplain Use Permit Variance was approved or the use associated with the variance has not been established, the variance shall expire and the use of the property shall be controlled by the Floodplain Overlay District standards and regulations without action by the Board of Adjustment.

E. **Criteria For Approval.** All criteria set forth in this subsection are mandatory findings. Failure of the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, to make affirmative findings on all of the criteria below shall result in denial of the Floodplain Use Permit Variance. These criteria are intended to implement and be consistent

with State law and the requirements of the National Flood Insurance Program (NFIP), including 44 CFR § 60.6. In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall find:

1. *Cause*. The applicant has demonstrated good and sufficient cause, as is required by 44 CFR § 60.6, for the granting of the variance.
2. *Exceptional Hardship*. The applicant has demonstrated that failure to grant the variance would result in "exceptional hardship" to the applicant.
3. *Additional Factors*. The granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public, or conflict with existing local laws or ordinances.
4. *Not Self-Imposed*. The hardship is not the result of actions taken by the applicant or any person with an interest in the property, including, but not limited to, prior development decisions, subdivision of land, or placement of structures.
5. *Minimum Necessary*. The requested variance represents the minimum necessary relief, considering the flood hazard, to afford relief while preserving the intent of the Floodplain Overlay District and minimizing increased flood risk.
6. *Other Factors*. Based on technical evaluations and evidence in the record, the following factors have been adequately addressed and do not preclude approval of the variance:
    a. The danger to life and property due to flooding or erosion damage.
    b. The susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owner.
    c. The danger that materials may be swept onto other lands to the injury of others.
    d. The compatibility of the proposed use with the existing and anticipated development.
    e. The safety of access to the property in time of flood for ordinary and emergency vehicles.
    f. The costs of providing governmental services during and after flood conditions, including maintenance and repair of streets and bridges, and public utilities and facilities such as sewer, gas, electrical, telephone, and water systems.
    g. The expected height, velocity, duration, rate of rise, and sediment transport of the flood water and the effects of wave action as described by a registered professional engineer, if applicable, expected at the site.
    h. The necessity to the facility of a waterfront location, where applicable.
    i. The availability of alternative locations for the proposed use that are not subject to flooding or erosion damage.
    j. The relationship of the proposed use to the Comprehensive Plan and floodplain management program of Adams County.

## 13-07-03 Variance

A. **Purpose.** All Variance requests must be processed in accordance with this Section. This Section is not intended to require an applicant to seek a Variance where compliance with state or federal law preempts the application of this DSR.

B. **Applicability**.

1. *Generally*. The Board of Adjustment's authority to approve a Variance is typically from the dimensional requirements in Chapter 2, *Zone Districts and Land Uses*, the requirements of Chapter 4, *General Development Standards*, and the requirements of Chapter 9, *Natural, Agricultural, and Culture Resource Protection Standards*. The Board of Adjustment shall not have the authority to grant any of the following types of variances:
    a. A Variance related to a use in a zone district other than those as allowed in that zone district per Chapter 3 of this DSR.
    b. A Variance from the noise and height restrictions within the AV, Aviation; DIA, Denver International Airport; AHO, Airport Height Overlay; AIO, Airport Influence Overlay; and ANO, Airport Noise Overlay zone districts.
    c. A Variance that is based solely on economic hardship.

C. **Initiation.** Any owner of, or person having an interest in the affected property may request a Variance.

D. **Specific Review Procedures.** The following review procedures shall apply:
1. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.
2. *Action By the Director of Community and Economic Development Following Approval*. Upon final approval and fulfillment of all conditions of the Board of Adjustment, the Director of Community and Economic Development shall file a Variance decision letter with the Office of the Adams County Clerk and Recorder. The Variance decision letter shall describe in detail the Variance approved by the Board of Adjustment and include all specific conditions applied by the Board of Adjustment and be accompanied by additional information appropriate to reflect the conditions of the Variance.
3. *Effect of Approval*. Issuance of a Variance shall be deemed to authorize only the particular variation from these standards and regulations for which it is issued. The Variance shall run with the land. The applicant shall be subject to all permits required by these standards and regulations to develop the land. All conditions contained in the Variance shall be binding upon the applicant, any successors and assigns. The Variance and its conditions shall limit and control the issuance and validity of certificates of occupancy, and shall restrict and limit the construction, location, and maintenance of all land and structures within the boundaries of the property subject to the Variance.
4. *Reversion of Approval*. If at the expiration of one year, a Building Permit has not been issued for the structure for which the Variance was approved or the use associated with the Variance has not been established, the Variance shall expire and the use of the property shall be controlled by these standards and regulations without action by the Board of Adjustment.

E. **Criteria For Approval.** In determining whether to approve the application, the Board of Adjustment shall make affirmative findings on all of the following:
1. *Extraordinary Physical Circumstances*. There exist extraordinary or exceptional physical circumstances or conditions of the subject property, including, but not limited to exceptional narrowness, shallowness, shape, or topography, and those physical circumstances or conditions do not apply to other properties in the same neighborhood.
2. *Undue Hardship*. Because of the extraordinary or exceptional physical circumstances or conditions in subsection (1) above, the strict application of this DSR would result in unique practical difficulty to, or undue hardship upon, the property owner.

3. *No Self-Created Hardship.* The need for the Variance stems from the subject property itself, not from voluntary or negligent actions of the property owner or a prior owner.
4. *Reasonable Development*. The Variance, if granted, is the minimum necessary to afford relief and to allow reasonable use of the property.
5. *Consistent with Purpose of DSR and Comprehensive Plan*. The Variance, if granted, will not change the character of the zone district in which the property is located and is consistent with the purposes and intent of this DSR and the Comprehensive Plan.
6. *No Substantial Detriment*. The Variance, if granted, will not adversely affect nearby properties or be substantially detrimental to the health, safety, or welfare of the citizens of Adams County.

F. **Conditions of Approval**. In granting any Variance, the Board of Adjustment may prescribe conditions of approval consistent with Sec. 13-01-08 and in conformity with this DSR, including, without limitation, restricting the Variance to a specific duration or making it personal to the current applicant rather than tied to the land. Violations of any such conditions, when made a part of the terms under which the variance is granted, shall be deemed a violation of this DSR.

G. **After-the-Fact Variance Applications**. The variance criteria for approval must still be met for an application where the work is already completed. In applying the criteria for approval, the Board of Adjustment shall consider the application as if the work had not yet been commenced.

## 13-07-04 Appeal of Administrative Decisions

A. **Purpose.** The purpose of this Section is to detail the steps and requirements for appeals from decisions of administrative officials listed in Div. 12-01, *Administrative Officials*, to ensure these standards and regulations are administered properly and consistently with the policies adopted by the County.

B. **Applicability.** Appeals of administrative decisions made by the Director of Community and Economic Development or the Director of Public Works under this DSR shall be processed in accordance with this Section. Appeals of decisions of the Director of Community and Economic Development other than platting decisions shall be heard by the Board of Adjustment. Appeals of decisions of the Director of Community and Economic Development related to platting decisions shall be heard by the Board of County Commissioners. Appeals of administrative decisions made by the Director of Public Works shall be heard by the Board of Adjustment.

C. **Initiation.**

1. *Time Limitations*. Appeals shall be initiated within 10 calendar days of the date of the Director's final notice of decision. Failure to file the appeal in a timely manner shall constitute a waiver of any rights to appeal under this Section.
2. *Reasoning.* Appeals shall clearly state the reasons why the applicant believes the Director's decision was in error.
3. *Stay.* An appeal shall stay all proceedings in furtherance of the action appealed.

D. **Specific Review Procedures.** The following review procedures shall apply:

1. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.
2. *Appeal Decision*. Administrative appeals shall be reviewed by the Board of Adjustment at a public hearing. The person or entity challenging the Director's decision bears the burden of proof. The Board of Adjustment may reverse or affirm, in whole or in part, as set forth herein.

3. *Findings.* The Board of Adjustment must set forth its findings in writing and state the reasons for its decision.

E. **Criteria For Grant of Administrative Appeal.** The Board of Adjustment may reverse the decision being appealed only if the Board of Adjustment determines that the decision or interpretation being appealed was incorrect based on the standards and criteria in this DSR, provided that its action does not have the effect of approving a Variance that would not be permitted under Sec. 13-07-03, *Variance*. As an alternative to reversal of the decision, the Board of Adjustment may modify the decision or interpretation, or may modify conditions attached to an approval being appealed, to bring it into conformance with the standards and criteria of this DSR.

# 13-07-05 Waiver from Subdivision Design Standards

A. **Purpose.** The purpose of this Section is to establish criteria and detail the steps whereby the Board of County Commissioners may grant Waivers from subdivision design and improvement standards in Chapter 5, *Subdivision Standards*.

B. **Applicability.** A Waiver is required to obtain a release from the requirements of subdivision design by decision of the Board of County Commissioners, in accordance with the requirements of this Section.

C. **Initiation.**

1. *Generally*. The owner of, or person having an interest in the property to be divided, may propose a Waiver without limitation.
2. *Timing*. The applicant shall submit a Waiver application prior to submittal of a Final Plat and may only be granted when a request is made in writing.
3. *Description of Waiver*. The request shall describe the proposed Waiver and the facts concerning the hardship upon which the request is based. In modifying a subdivision design standard or improvement requirement, the Board of County Commissioners shall find that extraordinary hardships or practical difficulties may result from strict compliance with these standards and regulations, and/or the purpose of these standards and regulations may be served to a greater extent by an alternative proposal.
4. *Extraordinary Hardships and Practical Difficulties*. For purposes of a Waiver of Subdivision Design Standards, extraordinary hardships or practical difficulties may exist when one or more of the following site-specific or design-related conditions are present. Economic or financial considerations alone shall not constitute extraordinary hardship or practical difficulty. Extraordinary hardships or practical difficulties shall not be considered to exist where the condition is self-created, results solely from financial considerations, or arises from actions taken to avoid compliance with the standards.
   a. *Physical Site Conditions*.
      (1) Unusual parcel shape, size, or configuration not created by the applicant.
      (2) Topographic conditions, including steep slopes, significant elevation changes, or natural drainage features.
      (3) Soil or subsurface conditions that materially affect roadway, drainage, or utility design.
   b. *Drainage and Floodplain Constraints*.
      (1) Presence of floodplains, floodways, drainageways, or regional stormwater facilities.

(2) Existing off-site drainage patterns that limit standard subdivision layouts or infrastructure placement.

(3) Requirements necessary to protect downstream properties or regional drainage system.

c. *Existing Infrastructure and Development Context.*

(1) Existing public or private roads, utilities, irrigation facilities, drainage systems, or easements that constrain standard design.

(2) Adjacent development patterns or previously approved subdivisions that make strict compliance impractical or inconsistent.

d. *Access and Connectivity Limitations.*

(1) Limited access options due to surrounding development, transportation corridors, or natural barriers.

(2) Coordination requirements with state or regional transportation or utility agencies that impose design constraints.

e. *Protection of Natural or Public Resources*.

(1) Preservation of significant natural features, drainage corridors, or public infrastructure where strict compliance would cause unnecessary disturbance.

(2) Alternative designs that better achieve the intent of the subdivision standards while reducing physical or environmental impacts.

f. *Limited-Function Proposed Dead End or Cul-de-Sac Local Street*. A proposed dead end or cul-de-sac street serving a limited number of lots when, based upon the specific characteristics of the site and the proposed development, the following circumstances exist:

(1) the street is not reasonably intended or required to provide through traffic or future street connectivity;

(2) the limited length, anticipated traffic volume, and number of lots served do not warrant the otherwise applicable standard;

(3) the alternative design provides adequate access for emergency services, utilities, maintenance, drainage, and other necessary public services; and

(4) requiring strict compliance would be unnecessary, impractical, or disproportionate to the function and anticipated use of the street.

D. **Specific Review Procedures.** The following review procedures shall apply:

1. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.

2. *Board of County Commissioners Modification*. Waivers from the subdivision design and improvement standards shall only be allowed when the Board of County Commissioners expressly modifies them based on a specific request.

3. *Purpose of DSR*. A Waiver shall not have the effect of nullifying the purpose of this DSR.

E. **Criteria for Approval.** In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall find:

1. *Hardships*. Extraordinary hardships or practical difficulties result from strict compliance with this DSR.

2. *Purpose of DSR*. The purposes of this DSR are served to a greater extent by the alternative proposal.
3. *No Nullification*. The Waiver does not have the effect of nullifying the purpose of this DSR.

# 13-07-06 Waiver from Public Works Standards

A. **Purpose.** All Waivers from Public Works Standards requests must be processed in accordance with this Section. The purpose of this Section is to allow limited, documented modifications to the Public Works Standards in this DSR where strict compliance is impracticable due to site-specific conditions, while maintaining equivalent performance, public safety, and the purpose of this DSR. This Section is not intended to require an applicant to seek a waiver where compliance with state or federal law preempts the application of this DSR.

B. **Applicability**.

1. *Generally*.
   a. The Director of Public Works, in consultation with the Director of Community and Economic Development, may only approve a Waiver from the standards in Chapter 6, Chapter 7, and Chapter 10 ("Public Works Standards").
   b. Where a request seeks relief from the requirements of Chapter 2, Chapter 3, Chapter 4, or Chapter 9, the applicant shall proceed under Sec. 13-07-03, *Variance*.
   c. Where a request seeks relief from the requirements of Chapter 5, the applicant shall proceed under Sec. 13-07-05, *Waiver from Subdivision Standards*.

C. **Initiation.** Any owner of, or person having an interest in the affected property may request a Waiver of Public Works Standards.

D. **Specific Review Procedures.** The following review procedures shall apply:

1. *Common Review Procedures*. The procedures outlined in Div. 13-01, *Common Review Procedures*.
2. [Reserved].

E. **Criteria For Approval.** In determining whether to approve the application, the development review body denoted in Table 13-01-12-1, *Development Review Summary Table*, as taking final action shall, in consultation with the Director of Community and Economic Development, make affirmative findings on all of the following:

1. *Practical Difficulty*. Strict compliance would create practical difficulties or unnecessary hardship due to site-specific conditions, existing constraints, or unique technical circumstances.
2. *Equivalent Performance and Safety*. The proposed alternative meets the intent of the Public Works Standards and achieves equal or better performance, and does not compromise public safety or the function of public infrastructure.
3. *No Adverse Impacts*. The waiver of Public Works Standards will not create adverse impacts to surrounding properties, the transportation system, drainage systems, utilities, or long-term maintenance obligations.
4. *Minimum Necessary*. The waiver of Public Works Standards is the minimum modification necessary to address the site-specific condition.

5. *Consistency with Other Requirements*. The waiver of Public Works Standards is consistent with applicable capital standards, adopted County regulatory (non-advisory) plans, and intergovernmental requirements, where relevant.

# CHAPTER 14 NONCONFORMITIES

**Contents:**

Div. 14-01 General Provisions
Div. 14-02 Types of Nonconformities

## Div. 14-01 General Provisions

### 14-01-01 Purpose

The purpose of this Chapter is as follows:

A. **Limit Expansion.** Prevent the expansion, intensification, or extension of nonconforming uses, structures, or lots, except as specifically allowed by this DSR.

B. **Clarify Compliance Triggers.** Define the types of development activities or changes in use that require existing nonconformities to be brought into compliance with current standards.

C. **Promote Conformance Over Time.** Encourage the gradual elimination of nonconformities by encouraging compliance through redevelopment, reconstruction, or other land use changes.

### 14-01-02 Applicability and General Standards

A. **Generally.** This Chapter applies to principal and accessory uses and structures, including manufactured homes, lots, and signs, that were lawfully constructed or established but no longer conform to this DSR.

B. **Nonconformities Subject to Regulation.** This Chapter governs the continued use, maintenance, alteration, repair, and potential expansion of nonconforming uses, structures, lots, signs, and manufactured and mobile home parks as further detailed in this Chapter.

C. **Continuation of Use**. A nonconforming use may be continued and a nonconforming building may continue to be occupied, except as both of the foregoing are otherwise provided for in this Chapter.

D. **Repair, Maintenance and Reconstruction of Nonconforming Structures or Uses**.

1. *Minor Repairs Permitted*. Minor repairs to and routine maintenance of property where nonconforming conditions exist are permitted and encouraged. Such work may require a Building Permit.

2. *Major Repairs Requires Zoning Approval*. Major repairs (i.e., work or renovation estimated to cost more than 50 percent of the market value of the structure to be renovated) may be done only in accordance with a zoning review approval and Building Permit. Major repair work requires approval by the Director of Community and Economic Development. Major repair work must meet the requirements of subsection G, *Extension of Enlargement of Nonconforming Conditions*, below.

E. **Determination of the Value of Repairs**. In determining the value of repairs for purposes of application of subsections D(1) and D(2), above, the following definitions and procedures shall apply:

1. The costs of renovation or repair or replacement shall mean the fair market value of the materials and labor necessary to accomplish the renovation, repair, or replacement.
2. The cost of renovation or repair or replacement shall mean the total cost of all intended work. No person may seek to avoid the intent of this Section by doing work incrementally.
3. The market value shall mean either the market value for property for tax purposes, updated as necessary by the increase in the consumer price index since the date of the last valuation, or the valuation determined by an independent qualified appraiser, mutually selected by the Director of Community and Economic Development and the property owner. A qualified appraiser shall be a Member of the Appraisal Institute (M.A.I.) or an Accredited Rural Appraiser (A.R.A.). If a disagreement concerning the valuation occurs, an appraisal shall be requested by the Director of Community and Economic Development. The property owner shall pay the cost of an appraisal.

F. **Zoning Review Approval Procedure and Criteria**. The Director of Community and Economic Development shall approve issuance of a zoning review approval if the Director of Community and Economic Development finds, in completing the renovation, repair or replacement work:

1. No violation of subsection G, *Extension of or Enlargement of Nonconforming Conditions*, below, will occur; and
2. The property owner will comply to the extent reasonably possible with all provisions of these standards and regulations applicable to the existing use with the following limitations:
   a. The property owner shall not lose the right to continue a nonconforming use.
   b. Compliance with a requirement of these standards and regulations is not reasonably possible if compliance cannot be achieved without adding additional land to the lot where the nonconforming situation is maintained or moving a substantial structure placed on a permanent foundation.

G. **Extension of or Enlargement of Nonconforming Conditions**.

1. *No Increase in Nonconformity*. Except as specifically provided in this Chapter, no person may engage in any activity causing an increase in the extent of nonconformity of a nonconforming situation. In particular, physical alteration of structures or the placement of new structures on open land is unlawful if such activity results in:
   a. An increase in the total amount of space devoted to a nonconforming use;
   b. Greater dimensional nonconformity with respect to restrictions such as setback requirements, height limitations, density requirements includes any expansion, vertical or horizontal, that extends further into a required setback, increases building height beyond what is allowed for a nonconforming structure, enlarges the building volume within a nonconforming setback area, or otherwise intensifies the degree of noncompliance. For example, adding a second story or enclosing an existing deck within a required setback shall be considered an increase in nonconformity unless expressly permitted in this Chapter; or
   c. Increase in exposure to natural or man-made hazards restricting development. Requirements or restrictions of each applicable overlay zone district must be met prior to allowing any expansion or enlargement of a nonconforming situation.
2. *Nonconforming Use May Be Expanded into Other Portions of the Same Building*. A nonconforming use may be extended throughout any portion of a completed building which, when the use was made nonconforming, was manifestly designed, or arranged to

accommodate such use. However, a nonconforming use may not be extended to additional buildings or to land outside the original building.

3. *Nonconforming Use May Not Be Expanded to Cover More Land*. A nonconforming use of open land may not be extended to cover more land than was occupied by said use when it became nonconforming.
4. *Nonconforming Use May Be Increased in Intensity*. The volume, intensity, or frequency of use of property where a nonconforming situation exists may be increased and the equipment or processes used at a location where a nonconforming situation exists may be changed if these or similar changes amount only to changes in the degree of activity rather than changes in kind and the increase in activity does not result in a violation of any other provision contained in this Chapter. In addition, such increases in activity may not violate other requirements of these standards and regulations.
5. *Single-family Detached Dwellings May Be Expanded*.
    a. Any structure used for single-family detached residential purposes and maintained as a nonconforming use may be enlarged or replaced with a similar structure of a larger size, so long as the enlargement or replacement does not create new nonconformities, that is, nonconformities not in existence at the time of such enlargement or replacement, or increase the extent of existing nonconformities with respect to such matters as setback and parking requirements. The intent is to allow, for example, a room addition for a home, which may have a nonconforming setback. Extension of the nonconforming wall would be allowed as long as the degree of setback encroachment was not increased or a new setback encroachment did not occur. Also, this would allow replacement of a home, which is a principal use (and nonconforming) in an industrial zone district.
    b. The replacement or expansion of a single-family detached dwelling is subject to the limitations established by this DSR.
6. *Administrative Remedies for Extension or Enlargement of Nonconforming Conditions*.
    a. *Request Permit or Rezoning*. Those persons owning properties, which have nonconforming uses, may apply for a Special Use Permit, Conditional Use Permit or Rezoning, as appropriate, in an effort to come into compliance with the requirements of these standards and regulations.
    b. *Request Variance.* Those persons owning properties with structures or uses with dimensional nonconformities, but a conforming use of land or buildings, may apply to the Board of Adjustment for a Variance if they wish to expand or enlarge the structure or use of land.
    c. *Appeal Determination to Board of Adjustment*. Those owners or developers of land who disagree with the interpretation of an administrative official regarding a determination that a nonconforming situation exists may appeal the administrative decision to the Board of Adjustment.

H. **Effect of Governmental Acquisition**. A lawfully existing lot, structure, or use that complied with the provisions of this DSR prior to a Governmental Acquisition of land shall not be deemed nonconforming solely as a result of such acquisition. Following a Governmental Acquisition, the following applies:

1. The remaining lot shall be deemed a lawful lot of record notwithstanding any resulting deficiency in lot area, width, frontage, setbacks, landscaping, buffering, parking, or similar dimensional requirements.
2. Any structure rendered nonconforming solely due to the Governmental Acquisition may continue to exist and may be repaired, reconstructed, restored, and maintained in its prior configuration, provided the degree of nonconformity is not increased except as otherwise authorized by this DSR.
3. Any lawful use existing prior to the Governmental Acquisition may continue notwithstanding any resulting reduction in parking, loading, open space, landscaping, or similar site design requirements.
4. The Director of Community and Economic Development may approve site modifications reasonably necessary to accommodate the effects of the Governmental Acquisition, provided that such modifications (a) are shown on a concept plan prepared at the property owner's expense, and (b) do not create a substantial adverse impact on adjacent properties or public safety. To be valid, any such site modifications shall be noted on the concept plan with the Director's signature and date of approval. Site modifications determined by the Director to be beyond the scope of this subparagraph shall be reviewed and processed as a new application pursuant to Sec. 13-01-12, *Development Review Summary Table*.
5. No variance shall be required solely because the lot, structure, or use became nonconforming as a direct result of Governmental Acquisition.

# Div. 14-02 Types of Nonconformities

## 14-02-01 Nonconforming Uses

A. **Continuation of Nonconforming Uses.** A nonconforming use that was lawfully established prior to January 1, 2027, or any subsequent amendment that rendered the use nonconforming, may continue, subject to the provisions of this Chapter.

B. **Change of Use.**

1. *Use Substitution.* A nonconforming use may not be changed to another nonconforming use.
2. *Conversion Permitted.* A nonconforming use may be changed to a conforming use at any time.
3. *No Reversion.* Once a nonconforming use is changed to a conforming use, the nonconforming use shall not be reestablished.

C. **Expansion or Intensification.** Unless expressly authorized by this DSR, a nonconforming use shall not be expanded in area or intensity including:

1. *Area Expansion.* Expansion into a greater floor area or lot area;
2. *Operational Hours.* Increase in hours of operation;
3. *Density Increase.* Increase in number of dwelling units or floor area devoted to the use; or
4. *Traffic Impact.* Increase in parking demand or traffic generation.

D. **Relocation.** A nonconforming use may not be relocated, in whole or in part, to any other portion of the lot or to a different lot, unless the relocation results in full compliance with all applicable provisions of this DSR.

E. **Abandonment or Discontinuance.**

1. *Discontinuance.* A nonconforming use that is discontinued or abandoned for a continuous period of six months shall not be reestablished.
2. *Reestablishment.* Any subsequent use shall comply with all applicable provisions of this DSR.
3. *Abandonment Evidence.* Evidence of abandonment may include removal of equipment or signage, disconnection of utilities, lack of business activity, or lack of occupancy.

F. **Damage or Destruction.** If a structure housing a nonconforming use is damaged or destroyed by fire, flood, or other involuntary means, the nonconforming use may be reestablished, provided that:

1. *Timely Reconstruction.* Reconstruction begins within six months of the date of damage;
2. *No Expansion.* The nonconforming use is not expanded or intensified; and
3. *Compliance.* The reconstructed use complies with all other applicable DSR to the extent practicable as determined by the Director of Community and Economic Development.

G. **Repair and Maintenance.**

1. *Routine Maintenance.* Routine maintenance and minor repairs necessary to keep a structure in safe and functional condition are permitted, including painting, roof replacement, window repair, and similar activities.
2. *Structural Repairs.* Structural repairs and renovations are permitted, provided they do not:
   a. Expand or intensify the nonconforming use;
   b. Increase the degree of any nonconformity; or
   c. Reestablish a use that has been discontinued or abandoned under Subsection E.
3. *Code Compliance Improvements.* Nothing in this Section shall be construed to prohibit improvements required to comply with health, safety, or building codes.

H. **Sexually Oriented Businesses.**

1. *Preexisting.* Any sexually oriented business lawfully operating as of February 1, 1994 that is in violation of this Section will be deemed a nonconforming use as provided for in this Chapter of this DSR.
2. *Separation Exemption.* A sexually oriented business lawfully operating is not rendered in violation of this Section by the subsequent location of a church, school, dwelling unit (single or multiple), public park, or residential district, within 1,500 feet of the sexually oriented business.

I. **Nonconforming Uses Located in Airport Noise Overlay Zone District**.

1. *Existing Single-Family Detached Dwellings May Continue*. Previously approved and lawfully constructed single-family detached dwellings may continue, but are subject to the provisions regarding enlargement or reconstruction of the single-family detached dwellings as cited below.
2. *Existing Undeveloped Land Encouraged to Change Uses.* Previously zoned and platted residential areas which are vacant are encouraged to change land uses to ensure future compatibility with this overlay zone district.
3. *New Single-family Detached Dwellings May Be Constructed*.
   a. New single-family detached dwellings may be constructed on parcels or lots created prior to January 1, 1991, or as allowed by State Statute, or when located on previously

zoned and platted residential areas, provided appropriate interior noise level reduction measures are employed during construction.

b. Plans, which illustrate the noise reduction measures that will be employed, must be certified by a registered professional engineer. Issuance of a certificate of occupancy shall remain dependent upon the faithful execution of the certified noise reduction construction plan as submitted upon Building Permit application.

4. *Enlargement and Replacement of Single-family Detached Dwellings*.

a. Proposals to enlarge, or reconstruct non-conforming single-family detached dwelling must employ interior noise level reduction measures for the structure or portion of the structure subject to the Building Permit.

b. Plans, which illustrate the noise reduction measures that will be employed, must be certified by a registered professional engineer. Issuance of a certificate of occupancy shall remain dependent upon the faithful execution of the certified noise reduction construction plan as submitted upon Building Permit application.

5. *Enlargement and Replacement of Nonresidential or Mixed Use Structures*.

a. Proposals to reconstruct non-conforming office, commercial, or other non-residential structures must employ interior noise level reduction measures for the structure, or portion of the structure occupied by members of the public.

b. Plans, which illustrate the noise reduction measures that will be employed, must be certified by a registered professional engineer. Issuance of a certificate of occupancy shall remain dependent upon the faithful execution of the certified noise reduction construction plan as submitted upon Building Permit application.

J. **Nonconforming Uses Located Outside the Airport Noise Overlay Zone District and in the Aviation Influence Area**.

1. *Lights and Marker Installation*. The owner of any existing nonconforming structure is required to permit the installation, operation, and maintenance of markers and lights as deemed necessary by the aviation authority or operator, to indicate to the operators of aircraft in the vicinity of the aviation facilities the presence of aviation hazards.

## 14-02-02 Nonconforming Structures

A. **Repairs and Maintenance.** Routine maintenance and minor repairs necessary to keep a nonconforming structure in safe and functional condition are permitted. Such activities may include painting, roof replacement, window repair, or similar work, provided they do not increase the degree of nonconformity.

B. **Restoration After Damage.** A nonconforming structure that is damaged by fire, weather, natural disaster, or other involuntary causes may be restored to its pre-damage condition if:

1. *Timing.* The restoration is permitted, under contract, or commenced within 12 months of the date of damage; and

2. *Cost Limits.* The cost to restore does not exceed:

a. 75 percent of the replacement cost for residential structures; or

b. 50 percent of the replacement cost for nonresidential structures.

3. *Cost Determination*. Refer to Sec. 14-01-02(E), *Determination of the Value of Repairs*.

4. *Compliance Required.* If the cost of restoration exceeds these limits, the structure must be brought into full compliance with the requirements of this DSR.

C. **Relocation of Nonconforming Structures.** A nonconforming structure may not be moved to another location on the same lot or to another lot unless it will fully conform to the requirements of this DSR at the new location.

D. **Structures Made Nonconforming by Public Action.** When a structure becomes nonconforming solely due to a taking, dedication, or conveyance of land for a public project (such as a road widening or utility easement):

1. *Footprint Restoration.* The structure may be repaired or reconstructed within its original footprint, even if such work involves up to 100 percent of the structure's replacement cost.
2. *Encroachment Limitations.* No portion of the structure may be extended further into any setback reduced by the public project.

# 14-02-03 Nonconforming Lots

A. **Development of Nonconforming Lots.** A lot that does not meet the current minimum lot area, width, or depth requirements of this DSR may be developed for any permitted use in the applicable zoning district, without a Variance, provided that:

1. *Legal Establishment.* The lot was legally established prior to May 5, 1972 or subsequent amendments that rendered it nonconforming; and
2. *Compliance.* All development on the lot complies with all other applicable regulations of this DSR, including setbacks, height, and building coverage, to the extent practicable as determined by the Director of Community and Economic Development.

B. **Combination of Contiguous Nonconforming Lots.** Where two or more contiguous nonconforming lots are held in common ownership at the time of application for development:

1. *Conforming Merger.* The lots shall be combined to create one or more conforming lots prior to the issuance of any development approval, unless doing so would preclude all reasonable economic use of the land;
2. *Reduced Nonconformity.* If full conformity cannot be achieved, the lots shall still be combined if such combination will reduce the overall degree of nonconformity; and
3. *Building Site Standards.* The combined lots shall not be considered separate building sites unless they meet all applicable dimensional standards of this DSR or are otherwise approved through a subdivision or lot adjustment process.

C. **Nonconforming Lots Using Well and Septic**. No lot existing at the time of passage of these standards and regulations or any amendment thereto, shall be required to be reduced or enlarged to conform to the requirements on lot sizes, except those requirements pertaining to the use of individual wells and septic systems.

# 14-02-04 Nonconforming Signs

A. **Nonconforming Determination.** The prohibited signs listed in Sec. 4-02-06, *Signs*, are deemed nonconforming on December 10, 2019.

B. **Discontinuance.** Nonconforming signs shall be eventually discontinued and all other signs on the premises shall conform to the regulations of this DSR.

C. **Continued Use and Maintenance.** A nonconforming sign may continue to be used and maintained in good condition, provided that:

1. *No Enlargement.* The sign is not structurally altered, remodeled, or enlarged in any way that increases its degree of nonconformity; and
2. *Routine Maintenance.* Routine maintenance and repair are limited to keeping the sign safe and in good working order and may include repainting, cleaning, or replacing sign copy or lighting.

D. **Termination of Nonconforming Status.** A nonconforming sign shall lose its nonconforming status and be removed or brought into full compliance with this DSR if any of the following occur:

1. *Alteration or Enlargement.* The sign is altered, remodeled, removed, or enlarged in any way, other than to update or replace changeable sign copy;
2. *Replacement.* The sign or its supporting structure is replaced;
3. *Relocation*. The sign is relocated to a different position on the same property or to a different property;
4. *Cessation of Use.*
   a. *One-Year Vacancy.* The business, tenant, or use associated with an on-premise sign has ceased operation on the premises for a continuous period of one year; or
   b. *Two-Year Leasing Gap.* In the case of leased property, no new tenant has occupied the premises for two years after the prior tenant ceased operations;
5. *Damage or Destruction.* The sign is damaged or dismantled (intentionally or unintentionally) such that more than 50 percent of its value is lost, excluding maintenance or routine copy changes.

## 14-02-05 Nonconforming Manufactured and Mobile Home Parks

A. **Continued Use.**

1. *Existing Mobile Homes Permitted.* Continued use of existing owner-occupied mobile homes within a nonconforming mobile home park is permitted provided the following minimum standards are met:
   a. *Location.* The mobile home remains in its existing location within a nonconforming mobile home park.
   b. *Health and Safety.* The mobile home does not present an immediate public health and/or safety hazard as determined by the Director of Community and Economic Development. Examples include, but are not limited to the following:
      (1) Improper installation of gas lines;
      (2) Unstable blocking or tie downs which could cause the unit to collapse;
      (3) Additions to mobile homes considered dangerous structures under provisions of the County Building Code;
      (4) Mobile homes located in a public right of way;
      (5) Mobile homes located over a slope that is considered unstable or excessively steep;

(6) Inadequate water pressure for fire protection at a particular mobile home or inadequate access within the nonconforming mobile home park which would hinder the ability to reach a particular mobile home for firefighting purposes;

(7) Contaminated well water; and

(8) Blocked or failed on-site wastewater treatment systems.

B. **Recreational Vehicles Use Prohibited.** Residences that are classified as recreational vehicles or travel trailers, are not permitted to be used as dwelling units in nonconforming mobile home parks.

C. **Placement or Replacement Standards.** Placement of a mobile home on a vacant space or replacement of an existing mobile home within a nonconforming mobile home park is permitted under the following conditions:

1. *Documentation Requirements.* The mobile home park has placed on file with the County the following:

   a. *Site Plan.* A complete Site Plan which establishes the location of mobile home spaces and utility hookups and the total number of mobile home spaces permitted historically.

   b. *Fire Plan.* A fire protection plan approved by the applicable fire district addressing the following items: adequate water pressure for fire protection, adequate minimum distance for fire hydrants, and adequate access for fire protection purposes.

   c. *Utility Approval.* Demonstration of adequacy of water and sewer service through approval of the Water and Sanitation District serving the park (or approval of well and on-site wastewater treatment systems by the Division of Water Resources and Adams County Health Department).

   d. *No Immediate Hazards.* No mobile homes within the mobile home park have been determined to be subject to a condition that constitutes an immediate public health and/or safety problem for the residents, as described above in subsection A(1)(b), *Health and Safety*.

   e. *Screening.* Provision of screening or buffering of adjacent less intense uses if determined necessary by the Director of Community and Economic Development.

# CHAPTER 15 ENFORCEMENT, VIOLATIONS, AND REMEDIES

**Contents:**

Div. 15-01 Enforcement Authority
Div. 15-02 Violations
Div. 15-03 Remedies and Enforcement Powers

## Div. 15-01 Enforcement Authority

### 15-01-01 Purpose

This Chapter establishes the framework for enforcing the provisions of this DSR. The enforcement process ensures compliance with applicable requirements, safeguards public health and safety, and supports the orderly development of land in the County.

### 15-01-02 Enforcement Authority Vested in Director of Community and Economic Development

This DSR shall be enforced by the Director of Community and Economic Development. The Director of Community and Economic Development may delegate enforcement responsibilities to other staff members of the Community and Economic Development Department. In addition to the Director of Community and Economic Development and their staff, the County Manager may designate employees of other County departments to assist in the investigation and enforcement of violations of this DSR ("Supplemental Enforcement Personnel"). Such designated personnel shall have the authority to conduct inspections; investigate complaints; document violations; issue notices of violation; issue citations; issue stop work/cease and desist orders; coordinate with planning, building, code compliance, health department, law enforcement, fire, engineering, and public works staff; and perform other enforcement duties as authorized by the County Manager and applicable law.

### 15-01-03 Source of Enforcement Authority

A. **Zoning Regulations.** All violations of zoning regulations and other provisions of this DSR may be enforced through the use of any and all powers available to the County pursuant to Colorado law, including, but not limited to, those powers granted by C.R.S. §§ 30-28-114, 30-28-124 and 30-28-209, as may be amended.

B. **Planned Unit Developments.** All violations of this DSR on property in a Planned Unit Development zone district may be enforced through those powers granted by C.R.S. § 24-67-101 *et seq*. (the Planned Unit Development Act), as may be amended, or through general zoning and subdivision enforcement powers, at the County's option.

C. **Subdivision Enforcement.** The provisions of this DSR related to the division of land, subdivision plats, and Improvements Agreements may be enforced through the use of any and all powers

available to the County pursuant to Colorado law, including, but not limited to, those powers granted by C.R.S. §§ 30-28-110(3)-(4), 30-28-133, and 30-28-137, as may be amended.

D. **Areas and Activities of State Interest Enforcement.** The provisions of this DSR related to Areas and Activities of State Interest may be enforced through the use of any and all powers available to the County pursuant to Colorado law, including, but not limited to, those powers granted by C.R.S. § 24-65.1-501, as may be amended.

E. **Special District Review.** The provisions of this DSR related to special districts may be enforced through the use of any and all powers available to the County pursuant to Colorado law, including, but not limited to, those powers granted by C.R.S. § 32-1-101 *et seq*. (the Special District Act), as may be amended.

# Div. 15-02 Violations

## 15-02-01 Types of Violations

A. **Failure to Comply with this DSR**. It is a violation of this DSR to take any of the following actions in any way inconsistent with and not in accordance with this DSR and without first obtaining all approvals and permits required by this DSR:

1. Use real property or the improvements on any real property;
2. Undertake the development of real property;
3. Erect, construct, reconstruct, alter, restore or improve a building or structure;
4. Excavate land;
5. Fill land; or
6. Alter or change the use of any real property or improvements on real property.

The content of subsections (B) through (G) below supplement but do not limit the generality of this subsection (A).

B. **Failure to Obtain Required Building Permits**. It is a violation of this DSR to use or develop land, build or modify a structure, or change the use/occupancy of a property without first getting a Building Permit, as required by these regulations and the Building Codes adopted by the County.

C. **Failure to Obtain or Maintain Required Operating Licenses/Permits**. It is a violation of this DSR to fail to obtain any local, state, or federal license or permit required to conduct the activity being conducted on the property (*e.g.*, liquor license, marijuana business license, air permit) or to maintain any required license or permit in good standing at all times that the activity is in operation.

D. **Violation of Terms and Conditions**. It is a violation of this DSR to use or develop land, build or modify a structure, or change the use of a property in any way that does not follow the terms and conditions of an approved permit or other County approval.

E. **Unauthorized Land Division or Transfer**. It is a violation of this DSR to divide or redivide land or to sell or transfer land with reference to specific surveyed corners, distances, or arcs (metes and bounds) or any other type of boundary description (other than County-approved lots, parcels, and tracts) without first (a) obtaining County approval of a minor subdivision plat, or a major subdivision plat, as applicable, and recording such plat with the County Clerk and Recorder as required by this DSR, or (b) obtaining County approval of a subdivision exemption per Sec. 13-06-01, *Subdivision Exemption*, unless such division is exempt from the requirement to comply

with applicable subdivision standards pursuant to Sec. 5-01-02(C)(1), *Applicability*. The County shall not be liable for any direct or apparent fiscal losses suffered by any party as a result of denial of any subdivision where the applicant has agreed to transfer or sell, or offered to transfer or sell, any subdivided land in advance of plat approval by the County.

F. **Unauthorized Construction of Roads or Other Improvements.**

1. It is a violation of this DSR to commence construction of roads or other improvements without first obtaining an infrastructure permit issued by the County (following engineering review and approval) and meeting all post-approval requirements.
2. It is a violation of this DSR to construct site entrances, curb cuts, or curb returns within a County right-of-way without first obtaining an access permit from the County.

G. **Failure to Comply with Floodplain Management Regulations**. It is a violation of this DSR for a structure or other development to fail to be fully compliant with the County's floodplain management regulations. A structure or other development without the elevation certificate, other certifications, or other evidence of compliance required in 44 CFR §§ 60.3(b)(5), (c)(4), (c)(10), (d)(3), (e)(2), (e)(4), or (e)(5), as may be amended, is presumed to be in violation of the County's floodplain management regulations until such time as that documentation is provided to the Director of Community and Economic Development.

H. **Inaccurate or Misleading Application**. It is a violation of this DSR (i) to submit to the County application materials that contain inaccurate or misleading information, including, without limitation, material omissions; inaccurate or misleading information regarding the condition of the project site or adjacent properties or improvements, or the location, size, or nature of a proposed building or improvement, or the intended use of any portion of the land included in the application; or (ii) to otherwise obtain a permit or approval under this DSR through the submission of inaccurate or misleading information related to the project.

## 15-02-02 Property Owner and Violator Liability for Violations

Both the property owner and the violator (if different than the owner) are jointly and severally liable for violations of this DSR.

## 15-02-03 Continuing Violations

Each day a violation occurs or remains uncorrected shall constitute a separate violation.

## 15-02-04 Previous Violations

A. **Prior Actions.** The County may continue any enforcement actions that began under earlier regulations, even if those regulations have since been amended, repealed and/or replaced.

B. **Responsibility for Past Violations.** A change in property ownership does not eliminate responsibility for correcting any unresolved violations.

# Div. 15-03 Remedies and Enforcement Powers

# 15-03-01 Authority to Enter and Inspect

A. **Right to Inspect.** Submitting an application for development approval grants permission to the County for site inspection. The County may inspect and examine any building, structure, or tract of land upon a reasonable belief that a violation of this DSR exists. In addition to other situations authorized by applicable law, the Director of Community and Economic Development, their authorized designee, and Supplemental Enforcement Personnel shall be authorized to enter property without prior application to or approval by a court in the following circumstances:

1. To inspect in response to a suspected violation in which the property owner and/or occupant has been given notice of the requested inspection and granted permission to County personnel to enter the property for inspection.
2. To make observations of the premises from portions of the premises that are open or accessible to the public, or from portions of the premises in which the owner or occupant otherwise lacks a reasonable expectation of privacy.
3. To make observations of the premises in plain view from public property or from other private property with that private property owner's consent.
4. To conduct inspections within the scope of another official document.
5. In emergency situations in which the Director of Community and Economic Development or their authorized designee has reason to believe that the public health, safety, welfare or the environment is in imminent danger and could be jeopardized by delay.

B. **Administrative Inspection Warrant.** If entry without prior application to or approval by a court is not allowed by subsection (A) above or otherwise by Colorado law, the Director of Community and Economic Development, their authorized designee, or Supplemental Enforcement Personnel shall obtain an administrative entry and inspection warrant from a court of competent jurisdiction pursuant to Colorado law before entering the property.

# 15-03-02 Notice of Violation

A. **Notice Of Violation.**

1. *Written Notice.* If the Director of Community and Economic Development, their duly authorized designee, or Supplemental Enforcement Personnel determines a violation of these DSR exists on any property, the Director of Community and Economic Development, their duly authorized designee, or Supplemental Enforcement Personnel shall provide written notice to the owner and responsible party to correct the violation within ten (10) after the date of the notice (or a later deadline for compliance as may be practicable). The notice shall describe the violation, shall reference any DSR section violated, and may describe any corrective action required.
2. *Delivery Method.* A Notice of Violation may be delivered in person, by mail, or posted on the property.
3. *Legal Effect.* The issuance of a Notice of Violation is not necessarily a prerequisite to the institution of every type of enforcement proceeding set forth in this Chapter, as the public health, safety, welfare or the environment could be endangered by delay. Compliance with any corrective action identified in a Notice of Vioaltion may not necessarily be a defense to any alleged violation of this DSR in any court action instituted seeking full compliance or penalties therewith; provided, however, that curing the violation after notice may reduce penalties.

4. *Continuing Noncompliance.* Violations stay in effect until resolved and apply to current and future property owners.

B. **Voluntary Compliance**. Whenever practical in light of the nature of the violation(s), the County will endeavor to first seek voluntary compliance before issuing Notices of Violation and/or pursuing legal and equitable remedies.

## 15-03-03 Immediate Action Authority

A. **Stop Work/Cease and Desist Order.** The Director of Community and Economic Development, their duly authorized designee, or Supplemental Enforcement Personnel may issue a stop work/cease and desist order to stop operations, use, or construction when there is an imminent health or safety danger.

B. **Requirement to Stop Use.** No person may continue operations or construction activities, or make use of real property or the improvements on any real property in violation of this DSR after a stop work/cease and desist order has been issued. If work or activity continues, the unlawful erection, construction, reconstruction, alteration, maintenance, or use shall be in violation of this DSR.

C. **Conditional Use Permit Show Cause Hearing.**

1. If the Director of Community and Economic Development has reasonable cause to believe that one or more conditions or requirements of an approved conditional use permit issued by the Board of County Commissioners have been violated, the Director shall provide the record owner of the property subject to the permit and the holder of such permit (if other than the owner), in person or by first class United States mail, with a notice to show cause to the Board of County Commissioners why the permit should not be revoked.
   a. The notice shall be served at least 15 days prior to the public hearing and shall state the date, time, and place of the public hearing at which the Board of County Commissioners will consider whether the permit should be revoked.
   b. The notice shall also set forth a concise statement of the grounds for revocation.
   c. The permit holder must appear and show cause why the permit should not be revoked; failure to appear may result in revocation of the permit. The record owner of the property may appear and provide testimony on the matter.
   d. Members of the public may also provide testimony on the matter.
2. Following the public hearing, the Board of County Commissioners shall issue a written decision either revoking the permit or finding insufficient evidence to revoke the permit.

## 15-03-04 Administrative Remedies

For any unlawful use or development or any use or development that fails to conform to any approved permit, plat, other County land use approval, Improvements Agreement, Development Agreement, maintenance or other agreement, or condition or approval, the Director of Community and Economic Development, their duly authorized designee, or Supplemental Enforcement Personnel may pursue any of the following:

A. **Verbal or Written Warning.** Advice of noncompliance provided by the County to the owner, the owner's agent, the occupant, or the owner's contractor indicating that the work or activity is in violation and directing immediate resolution.

B. **Permit Fee Increase.** An increase in the permit or land use approval fee(s) as established in the Annual Fee Schedule adopted by the Board of County Commissioners.

C. **Permit Withholding**. Deny and withhold all permits, certificates of occupancy, or other forms of authorization to use or develop any land, structure, or improvements. This provision shall apply whether or not the current owner is responsible for the violation. The County may require correction of a violation as a condition of granting any future permits or approvals under this DSR.

D. **Permit Suspension or Revocation**. Suspend or revoke any permit or other authorization when it is determined the work does not follow approved plans or conditions, it was issued by mistake, or it was obtained by false representation. Written notice of suspension or revocation shall be served upon the owner, the owner's agent, or the owner's contractor to whom the permit was issued, or the notice may be posted in a prominent location at the place of the violation.

E. **Public Services Hold.** Request the Board of County Commissioners to withhold all public road improvements and public maintenance from all rights-of-way that have not been accepted for such purposes by the Board of County Commissioners.

F. **Code Procedures.** Follow the enforcement procedures of the Building Codes adopted by the County, including, without limitation, the International Property Maintenance Code, or other codes as may from time to time be adopted by Adams County.

G. **Financial Guarantee Draw.** Upon the failure of a property owner/developer to complete required subdivision, stormwater management system maintenance, BMP removal, or other improvements within the time specified, the County, without further obligation to the property owner/developer except as otherwise required by law, may complete the work or cause it to be completed and may recover the costs thereof by drawing upon the financial guarantee. The property owner/developer shall remain liable for all costs exceeding the amount of the financial guarantee.

## 15-03-05 Judicial Action

For any unlawful use or development or any use or development that fails to conform to any approved permit, plat, other County land use approval, Improvements Agreement, Development Agreement, maintenance or other agreement, or condition or approval, the Director of Community and Economic Development, their duly authorized designee, or Supplemental Enforcement Personnel may refer for judicial action a violation of this DSR that, following investigation, has been confirmed or is reasonably believed to exist.

A. **Court Action for Penalties.** The County Attorney may file an action in County or District Court for penalties pursuant to C.R.S. §§ 30-28-124(1) and/or 30-28-209(1), as may be amended. The property owner(s) and violator(s), upon adjudication thereof, shall be subject to the penalties as set forth therein.

B. **Court Action for Injunctive Relief.** The County Attorney may file an action in County or District Court for an injunction, mandamus, abatement, or other appropriate action to prevent, enjoin, restrain, remove, terminate, or abate a violation or to otherwise restore the property to the condition that existed prior to the violation pursuant to C.R.S. §§ 30-28-124(2) and/or 30-28-209(2), as may be amended. Per Colorado law, if the County abates the violation pursuant to a court order, it may seek to recover its actual costs of the abatement, plus an additional percentage of those costs to cover inspection and other incidental costs of the abatement. All

such costs are a lien against the property, subject to collection as a special assessment in the same manner as other taxes are collected.

C. **Civil Infraction.** Designated zoning personnel/an authorized building inspector or the sheriff may issue and serve a summons and complaint alleging a violation of this DSR as a civil infraction pursuant to C.R.S. §§ 30-28-124(3) and/or 30-28-209(3), as may be amended. The property owner(s) and violator(s), upon adjudication thereof, shall be subject to the penalties as set forth in the fine schedule adopted, and periodically updated, by the Board of County Commissioners pursuant to C.R.S. §§ 30-28-124(3) and/or 30-28-209(3), as may be amended. Such fine schedule may provide for increased penalties for repeat offenses by the same property owner(s) or responsible party(s).

D. **Court Action for Unlawful Conveyance.** The District Attorney may prosecute any subdivider, or agent of a subdivider, who transfers legal or equitable title or sells any subdivided land before a final plat for such subdivided land has been approved by the Board of County Commissioners and recorded with the County Clerk and Recorder pursuant to C.R.S. § 30-28-110(4), as may be amended. The subdivider, or agent of the subdivider, upon adjudication thereof, shall be subject to the penalties as set forth therein.

## 15-03-06 Penalty Collection

All fines and penalties for the violation of this DSR shall be paid to Adams County and collected through the procedures established by State law, or in the absence of a specific statutory procedure, as established by Board of County Commissioners resolution. All fines and penalties collected shall be credited to the general fund of the County.

## 15-03-07 Cumulative Remedies

A. **Remedies Not Exclusive.** All remedies provided for in this Chapter are cumulative, are not exclusive, and shall be in addition to any other remedies available at law or in equity, and may be pursued by the County singularly or in combination thereof.

B. **Availability of Remedies.** To the extent that Colorado law may limit the availability of a particular remedy for a particular violation or a part of a violation, such remedy shall remain available for other violations of other parts of the same violation, and all other remedies shall remain available for the same violations or part of a violation.

# CHAPTER 16 WORD USAGE

**Contents:**

Div. 16-01 Rules of Construction
Div. 16-02 General Terms Defined

## Div. 16-01 Rules of Construction

A. **Meaning and Intent**. All provisions, terms, phrases, and expressions contained in this DSR shall be construed according to this DSR's stated purpose and intent.

B. **Text Controls***.* In case of any difference of meaning or implication between the text of this DSR and any heading, drawing, table, or figure, the text shall control. In case of any conflict between a table and a figure, the table shall control. Figures and graphics are included for illustrative purposes only.

C. **Lists and Examples***.* Unless otherwise specifically indicated, lists of items or examples that use terms such as "for example," "including," and "such as," or similar language are intended to provide examples, not to be exhaustive lists of all possibilities.

D. **Mandatory and Discretionary Terms***.* The word "shall" and "must" are always mandatory, and the words "may" and "should" are always permissive.

E. **Gender***.* The masculine or feminine shall include all genders, and vice versa.

F. **Technical and Non-Technical Words***.* Words and phrases not defined by this DSR shall have their common, ordinary, and accepted meanings, except that technical words and phrases that have a peculiar meaning in law, planning, design, and engineering practice shall be construed and understood according to such meaning.

G. **Public Officials and Agencies***.* All public officials, bodies, and agencies to which references are made are those of the County, unless otherwise indicated.

H. **Most Recent Version of Statutes and Regulations**. Any reference in this DSR to a section or provision of the Colorado Revised Statutes (C.R.S.) shall be construed to refer to such section or provision and to any successor section or provision thereto, including any provision that amends, recodifies, renumbers, replaces, or otherwise supersedes such section or provision, as the same may be amended from time to time. All references to other local, county, state, or federal regulations in this DSR refer to the most current version and citation for those regulations unless expressly indicated otherwise. If the referenced statute or regulations have been repealed and not replaced by other statutes or regulations, requirements for compliance are no longer in effect.

I. **Tense and Number**. Words in the present tense include the future and vice-versa. Words in the singular number include the plural number and vice-versa.

J. **County**. The word "County" means the Adams County, Colorado.

K. **Conjunctions**.

1. *And*. The word "and" shall be construed to include all connected items in a series or set of conditions or provisions.
2. *Or*. The word "or" shall be construed to include one or more of the items in a series or set of conditions or provisions, unless the context clearly indicates otherwise.

L. **Rounding**.

1. *Generally*. Except as stated in subsection 2, *Exceptions to Rounding*, below, if any regulatory formula in this DSR results in a non-whole number of an indivisible object or feature (for example, a bufferyard requiring 6.33 trees), then the non-whole number shall be rounded down or up to the nearest whole number based on conventional rounding rules where a decimal between .1 and .49 is rounded down to the nearest whole number and a decimal from .50 to .99 is rounded up.
2. *Exceptions to Rounding*. Non-whole numbers related to required parking spaces or density shall always be rounded down. For example, whether a building requires 10.4 spaces or 10.8 parking spaces, the number of spaces shall always be rounded down to 10.

M. **Days**. All references to "days" are deemed calendar days unless expressly indicated otherwise. The time in which an act shall be completed is computed by excluding the first day and including the last day. In computing working days, if applicable, Saturdays, Sundays, or holidays observed by the County are excluded. A day concludes at the close of business for the Community and Economic Development Department, and any materials received after that time will be deemed to have been received the following day.

N. **The Director**. Use of the phrase "the Director" shall be deemed to be a reference to the Director of Community and Economic Development, unless the context clearly indicates otherwise.

# Div. 16-02 General Terms Defined

## A

### Abandonment of Use

The cessation, discontinuance, or nonuse of a lawful nonconforming use for a continuous period of six months or more, after which the right to continue that use is terminated, regardless of the owner's intent to resume the use.

### Access

Provision for the passage of vehicles by a public or private street, or by a driveway connected to a public or private street, such that delivery of people, goods, and services is possible to individual properties or buildings.

### Accessory Dwelling Unit

See "Dwelling Unit, Accessory".

### Accessory Use

A subordinate use, which is incidental and customary in connection with the principal building or use and is located on the same zoning lot as the principal building or use.

### Accounting Services

Services commonly and historically performed by accountants, including recording or summarizing financial transactions, bookkeeping, analyzing or verifying financial information, reporting financial results, financial planning or providing attest services, compilation services, tax services, or consulting services.

**Acupuncture Clinic**

A facility where the public receives acupuncture treatment, which is a form of alternative medicine, and a component of traditional Chinese medicine (TCM) in which thin needles are inserted into the body to cure disease or relieve pain.

**Adaptive Reuse**

The conversion of an existing structure from the use for which it was constructed to a new use by maintaining elements of the structure and adapting such elements to a new use.

**Adjacent Lot**

A lot or parcel of land, which shares all, or part of a common lot or property line with another lot.

**Adjacent Property Owners (in regard to notification)**

Lots containing existing residences, grounds, or other types of structures located on the same street frontage as the subject lot and is located within 150 feet of the opposite side of the street for an equal distance. If there are no structures within this area, structures within a distance of 500 feet from all property lines will be considered adjacent properties.

**Adult Arcade**

An establishment where one or more still or motion picture projectors, slide projectors, or other image producing machines, for viewing by five or fewer persons each, are used to show films, motion pictures, video cassettes, slides, or other photographic reproductions which are characterized by the depiction or description of “specified sexual activities” or “specified anatomical area”.

**Adult Bookstore**

See “Adult Novelty Store”.

**Adult Cabaret**

A nightclub, bar, restaurant “pop shop”, or similar commercial establishment which features: (a) persons who appear nude or in a state of nudity or seminude; (b) live performances which are characterized by the exposure of “specified anatomical areas” or by “specified sexual activities”, or films, motion pictures, video cassettes, slides, or other photographic reproductions which are characterized by the depiction or description of “specified sexual activities” or “specified anatomical areas”.

**Adult Motel**

A motel, hotel or similar commercial establishment which: (a) offers public accommodations and provides patrons with closed-circuit television transmissions, films, motion pictures, video cassettes, slides, or other photographic reproductions which are characterized by the depiction or description of “specified sexual activities” or “specified anatomical areas” and which advertises the availability of this sexually - oriented type of material by means of a sign visible from the public right-of-way, or by means of any off-premises advertising including, but not limited to, newspapers, magazines, pamphlets or leaflets, radio or television, or (b) offers a sleeping room for rent for a period of time of less than 10 hours, or allows a tenant or occupant to sub-rent a sleeping room for a time period of less than 10 hours.

**Adult Motion Picture Theater**

A commercial establishment where films, motion pictures, video cassettes, slides or similar photographic reproductions depicting or describing “specified sexual activities” or “specified anatomical areas” are regularly shown.

**Adult Novelty Store**

A commercial establishment which: (a) devotes a significant or substantial portion of its stock-in-trade or interior floor space to; (b) receives a significant or substantial portion of its revenues from; or (c) devotes a significant or substantial portion of its advertising expenditures to the promotion of: the sale, rental or viewing of books, magazines, periodicals or other printed matter, or photographs, films, motion pictures, video cassettes, slides, or other visual representations which are characterized by the depiction or description of "specified sexual activities" or "specified anatomical area".

An establishment may have other principal business purposes that do not involve the offering for sale, rental or viewing of materials depicting or describing "specified sexual activities" or "specified anatomical areas", and still be categorized as an adult bookstore, adult novelty store, or adult video store. Such other business purposes will not serve to exempt such establishment from being categorized as an adult bookstore, adult novelty store or adult video store so long as the provisions of the first paragraph of this definition are met.

**Adult Theater**

A theater, concert hall, auditorium, or similar commercial establishment which regularly features persons who appear in a state of nudity or live performances which are characterized by exposure of "specified anatomical area" or by "specified sexual activities."

**Adult Video Store**

See "Adult Novelty Store".

**Adverse Impact**

Any effect resulting from a proposed use or development that is harmful, detrimental, or incompatible with neighboring properties, natural resources, public facilities, transportation systems, and/or public health and safety.

**Agricultural Animal**

Alpacas, donkeys, cattle, elk, sheep, llamas, goats, swine, mules, poultry, horses, and alternative livestock as defined by Colorado Statutes and such domesticated animals as fox, mink, chinchilla, beaver, and rabbits, and large birds/poultry such as emus, rhea or ostrich, except dogs and cats that are used for working purposes on the farm or ranch, and any other animal designated by the Colorado Agricultural Commission, which animal is raised for food or fiber production.

**Agricultural Business**

Dairies, poultry farms, fur farms, exotic animal farms, and animal confinement operations.

**Agricultural Support Business and Service Uses**

Business or commercial uses operated primarily for the support of agricultural needs, which may consist of products, materials, and equipment servicing and sales; storage or processing of agricultural products or animals; veterinary services; or technical support services. Examples include, but are not limited to, farm machinery sales and service, farm supply sales, and underground fuel storage for use on the property.

**Agriculture (or Farm)**

The use of land for agricultural purposes, including farming, dairying, floriculture, horticulture pasturage, viticulture, grazing, animal and poultry husbandry, and the necessary accessory uses for packing, treating, storing, and shipping of farm products.

**Agritourism**

Activities or events conducted on a working farm, ranch, or agricultural operation that attract visitors for educational, recreational, or entertainment purposes and generate supplemental income for the owner. Activities may include but are not limited to: farm tours, educational offerings, corn mazes, interactive animal displays, pick your own produce, seasonal events, playground, and activity fields.

**Agrivoltaics**

The dual use of land for solar energy production and agriculture.

**Aircraft Activity Covenant with Disclosure**

A covenant signed by landowner(s) and recorded at the Office of the Adams County Clerk and Recorder to notify present and future landowners of the aircraft flight activity that will occur in the airspace above the property.

**Airport**

Any area of land or water designed and set aside for the landing and take-off of aircraft and utilized, or to be utilized, in the interest of the public for such purposes.

**Airport, Landing Strip and Heliport Uses (Private)**

A private facility that is not open to the public, which provides space for aircraft to take off and land usually equipped with a control tower, hangars, and accommodations for passengers and cargo.

**Airport, Landing Strip and Heliport Uses (Public)**

A facility, open to the general public, which provides space for aircraft to take off and land usually equipped with a control tower, hangars, weather and navigational aides, retail and personal services for passengers, and accommodations for the transportation of cargo.

**Alley**

A public or private thoroughfare that affords only a secondary means of access to an abutting property and primarily used to provide vehicular access to the rear or side of properties.

**All-Facade Design**

Design of all sides of a building—front, rear, and sides—using consistent materials, detailing, and design features. It avoids blank walls and ensures that every visible facade contributes to the building's overall aesthetic, regardless of its orientation or visibility from streets, public spaces, or adjacent properties.

**Amended Plat**

A plat which contains modifications to an existing approved and recorded plat that do not significantly affect the land use of an area and/or are technical in nature as determined by the Director of Community and Economic Development, which does not involve the construction of public improvements, or an increase in density in a subdivision. Amended Plats may be processed under the terms of either a Major or Minor Subdivision, subject to the terms of Chapter 13.

**Amenity Space**

A designated indoor or outdoor area within a development intended for the active or passive recreational, social, or functional enjoyment of residents, occupants, or the public. The minimum amenity space required by each zone district, as described in Div. 2-04, *Designated Amenity Space Types*, is calculated by dividing the total amount of amenity space on the parcel proposed for development ("A") by the total gross area of the entire parcel proposed for development ("B") as depicted on a subdivision plat. To be counted toward the minimum amenity space requirements, the minimum amenity space percentages per each zone district must be met per Div. 2-07, *District Dimensional Standards*.

**Amphitheater**

A semi-enclosed structure designed for the enactment of the performing arts or other entertainment uses that include entertainment-related facilities and uses.

**Amusement Center**

A commercial establishment with three or more machines of amusement.

**Amusement Park**

An outdoor entertainment facility that includes such activities as amusement rides (e.g., roller coasters), batting cages, mini-golf, bumper cars, bumper boats, go-cart racing, and water slides. Amusement parks may also include indoor or outdoor areas with games, food service, and incidental retail uses (e.g., souvenir shops) that are subordinate to the principal outdoor entertainment uses.

**Animal Farm**

A property of facility where animals are raised, bred, or kept for agricultural purposes such as the production of food, fiber, or other animal products.

**Animal Feeding Operation (AFO) and Concentrated Animal Feeding Operation (CAFO)**

An operation for the growing, feeding, and fattening of livestock and/or poultry for commercial purposes, where:

1. The animals are confined within a closed structure and/or the animals are kept within permanent corrals, pens, or yards;
2. Food is supplied by means other than grazing, foraging, or other natural means; and
3. These animals have been, are, or will be stabled or confined and fed or maintained for a total of 45 consecutive days or more in any 12 month period.

   A CAFO is a large or medium AFO, as defined by the United States Environmental Protection Agency, National Pollutant Discharge Elimination System (NPDES) regulations.

**Animal Habitat**

The natural environment where an animal lives, providing the specific resources and conditions necessary for its survival, including food, water, shelter, and space.

**Animal Hospital**

An establishment for the care of sick or injured animals. Such facilities may include veterinarian offices, administrative offices, space for examination, surgery, recovery, and may include boarding of animals while under treatment, but does not include animal boarding generally.

**Animal Slaughterhouse**

An establishment or area for the purpose of slaughtering animals for commercial purposes.

**Annual Report, Special Service District**

An annual report requiring certain information about a Special District required to be submitted each year at the request of the Adams County Community and Economic Development Department.

**Antenna Arrays**

A group of antennas working together to transmit or receive electromagnetic waves.

**Applicant**

A person submitting an application for permit or approval, and may be referred to as the Permittee.

**Applicable Transit Plan**

An area designated by the map created pursuant to C.R.S. § 29-36-106.

**Appraisal Service**

A business that performs a complete and detailed analysis of a property to determine its market value and provides clients with an appraisal review.

**Appurtenant Facilities**

Any buildings, structures, or other property, that are clearly essential to, and customarily found in connection with, major energy facilities at the site of the major facility, excluding the federal government and its agencies.

**Aquaculture Facility**

Any structure, lake, pond, tank, tanker truck, or the like used or intended to be used for the controlled propagation, growth, and harvest of cultured aquatic stock including, but not limited to, fish and other aquatic vertebrates, mollusks, crustaceans, and algae and other aquatic plants. This definition includes fish hatcheries.

**Aquarium**

An establishment where aquatic organisms are housed and exhibited.

**Arrangement of Transportation of Freight and Cargo**

A use involving the coordination, scheduling, and management of freight and cargo transportation for others, without the physical handling or storage of goods on-site. Typical activities include freight forwarding, shipping brokerage, logistics management, and other transportation arrangement services that facilitate the movement of goods by air, rail, water, or highway.

**Arterial, Minor**

Refer to Appendix A.

**Arterial, Principal**

Refer to Appendix A.

**Arterial, Rural**

Refer to Appendix A.

**Arterial, Rural Principal**

Refer to Appendix A.

**Artificial Turf**

An installation of synthetic materials developed to resemble natural grass.

**Artisan/Handcrafted Manufacturing**

The shared or individual use of hand-tools, mechanical tools and electronic tools for the manufacture of finished products or parts including design, processing, fabrication, assembly, treatment, and packaging of products; as well as the incidental storage, sales and distribution of such products. Typical artisan manufacturing uses include, but are not limited to: electronic goods, food and bakery products; non-alcoholic beverages; printmaking; household appliances; leather products; jewelry and clothing/apparel; metal work; furniture; glass or ceramic production; paper manufacturing.

**Arts and/or Cultural Center**

A space providing for creation, display, performance, or enjoyment of heritage, history, or the arts. This use includes but is not limited to: museums, performance space, artist's studios, galleries, interpretive sites, independent theaters.

**Asphalt and Concrete Production Facility**

An industrial establishment or plant, such as batch plants or mix plants, primarily engaged in manufacturing concrete and/or asphalt delivered to a purchaser for further use.

**Asphyxiation**

Death caused by exposure to an atmosphere with less than 10 percent oxygen.

**Assembly, Meeting, Event, or Exhibition Hall**

An establishment where people assemble for civic, educational, religious, philosophical, or cultural purposes.

**Assisted Living Facility**

A state-licensed group living facility regulated as a personal care boarding home, as defined in C.R.S § 25-27-102. Such facilities do not offer diagnosed medical or psychological treatment under professional medical supervision, but may offer (1) physical therapy; (2) occasional medical or nursing care to address non-chronic and non-recurring conditions such as colds, flu, or household injuries; and (3) assistance with routine living activities not aimed at recovery from a specific diagnosed condition.

**Attached ADU**

An ADU that shares no less than eight feet of at least one common wall with the principal dwelling unit and is not fully contained within the existing space of the principal dwelling unit.

**Attractive Devices**

Any device intended to attract attention including, but not limited to fixed aerial displays, balloons, pennants, strings of flags, streamers, devices affected by the movement of the air, devices utilizing light or sound, or inflatable or inflated devices.

**Auction**

A sale at which property or goods are sold to the highest bidder.

**Auction House**

A completely enclosed commercial establishment at which an auction takes place, excluding the sale of livestock.

**Auction Yard**

A commercial establishment or area at which an auction takes place at which livestock sale rings are permitted.

**Auditorium or Stadium**

An open, partially enclosed, or fully enclosed facility used or intended to be used primarily for spectator sports, entertainment events, expositions and other public gatherings. Typical uses include convention and exhibition halls, sports arenas, and amphitheaters.

**Automobile Parking Lot**

An area used for parking of motor vehicles.

1. Accessory: A parking lot associated with a residential or nonresidential building or use which is primarily for the use of residents living in the development or their guests or for the use of customers or employees of a nonresidential building.
2. Commercial: A parking lot, which is not associated with either a particular residential or nonresidential development but is made available for parking by the general public for a fee.

**Automobile Rental (or Leasing)**

A commercial establishment offering the temporary use of automobiles or trucks in exchange for payment. Such establishments may include office space, parking areas for rental vehicles, parking areas for customers and employees, and servicing and repair facilities, but shall not include facilities for bodywork, painting, or restoration.

**Automobile Sales**

The use of any structure or land for a business involving the sale of new or used motor vehicles and recreational vehicles. Such establishments may include office space, parking lots for the display and storage of vehicles available for sale, parking areas for customers and employees, vehicle repair facilities, facilities for bodywork, painting, or restoration, and sale of parts.

**Auto Towing and Storage Yard**

A parcel of land used for the temporary storage of vehicles which have been towed by a towing company or for impounded vehicles, but which does not include permanent vehicle storage or dismantling of vehicles.

**Average Trip Length**

The average length in miles of trips on the County's major road system.

**Aviation/Aerospace Research, Development, and Testing**

This use category engages in the creation and testing of new products and prototypes related to the aviation and aerospace industries including wind tunnel test facilities.

**Aviation/Aerospace Related Manufacturing and Distribution**

This use includes the manufacturing and distribution of aircraft, aircraft parts, and aircraft conversions and overhauls.

**Avigation Easement**

A right generally established by deed or recorded plat to permit the unobstructed passage of all aircraft to an infinite height, together with the right to cause in all airspace above the surface of the grantor's property such noise, frequent overflights, vibrations, fumes, dust, fuel particles, radio energy emissions, and all other effects that may be caused by the operation of aircraft landing, or taking off, or operating at an aviation facility.

## B

**Bakery, Retail**

A structure, room, or place used for making, preparing, or baking, bread, biscuits, pastry, cakes, doughnuts, crullers, noodles, macaroni, or spaghetti to be sold on-premises at retail and consumed on or off premises.

**Bakery, Wholesale**

A structure, room, or place used for making, preparing, or baking, bread, biscuits, pastry, cakes, doughnuts, crullers, noodles, macaroni, or spaghetti to be sold on or off premises at wholesale and consumed off premises.

**Bank**

See "Financial Institution".

**Banner**

Any sign of lightweight fabric or similar material that is mounted to a pole or a structure.

**Bar, Tavern, or Lounge**

An eating and drinking establishment providing or dispensing, by the drink for on-site consumption, fermented malt beverages, and/or malt, special malt, vinous or spirituous liquors, and in which the sale of food products such as sandwiches and light snacks is secondary (also known as a tavern). A bar/tavern may include provision of live entertainment and/or dancing; however, a bar/tavern shall not include any adult business use.

**Barn**

An accessory building associated with agricultural zoning or use.

**Batch Plant**

Cement, concrete, and asphalt mixing areas conducted at construction sites.

**Battery Energy Storage System Facility**

Any system or network containing batteries or similar devices that are connected to an energy generation source and intended to receive and store any portion of energy being produced with the intent or purpose of later transmitting or distributing any or all stored energy for sale or consumption in any part of a transmission grid.

**Beacon**

Any light with one or more beams directed into the atmosphere or directed at one or more points not on the same lot as the light source; also, any light with one or more beams that rotate, flash or move.

**Bed and Breakfast Establishments**

Any residential structure used for commercial lodging purposes while also being occupied by either an owner or resident manager.

**Bee**

Any stage of the domestic honeybee, *Apis mellifera,* species.

**Bee Colony**

A community of live bees having a queen, some thousands of workers, and, during part of the year, a number of drones who live together as one family in a hive and all the offspring, inputs and byproducts, including comb(s), honey, pollen, and brood.

**Beehive**

Structure intended for the housing of a bee colony usually composed of brood frame(s) and attached bees that are also used to create a new bee colony.

**Berm**

A mound of soil, either natural or manmade, used to obstruct views or direct the flow of stormwater.

**Best Management Practices (BMP)**

Technique, process, activity, schedule of activities, control measures, structures, prohibitions of practices, maintenance procedures, and other management practices utilized during construction or post-construction to prevent, reduce or eliminate pollution or degradation of Waters of the State to the maximum extent practicable based on available technology and economically practicable solutions that are achievable in light of best industry practices. BMPs can be temporary or permanent. BMPs can also be structural (engineered structures designed to treat runoff) or non-structural (source control practices).

Structural BMPs are designed to manage or treat stormwater runoff before it reaches a waterway, pond or lake. Examples of construction structural BMPs include, but are not limited to; silt fence, inlet protection, sediment basins, extended detention basins, etc.

Non-structural BMPs focus on management of pollutants at their source by minimizing exposure to runoff, rather than treating runoff in constructed facilities. Non-structural BMPs are used as source controls. Examples of construction non-structural BMPs include, but are not limited to; construction phasing, good housekeeping practices, spill prevention and response, employee education and training, mulch and seeding, soil roughening, vegetation buffers, operation and maintenance procedures to control site runoff, spills, sludge, waste, and drainage from raw material storage, etc.

BMPs must be selected for the specific activity and applicable pollutant source, designed, installed, implemented prior to the start of the activity to control potential pollutants, and maintained in effective operating condition in accordance with good engineering, hydrologic, and pollution control practices.

**Billboard**

A permanent large sign characterized by a single or double sign face structure to direct attention to a business, commodity, service, activity or product sold, conducted, or offered off the premises where such sign is located. The owner of the sign usually sells use of the sign to an advertiser on a time-contract basis.

**Billboard, Horizontal**

A billboard that is horizontal to the ground and of sufficient size to be seen by air passengers either landing or departing Denver International Airport.

**Bingo Hall**

A facility used exclusively or primarily for conducting bingo and other similar games that are open to the public.

**Biosolids**

The accumulated treated residual product resulting from a domestic wastewater treatment works. Biosolids does not include grit or screenings from a wastewater treatment works, commercial or industrial sludges (regardless of whether the sludges are combined with domestic sewage), sludge generated during treatment of drinking water, or domestic or industrial septage.

**Blank Wall**

Any wall or portion of a wall that is visible from any right-of-way or pedestrian space, and that is without a window, door, building articulation, approved mural, or other architectural feature.

**Blood or Plasma Center**

A facility for the donation or sale by individual donors of blood, blood plasma, and other blood products.

**Board of Adjustment**

The Board of Adjustment of Adams County.

**Board of County Commissioners**

The Board of County Commissioners of Adams County.

**Boarding House**

A structure where lodging and/or meals are offered for a fee, and where the length of residence may continue for an extended period of time, as distinguished from a motel or hotel.

**Boat Sales**

A commercial establishment or area for the purpose of boat sales.

**Borrow Pit**

Any place or premises where dirt, soil, sand, gravel, or other material is removed below the grade of surrounding land, for any purpose other than that necessary and incidental to site grading or building construction.

**Botanical Garden**

An establishment where plants are grown for display to the public. Gardens are typically labeled and grown for identification purpose and indicating its scientific name and its family.

**Bowling Alley**

An establishment containing long narrow tracks used in bowling and similar games.

**Branch Library**

A public library facility that provides library services at a location subordinate to a main or central library, including the lending of books and media, access to computers and study areas, and community programming.

**Brewery**

An establishment where malt liquors are manufactured and production exceeds 60,000 barrels of malt liquor per year, but shall not mean a “brewpub” or “microbrewery.”

**Brewpub**

An establishment that, as an accessory use to on-site food sales, produces no more than 5,000 barrels of handcrafted beer per year for on-site consumption. Such accessory use may occupy up to 30 percent of the gross floor area of the establishment.

**Buffering**

The installation of plant materials, fencing, or landforms (or a combination of these measures), between two or more properties which inhibits visibility and/or mitigates the transmission of noise, dust, lights, and other nuisances from one property to another or from one property to a body of water.

**Building**

Any structure utilized or intended for supporting or sheltering any occupancy.

**Building Height**

Refer to the definition of “height, building or structure”.

**Building Inspector**

The Chief Building Official of Adams County.

**Building Permit**

A development permit issued by the Adams County Community and Economic Development Department before any building or construction activity can be initiated on a parcel of land.

**Buildout Rate**

Actual or projected amount of development which has been built, sold, or leased or is expected to be built, sold, or leased as presented in a ratio of units of development to time, such as residential dwelling units per year or square feet of commercial space per year.

**Bulk Grain Transfer**

The direct transfer of grain from one truck or container to another via conveyor belt. No on-site storage of grain, either in piles or containers, shall occur.

**Bulk Storage of Explosive or Hazardous Materials**

A use engaged in storage or a manufacturing process that utilizes flammable, explosive, or hazardous materials.

**Bus Repair and Storage**

An establishment or area for the purpose of bus repair, service, and storage.

**Bus Terminal**

An establishment, which provides space for arrival and departure of busses offering transportation to the public usually equipped with accommodations for passengers and for fueling and servicing of busses.

**Business Association**

A membership organization that works on behalf of and supports the business interests of its members.

# C

**Cabinet Shop**

A commercial establishment for the purpose of sales, refinishing, or repair of cabinets.

**Campgrounds, Commercial**

Camps; vacation campgrounds; recreational vehicle parks; campsites; tents; and trailer parks.

**Capacity**

The maximum number of vehicles which have a reasonable expectation of passing over a given section of a road during a given time period, under prevailing traffic conditions, expressed in terms of vehicles per hour. Capacity is measured in this DSR during the evening peak hour.

**Car Wash**

An establishment engaged in cleaning or detailing motor vehicles, whether self-service or automated.

**Caretaker's Quarters**

A permanent residence that is provided as an accessory use to a non-residential use, and is used to house an owner, operator, guard or caretaker, and their family, to provide around-the-clock service, support, care or monitoring of the use and/or site.

**Carnival**

A traveling amusement show typically having various devices for entertainment, including rides and booths for the conduct of games or sale of items.

**Catering Service/Facility**

An establishment providing the processing, assembly and packaging of food into servings typically designed for consumption off-premises. These facilities may include commercial or on-site kitchens and may be used in an accessory manner for teaching, instructing, or other related indoor activities that utilize the onsite catering service.

**Cement, Cinder Block, Concrete, Lime, or Plaster Manufacturing Facility**

The shaping, casting, molding, finishing, or assembly of pre-manufactured materials into a final product without creating a new base material.

**Cemeteries**

A place for burying or housing the dead; includes mausoleum.

**Centralized Exploration and Production (E&P) Waste Management Facility**

A facility, other than a commercial disposal facility regulated by the Colorado Department of Public Health and Environment, that is either used exclusively by one owner or operator or is jointly used by more than one operator under an operating agreement for collection, treatment, temporary storage, and/or disposal produced water, drilling fluids, completion fluids, and any other E&P wastes as defined by the COGCC Rules. This definition includes oil-field naturally occurring radioactive materials (NORM) related storage, decontamination, treatment, or disposal. This definition excludes a facility that is permitted in accordance with COGCC Rules.

**Charitable Collection Device**

A roll-off container, semi-trailer, nonpermanent drop-off container, or similar device used for the collection of donated items.

**Chief Building Official**

The Director of Community and Economic Development or his or her assigned representative.

**Chiropractor**

A practitioner of the system of integrative medicine based on the diagnosis and manipulative treatment of misalignments of the joints who is licensed by the State of Colorado.

**Christmas Tree Lot**

An area for the temporary retail sale of Christmas trees usually set up in the parking lot of a large commercial business.

**Circus**

A traveling amusement show typically performed in large tents featuring daring acts, performing animals, and clowns.

**Clinic, Medical (or Dental)**

An establishment providing health services, medical, or surgical care for patients where overnight stays are on an emergency basis only.

**Coke Oven**

An oven for the conversion of coal into coke by heating the coal in the absence of air so as to distill the volatile ingredients.

**Cold Storage Plant**

An establishment for the storage of items in an artificially cooled environment.

**Collections Service or Agency**

Any person or company hired to collect or attempt to collect debts due or asserted to be due to another person.

**Collector**

Refer to 6-01-01, *General*.

**Colorado Discharge Permit System (CDPS)**

The state of Colorado's system of permitting discharges (e.g., stormwater, wastewater) to waters of the state which corresponds to the federal nodes permits under the federal clean water act.

**Colorado Marijuana Code**

Sections 14 and 16 of Article XVIII of the Colorado Constitution and C.R.S. § 44-10-101 *et seq*., and any rules promulgated pursuant thereto.

**Combustible**

A material, which will ignite or burn when exposed to fire and is not capable of supporting its design load under the attack of fire for an extended time period without failure.

**Commercial and/or Industrial Complex**

A commercial and/or industrial multi-structure development or an establishment where multiple principle uses exist within a single commercial or industrial structure on one lot.

**Commercial Composting Operation**

A commercial establishment or area where organic matter is degraded through a controlled process by microorganisms.

**Commercial Disposal Well Facility**

A facility whose primary objective is disposal of Class II waste from a third party for financial profit.

**Commercial Message**

Any sign wording, logo, or other representation directly or indirectly, names, advertises, or directs attention to a business, product, service or other commercial activity.

**Commission**

The Adams County Planning Commission.

**Commissioners**

The Board of County Commissioners of Adams County.

**Common Plan of Development or Sale**

A contiguous area where multiple separate and distinct construction activities may be taking place at different times on different schedules but remain related. "Contiguous" means construction activities located in close proximity to each other, within ¼ mile.

**Communications Towers, Commercial**

Radio or TV broadcasting towers; telecommunications towers or other types of telecommunications facilities; and antenna arrays (satellite dishes).

**Community Garden**

A use in which land is managed by a public or nonprofit organization or group of individuals used to grow plants and harvest food or ornamental crops for donation or for use by those cultivating the land. Community gardens may be organized by the operating agency or group into individual areas for cultivation by one or more persons or may be farmed collectively by members of the group and may include common areas maintained and used by group members.

**Comparable Basis**

Generally equivalent in terms of costs, timelines, and quality of service.

**Compatible**

Uses or structures although not identical, are similar, show some resemblance to each other, are related in appearance, are harmonious, and/or are congenial in combination.

**Complete Application**

An application that contains all required forms, checklists, plans, studies, fees, signatures, and supporting materials necessary for the reviewing authority to begin substantive review and determine compliance with applicable regulations. A determination that an application is complete does not imply that the information is accurate, that additional information will not be requested, or that the application satisfies approval criteria.

**Computer Service**

A business that provides diagnostic, troubleshooting, maintenance, and repair services for personal computers and IT systems.

**Computing Facility, Accessory Use**

A facility that is co-located at sites producing off-grid electrical generation (such as oil & gas, solar, geothermal, and wind facilities) and may include supporting equipment such as power generators, cooling units, fire suppression systems, and enhanced security features.

**Conditional Use**

A use permitted in a particular zone district upon showing that such use in a specified location will comply with all the conditions and standards for the location and operation of the use specified in this DSR and authorized by the Board of County Commissioners.

**Congregate Care Facility**

A residential facility providing room and board, personal services, protective oversight, or social care for residents who do not require assistance with activities of daily living and that does not provide regular medical or nursing care.

**Connectivity Ratio**

The number of street links divided by the number of nodes or link ends, including cul-de-sac heads.

**Conservation Plan**

A written plan submitted to the appropriate soil conservation district, which describes measures designed to prevent, to the extent possible, soil erosion from occurring on the land for which the plan was developed.

**Conservation Plan Permit**

The approved Conservation Plan signed by all parties concerned and recorded with the Office of the Adams County Clerk and Recorder.

**Construction Activities**

Any ground surface land disturbing activity associated with construction that occurs from initial groundbreaking to final stabilization, regardless of ownership of the construction activities. Construction activities include, but are not limited to; clearing, grading, excavation, demolition, utility work, paving, building, installing new or improved roads and access roads, haul roads, staging areas, stockpiling of fill materials, and borrow areas. Construction activities also include repaving activities where underlying or surrounding soil is exposed, graded or excavated as part of the repaving operation; and activities to conduct repairs or replacements that are not part of regular and routine maintenance. Construction activities do not include routine maintenance performed to maintain original line grade, hydraulic capacity, or original purpose of the facility.

**Construction Trailer**

A temporary structure for the storage of construction materials and a construction office to be used for managing a construction job.

**Consumer and Mercantile Credit Reporting Service**

Also known as a credit bureau or consumer reporting agency, is a company that compiles and sells consumer credit ratings and reports to consumers and businesses.

**Consumption Area**

A designated and secured area within the Licensed Premises of a Hospitality Business where consumers can use and consume marijuana and where no one under the age of 21 is permitted.

**Continuous Sound**

A steady, fluctuating or impulsive noise which exists essentially without interruption for a period of five minutes or more, or for an accumulation of fifteen minutes or more for any one hour period.

**Contour Tillage/Contour Farming**

A conservation tillage and planting system in which farming is conducted on sloping land and the land is prepared, planted, and cultivated on the contour by following established grades of terraces, diversions, or contour strips.

**Contractor's Shop**

An establishment that provides a trade service including, but not limited to, plumbing, carpentry, glass/glazing, welding, sheet metal, electrical, and roofing services.

**Convalescent Home**

See “Nursing Home”.

**Convenience Retail Store**

A small commercial establishment selling packaged food and other convenience items, which may include fuel sales.

**Convention Center**

A facility used for business or professional conferences and seminars, often with accommodations for sleeping, eating and recreation.

**Cornice**

Any prominent, continuous, horizontally projecting feature crowning a building, or dividing it horizontally for architectural design purposes.

**Country Club**

An area containing recreational facilities such as a golf course, swimming pool, dining room, bar, tennis court, and clubhouse that is available to members.

**Courier Service**

An establishment primarily engaged in the delivery of individually addressed letters, parcels, and packages that generally weigh less than 100 pounds.

**Crematory**

An establishment containing a furnace or other means used to reduce human remains to ashes or its equivalent.

**Crop Farm**

Land used for the growing, processing, storage, and/or packing of agricultural products such as, but not limited to, vegetables, fruits, grains, seeds, flowers, ornamental crops, trees, sod, or the like. This includes associated crop preparation, harvesting, and processing activities, such as mechanical soil preparation, irrigation system construction, spraying, and crop processing. Types of crop farms include, but are not limited to, hemp farms, nurseries, sod farms, and tree farms.

**C.R.S.**

The most recent version of the Colorado Revised Statutes. See Div. 16-01-01.

**Cul-de-sac**

A local street with only one outlet, which terminates in a vehicular turnaround and having an appropriate terminal for the safe and convenient reversal of traffic movement.

**Culvert**

A drain, ditch or conduit not incorporated in a closed system that carries drainage water under a driveway, roadway, pedestrian walk, or public right-of-way.

**Curb**

A vertical or sloping edge of a roadway.

# D

**Dairy Farm**

An agricultural operation where milk and milk products are produced, processed, packaged, and/or stored.

**Dairy Products Processing**

An establishment that converts raw dairy into a finished packaged form and distributes the product to be sold for consumption offsite.

**Dance Hall or Club**

An establishment open to the public for entertainment, particularly dancing, which may also serve food or beverages (alcoholic and non-alcoholic) as an accessory use.

**Dangerous Trees**

Those trees or their parts within the boundaries of any lot or open area which may be considered troublesome, a hindrance to the general public, or endanger the security and usefulness of any public street, highway, alley, sewer or sidewalk.

**Data Center**

A building, a dedicated space within a building, or a group of buildings used for the primary purpose of housing computer systems and associated components, such as telecommunications and storage systems.

**Day**

One calendar day.

**Day Care Center, Adult**

A facility which provides services to individuals who cannot be left alone during the day because of health care and social need, confusion or disability. An alternative to long-term facility care.

**Day Care Center, Child**

An establishment for the care and supervision of children for periods of less than 24 hours per day. Day care centers include preschools and nursery schools.

**Day Care Home, Adult**

A facility which provides services to no more than four individuals who cannot be left alone during the day because of health care and social need, confusion or disability. An alternative to long-term facility care.

**Day Care Home, Child**

A private residence used for the care of 12 or fewer children including the occupant's own children for a period of less than 24 hours per day. The operator must possess a license from the Colorado Department of Social Services.

**Day Labor Facility**

Any facility at which job seekers wait on site to be hired by the day or by short-term job by third parties. Job seekers generally must be present to obtain work, are often immediately transported to a job site, and typically return to the facility for payment. Related support services may be offered to job seekers while they wait on site.

**Dedication**

The transfer of property by the owner to another party, which transfer is completed with an acceptance by the third party.

**Demolition and Construction Debris Landfill**

A disposal site for metal, plastic, glass, concrete, asphalt, brick, wood, dirt, and limited amounts of paper products if such paper is an integral part of materials used for construction purposes.

**Density, Gross**

Refer to the definition of "gross density".

**Detached ADU**

An ADU that does not share a common wall with the principal dwelling unit.

**Detective Service**

A business that employs private detectives and investigators to search for information about legal, financial, and personal matters.

**Development**

Man-made change to alter or improve real estate including, but not limited to; any land disturbing activity, excavation, grading, fill, alteration, land subdivision, change in land use, or structural development, including but not limited to; construction or installation of a building or structure, creation of impervious surfaces for a site that does not meet the definition of "Redevelopment", which affects the quantity or quality of the discharge of stormwater runoff.

**Development Agreement**

An agreement/contract between the applicant/developer and the County that specifies the terms and conditions of approval of a development proposal for a specific property.

**Development Permit**

A preliminary or final approval of an application for Rezoning, Planned Unit Development, Conditional or Special Use Permit, subdivision, Building Permit, Development or Site Plan, or similar application for new construction.

**Developmentally Disabled**

A person meeting the definition of developmental disability under the Developmental Disabilities Assistance and Bill of Rights Act of 2000.

**Director**

The Director of Community and Economic Development, unless the context clearly indicates otherwise.

**Director of Community and Economic Development**

The Director of Community and Economic Development is empowered to render interpretations, establish application requirements, provide advice, review applications, maintain the comprehensive plan, administer standards and regulations, promulgate administrative forms, make administrative decisions, and issue administrative permits.

**Director of Public Works**

The Director of Public Works is empowered to provide advice, review applications, administer agreements, administer and enforce standards and regulations, promulgate administrative forms, make administrative decisions, render interpretations, establish application requirements, and issue administrative permits.

**Disproportionately Impacted Community (DIC)**

A geographic area where a specific population experiences a greater negative burden from environmental hazards or social stressors than others, often due to systemic factors like low income, minority status, or histories of discrimination.

**Distance Between Uses and Buildings**

A horizontal distance ("A"), measured in a straight line, in linear feet, from the property line of the lot containing the first subject use to the closest property line of the lot containing the other subject use. For example, the separation applies between Marijuana Uses and public or private elementary, middle, junior high or high school at the point where the property lines of the two uses are at their closest, without regard to intervening structures or objects.

Measurements between properties or spaces under this DSR shall be made by the shortest distance between the two properties.

**Distillery**

A facility that manufactures alcoholic beverages by the distillation of fermented agricultural products, and including but not limited to whiskey, rum, brandy, and gin, including all dilutions and mixtures thereof.

**Distribution Center**

A facility for the receipt, transfer, storage, and dispatching of goods transported by truck. Unlike Transportation Terminals, these establishments commonly utilize a warehouse, sometimes specialized with refrigeration or air conditioning, and may include the accessory uses of order processing, package handling, cross-dock, storage or parking of trucks awaiting cargo, as well as facilities for the light servicing of trucks.

**District Review Team (Special District Service Plan Review)**

Staff representatives from departments within Adams County government who are responsible for the review of Special District service plans and the writing of staff reports to the Planning Commission and the Board of County Commissioners.

**Disturbed Area**

Any construction activity that results in a change of the existing land (both vegetative and non-vegetative). Disturbed area does not include routine maintenance to maintain original line and grade, hydraulic capacity or original purpose of the facility, normal farming, tillage, fanning, or plowing of land that is zoned agricultural, nor does it include the performance of emergency work necessary to remedy or prevent an immediate threat to life, property or the environment. However, any person performing such emergency work shall immediately notify the Adams County Public Works Department of the emergency situation and the actions taken in response to such emergency. The Adams County Public Works Department may require such person to obtain a Stormwater Quality (SWQ) Permit in order to implement such emergency remedial measures.

**Doggie Day Care Center**

An establishment in which one or more persons regularly provide supervised care during daytime hours for periods of less than 24 hours a day for one or more dogs which they do not own.

**Dog Park**

A recreational feature primarily intended for the exercise of pets.

**Dog Track**

An establishment where live dogs are raced, or live broadcasts of dog races are televised. Typically, bets are placed and paid out within the establishment.

**Drive-in Establishment**

An establishment which by design, physical facilities, service or by packaging procedures encourages or permits customers to receive services, obtain goods, or be entertained while remaining in their motor vehicle.

**Driving Range**

A tract of land and the related facilities for practicing golf shots.

**Drug, Alcohol, or Psychiatric Treatment Facility, Outpatient**

Any building, structure, or space whose principal or primary function is the reception and outpatient treatment of psychiatric disorders, chemical dependency, or dependency for adults or their minor children. Such treatment may include the distribution of synthetic narcotics or any other method attempts to control, suppress, and/or eliminate a person's mental or physical dependence on any illegal or harmful substance.

**Drug Manufacturing**

An industrial establishment or area used for the purpose of manufacturing pharmaceutical and non-illicit drugs.

**Dry Cleaners, Retail**

A commercial establishment or area where customers drop off, pick up, and pay for garments to be dry-cleaned.

**Dry Cleaning Plant**

An industrial establishment or area for the purpose of cleaning garments and fabrics with any of a variety of nonaqueous agents.

**Dwelling**

A structure or portion thereof used exclusively for human habitation including mobile homes, manufactured homes, single-family, two-family, multiplex, and multi-family dwellings, but not including hotels, motels, or similar establishments.

**Dwelling Unit, Accessory (ADU)**

A subordinate dwelling unit added to (attached), created within (internal), or detached from a single-family dwelling unit that provides basic requirements for living, sleeping, eating, cooking and sanitation. As the purpose of an ADU is to be an accessory use/structure to a principal single-family dwelling unit, an ADU shall not be separated to a different parcel or conveyed to different ownership from the primary dwelling unit parcel/owner. A single-family dwelling unit with an accessory dwelling unit is not considered to be a two-family dwelling or duplex. An ADU does not include a "motor home" as defined in C.R.S. § 42-1-102(57); a "multipurpose trailer" as defined in C.R.S. § 42-1-102(60.3); or a "recreational vehicle" as defined in C.R.S. § 24-32-902(9).

**Dwelling, Condominium**

A building or group of buildings in which units are owned individually, and the structure, common areas and facilities are owned by all the owners.

**Dwelling, Live-Work**

Buildings, or spaces within buildings, that are used principally for residential purposes where a commercial use may occupy up to, but not exceeding, 49 percent of the net living area. One full-time equivalent, non-resident employee may work for the commercial business.

**Dwelling, Multi-family**

A dwelling containing more than four dwelling units.

**Dwelling, Multiplex**

A building that is designed to look like a single-family detached building, which includes three to four individual dwelling units.

**Dwelling, Single-Family (Detached)**

A single-family residence located on a single lot, being the principal use of the lot, and not connected to any other residence.

**Dwelling, Townhouse**

An attached single-family dwelling in a row of at least three such units in which each unit has its own front and rear access to the outside, no unit is located over another unit, and each unit is separated from any other unit by one or more common fire resistant walls.

**Dwelling, Two-Family**

A residence designed, arranged or used exclusively by two families living independently of each other in a single structure, excluding Accessory Dwelling Units.

**Dwelling Unit**

One or more rooms used by one family for living or sleeping purposes, which contains kitchen and bathroom facilities for the sole use of the resident family.

# E

**Easement**

An easement is a non-possessory interest in another person's property for a specific purpose.

**Eastern Adams County**

That portion of Adams County outside the definition of Urban Adams County.

**Economical Service**

Service equivalent in terms of cost to the service proposed in a Special Service District Plan.

**Education and Scientific Research Office**

An office that employs professionals and support staff who undertake studies, testing, development, or experimentation. This use does not include the manufacture or sale of products.

**Educational Tours**

A visit that may include tours and site visits. It provides hands-on learning opportunities to a place away from normal places of study. Educational tours are built around clear learning objectives to provide an experience outside of classrooms or labs.

**Election Sign**

A sign advocating or advertising the election of any candidate for public office or any question upon which a public vote is being taken.

**Electrical Distribution Line**

An electrical line generally having a rated voltage of less than 26 kilovolts used to distribute electricity from the substation to the service lateral.

**Electrical Generation Plant**

A facility where electrical power is generated for distribution.

**Electrical Substation**

A portion of the electricity distribution system where voltage is transformed from high voltage to low voltage or from low voltage to high voltage.

**Electrical Transmission Line**

An electrical transmission line generally having a rated voltage of 26 kilovolts or greater and used to distribute electricity to utility provider substations.

**Electronic Manufacturing**

An industrial establishment or area for the purpose of manufacturing electronics. This includes the manufacturing and assembly of small electronic appliances.

**Electric Vehicle Charging Station (EVCS)**

A public or private parking space or group of spaces that is enabled with electric vehicle supply equipment (EVSE) for the purpose of delivering energy to an electric vehicle (EV). EV Charging Stations are rated based on levels:

1. **Level 1**. Provides alternating current (AC) energy to the vehicle with a voltage between zero and 120.

2. **Level 2.** Provides AC energy to the vehicle with a voltage greater than 120, up to and including 240.

3. **Level 3 Direct Current Fast Charger (DCFC).** Provides direct current (DC) energy to the vehicle with a voltage greater than 240.

**Electric Vehicle-Ready Parking Space**

A designated parking space which is provided with one 50-ampere, 208/240-volt branch circuit for a future dedicated Level 2 EV Charging Station. The circuit shall terminate in a NEMA 6-50 or NEMA 14-50 receptable or a suitable electrical connector rated for 208/240 or greater service. The circuit shall have no other outlets unless otherwise shared by other EVSE. The service panel shall include an over-current protective device and provide sufficient capacity and space to accommodate the circuit and over-current protective device and be located in close proximity to the proposed location of the future EV Charging Station(s).

**Electroplating**

The process of plating or coating objects with a metal through electrolysis or an industrial establishment or where such processing occurs.

**Emergency Medical Center**

A hospital room or area staffed and equipped for the reception and treatment of persons requiring immediate medical care.

**Emergency Services, Police Station or Fire Station**

1. A building or part of a building used by the police department for administrative offices and detention facilities and may include sleeping quarters, courtrooms, and such other rooms or spaces as may be required; and/or
2. A building or part of a building used by the fire department for administrative offices and to store fire trucks, ambulances, and firefighting apparatus and may include sleeping quarters, kitchens, and other rooms and spaces as may be required.

**Employment Service**

A staffing agency that recruits employees for businesses that are seeking to fill certain positions.

**Enameling, Lacquering, or Galvanizing of Metal**

The process of bonding a glassy substance, usually opaque, to the surface of metal through the process of fusion or an industrial establishment or area where such processing occurs.

**Encroachment Lines**

Limits of obstruction to flood flows. These lines are generally parallel to the stream. The lines are established by assuming the area landward (outside) of the encroachment lines may be ultimately developed in such a way it will not be available to convey flood flows. The stream channel and adjoining floodplains between these lines will be maintained as open space and will be adequate to flood heights, such increase under any condition not exceeding one-half foot.

**Engineering Service**

An office that employs professionals engaged in applying physical laws and principles of engineering in the design, development, and utilization of machines, materials, instruments, structures, processes, and systems.

**Environmentally Sensitive Areas**

Environmentally sensitive areas (EAS) include, but are not limited to, wetlands, biological resources, wildlife resources, streams, including ephemeral and intermittent, lakes, rivers, springs, classified water supply segments, surface water intakes, designated outside activity areas, designated parks and open space, archaeological/historic sites, natural heritage areas, and marinas/boat ramps.

**Equal Degree of Encroachment**

Equal degree of encroachment is determining the loss of hydraulic carrying capacity due to encroachment on each side of the floodplain such that the loss of capacity on one side equals the loss of capacity due to encroachment on the other. Determination of the equal degree of encroachment on the floodplain shall be performed along a significant reach of the stream.

**Equestrian Arena, Commercial**

An area where activities including, but not limited to, horseback riding, a rodeo, a charreada, calf roping and/or riding, bulldogging and barrel racing, excluding horse racing, practice and/or training are conducted on premises. User fees, dues, admission fees, or other compensation may be paid. Food and/or alcohol may be bought or sold on the premises.

**Equestrian Arena, Personal**

An area where activities including, but not limited to, horseback riding, a rodeo, a charreada, calf roping and/or riding, bulldogging and barrel racing are conducted for practice, competition or entertainment for the private, non-commercial enjoyment of the owner. No more than 20 persons in addition to those residing on the property are permitted at any given time. Activities exceeding 20 persons in addition to those residing on the property are considered commercial equestrian arenas. User fees, dues, admission fees, or other compensation are not permitted.

**Erosion**

Process by which soil particles are detached and transported by wind, water, and gravity to a downwind, down slope or downstream location.

**Erosion Control (EC) Plan**

Civil construction drawing depicting the project site with the locations of all erosion and sediment control BMPs, including the associated BMP details, which will be installed and maintained during construction. It also includes final stabilization practices that will be implemented after construction is completed.

**Erosion and Sediment Control Plan (ESCP)**

Detailed written plan required to obtain a Stormwater Quality Permit. This plan identifies measures that will be implemented to control erosion, prevent sediment from traveling outside the construction site's permitted area, and minimize the discharge of pollutants in stormwater from the commencement of construction activities until Final Stabilization is achieved. The narrative ESCP also includes the EC Plan. Also referred to as "Stormwater Management Plan" (SWMP) by the State of Colorado, or "Stormwater Pollution Prevention Plan" (SWPPP) for construction activities by EPA.

**Essential Facilities**

Water dependent uses shall be located in or adjacent to water bodies and/or in floodplains and/or in wetland areas.

**Establishment**

A place of business together with its employees, merchandise, and equipment.

**Event Center**

A facility consisting of structures or premises used to accommodate the assembly of persons for private or public meetings, parties, weddings, wedding receptions, reunions, birthday celebrations, charitable fundraisers, and any other social engagement purposes, or similar such uses. Such use may include the provision of food, beverages, and entertainment.

**Evidence**

Any map, table, chart, contract, or any other document or testimony given, prepared, or certified by a qualified person to attest to a specific fact.

**Excavation and Hauling Operation, Major**

Any significant disturbance and removal of soils from a property that will affect an area of more than 10 acres or have a term in excess of 365 days.

**Excavation and Hauling Operation, Minor**

Any significant disturbance and removal of soils from a property that will affect a maximum area of 10 acres and have a term less than 365 days.

**Existing Traffic-Generating Development**

The most intense use of land within the 12 months prior to the time of commencement of Traffic-Generation Development.

**Exotic Animal Farm**

An agricultural operation where animals native to a foreign country or of foreign origin or character, not native to the United States, or introduced from abroad are kept, raised, bred, or slaughtered for the purposes of commercial sale.

**Explosion**

The rapid oxidation of a combustible creating heat and fire, and displacing large amounts of air.

**Explosive Manufacturing and Storage**

An industrial establishment or area for the purpose of manufacturing and storage of explosives.

**Explosives**

Materials or products, which decompose by detonation when in sufficient concentration.

**Express Freight Transportation**

A service provider is responsible for transporting goods from the point of origin to the destination within a short time period.

**Extraordinary Costs**

Unique and/or one-time costs defined as such according to Generally Accepted Accounting Principles (GAAP).

## F

**FAA Aeronautical Study on Obstructions**

A study conducted by the Federal Aviation Administration to examine the effects of buildings and structures on such factors as aircraft operational capabilities; electronic and procedural requirements; and airport hazard standards.

**Fact Finding Review**

An investigation by the Director of Community and Economic Development as to the facts regarding compliance of an operator with a permit approved by the Director of Community and Economic Development.

**Fairgrounds**

An area of land used to hold events, fairs, trade shows, activities focused on agriculture, and the like, which are generally open to the public with or without an admission charge and which may include as an accessory use the sale of goods to the public as gifts or for their own use. Fairgrounds may include structures to support these activities.

**Family**

An individual, two or more persons related by blood, marriage, or adoption, or similar legal relationship, or a group of persons who need not be so related, plus domestic staff employed for services on the premises, living together as a single housekeeping unit in one dwelling unit. The definition of "family" shall apply regardless of whether any member of such group receives outside services for mental, emotional, or physical disability. The number of persons occupying each dwelling unit shall not exceed the maximum permitted by the applicable adopted building code and safety codes, or by any applicable state or federal law or regulation, or by affordable housing guidelines applicable to the dwelling unit.

**Farm Machinery Manufacturing and Assembly**

An industrial establishment or area for the purpose of farm machinery manufacturing and assembly.

**Farm Machinery Sales**

A business or commercial use where agricultural equipment such as, but not limited to, tractors, cultivators, plows, sprayers, spreaders, mowers, balers, front end loaders, and skid loaders, is repaired, maintained, or offered for sale.

**Farm Supply Sales**

A business or commercial use operated primarily for the support of agricultural needs through the sale of farm tools and implements, animal feed, grain, tack, plants and seeds, horticultural supplies, and similar products. This definition excludes the sale of large implements, such as tractors and combines.

**Farmers' Market**

A structure or place where agricultural produce is brought for the purposes of retail sales. (Note: A farmers' market differs from a produce stand in that there may be more than one seller allowed per parcel of land and the structure from which produce is sold at a farmers' market need not be portable or capable of being dismantled or removed from the site.)

**Farming**

Traditional farming, sod farming, tree farming, and animal farming in unconfined operations.

**Feedlots**

A commercial establishment where livestock are kept confined in a compound or fenced area in order to be fattened for sale or slaughter.

**Feed Milling**

A facility in which livestock feeds are prepared.

**Feepayer**

A person commencing traffic generating land development activity who is obligated to pay a road impact fee in accordance with the terms of these regulations.

**Fence**

Any wall or structure constructed for the purpose of enclosing, screening, restricting access to, or providing decoration to any lot, building or structure. Except where otherwise required in this Code, regulations governing the height, location and opacity of fences also apply to walls, hedges or landscaping used in lieu of a fence or in combination with a fence. A fence includes all elements of the structure, including the base, footings, supporting columns, post, braces, gates, structural members, or any other of its appendages.

**Fertilizer Manufacturing and Processing**

Any place where a commercial fertilizer, soil conditioner, or plant amendment is manufactured, produced, compounded, mixed, blended, or in any way altered chemically or physically.

**Fertilizer Storage**

A building, structure, area, or facility used for the keeping, holding, or warehousing of fertilizer products, whether in bulk or packaged form, including dry, liquid, or anhydrous materials, prior to distribution or application. This use may include accessory activities such as loading, unloading, blending, and repackaging, but does not include on-site land application of fertilizer as part of a principal agricultural use.

**Final Plat**

The final map of all or a portion of a subdivision, which is presented for final approval.

**Final Stabilization**

Condition reached when all ground surface disturbing activities at the site have been completed, and uniform vegetative cover has been established with an individual plant density of at least seventy 70 percent of pre-disturbance levels, or equivalent permanent, physical erosion reduction methods have been employed.

**Financial Institution**

Establishments like banks and credit unions that provide retail banking services, mortgage lending, and similar financial services to individuals and businesses. This includes those institutions engaged in the on-site circulation of cash and check-cashing facilities, but shall not include bail bond brokers. This classification also includes automated teller machines (ATM) located within a fully enclosed space or building, or along an exterior building wall intended to serve walk-up customers only.

**Fire Chief**

The chief of staff or top employee of a fire protection district.

**Fire District**

A special district created according to state statutes to provide fire protection and prevention services to property within Adams County.

**Fire Station**

An establishment used for the storage of fire trucks and emergency medical vehicles, which also contains office space and living quarters for firefighting personnel.

**Firewood Sales, Storage, and Splitting**

A commercial establishment or area for the purpose of firewood sales, splitting, and storage.

**Fireworks**

Only those items not prohibited by Colorado law (*see* C.R.S. § 24-33.5-2001), which include toy caps that do not contain more than twenty five hundredths of a grain of explosive compound per cap, sparklers, trick matches, cigarette loads, trick noise makers, toy smoke devices, and novelty auto alarms.

**Fireworks Stand**

A temporary structure permitted by these standards and regulations for the sale of or dispensing of fireworks.

**Fish Hatchery**

A commercial establishment where fish eggs are hatched and fish are raised and sold for use in stocking streams and lakes, or for food.

**Flag**

Any fabric, banner, or bunting containing distinctive colors, patterns, or symbols.

**Flammable Gas**

Gas that has no flash point and will ignite without preheating of any kind.

**Flea Market**

An occasional or periodic market held in an open area or structure where groups of individual sellers offer goods for sale to the public.

**Fleet Operator**

Any person or entity that owns, leases, controls, manages, or dispatches(i) ten (10) or more motor vehicles, trailers, or pole trailers registered as a fleet, or (ii) ten (10) or more commercial vehicles in excess of 10,000 lbs. gross vehicle weight.

**Fleet Parking**

The parking, storage, or staging of fleet vehicles or ten (10) or more commercial vehicles in excess of 10,000 lbs. gross vehicle weight when the vehicles are not actively engaged in service or transportation activities.

**Fleet Use**

A land use involving the dispatch, parking, storage, staging, loading, maintenance, or management of fleet vehicles or ten (10) or more commercial vehicles in excess of 10,000 lbs. gross vehicle weight.

**Fleet Vehicle**

A motor vehicle, trailer, or pole trailer owned, leased, or controlled by a fleet operator and registered pursuant to C.R.S. § 42-3-125.

## Flood-Related Definitions (from Definition of "100-Year Flood" to Definition of "Water Surface Elevation")

The Flood-Related Definitions are for floodplain management purposes and are intended to be consistent with definitions in the National Flood Insurance Program minimum requirements and the minimum standards of the State of Colorado. These Flood-Related Definitions do not apply to other defined terms with the same name but a different meaning contained within this Chapter. When used in connection with floodplain management regulations, the following terms have the following meanings:

### 100-Year Flood [Flood-Related Definition]

A flood having a recurrence interval that has a one-percent chance of being equaled or exceeded during any given year (1-percent-chance-annual flood). The terms "base flood," "one-hundred-year flood" and "one percent chance flood" are synonymous with the term "100-year flood." The term does not imply that the flood will necessarily happen once every one hundred years.

### 100-Year Floodplain [Flood-Related Definition]

The area of land susceptible to being inundated as a result of the occurrence of a one-hundred-year flood.

### 500-Year Flood [Flood-Related Definition]

A flood having a recurrence interval that has a 0.2-percent chance of being equaled or exceeded during any given year (0.2-percent-chance-annual-flood). The term does not imply that the flood will necessarily happen once every five hundred years.

### 500-Year Floodplain [Flood-Related Definition]

The area of land susceptible to being inundated as a result of the occurrence of a five-hundred-year flood.

### Addition [Flood-Related Definition]

Any activity that expands the enclosed footprint or increases the square footage of an existing structure.

### Alluvial Fan Flooding [Flood-Related Definition]

A fan-shaped sediment deposit formed by a stream that flows from a steep mountain valley or gorge onto a plain or the junction of a tributary stream with the main stream. Alluvial fans contain active stream channels and boulder bars, and recently abandoned channels. Alluvial fans are predominantly formed by alluvial deposits and are modified by infrequent sheet flood, channel avulsions and other stream processes.

### Area of Shallow Flooding [Flood-Related Definition]

A designated Zone AO or AH on the County's Flood Insurance Rate Map (FIRM) with a one percent chance or greater annual chance of flooding to an average depth of one to three feet where a clearly defined channel does not exist, where the path of flooding is unpredictable and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow.

### Base Flood [Flood-Related Definition]

The flood which has a one percent chance of being equaled or exceeded in any given year (also known as a 100-year flood). This term is used in the National Flood Insurance Program (NFIP) to indicate the minimum level of flooding to be used by the County in its floodplain management regulations.

**Base Flood Elevation (BFE) [Flood-Related Definition]**

The elevation shown on a FEMA Flood Insurance Rate Map for Zones AE, AH, A1-A30, AR, AR/A, AR/AE, AR/A1-A30, AR/AH, AR/AO, V1-V30, and VE that indicates the water surface elevation resulting from a flood that has a one percent chance of equaling or exceeding that level in any given year.

**Basement [Flood-Related Definition]**

Any area of a building having its floor sub-grade (below ground level) on all sides.

**Channel [Flood-Related Definition]**

The physical confine of stream or waterway consisting of a bed and stream banks, existing in a variety of geometries.

**Channelization [Flood-Related Definition]**

The artificial creation, enlargement or realignment of a stream channel.

**Code of Federal Regulations (CFR) [Flood-Related Definition]**

The codification of the general and permanent Rules published in the Federal Register by the executive departments and agencies of the Federal Government. It is divided into 50 titles that represent broad areas subject to Federal regulation.

**Colorado Water Conservation Board (CWCB) [Flood-Related Definition]**

The State of Colorado's primary water policy agency housed within the Department of Natural Resources.

**Conditional Letter of Map Revision (CLOMR) [Flood-Related Definition]**

FEMA's comment on a proposed project, which does not revise an effective floodplain map, that would, upon construction, affect the hydrologic or hydraulic characteristics of a flooding source and thus result in the modification of the existing regulatory floodplain.

**Critical Facility or Critical Facilities [Flood-Related Definition]**

This a structure or related infrastructure, but not the land on which it is situated, as specified in Rule 6 of the Rules and Regulations for Regulatory Floodplains in Colorado (2 CCR § 408-1), that if flooded may result in significant hazards to public health and safety or interrupt essential services and operations for the County at any time before, during and after a flood. Critical Facilities are classified under the following categories: (1) Essential Services; (2) Hazardous Materials; (3) At-Risk Populations; and (4) Vital to Restoring Normal Services. Essential services facilities include public safety, emergency response, emergency medical, designated emergency shelters, communications, public utility plant facilities, and transportation lifelines.

(1) Essential Services Facilities. These facilities consist of:

a. Public safety (police stations, fire and rescue stations, emergency vehicle and equipment storage, and emergency operation centers);

b. Emergency medical (hospitals, ambulance service centers, urgent care centers having emergency treatment functions, and non-ambulatory surgical structures but excluding clinics, doctors' offices, and non-urgent care medical structures that do not provide these functions);

c. Designated emergency shelters;

d. Communications (main hubs for telephone, broadcasting equipment for cable systems, satellite dish systems, cellular systems, television, radio, and other emergency warning systems, but excluding towers, poles, lines, cables, and conduits);

e. Public utility plant facilities for generation and distribution (hubs, treatment plants, substations and pumping stations for water, power and gas, but not including towers, poles, power lines, buried pipelines, transmission lines, distribution lines, and service lines); and

f. Air Transportation lifelines (airports (municipal and larger), helicopter pads and structures serving emergency functions, and associated infrastructure (aviation control towers, air traffic control centers, and emergency equipment aircraft hangars).

Specific exemptions to this category include wastewater treatment plants (WWTP), Non-Potable water treatment and distribution systems, and hydroelectric power generating plants and related appurtenances. Owners of these facilities are encouraged to meet the spirit of Rule 6(D) of the Rules and Regulations for Regulatory Floodplains in Colorado when practicable in order to protect their own infrastructure and to avoid system failures during extreme flood events. Emergency restoring plans following major flood events should be considered as a prudent addition to operation and maintenance plans for those facilities.

Public utility plant facilities may be exempted if it can be demonstrated to the satisfaction of the Board that the facility is an element of a redundant system for which service will not be interrupted during a flood. At a minimum, it shall be demonstrated that redundant facilities are available (either owned by the same utility or available through an intergovernmental agreement or other contract) and connected, the alternative facilities are either located outside of the 100-year floodplain or are compliant with this rule, and an operations plan is in effect that states how redundant systems will provide service to the affected area in the event of a flood. Evidence of ongoing redundancy shall be provided to the Board on an as-needed basis upon request.

(2) Hazardous materials facilities. The facilities include facilities that produce or store highly volatile, flammable, explosive, toxic and/or water-reactive materials.

These facilities may include:

a. Chemical and pharmaceutical plants (chemical plant, pharmaceutical manufacturing);

b. Laboratories containing highly volatile, flammable, explosive, toxic and/or water-reactive materials;

c. Refineries;

d. Hazardous waste storage and disposal sites; and

e. Above ground gasoline or propane storage or sales centers.

Facilities shall be determined to be Critical Facilities if they produce or store materials in excess of threshold limits. If the owner of a facility is required by the Occupational Safety and Health Administration (OSHA) to keep a Material Safety Data Sheet (MSDS) on file for any chemicals stored or used in the work place, AND the chemical(s) is stored in quantities equal to or greater than the Threshold Planning Quantity (TPQ) for that chemical, then that facility shall be considered to be a Critical Facility. The TPQ for these chemicals is: either 500 pounds or the TPQ listed (whichever is lower) for the 356 chemicals listed under 40 C.F.R. § 302 (2010), also known

as Extremely Hazardous Substances (EHS); or 10,000 pounds for any other chemical. This threshold is consistent with the requirements for reportable chemicals established by the Colorado Department of Health and Environment. OSHA requirements for MSDS can be found in 29 C.F.R. § 1910 (2010). The Environmental Protection Agency (EPA) regulation "Designation, Reportable Quantities, and Notification," 40 C.F.R. § 302 (2010), and OSHA regulation "Occupational Safety and Health Standards," 29 C.F.R. § 1910 (2010), are incorporated herein by reference and include the regulations in existence at the time of the promulgation of these Rules, but exclude later amendments to or editions of the regulations.

Specific exemptions to this category include: (i) Finished consumer products within retail centers and households containing hazardous materials intended for household use, and agricultural products intended for agricultural use; (ii) Buildings and other structures containing hazardous materials for which it can be demonstrated to the satisfaction of the local authority having jurisdiction by hazard assessment and certification by a qualified professional (as determined by the local jurisdiction having land use authority) that a release of the subject hazardous material does not pose a major threat to the public; and (iii) Pharmaceutical sales, use, storage, and distribution centers that do not manufacture pharmaceutical products. These exemptions shall not apply to buildings or other structures that also function as Critical Facilities under another category outlined in this DSR.

(3) At-Risk Population Facilities. These facilities include medical care, congregate care, and schools.

These facilities consist of:

a. Elder care (nursing homes);

b. Congregate care serving 12 or more individuals (day care and assisted living); and

c. Public and private schools (pre-schools, K-12 schools), before-school and after-school care serving 12 or more children).

(4) Facilities Vital to Restoring Normal Services, including government operations.

These facilities consist of:

a. Essential government operations (public records, courts, jails, building permitting and inspection services, community administration and management, maintenance and equipment centers); and

b. Essential structures for public colleges and universities (dormitories, offices, and classrooms only).

These facilities may be exempted if it is demonstrated to the Floodplain Administrator that the facility is an element of a redundant system for which service will not be interrupted during a flood. At a minimum, it shall be demonstrated that redundant facilities are available (either owned by the same entity or available through an intergovernmental agreement or other contract), the alternative facilities are either located outside of the 100-year floodplain or are compliant with this rule, and an operations plan is in effect that states how redundant facilities will provide service to the affected area in the event of a flood. Evidence of ongoing redundancy shall be provided to the Floodplain Administrator on an as-needed basis upon request.

**Development [Flood-Related Definition]**

Any man-made change in improved and unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations or storage of equipment or materials within the Floodplain Overlay District.

**DFIRM Database [Flood-Related Definition]**

Database (usually spreadsheets containing data and analyses that accompany DFIRMs). The FEMA Mapping Specifications and Guidelines outline requirements for the development and maintenance of DFIRM databases.

**Digital Flood Insurance Rate Map (DFIRM) [Flood-Related Definition]**

FEMA digital floodplain map. These digital maps serve as "regulatory floodplain maps" for insurance and floodplain management purposes.

**Elevated Building [Flood-Related Definition]**

A non-basement building (i) built, in the case of a building in Zones A1-30, AE, A, A99, AO, AH, B, C, X, and D, to have the top of the elevated floor above the ground level by means of pilings, columns (posts and piers), or shear walls parallel to the flow of the water, and (ii) adequately anchored so as not to impair the structural integrity of the building during a flood of up to the magnitude of the base flood. In the case of Zones A1-30, AE, A, A99, AO, AH, B, C, X, and D, "elevated building" also includes a building elevated by means of fill or solid foundation perimeter walls with openings sufficient to facilitate the unimpeded movement of flood waters.

**Exceptional Hardship [Flood-Related Definition]**

Unique, unusual circumstances specific to the property involved where the strict application of these regulations may result in extreme hardship to the owner. The unique, unusual physical circumstances must be unique to that property and not be shared by adjacent parcels or be typical of other lots in the neighborhood. The hardship must relate to the property itself, not merely to the owner's personal preferences or financial circumstances.

**Existing Manufactured Home Park or Subdivision [Flood-Related Definition]**

A manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including, at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed before May 1, 1990.

**Expansion to an Existing Manufactured Home Park or Subdivision [Flood-Related Definition]**

The preparation of additional sites by the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads).

**Federal Register [Flood-Related Definition]**

The official daily publication for Rules, proposed Rules, and notices of Federal agencies and organizations, as well as executive orders and other presidential documents.

**FEMA [Flood-Related Definition]**

Federal Emergency Management Agency, the agency responsible for administering the National Flood Insurance Program.

**Flood or Flooding [Flood-Related Definition]**

A general and temporary condition of partial or complete inundation of normally dry land areas from:

1. The overflow of water from channels and reservoir spillways;
2. The unusual and rapid accumulation or runoff of surface waters from any source; or
3. Mudslides or mudflows that occur from excess surface water that is combined with mud or other debris that is sufficiently fluid so as to flow over the surface of normally dry land areas (such as earth carried by a current of water and deposited along the path of the current).

**Flood Control Structure [Flood-Related Definition]**

A physical structure designed and built expressly or partially for the purpose of reducing, redirecting, or guiding flood flows along a particular waterway. These specialized flood modifying works are those constructed in conformance with sound engineering standards.

**Flood Hazard Area Designation Study [Flood-Related Definition]**

A flood hazard area designation study (FHAD) is a detailed engineering evaluation that identifies local flood risks, calculates storm water flow capacities, and maps exact floodplain boundaries along streams and rivers.

**Flood Insurance Rate Map (FIRM) [Flood-Related Definition]**

An official map of the County, on which the Federal Emergency Management Agency has delineated both the Special Flood Hazard Areas and the risk premium zones applicable to the County.

**Flood Insurance Study (FIS) [Flood-Related Definition]**

The official report provided by the Federal Emergency Management Agency. The report contains the Flood Insurance Rate Map as well as flood profiles for studied flooding sources that can be used to determine Base Flood Elevations for some areas.

**Flood Profile [Flood-Related Definition]**

A graph or a longitudinal profile drawing showing the relationship of the water surface elevation of a flood event to location along a stream or river.

**Floodplain or Flood-Prone Area [Flood-Related Definition]**

Any land area susceptible to being inundated as the result of a flood, including the area of land over which floodwater would flow from the spillway of a reservoir.

**Floodplain Administrator [Flood-Related Definition]**

The person designated by these standards and regulations to administer and enforce the County's floodplain management regulations.

**Floodplain Management [Flood-Related Definition]**

The operation of an overall program of corrective and preventive measures for reducing flood damage, including but not limited to emergency preparedness plans, flood control works and floodplain management regulations.

**Floodplain Management Regulations [Flood-Related Definition]**

Zoning regulations, subdivision regulations, building codes, health regulations, special purpose ordinances (such as a stormwater management ordinance) and other applications of police power. The

term describes such federal, state or local regulations, in any combination thereof, which provide standards for the purpose of flood damage prevention and reduction.

**Floodplain Use Permit [Flood-Related Definition]**

A permit required before construction or development begins within the Floodplain Overlay District. Permits are required to ensure that proposed development projects meet the requirements of the NFIP and the County's floodplain management regulations.

**Floodplain Use Permit Variance [Flood-Related Definition]**

A grant of relief to a person from the requirements of the County's floodplain management regulations when specific enforcement would result in unnecessary hardship, which, therefore, permits construction in a manner that would otherwise be prohibited by this DSR.

**Floodproofing [Flood-Related Definition]**

Any combination of structural and/or non-structural additions, changes, or adjustments to properties and structures that reduce or eliminate flood damage to real estate or improved real property, water and sanitary facilities, structures and their contents.

**Floodway [Flood-Related Definition]**

The channel of a river or other watercourse and adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than one-half foot (six inches). Letters of Map Revision to existing floodway delineations may continue to use the floodway criteria in place at the time of the existing floodway delineation.

**Freeboard [Flood-Related Definition]**

The vertical distance in feet above a predicted water surface elevation intended to provide a margin of safety to compensate for unknown factors that could contribute to flood heights greater than the height calculated for a selected size flood such as debris blockage of bridge openings and the increased runoff due to urbanization of the watershed.

**Functionally Water Dependent Use [Flood-Related Definition]**

A use which cannot perform its intended purpose unless it is located or carried out in close proximity to water. The term includes only docking facilities, port facilities that are necessary for the loading and unloading of cargo or passengers, and ship building and ship repair facilities, but does not include long-term storage or related manufacturing facilities.

**Highest Adjacent Grade [Flood-Related Definition]**

The highest natural elevation of the ground surface prior to construction next to the proposed walls of a structure.

**Historic Structure [Flood-Related Definition]**

Any structure that is:

1. Listed individually in the National Register of Historic Places (a listing maintained by the Department of Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listing on the National Register;
2. Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district;

3. Individually listed on a state inventory of historic places in states with historic preservation programs which have been approved by the Secretary of Interior; or
4. Individually listed on a local inventory of historic places in communities with historic preservation programs that have been certified either:
    a. By an approved state program as determined by the Secretary of the Interior; or
    b. Directly by the Secretary of the Interior in states without approved programs.

**Letter of Map Revision (LOMR) [Flood-Related Definition]**

FEMA's official revision of an effective Flood Insurance Rate Map (FIRM), or Flood Boundary and Floodway Map (FBFM), or both. LOMRs are generally based on the implementation of physical measures that affect the hydrologic or hydraulic characteristics of a flooding source and thus result in the modification of the existing regulatory floodway, the effective Base Flood Elevations (BFEs), or the Special Flood Hazard Area (SFHA).

**Letter of Map Revision Based on Fill (LOMR-F) [Flood-Related Definition]**

FEMA’s modification of the Special Flood Hazard Area (SFHA) shown on the Flood Insurance Rate Map (FIRM) based on the placement of fill outside the existing regulatory floodway.

**Levee [Flood-Related Definition]**

A man-made embankment, usually earthen, designed and constructed in accordance with sound engineering practices to contain, control, or divert the flow of water so as to provide protection from temporary flooding. For a levee structure to be reflected on the FEMA FIRMs as providing flood protection, the levee structure must meet the requirements set forth in 44 CFR § 65.10.

**Levee System [Flood-Related Definition]**

A flood protection system which consists of a levee, or levees, and associated structures, such as closure and drainage devices, which are constructed and operated in accordance with sound engineering practices.

**Lowest Floor [Flood-Related Definition]**

The lowest floor of the lowest enclosed area (including basement). Any floor used for living purposes which includes working, storage, sleeping, cooking and eating, or recreation or any combination thereof. This includes any floor that could be converted to such a use such as a basement or crawl space. The lowest floor is a determinate for the flood insurance premium for a building, home or business. An unfinished or flood resistant enclosure, usable solely for parking or vehicles, building access or storage in an area other than a basement area is not considered a building's lowest floor; provided that such enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirement of Section 60.3 of the National Flood Insurance Program regulations.

**Manufactured Home [Flood-Related Definition]**

A structure transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when connected to the required utilities. The term “manufactured home” does not include a “recreational vehicle”.

**Manufactured Home Park or Subdivision [Flood-Related Definition]**

A parcel (or contiguous parcels) of land divided into two or more manufactured home lots for rent or sale.

**Mean Sea Level [Flood-Related Definition]**

For purposes of the National Flood Insurance Program, the North American Vertical Datum (NAVD) of 1988 or other datum, to which Base Flood Elevations shown on the County's Flood Insurance Rate Map are referenced.

**Material Safety Data Sheet (MSDS) [Flood-Related Definition]**

A form with data regarding the properties of a particular substance. An important component of product stewardship and workplace safety, it is intended to provide workers and emergency personnel with procedures for handling or working with that substance in a safe manner, and includes information such as physical data (melting point, boiling point, flash point, etc.), toxicity, health effects, first aid, reactivity, storage, disposal, protective equipment, and spill-handling procedures.

**National Flood Insurance Program (NFIP) [Flood-Related Definition]**

FEMA's program of flood insurance coverage and floodplain management administered in conjunction with the Robert T. Stafford Relief and Emergency Assistance Act. The NFIP has applicable Federal regulations promulgated in Title 44 of the Code of Federal Regulations. The U.S. Congress established the NFIP in 1968 with the passage of the National Flood Insurance Act of 1968.

**New Construction [Flood-Related Definition]**

The construction of a new structure (including the placement of a mobile home) or facility or the replacement of a structure or facility which has been totally destroyed.

**New Manufactured Home Park or Subdivision [Flood-Related Definition]**

A manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed on or after May 1, 1990.

**No-Rise Certification [Flood-Related Definition]**

A record of the results of an engineering analysis conducted to determine whether a project will increase flood heights in a floodway. A No-Rise Certification must be supported by technical data and signed by a registered Colorado Professional Engineer. The supporting technical data should be based on the standard step-backwater computer model used to develop the 100-year floodway shown on the Flood Insurance Rate Map (FIRM) or Flood Boundary and Floodway Map (FBFM).

**Physical Map Revision (PMR) [Flood-Related Definition]**

FEMA's action whereby one or more map panels are physically revised and republished. A PMR is used to change flood risk zones, floodplain and/or floodway delineations, flood elevations, and/or planimetric features.

**Recreational Vehicle [Flood-Related Definition]**

1. A vehicle that is:
2. Built on a single chassis;
3. 400 square feet or less when measured at the largest horizontal projections;
4. Designed to be self-propelled or permanently towable by a light duty truck; and
5. Designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

**Special Flood Hazard Area [Flood-Related Definition]**

The land in the floodplain within the County subject to a one percent or greater chance of flooding in any given year, i.e., the 100-year floodplain.

**Start of Construction [Flood-Related Definition]**

The date the building permit was issued, including Substantial Improvements, provided the actual start of construction, repair, reconstruction, rehabilitation, addition, placement, or other improvement was within 180 days of the permit date. The actual start means either the first placement of permanent construction of a structure on a site, such as the pouring of slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation; or the placement of a manufactured home on a foundation. Permanent construction does not include land preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkways; nor does it include excavation for basement, footings, piers or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory buildings, such as garages or sheds not occupied as dwelling units or not part of the main structure. For a Substantial Improvement, the actual start of construction means the first alteration of any wall, ceiling, floor, or other structural part of a building, whether or not that alteration affects the external dimensions of the building.

**Structure [Flood-Related Definition]**

A walled and roofed building, including a gas or liquid storage tank, which is principally above ground, as well as a manufactured home.

**Substantial Damage [Flood-Related Definition]**

Damage of any origin sustained by a structure whereby the cost of restoring the structure to its before-damaged condition would equal or exceed 50 percent of the market value of the structure just prior to when the damage occurred.

**Substantial Improvement [Flood-Related Definition]**

Any reconstruction, rehabilitation, addition, or other improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure before “Start of Construction” of the improvement. The value of the structure shall be determined by the County. This includes structures which have incurred “Substantial Damage”, regardless of the actual repair work performed. For the purposes of this definition, the term “Substantial Improvement” does not, however, include either:

1. Any project for improvement of a structure to correct existing violations of state or local health, sanitary, or safety code specifications which have been identified by the local code enforcement official and which are the minimum necessary conditions; or
2. Any alteration of a “historic structure” provided that the alteration will not preclude the structure's continued designation as a “historic structure.”

**Threshold Planning Quantity (TPQ) [Flood-Related Definition]**

A quantity designated for each chemical on the list of extremely hazardous substances that triggers notification by facilities to the State that such facilities are subject to emergency planning requirements.

**Water Surface Elevation [Flood-Related Definition]**

The height, in relation to the North American Vertical Datum (NAVD) of 1988 (or other datum, where specified), of floods of various magnitudes and frequencies in the floodplains of coastal or riverine areas.

**Floor Area, Commercial/Industrial**

The total area of floor space within interior walls of a structure, excluding basement.

**Floor Area, Residential**

Total area of a dwelling excluding basement, carport or garage.

**Flour Mill**

A mill for grinding grain into flour.

**Flow Rate**

The volume of water moving past a particular point during a given time period that is reported as cubic feet per second (cfs) or cubic meters per second (cfs).

**Flowing Waterways**

To include rivers, streams (perennial, intermittent or ephemeral), creeks, floodplains, including estuaries and/or Colorado Parks and Wildlife (CPW) mapped High-Priority Habitat, which could include canals.

**Food Processing and Storage**

An industrial establishment used to process, package, and store food product, excluding the killing and dressing of any flesh or fowl. Retail sales of food product are permitted as an accessory use for off premise consumption.

**Food Truck Park**

A privately owned, outdoor site where one (1) or more mobile food vendors operate concurrently or in rotation, with shared infrastructure such as seating, restrooms, trash facilities, and power supply.

**Foot-Candle**

A unit of measure of the intensity of light falling on a surface, equal to one lumen per square foot.

**Foster Family Care**

A home designated by the Courts, Social Service Department, or other competent authority for care and/or education of children under the age of 18 years unrelated to the foster parents by blood, adoption, or marriage.

**Forestry and Silviculture**

The management, cultivation, harvest, and/or reforestation of forests.

**Fragile Soils**

Those soils which (1) have not been under tillage within the five years previous to the filing of an application for a permit to till fragile soils under these regulations, and (2) are designated as Class VI or Class VII soils in the Soil Survey of Adams County, Colorado published by the United States Department of Agriculture in cooperation with the Colorado Agricultural Experiment Station in October, 1974, and any other subsequent soil survey of Adams County issued by the above-named agency.

**Freight Hauling Service**

A business that transports goods, products, or raw materials from one place to another using trucks, ships, rail, vans, and similar methods. Such businesses typically provide logistical services for customers which involves the management and oversight of the movement of goods, products, or raw materials between transportation modes or at transfer sites.

**Frontage Roads**

Those roads lying between a controlled access street or highway and adjacent property that provide access to said property.

**Fueling Station**

A structure or property on or in which the principal use is the retail sale of gasoline, oil, or other fuel for motor vehicles and which may include, as an incidental use, a convenience store, the retail sale and installation of vehicle accessories, the making of minor repairs, and facilities for washing and servicing of not more than three vehicles completely enclosed in a structure.

**Fugitive Dust**

A solid, airborne particulate matter—mostly soil, sand, or construction materials—that escapes into the atmosphere from sources other than a chimney, vent, or exhaust stack.

**Functional Artificial Turf**

Artificial turf that is:

(a) Located in a recreational use area or other space that is regularly used for civic, community, or recreational purposes, which may include a playground, a sports field, a picnic ground, an amphitheater, a portion of a park, and the playing area of a golf course, such as a driving range, chipping and putting green, tee box, green, fairway, and rough; or

(b) A component of a product designed and approved by a professional engineer for civil infrastructure projects, including but not limited to:
(i) Covers for solid waste facilities and brownfield sites; and
(ii) Revetments for slopes, channels, levees, and dams.

**Functional Turf**

Turf that is located in a recreational use area or other space that is regularly used for civic, community, or recreational purposes, which may include a playground, a sports field, a picnic ground, an amphitheater, a portion of a park, and the playing area of a golf course, such as a driving range, chipping and putting green, tee box, green, fairway, and rough.

**Funeral Home / Mortuary**

An establishment with facilities for the preparation of the deceased for burial or cremation to include embalming, for the viewing of the body, and for funerals. Also known as a Mortuary.

**Fur Farm**

An agricultural operation where fur-bearing animals are kept, raised, bred, or slaughtered for the purposes of commercial sale.

## G

**Gallery**

An establishment that displays and may sell art, but that does not derive more than 50 percent of its income from the display and sale of objects of art.

**Galvanizing of Metal**

See “Enameling, Lacquering, or Galvanizing of Metal”.

**Garage, Motor Vehicle Repair and Service**

An establishment or area used for the repair, rebuilding, reconstruction, painting, inside storage, or servicing of vehicles or a portion thereof up to 1-1/2 ton factory rated capacity, but which does not include the storage or dismantling of wrecked motor vehicles or storage of junk.

**Garage, Private**

A structure that is accessory to a dwelling and which is used for the parking and storage of vehicles owned and operated by the residents of the dwelling, and which is not a separate commercial enterprise available to the public.

**Garage Sale**

A sale of old or used belongings held at a private residence.

**Garden Plot**

An assigned space reserved for the use of an organized group of community members for the purpose of gardening. The garden plot shall be managed and maintained by the active participation of the gardeners themselves.

**Gas or Liquefied Petroleum Gas Storage**

An industrial establishment or area for the storage of gas or liquefied petroleum gas in approved portable metal cylinders for above-ground storage.

**Gas Migration**

The movement of combustible gases through porous soil.

**Gas Processing Plant**

Any establishment and appurtenant facilities utilized in the gas stripping process or coal gasification process to obtain a refined product.

**Golf Course**

A tract of land for playing golf, improved with tees, greens, fairways, hazards, and which may include clubhouses and shelters.

**Golf, Miniature**

A tract of land for playing miniature golf which is played with a putter and golf ball in which each hole constitutes an obstacle course consisting of alleys, tunnels, bridges and the like through which the ball must be driven to hole it.

**Government Administration Office**

A facility focused on the provision of a public service that is public in nature and serves a wide range of needs and patrons. This definition includes but is not limited to, county buildings, a courthouse, a driver's license facility, or a Social Security Administration office.

**Governmental Acquisition**

Acquisition of land or property rights by eminent domain, condemnation, negotiated purchase in lieu of condemnation, or other involuntary transfer for a public purpose.

**Graffiti**

Any writing, printing, marks, signs, symbols, figures, designs, inscriptions or other drawings which are scratched, scrawled, painted, drawn, or otherwise placed on any exterior surface of a structure, wall, fence, sidewalk, curb, or other permanent structure on public or private property which have the effect of defacing the property.

**Grain Elevator**

A structure in which grain is stored and handled by means of mechanical elevator and conveyor devices, for the eventual transferal to trucks, train cars, or other forms of transportation.

**Grain Mill**

A facility where grain, such as corn, wheat, rye, oats, or barley, is ground into flour.

**Grassed Waterway / Sod Waterway**

A natural or constructed waterway or outlet shaped or graded and established in suitable vegetation as needed for the safe disposal of runoff from a field, diversion, terrace, or other structure.

**Greenhouse**

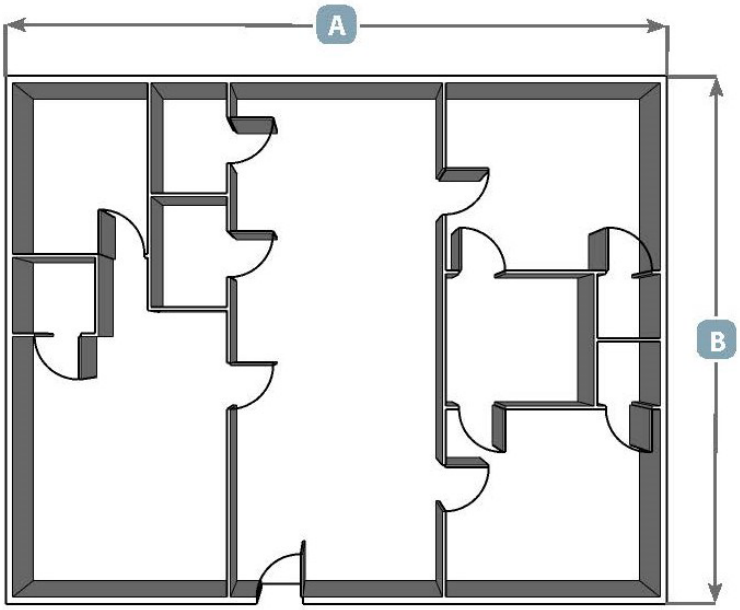
A structure whose roof and sides are made largely of glass or other transparent or translucent material and in which the temperature and humidity can be regulated for the cultivation of delicate or out-of-season plants.

**Gross Density**

The number of dwelling units (“B”) divided by total gross acres of a development (“A”).

**Gross Floor Area**

The total area of all the floors of a building, including finished basements, attached garages, intermediately floored tiers, mezzanines, and similar elements, as measured from the exterior surfaces of the outside walls of the building, computed by the multiplication of the exterior dimensions of the building (“A”) and (“B”).



**Ground Floor Area of Principal Building**

The area, in square feet, of the ground floor of the principal building on the lot measured by the extreme outside dimensions of the structure.

**Group Home**

A general term that describes a residence operated as a single use, licensed or operated by a governmental entity, where authorized supervisory personnel are present on the premises for the purpose of providing physical assistance and/or other supportive services to individuals needing special care or rehabilitation.

**Group Home, FHAA**

A residential dwelling or facility where persons are living, together with staff, as a single housekeeping unit where care, supervision, and/or treatment is provided for the exclusive use of residents protected by the provisions of the federal Fair Housing Act Amendments of 1988, codified at 42 U.S.C. Ch 45, or by any similar legislation of the State of Colorado, including, but not limited to, a facility providing housing for people experiencing disabilities, mental health conditions, or developmental disabilities.

1. A “Group Home (FHAA) - Large” is a facility designed for and occupied by nine or more residents living together.
2. A “Group Home (FHAA) - Small” is a facility designed for and occupied by no more than eight residents living together.

**Group Residential Facility**

A residential dwelling or facility where persons are living, together with staff, as a single housekeeping unit where supportive services are provided but that does not meet the definition of an FHAA Group Home.

1. A “Group Residential Facility, Large” is a facility designed for and occupied by nine or more residents living together.

2. A "Group Residential Facility, Small" is a facility designed for and occupied by no more than eight residents living together.

**Guard Dogs**

Any dog placed within an enclosure, on a commercial or industrial zoned lot, for the protection of persons or property by attacking or threatening to attack any unauthorized person found within the enclosure patrolled by the dog.

**Guard House**

A structure, located on a private road or on private property for the purpose of manually or electronically regulating and monitoring pedestrian and/or vehicular traffic into a development or neighborhood and promoting security within the development or neighborhood; provided however, a guardhouse shall include only those structures that are not designed or used for sleeping or living purposes.

**Guest House**

An accessory dwelling attached or unattached to a principal dwelling, used to house guests of the occupants of the principal dwelling, and which shall not be rented or leased, or held in ownership by other than the owner of the principal dwelling.

**Gun and Archery Range**

An establishment designed to provide practice in the use of firearms and bow and arrow under controlled conditions so public health and safety are protected. Gun and archery ranges may include the sale of firearms, bows, arrows, associated equipment or supplies, food, and sanitary facilities.

**Gymnastics, Dance Studio, or Martial Arts Facility**

Any establishment primarily operated for the purpose of teaching gymnastics, dance, or a form or forms of self-defense, such as judo or karate.

# H

**Halfway House**

A facility which houses residents which have been sent subject to criminal corrective action by means of any sentence, suspended sentence, probation, parole, work release, conditional release from prison, jail, or other correction facility, deferred judgment, deferred prosecution, criminal diversion program, or similar order, program, condition, or requirements imposed, arranged, or ordered by any referring agency resulting from any criminal charge or conviction. Also known as: transitional house or diversion center.

**Hard-Surfaced Material**

A durable, all-weather surface constructed of concrete, asphalt, pavers, or other comparable material designed to support vehicular loads and prevent dust, erosion, and rutting. Crushed stone, gravel, recycled asphalt millings, or similar loose or unbound materials shall not be considered hard-surfaced unless stabilized or treated to provide a dust-free, compacted surface approved by the County Engineer.

**Hazardous Materials**

Includes, but is not limited to, inorganic mineral acids of sulfur, fluorine, chlorine, nitrogen, chromium, phosphorous, selenium and arsenic and their common salts; lead, nickel, and mercury and their inorganic salts or metallo-organic derivatives; coal, tar acids such as phenol and cresols and their salts and all radioactive materials and wastes.

**Hazardous Waste**

Any hazardous material so defined in C.R.S. § 25-15-101 (9), and any waste that requires special handling to avoid illness or injury to persons or damage to property.

**Hazardous Waste Disposal Site**

A disposal site as defined in C.R.S. § 30-20-101(8).

**Hazardous Waste Treatment Facility**

A treatment of hazardous waste incidental to the primary use occurring on-site, such as substances necessary to manufacture or process certain materials, or substances that are by-products of a manufacturing or repair process.

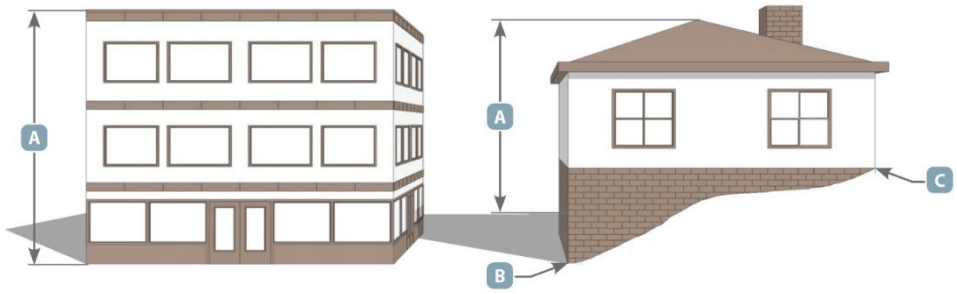
**Health Spa**

A commercial establishment providing instruction or equipment designed to promote or improve the health of clients.

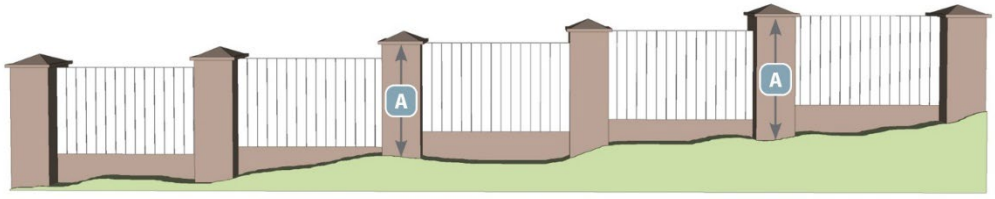
**Height, Building and Structure**

**Height of Buildings:** The vertical distance from the grade level of that portion of a parcel covered by the building to the highest point of the coping of a flat roof, the deck line of a mansard roof, or to the midpoint between the ridge and the eves of a gable, hip, or gambrel roof ("A"). Asymmetrical or dynamic roof forms shall be measured from the grade level to the highest point of the building, as measured with a flat roof.

**Height of Buildings on Sloped Lots**: The height shall be measured as the vertical distance from the average ground level to the topmost point of the roof ("A"). The average ground level shall be determined by adding the lowest ("B") and highest ("C") points at the building wall and dividing by two.



**Height of Structure:** The vertical distance between the ground immediately adjacent to the structure and the highest point on the structure, e.g., as shown as "A" in this fence illustration.



**Heliport**

An area, either at ground level or elevated on a structure, licensed and approved for the landing and takeoff of helicopters, and any appurtenant structures or facilities which may include parking, waiting room, refueling, maintenance, repair, or storage facilities.

**Hemp Farm**

Land used for the growing, cutting, baling storage, and packaging of industrial hemp.

**Hemp Manufacturing and Extraction**

The act of taking the cultivated hemp plant and extracting cannabidiol (CBD) oil to then add said oil to already manufactured products and/or manufacturing products containing the CBD oil. This use also includes the manufacture of products from cultivated hemp such as rope and textiles. Hemp for these purposes shall be industrial hemp as defined in C.R.S. § 35-61-101(7) that means a plant of the genus Cannabis and any part of the plant, whether growing or not, containing a delta-9 tetrahydrocannabinol (THC) concentration of no more than three-tenths of one percent on a dry weight basis.

**High Occupancy Building Unit**

Means any School, Nursing Facility as defined in C.R.S. § 25.5-4-103(14), hospital, life care institutions as defined in C.R.S. § 11-49-101, or correction facility as defined in C.R.S. § 17-1-102(1.7), provided the facility or institution regularly serves 50 or more persons; or an operating child care center as defined in C.R.S. § 26.5-5-303.

**High Priority Habitat**

Habitat areas or applicable buffer areas identified, maintained, defined, and/or delineated by Colorado Parks and Wildlife (CPW) where measures have been identified to avoid, minimize, and mitigate adverse impacts to wildlife have been identified to protect breeding, nesting, foraging, migrating, or other uses by wildlife.

**High Rise**

A multifamily dwelling greater than three stories in height and requiring an elevator for access to upper floors.

**High-Water Use Turf**

Turf grass species or blends that require frequent irrigation to maintain healthy growth and color during the growing season and are classified by Colorado State University (CSU) Extension, Denver Water, or another recognized Colorado water conservation authority as high-water or non-drought-tolerant species.

**Home Occupation**

A business, profession, occupation or trade conducted for personal gain or support of the residential occupation and conducted within a residential building or accessory structure to a residential use.

**Hoop House**

An unheated greenhouse, most commonly constructed with arches of plastic or metal.

**Horse Trailer Sales and Rental**

A commercial establishment or area for the purpose of horse trailer sales and rental.

**Hospital**

An establishment that provides medical or surgical care and treatment for the sick and the injured, where overnight stays are routine, and may include necessary accessory facilities such as laboratories, outpatient, or training facilities.

**Hospital/Clinic**

A facility that provides medical, surgical, or emergency care to patients, including general and specialty hospitals, urgent care centers, and medical or dental clinics. Patients may be examined, diagnosed, or treated, and such facilities may include in-house laboratory, imaging, or surgical services. This use does not include facilities primarily devoted to alcoholism or drug rehabilitation, or central service facilities such as stand-alone pharmacies or medical laboratories.

**Hospitality Business**

A Marijuana Hospitality Business or Retail Marijuana Hospitality and Sales Business, as defined.

**Hotel or Motel**

A commercial establishment, which offers lodging accommodations to the general public and provides additional services such as restaurants, meeting rooms, and recreation facilities. A hotel or motel shall provide a minimum of six guestrooms.

**Household Pets**

Domesticated dogs and cats, small animals (rabbits, guinea pigs, hamsters, chinchillas, mice, and fish), reptiles (non-venomous only), and birds (parakeets, canaries, cockatiels, parrots) kept in cages, which are customarily kept in the home.

**Hydrozone**

The grouping of plant materials based on their microclimate needs and water requirements.

## I

**Illicit / Illegal Discharge**

Any direct or indirect discharge to the storm drainage system that is not composed entirely of stormwater as defined in Adams County Ordinance No.11, as amended.

**Impact Fee Administration**

The person or persons designated by the County Manager to administer the road impact fee regulations.

**Impervious Area**

Developed area with covering or pavement that prevents the land's natural ability to absorb and infiltrate typical precipitation and irrigation events. Impervious areas include, but are not limited to; roof tops, walkways, patios, driveways, parking lots, storage areas, impervious concrete and asphalt, and any other continuous non-pervious pavement or covering.

**Impound Yard**

Use of any property for the temporary outdoor storage of towed vehicles by a towing service operator that are to be claimed by the titleholder or their age.

**Improvement**

Any man-made, immovable item that becomes part of, is placed upon, or is affixed to a structure or lot.

**Improvements Agreement**

An agreement/contract setting forth the plan, method, and parties responsible for construction of any required public improvements shown in final project documents, together with collateral, which is sufficient, in the judgment of the Board of County Commissioners, to make reasonable provision for the completion of said improvements in accordance with design and time specifications.

**Incidental Sales**

Retail sales and the sale of food on the premises where retail activities and food sales is not a primary reason to frequent the establishment, but where goods and food is offered for purchase as a convenience to the customer.

**Incinerator**

An engineered apparatus used to burn waste substances and in which all the combustion factors, temperature, retention time, turbulence and combustion air, can be controlled.

**Inclusion**

The process by which a Special District's boundaries are altered through the addition of real property.

**Increase in Nonconformity**

Any alteration to a nonconforming structure that intensifies, expands, or enlarges the aspects of the structure that do not comply with current dimensional standards. This includes, but is not limited to: (1) extending any portion of the structure further into a required setback; (2) adding floor area, including a second story, within a required setback; (3) increasing building or structure height when height is the nonconforming element; and (4) enclosing previously open areas (such as porches or decks) located within a required setback.

**Increasing the Existing Design Capacity**

The addition of any buildings, structures, or other property which creates an increase in the capacity of the facility, beyond which was approved in the original application, but shall not apply to technological modifications or minor apparatus which increase capacity without an increase in resource consumption, pollutant discharge, or noise levels.

**Indoor Racquet Game Courts**

An indoor facility containing one or more courts designed for racquet sports such as tennis, squash, racquetball, or badminton.

**Indoor Recreational Center**

A facility established primarily to provide exercise and recreational services, such as dance studios, martial art schools, arts or crafts studios; or exercise or health clubs, bowling alleys or gymnasium-type facilities for such activities as tennis, basketball or competitive swimming.

**Indoor Skating Rinks**

An enclosed facility designed and used for ice skating, roller skating, or other types of skating activities.

**Indoor Sports Arenas**

A fully enclosed facility or building, typically with a large, central open space surrounded by tiered seating, designed to host various athletic competitions, training programs, and events

**Indoor Swimming Pool**

An enclosed facility containing a swimming pool used for recreational, instructional, competitive, or therapeutic purposes.

**Inert Fill Material for Grading**

Uncontaminated, natural earthen material including sand, loam, crushed rock, soil, and/or rock or stones either singularly or in combination, that does not contain putrescible or hazardous matter, liquid or hardened cementitious material, brick, concrete, metal materials, asphalt or asphalt pieces, or any chemical substance in concentrations above residential screening levels for soil contaminants as specified by the Colorado Department of Public Health and Environment.

**Inert Fill Material for Landfilling**

As defined in C.R.S. § 25-15-101(9), non-water soluble, non-putrescible, stable, inorganic, non-hazardous, non-leaching solid material that is uneconomic or impractical to reuse or recycle and that is visibly free of oil, adhesives, stains, paint, metal materials, and free of contaminants based on the knowledge of the source of the material or on representative sampling and analysis of such material. Inert fill material for landfilling purposes includes brick, ceramic, cement cured for more than 60 days, concrete, masonry, bituminous concrete, asphalt fragments which are not located within the water table, rock and dirt. Street sweepings from street cleaning machines are not considered inert material and are instead considered solid waste.

**Infectious Waste**

Any material as defined in C.R.S. § 25-15-402(1). This includes waste capable of producing an infectious disease and requires the consideration of certain factors as described in state statutes necessary for induction of disease. Generally, the waste must contain pathogens with sufficient virulence and quantity so that exposure to the waste by a susceptible host could result in disease.

**Inhabited**

The use of any vehicle, trailer, recreational vehicle, tiny home on wheels, or other movable structure for living purposes. A structure or vehicle is considered inhabited when any person sleeps in it; prepares or consumes meals; bathes or toilets; or connects the vehicle or structure to utilities (water, sewer, or electrical) for personal living use. “Inhabited” does not include use solely as an office, studio, workshop, storage area, or similar non-residential purpose where no overnight stays or living functions occur.

**Injection Well**

Any Class II wells used for the exclusive purpose of injecting fluids or gas from the surface for enhanced oil recovery or the disposal of E&P Wastes.

**Inoperable Vehicle**

A vehicle that is not “roadworthy”.

**Institutional Residential Facility**

Institutional residential facilities include convents or monasteries; nursing homes; assisted living facilities; congregate care facilities; hospitals/clinics; foster homes; sanitariums; convalescent homes; protective living facilities; boarding/rooming houses; and sheltered care homes.

**International Airport Clear Zone**

An area devoted to those uses identified in Article IV of the Intergovernmental Agreement on a New Airport. See Appendix D.

**Invasive Plant Species**

Plants that are not native to the State of Colorado and that: (a) are introduced into the State accidentally or intentionally; (b) have no natural competitors or predators in the State because the State is outside of their competitors' or predators' range; and (c) have harmful effects on the State's environment or economy or both.

# J

**Jail**

Facilities for the processing and confinement of persons held in lawful custody.

**Junk**

Any manufactured goods, appliances, fixtures, furniture, machinery, motor vehicle or trailer which is abandoned, demolished or dismantled, and such discarded or generally unusable material as scrap metal, scrap material, waste, bottles, tin cans, paper, garbage, boxes, crates, rags, used lumber, building materials, motor vehicles, machinery parts, and used tires (these are by way of example and not by way of limitation).

# K

**Kennel/Cattery, Commercial**

Facilities where four or more animals of the canine or feline family are kept, maintained, sheltered or boarded for compensation.

**Kennel/Cattery, Private**

Premises where more than the maximum allowable number of dogs and/or cats are kept for the private, non-commercial enjoyment of the owner(s). This does not include offspring less than five months of age belonging to one of the adult animals. Boarding dogs and/or cats other than those animals owned by the resident and/or owner and immediate family is prohibited.

**Kindergarten**

Any facility providing an educational program for children only for the year preceding their entrance to the first grade, whether such facility is called a kindergarten, nursery school, preschool, or is called by any other name. The term shall not include any facility licensed as a foster family home under the provisions of this DSR.

# L

**Landfill**

A disposal site or facility employing an engineered method of disposing of solid waste, including demolition and construction debris. For purposes of this code, the term landfill shall also apply to any solid waste disposal site and facility or any type of hazardous waste disposal site and facility.

**Landscape Storage Yard**

An unenclosed portion of the lot or parcel upon which a landscape business owner maintains a principal office or a permanent business. Designation of the lot or parcel as a landscape storage yard would allow this area to be used to store and maintain construction equipment and other materials customarily used in the trade.

**Landscaped Area**

Land set aside for the purpose of planting and maintaining trees, shrubs, ground cover or grasses, as well as associated ornamental nonliving materials.

**Landscaping**

Landscaping shall mean those plants and associated nonliving ornamental materials, which are permitted in Div. 4-04, *Landscaping and Buffering*.

**Large-Scale Energy Project**

Large-Scale Energy Project shall mean any facility or installation designed for the commercial generation of electricity, thermal energy, or other forms of power primarily for off-site consumption, and not principally for on-site use, including, but not limited to, solar energy facilities, wind energy conversion systems, battery or energy storage facilities, geothermal facilities, biomass facilities, or other renewable or non-renewable energy generation systems. A Large-Scale Energy Project shall include associated infrastructure such as substations, transformers, transmission lines, access roads, and energy storage components. For purposes of this DSR, a Large-Scale Energy Project shall be deemed to exist where the facility:

(1) Occupies more than 2 acres of land area; or
(2) Has a nameplate generating capacity of 1 megawatt (MW) or greater; or
(3) Is designed to supply energy principally for the electric grid or other off-site end users.

Small-scale or accessory energy systems intended primarily to serve on-site residential or agricultural uses shall not be considered Large-Scale Energy Projects.

**Larger Common Plan of Development or Sale**

Contiguous area where multiple, separate and distinct construction activities may be taking place at different times on different schedules but remain related. Contiguous means construction activities located in close proximity to each other, within ¼ mile. This includes phased projects, projects with multiple filings or lots, and projects in a contiguous area that may be unrelated but still under the same contract or same plan. If a construction project disturbs less than one acre, but is part of a common plan of development or sale, the disturbed area of the entire plan within the MS4 Permitted Area must be considered in determining SWQ Permit and/or Post-Construction Stormwater requirements, and all portions of the project must be covered.

**Legal Lot**

A designated unit of land that has been legally subdivided through a recorded plat or subdivision, and typically meets the requirements for development under zoning regulations.

**Legislative Rezoning**

A Zoning Map Amendment that applies broadly to multiple properties, is often initiated by a government entity, and is considered a legislative action rather than a site-specific, quasi-judicial action.

**Level Of Service**

A qualitative measure describing operational conditions, from "A" (best) to "F" (worst), within a traffic stream or at intersections, which is quantified for road segments by determination of a volume to capacity ratio (V/C), which is a measurement of the amount of capacity of a road which is being utilized by traffic.

**Library, Public**

An establishment operated by a public agency or nonprofit organization used to keep literary and artistic materials, such as books, periodicals, newspapers, pamphlets, and prints, for reading, reference, or borrowing.

**License**

(a) To grant a license or registration pursuant to this DSR; and/or (b) (i) Official or legal permission to do a specific thing; with (ii) Proof of permission granted in the form of a document.

**Licensed Hospitality Business**

A Marijuana Hospitality Business or Retail Marijuana Hospitality and Sales Business.

**Licensed Premises**

The premises specified in an application for a license under this DSR, which are owned or in possession of the licensee and within which the licensee is authorized to cultivate, manufacture, distribute, consume or sell marijuana in accordance with the provisions of this DSR and in accordance with the provisions of the Colorado Marijuana Code and any rules adopted pursuant thereto.

**Licensee**

A person licensed or registered pursuant to this DSR.

**Licensing Regulations**

The Adams County Licensing Regulations as adopted by the Adams County Board of County Commissioners.

**Lift Station**

A part of a wastewater collection system in which a wet well collects sewage flows from gravity lines (lines that move sewage in a downward direction using the force of gravity) and is then pumped (through a pressurized "force main") to a higher elevation so that it can be released into another gravity line and ultimately flow to a wastewater treatment plant. See also Wastewater Treatment Plant.

**Light Trade and Technical Uses**

The fabrication, assembly, packaging, or repair, rental, or servicing of any commodity, the sale of which is permitted within the subject zoning district.

**Limited Access Areas**

Subject to the provisions of C.R.S. § 44-10-1001, means a building, room or other contiguous area upon the licensed premises where regulated marijuana is consumed, grown, cultivated, stored, weighed, packaged, sold, or possessed for sale, under control of the licensee, with limited access to only those persons licensed by the State Licensing Authority and those visitors escorted by a person licensed by the state licensing authority. All areas of ingress or egress or limited access areas must be clearly identified as such by a sign as designated by the state licensing authority.

**Limited Equipment Rentals**

The rental of equipment primarily intended for individual use and minor residential gardening and construction projects. This use category does not include the rental, storage, or maintenance of large construction equipment. Such vehicles are restricted to the broader use category of vehicle/equipment sales and rentals.

**Liner Building**

A building used to screen a surface parking lot, parking garage, or commercial or industrial building from the street providing the street face with a common edge that has doors and windows opening onto the sidewalk.

**Link**

That portion of a street defined by a node at each end or at one end. Approved stubs to adjacent property are considered links. However, alleys are not considered links.

**Linseed Oil, Shellac, and Turpentine Manufacturing or Refinery**

An industrial establishment or area for the purpose of manufacturing or refining linseed oil, shellac, or turpentine.

**Liquor Store**

A state-licensed, retail establishment selling packaged alcoholic liquors (including beer, wine, and spirituous liquors) for consumption off-site. Liquor store does not include restaurants, taverns, or bars.

**Livestock and Poultry**

Domestic animals of types customarily raised or kept on farms or ranches for profit or other productive purposes.

**Livestock and Poultry Confinement Operation**

An operation for the growing, feeding and fattening of livestock and/or poultry for commercial purposes, where the animals are confined within a closed structure; and/or the animals are kept within permanent corrals, pens, or yards; and these animals have been, are, or will be stabled or confined and fed or maintained for a total of 45 consecutive days or more in any 12-month period.

**Loading or Unloading Space**

An off-street area used for the temporary parking of a commercial vehicle for the loading or unloading of merchandise or materials.

**Local Street**

See Appendix A.

**Local and Interurban Passenger Transit**

A facility or service providing local or regional passenger transportation by bus, shuttle, streetcar, or similar vehicles operating on fixed routes or schedules.

**Local Licensing Authority**

The Board of County Commissioners of the County of Adams, Colorado, or its designee.

**Local Street (Residential or Industrial)**

A street designed for local service with no through traffic that may have stop signs or traffic signals.

**Location**

A particular parcel of land that may be identified by an address or other descriptive means.

**Lodges, Fraternal and Social Organizations**

An establishment used by an organization of persons joined together for a common purpose or interest.

**Lodging, Extended Stay**

A lodging establishment offering suites with living, kitchen, and sleeping areas.

**Logistics Center, Heavy**

A wholesaling, warehousing, and/or distribution use that provides a central location for receiving, storing and distributing raw materials, semi-finished goods, or finished goods. Heavy logistic centers may be warehouses in which goods are stored (a.k.a. "product warehouses"), or truck terminals in which goods are transferred between trucks or between trucks and trains or other transportation modes (a.k.a. "truck terminals"), or moving warehouses (including indoor storage of portable on-demand storage containers), or wholesaling operations (but not wholesale membership clubs in which memberships are available to the general public). Heavy logistic centers are expected to generate at least 50 truck trips per day.

**Logistics Center, Light**

A wholesaling, warehousing, and/or distribution use that provides a central location for receiving, storing and distributing raw materials, semi-finished goods, or finished goods. A logistic center may be warehouses in which goods are stored (a.k.a. "product warehouses"), or wholesaling operations (but not wholesale membership clubs in which memberships are available to the general public). Logistic centers are expected to generate fewer than 50 truck trips per day.

**Lot**

A single designated parcel, tract, or area of land established by a recorded subdivision plat or a separate parcel of land that existed as such prior to May 5, 1972.

**Lot Area**

The total horizontal area included within lot lines, computed by the multiplication of the width of the lot ("A") by its depth ("B").

**Lot, Corner**

A lot or parcel of land abutting two or more streets at their intersection, or upon two parts of the same streets forming an interior angle of less than 135 degrees. The setback shall be the same as a front setback for all corner lots.

**Lot Coverage**

The area of a lot occupied by impervious cover, including buildings, pavement, and rooftops, ("A" and "B") that prevents the infiltration of water into the soil, expressed as a percentage of the lot area.

**Lot Depth**

The horizontal distance between the front lot line to the rear lot line measured from the midpoint of the front lot line to the midpoint of the rear lot line.

**Lot, Double Frontage**

A lot, other than a corner lot, which has frontage on more than one street. Within residential or agricultural zone districts, accessory structures on double-fronting lots shall be required to meet the minimum setbacks for the primary structure of the particular zone district.

**Lot, Flag**

A lot where access to the public road is by a narrow, private, right-of-way.

**Lot Frontage**

Any lot line of a lot abutting a street or public right-of-way.

**Lot, Interior**

A lot with one frontage on a dedicated public right-of-way, other than an alley.

**Lot Line**

A line of record bounding a lot, which divides one lot from another lot or from a public or private street or any other public space.

**Lot Lines, Front**

The lot line separating a lot from a street right-of-way. For corner or double frontage lots, there shall be as many front lot lines as there are frontages on street rights-of-way.

**Lot Lines, Rear**

The lot line opposite and most distant from the front lot line; or in the case of triangular or otherwise irregularly shaped lots, the Chief Building Official shall designate the rear and side lot lines by address.

**Lot Width**

**Interior Parcels**: For an interior parcel, the horizontal distance ("A") between the side lot lines, measured at the required front setback line. (See Lot Area)

**Cul-De-Sac Parcels:** For a cul-de-sac parcel, the lot width is measured at the front setback line along an arc ("A") parallel to the right-of-way of such cul-de-sac or curved street. Such lots shall also be laid out so that their lot frontage, as measured on the arc of such right-of-way line, is not less than 50 percent of the required lot as measured at the building setback line.

**Lot, Zoning**

A lot or a series of contiguous lots, not separated by a street or other right-of-way, designated by their owner as a tract to be used, developed, built upon as a unit, under single ownership and control.

**Low-Impact Development**

A set of techniques and design strategies used to manage stormwater runoff and minimize the environmental impact of development. It aims to mimic natural hydrologic conditions by emphasizing infiltration, evaporation, and transpiration of rainwater, rather than relying solely on traditional drainage systems.

**Lowest Floor**

The lowest floor of the lowest enclosed area including a basement. An unfinished or flood resistant enclosure used solely for parking of vehicles, structure access or storage, in an area other than a basement area, is not considered lowest floor of a structure, provided said enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirements of the regulation.

**Lumber Mill**

A commercial establishment or area equipped with machinery for the purpose of dressing logs or lumber or modifying the shape or size of the lumber in any way.

# M

**Malodorous Condition**

An odor reading greater than the permitted odor standard allowed by state statutes or regulations. Odor readings will be taken to determine whether such conditions exist. The odor readings shall be made by an agent certified in Odor Intensity Rating by the Colorado Department of Public Health and Environment by use of a Barneby Cheney Scentometer. The reading shall be taken at any location on or outside the permit boundary.

**Major Energy Facilities**

Transmission lines, power plants, and substations; gas processing plants, and related storage areas providing fossil fuels, manufactured gas, or other petroleum derivatives; microwave installations; and pipelines above ground in excess of one mile in length.

**Major Energy Facility Operation Applicant**

Any individual, partnership, corporation, association, company, or other public or corporate body, including any political subdivision, agency, instrumentality, or corporation of the state, engaged in the operation of a public utility and/or major energy facilities.

**Major Repairs**

Work or renovation estimated to cost more than 50 percent of the market value of the structure to be renovated. The costs of renovation or repair or replacement shall mean the fair market value of the materials and services necessary to accomplish such renovation, repair or replacement and no person may seek to avoid the intent of Sec. 14-01-02 by doing such work incrementally.

**Major Road System**

All arterial and collector roads within unincorporated Adams County, excluding state and federal highways.

**Manufactured Home**

A structure manufactured pursuant to the authority of the "National Manufactured Housing Construction and Safety Standards Act (42 U.S.C § 4501 *et seq*., as amended) that is transferable in one or more sections and which is built on a permanent chassis off site, with wheels and axles that are a temporary means of transport of the unit to its site. Manufactured homes are designed to be used with or without a permanent foundation. The sections of the home when assembled must have dimensions of at least eight by 40 feet, excluding hitches and transport apparatus. All mobile homes manufactured after June 15, 1976 and that meet federal standards are considered manufactured homes.

**Manufactured Home Park**

A tract of land under individual or corporate ownership with two or more spaces for lease or rent upon which individual manufactured home residences are placed and used for residential purposes.

**Manufactured Home Sales Lot**

An establishment or area for the sales of manufactured homes.

**Manufactured Home Subdivision**

A parcel (or contiguous parcels) of land divided into two or more manufactured home lots for rent or sale.

**Manufacturing, General**

Establishments engaged in the mechanical or chemical transformations of materials or substances into new products including the assembling of components, parts, the manufacturing of products, and the blending of materials such as lubricating oils, plastics, resins, or liquors.

**Manufacturing of Small Components and Instruments**

An establishment or area for the purpose of assembly and production of small components and instruments.

**Marijuana**

Medical Marijuana and Retail Marijuana as those terms are defined herein.

**Marijuana Business**

Any medical marijuana center, optional premises cultivation operation, medical marijuana-infused products manufacturer, retail marijuana store, retail marijuana cultivation facility, retail marijuana products manufacturer and retail marijuana testing facility.

**Marijuana Hospitality Business**

An entity licensed pursuant to this DSR and pursuant to C.R.S. § 44-10-101 *et seq*., to permit the use or consumption of marijuana within a Consumption Area.

**Marijuana Hospitality Mobile License**

An entity licensed to permit the use or consumption of marijuana within a Mobile Premises.

**Marquee**

Any permanent roof-like structure projecting beyond, and supported by the wall of a structure, generally designed and constructed to provide protection from the weather.

**Massage Facility**

Refer to Ordinance No. 18, *Massage Facility Licensing Ordinance*.

**Material Modification (Special District Service Plans)**

A basic or essential change to the method of providing services, including the exclusion or addition of services.

**Material Piles**

Outdoor storage of loose materials in piles, e.g. construction aggregate piles (sand, gravel, crushed stone, recycled concrete or asphalt, etc.) and landscape material piles (topsoil, compost, mulch, etc.), in heights that exceed the limit allowed for regular outdoor storage. This definition specifically excludes scrap metal, salvage, garbage, debris, refuse, as well as any landfill approved by Adams County and the state of Colorado.

**Material Resource Recovery Facility (MRRF)**

A facility used to collect, sort, and consolidate recyclable materials including computers, paper, paperboard, glass, plastic, and aluminum, for use as raw material to produce new items at other locations, including interim facilities. This activity may include incidental storage, office, and maintenance facilities.

**Maturity**

For the purposes of these standards and regulations, maturity shall mean five years after planting for shrubs, 10 years after planting for trees, and one year after planting for ground covers. Large trees shall be those which typically reach a height of over 20 feet at maturity, and ornamental trees shall mean those which typically reach a height of 20 feet or under at maturity.

**Medical Marijuana**

An Infused product means a product created through a process by which cannabis, cannabinoids, or cannabis concentrates are directly incorporated into an existing product to create a cannabis product, e.g., an edible (such as a baked good or tincture) or a topical (such as a lotion, salve, or soap) product.

**Medical Marijuana Business**

A medical marijuana store, medical marijuana products manufacturing operation, or an optional premise cultivation operation.

**Medical Marijuana Product**

A product infused with medical marijuana that is intended for use or consumption other than by smoking, including, but not limited to edible products, ointments, and tinctures.

**Medical Marijuana Products Manufacturer**

A person licensed pursuant to this DSR and to C.R.S. § 44-10-101 *et seq*. to operate a business as described in these regulations and as is also described in C.R.S. § 44-10-503.

**Medical Marijuana Store**

A person licensed pursuant to this DSR and pursuant to C.R.S. § 44-10-101 *et seq*. to operate a business as described in this DSR and as is further described in C.R.S. § 44-10-501 that sells medical marijuana to registered patients or primary caregivers as defined in Section 14 of Article XVIII of the Constitution of the State of Colorado, but is not a primary caregiver.

**Medical or Dental Clinic or Office**

A building or portion of a building containing the offices and associated facilities of one or more practitioners providing medical or dental services for outpatients only, with or without shared or common spaces and equipment.

**Message Center, Electronic Changeable Copy**

A part of a sign that displays electronic static images, static graphics, or static pictures, with or without textual information. Such a sign may be changed or altered by electronic means on a fixed display screen composed of a series of lights including light emitting diodes (LED's), fiber optics, light bulbs, or other illumination devices within the display area where the message is displayed.

**Message Center, Manual Changeable Copy**

A part of a sign that displays letters, symbols, or numerals that can be changed by a human being who physically removes or rearranges such letters, symbols or numerals.

**Microbrewery**

An establishment where malt liquors are manufactured and packaged on or off premises, manufacturing more than 5,000 but less than 60,000 barrels of malt liquor on its licensed premises each calendar year.

**Micro Cell**

Shall include "micro wireless facility" and shall be defined by C.R.S. § 29-27-402(3.5).

**Micro-winery**

A business that manufactures 5,000 to 10,000 cases of vinous liquors per year.

**Microwave Installation**

Any non-mobile facility and appurtenant facilities transmitting or receiving microwave energy to a location, or from a location other than the structure to which the device is attached, and any addition thereto increasing the existing design capacity. Microwave installations with towers less than 90 feet in height and/or utilizing less than one acre in size for tower installation shall be exempt from this definition.

**Mineral Deposits of Commercial Quantity and Quality**

Natural mineral deposits of limestone, coal, gravel, sand, and quarry aggregate for which extraction is or will be commercially feasible and for which it can be demonstrated by geologic, mineralogical, or other scientific data, the deposit is of significant value to the County.

**Mining**

The development or extraction of a mineral from its natural occurrences on affected land. The term includes, but is not limited to: open mining and surface operation and the disposal of refuse from underground and in-situ mining. The term includes the following operations on affected lands: transportation concentration; milling; evaporation; and other processing. The term does not include: the exploration and extraction of natural petroleum in a liquid or gaseous state by means of wells or pipe or the extraction of geothermal resources.

**Mixed-Use Development**

A single building containing residential and non-residential uses comprised of commercial/retail or industrial.

**Mixed-Use, Horizontal**

A development that contains both commercial and residential uses that share common features, that may include, but is not limited to, parking, access, building design features, or common open or amenity space.

**Mixed-Use, Vertical**

A building that contains both commercial and residential uses with permitted nonresidential uses on the first floor and permitted residential uses on the upper floors.

**Mobile Food Vendor**

A vehicle-mounted or towed unit used to prepare, serve, and/or sell food or beverages.

**Mobile Home**

A structure, transportable in one or more sections, which is built on a permanent chassis and designed to be used as a dwelling with or without permanent foundation, and which has not been certified under the "National Manufactured Housing Construction and Safety Standards Act" (42 U.S.C. § 4501 *et seq*., as may be amended). Mobile homes have not been produced since 1976. See also "Manufactured Home". Mobile homes and mobile home parks are prohibited uses.

**Mobile Home Park**

A parcel of land, under single ownership, planned and improved for the placement of mobile homes, where each mobile home is designed, arranged and intended to be occupied by one living unit, located on a single or multiple lots, being the principal use of the lot, and not connected to any other residence. Mobile homes and mobile home parks are prohibited uses.

**Mobile Office Structure**

A factory-fabricated, transportable building that is designed to arrive at a site ready for occupancy, except for minor unpacking, anchoring, and connection to utilities, and designed for removal to and installation at other sites.

**Mobile Premises**

A licensed premises operated by a Marijuana Hospitality Business in a motor vehicle, which includes any self-propelled vehicle that is designed primarily for travel on the public highways and that is generally and commonly used to transport persons and property over the public highways or a low-speed electric vehicle; but does not include electrical assisted bicycles, electric scooters, low-power scooters, wheelchairs, or vehicles moved solely by human power.

**Mobile Storage Container**

A sealed, contained mini-mobile storage used for the purpose of temporary storage of goods and materials, excluding roll-off trash collection containers.

**Model Home**

A dwelling representative of other dwellings offered for sale or lease, or to be built in an area of residential development within the County. A model home is used for the sole purpose of selling similar units within the same development and used for this purpose only until all developments are sold.

**Modular Home**

A factory built home, other than a mobile home, which meets all of the following requirements: is designed only for erection or installation on a site-built permanent foundation; is not designed to be moved once so erected or installed; is designed and manufactured to comply with a nationally recognized model building code or an equivalent local code, or with a state or local modular building code recognized as generally equivalent to building codes for site-built housing. Such units shall provide all of the accommodations necessary to be a dwelling unit and shall be connected to all utilities in conformance with applicable regulations. The term modular home does not include a recreational vehicle.

**Modular Non-Residential Unit**

A factory-built structure not built on-site, which is not designed for residential use or human habitation.

**Monopole Tower**

A structure designed and constructed to support antenna or antennas for the purpose of providing telecommunications services and which consists solely of a stand-alone ground mounted support pole, pipe, or other solid structure. A monopole tower shall not include any tower supported or attached to guy or support wires. A monopole tower is not a lattice tower.

**Monument**

A rebar, being a minimum of 5/8” inch in diameter and a minimum of thirty inches in length, with a durable cap bearing the Colorado registration number of the surveyor responsible for the establishment of said marker securely affixed to the top of each rebar.

**Mortuary**

An establishment with facilities for the preparation of the deceased for burial or cremation to include embalming, for the viewing of the body, and for funerals. Also known as Funeral Home or Funeral Parlor.

**Mover**

The drilling contractor or trucking contractor actually transporting the drilling rig for the operator.

**Movie Theatre**

A building or portion of a building used for the indoor exhibition of motion pictures to the public, typically featuring one or more auditoriums with fixed seating. This use does not include facilities regularly used as classrooms at educational institutions or any sexually-oriented businesses.

**Moving and Transfer Company**

A commercial establishment, which moves and transfers items.

**Multi-Well Site**

As it relates to Oil and Gas Operations, a common well pad from which multiple wells may be drilled to various bottomhole locations.

**Municipal Separate Storm Sewer System (MS4)**

Any public owned conveyance or system of conveyances of stormwater that discharge to State Waters and is designed for or used for collecting or conveying stormwater. The MS4 is not a combined sewer, and is not part of a Publicly Owned Treatment Works (POTW). Examples include, but are not limited to; roads with drainage systems, roadside ditches, curbs, gutters, man-made channels, ditches, catch basins, municipal streets, storm drainage facilities (detention or retention ponds) storm sewer infrastructure (pipes, manholes, culverts, inlets/drains), and conveyances that are owned or operated by the County through agreement, contract, direct ownership, easement or right-of-way and are for the purpose of managing floodplains, stream banks and channels. This term may also be referred to as “storm drainage system”.

**Municipal Separate Storm Sewer System (MS4) Permit**

State or federal stormwater discharge permit that regulates discharges from Municipal Separate Storm Sewer Systems (MS4) for compliance with Clean Water Act regulations.

**Municipal Separate Storm Sewer System (MS4) Permitted Area, Adams County**

Area within unincorporated Adams County’s Urbanized Area, including projected Adams County’s Growth Area (if applicable), designated based on census information, which is revised and adopted as part of the Adams County’s MS4 Permit application and renewal permit process.

**Mural**

A hand-produced work of visual art applied directly upon, or affixed directly to an exterior wall of a building.

**Museum**

A profit or non-profit, commercial or non-commercial establishment operated as a repository for a collection of nature, scientific, or literary curiosities, objects of interest, or works of art, not including the regular sale or distribution of the objects collected.

# N

**National Pollutant Discharge Elimination System (NPDES)**

The national program under Section 402 of the Clean Water Act that regulates of discharges of pollutants from point sources to waters of the U.S.

**Natural Hazard**

A geologic, wildlife, or flood condition that is adverse to past, current, or foreseeable construction or land use and constitutes a significant hazard to public health and safety or to property.

**Natural Lake or Pond**

A body of standing water, usually at least six feet deep, that was created by natural processes.

**Natural Medicine**

Any of the following substances: Psilocybin; Psilocin; Dimethyltryptamine; Ibogaine; and Mescalin. It does not include the synthetic analogs of any of the listed substances.

**Natural Medicine Business**

Any of the following entities licensed pursuant to the Colorado Natural Medicine Code in Article 50 to Title 44 of the Colorado Revised Statutes: Natural Medicine Healing Center; Natural Medicine Cultivation Facility; Natural Medicine Manufacturing Facility; and Natural Medicine Testing Facility.

**Natural Medicine Cultivation Facility**

A facility that is licensed by the state licensing authority for the cultivation of natural medicine products pursuant to the Colorado Natural Medicine Code, C.R.S. § 44-50-101 *et seq*., and associated state rules.

**Natural Medicine Healing Center**

A facility that is licensed by the state licensing authority for natural medicine that administers natural medicine to patients on site pursuant to the Colorado Natural Medicine Code, C.R.S. § 44-50-101 *et seq*., and associated state rules.

**Natural Medicine Facilitator**

A person who is twenty-one years of age or older, has the necessary qualifications, training, experience, and is licensed by the state licensing authority to practice the facilitation of natural medicine.

**Natural Medicine Manufacturing Facility**

A facility that is licensed by the state licensing authority for manufacturing of natural medicine products pursuant to the Colorado Natural Medicine Code, C.R.S. § 44-50-101 *et seq*., and associated state rules.

**Natural Medicine Testing Facility**

A facility that is licensed by the state licensing authority for testing of natural medicine products pursuant to the Colorado Natural Medicine Code, C.R.S. § 44-50-101 *et seq*., and associated state rules.

**Nature Preserve**

An outdoor facility that preserves or protects a critical environmental feature or other natural feature and that may or may not be open to the public.

**Neighborhood, Community, or Recreational Center**

A place to be used as a place of meeting, recreation, or social activity.

**Neighborhood Indoor Uses**

A small-scale indoor facility intended to serve the daily needs of surrounding residential areas. These uses are typically low-impact, walkable destinations that operate primarily indoors and generate minimal noise, traffic, or outdoor activity.

**No Till or Slot Planting**

A conservation tillage system in which the soil is left undisturbed prior to planting. Planting is completed in a narrow seedbed approximately one to three inches wide. Weed control is accomplished primarily with herbicides. Residue from the preceding crop is to be retained on the soil surface with the exception of that buried by the drill.

**Node**

The terminus of a street or the intersection of two or more streets, except that intersections that use a roundabout shall not be counted as a node.

**Noncombustible Building Construction**

A material of which no part will ignite, burn, support combustion, or release flammable vapors when exposed to fire or heat. Any material conforming to the County's Building Codes shall be considered noncombustible, or a material having a structural base of noncombustible materials as defined above, with a surfacing material not over 1/8 inch thick which has a flame spread rating of 50 or less. the primary structural elements—including the framing, exterior walls, interior bearing walls, floors, and roofs—are made entirely of materials that will not ignite, burn, support combustion, or release flammable vapors when exposed to fire or heat

**Nonconforming Conditions**

An activity of a building, sign, fence, structure, or a portion thereof which lawfully existed before the adoption or amendment of these standards and regulations, but which does not conform to all of the regulations contained in these standards and regulations, or amendments thereto, which pertain to the zone district in which it is located.

**Nonconforming Lot**

A lot, the area, dimensions or location of which were lawful at the time the lot was created, but which fail to conform to the current standards and regulations due to adoption, revision, amendment, or government acquisition.

**Nonconforming Manufactured or Mobile Home Park**

A mobile home park lawfully created prior to January 1, 1980, that may or may not be located in the Mobile Home Dwelling Zone District and is recognized as an established mobile home park by the County Treasurer's Office.

**Nonconforming Sign**

Any sign, the area, dimensions or location of which were lawful at the time the sign was erected, but which fail to conform to the current standards and regulations due to adoption, revision or amendment.

**Nonconforming Structure**

Any structure for which the size, dimensions or location of which was lawful when erected or altered, but which fails to conform to the current standards and regulations due to adoption, revision or amendment.

**Nonconforming Use**

A use or activity, which was lawful when, originally established, but which fails to conform to the current standards and regulations due to adoption, revision, amendment, or government acquisition.

**Nonconformity, Dimensional**

A nonconforming situation that occurs when any one of the following items does not conform to the standards and regulations applicable to the zone district in which the property is located:

1. The height, size, or minimum floor area of a structure;
2. The relationship between an existing structure or structures and other structures; or
3. The lot lines of a parcel.

**Nonfunctional Artificial Turf**

Artificial turf that is not functional artificial turf.

**Nonfunctional Turf**

Turf that is not functional turf. Nonfunctional turf includes turf located in a street right-of-way, parking lot, median, or transportation corridor. Nonfunctional turf does not include turf that is designated to be part of a water quality treatment solution required for compliance with federal, state, or local agency water quality permitting requirements that is not irrigated and does not have herbicides applied.

**Nonhazardous Materials**

Materials not defined as “Hazardous Materials” or “Hazardous Waste” in this DSR.

**Nonliving Material**

Material associated with landscaping such as lava rock, washed river rock, wood chips, and other similar nonliving decorative material.

**Non-Site Related Improvements**

Road capital improvements and right-of-way dedications for roads on the County’s major roadway system. Roadway improvements identified in the Division regarding Road Impact Fees are not site-related improvements.

**Nude Model Studio**

Any place where a person appears in a state of nudity or displays “specified anatomical areas” and is provided for money or any form of consideration to be observed, sketched, drawn, painted, sculpted, photographed, or similarly depicted by other persons.

**Nudity or State of Nudity**

The appearance of human bare buttock, anus, male genitals, or the areola or nipple of the female breast; or a state of dress which fails to opaquely and fully cover human buttocks, anus, male or female genitals, pubic region or areola or nipple of the female breast.

**Nurseries**

Land and/or greenhouses used to raise flowers, shrubs, trees, grass, and/or other plants for the primary purpose of commercial sale.

**Nursery School**

See “Day Care Center, Child”.

**Nursing Home**

A health establishment, which provides nursing care under the direction of a Colorado, licensed physician to patients who, for reason of illness or physical infirmities, are unable to care for themselves.

**Nursing or Medical School**

A tertiary educational institution or professional school that teaches medicine or nursing, and awards a professional degree for physicians or nurses.

# O

**Obstruction**

Any dam, wall, embankment, levee, dike, pile, abutment, soil material, bridge, conduit, culvert, building, wire, fence, refuse, fill, structure or other matter in, along, across, or projecting into any channel which may impede, retard, or change the direction of the flow of water, either in itself or by catching debris carried by such water, or that is placed where the flow of water might carry the same downstream.

**Off-Premise Advertising Devices**

Signs advertising an establishment, merchandise, service, or entertainment, that is not sold, produced, manufactured, or furnished at the property on which the sign is located. These signs are commonly referred to as billboards.

**Offending Vegetation**

Weeds, noxious weeds as defined by the Colorado Department of Agriculture and/or as identified for mandated control and enforcement by the County Weed Manager, and any species identified by the County Weed Manager. Areas for cultivation of crops shall not be considered landscaping or offending vegetation.

**Office, Bail Bond**

A business whose primary purpose is to act as a surety to secure the presence of an accused person at a court proceeding in a criminal manner.

**Office Flex**

A type of development designed to be versatile, which may be used in combination with office (corporate headquarters), research and development, quasi-retail sales, wholesale operations, and including but not limited to craft manufacturing, warehouse, and distribution uses.

**Off-Site Directional Sign**

A sign, which directs attention to a business, commodity, service, activity or product, sold, conducted, or offered off the premises where such sign is located. An Off-Site Directional Sign shall be used to advertise a business, commodity, service, campaign, drive, or special event, which is located within 1,000 feet of the property on which the sign is placed.

**Off-Street Parking Space**

An area of 300 square feet, which shall include the parking space and the necessary area for ingress and egress.

**Oil and Gas Facility**

The definable area of maximum disturbance where an applicant intends to locate oil and gas wells, equipment or improvements, or additional supporting equipment upstream of the custody transfer point, used or installed for the exploration, extraction, production, withdrawal, treatment, or processing of crude oil, condensate, or natural gas.

**Oil and Gas Well Drilling and Production**

The drilling for and production of gas and oil, along with the installation of pumps, tanks, pits, treaters, and separators and other equipment.

**On-Site Wastewater Treatment System**

An absorption system of any size or flow, or a system or facility for collecting, storing, treating, neutralizing, stabilizing, or disposing of sewage which is not part of or connected to a sewage treatment works. An on-site wastewater treatment system with a designed capacity to receive more than 2,000 gallons per day is considered to be a domestic wastewater treatment works and subject to State Health and Adams County Health Department Regulations.

**Open Area**

Any real property in single or joint ownership with no structures.

**Open Space**

Any parcel or area of land or water essentially unimproved and set aside, dedicated, designated or reserved for public or private use or enjoyment, or for the use and enjoyment of owners and occupants of land adjoining or neighboring such lands.

**Open Space, Active**

Open space that may be improved and set aside, dedicated, designated, or reserved for recreational facilities such as swimming pools, play equipment for children, ball fields, court games, picnic tables, etc.

**Operations**

The business activities that a Hospitality Business engages in to provide a service to their customers.

**Operator**

The mineral estate owner, the mineral estate lessee, drilling contractor, production company, or any party or parties acting on behalf of any of the above.

**Ore Dump or Elevator**

A depository of barren rock from a mine and ore that was rejected as too poor to ship to a mill.

**Outdoor Advertising Sign**

See “Billboard”.

**Outdoor Consumption Area**

A Consumption Area that is outdoors and surrounded by a sight-obscuring wall, fence, hedge, or other opaque or translucent barrier.

**Outdoor Concerts and Events**

An outdoor establishment or facility used to accommodate an audience at public meetings or artistic performances, which usually includes a stage and seating.

**Outdoor Display**

The unenclosed display or sale of finished products actively available for sale. This definition includes, but is not limited to, lawn equipment, storage sheds, plants, propane tanks, ice machines, and similar items. This definition does not include products in shipping boxes, crates, on pallets, or other shipping containers, which are considered outdoor storage.

**Outdoor Sales Event**

The outdoor sale of goods for a short-term event and includes tent and parking lot sales, hail damage repair, sidewalk sales, and similar uses, but specifically excludes residential garage or yard sales, roadside stands, flea markets, and farmers' markets.

**Outdoor Storage**

The placement of materials, stock, supplies, shipping containers, mobile storage containers, machines, operable vehicles, equipment, manufacturing materials, or chattels of any nature that are not kept in a structure having at least four walls and a roof, for a continuous period of 24 hours or more. Outdoor storage shall not include:

A. Items for the general public such as new and used cars, recreational vehicles, boats, landscape stock or related materials, or rental automobiles where such items are permitted for sale in the district in which they are located;

B. Outdoor parking of motor vehicles regularly used in connection with the operation of an establishment or parked for less than 48 hours for maintenance;

C. The storage of wrecked or inoperable vehicles in association with an approved automobile or bus repair use or automobile towing and storage yard use.

**Overall Development Plan**

A plan, map, and supporting materials required by these standards and regulations that outlines general, rather than detailed, development intentions and depicts a proposed subdivision in schematic form.

**Owner**

Any person who alone, jointly, or severally with others:

1. Has a legal, possessory or equitable interest in a dwelling unit, with or without accompanying actual possession thereof; or
2. Acts as the agent of a person having a legal, possessory or equitable interest in a dwelling or dwelling unit thereof; or
3. Is the general representative or fiduciary of an estate through which a legal or equitable interest in a dwelling unit is administered.

# P

**Painting and Body Shop**

An establishment or area for the purpose of the replacement, painting, restoration, welding, rebuilding or refinishing of vehicle parts or body components of automobiles, trucks, and other motor vehicles.

**Parcel**

A unit of land recorded in public land records for taxation, ownership, or legal description purposes.

**Park, Private**

Land within or related to a development, not individually owned or dedicated for public use but generally owned and maintained by a homeowner's association, that is designed and intended for the common use or enjoyment of the residents of the development and their guests, and may include such complementary structures and improvements as are necessary and appropriate. Private parks may include trail areas, gardens, scenic areas, buffer areas, pools, tennis courts, playgrounds, and clubhouses.

**Parking Area**

A site or portion of a site devoted to the parking of motor vehicles including parking spaces, aisles, access drives, and landscaped areas.

**Parking Garage**

A multi-level covered structure that provides primary parking to the public.

**Parking Lot, Commercial**

A parking lot or parking garage for public parking for a fee, not including parking lots or garages operated as an accessory use in association with a residential, commercial, or industrial business. See "Automobile Parking Lot".

**Parking, Shared**

Joint use of a parking lot or area for more than one principal use.

**Parks, Public**

A tract of land designed for and used by the public for active or passive recreation, which may include structures containing athletic facilities, cooking facilities, and restrooms. Incidental sales related to active uses or temporary uses are permitted.

**Pawnbroker**

Defined in accordance with C.R.S. § 29-11.9-101. Used motor vehicles, used clothing, and nonprofit establishments are excluded from the provisions of this definition.

**Pawn Shop**

A retail sales establishment where a pawnbroker regularly engages in or solicits business.

**Penal Institution**

The use of land for the confinement or safe custody of persons as a result of a legal process and may include attendance centers established for persons sentenced to serve periods of community service.

**Pennant**

Any lightweight plastic, fabric, or other material whether or not containing a message of any kind, suspended from a rope, wire, or string, usually in series, designed to move in the wind.

**Percent of New Trips Factor**

The percentage of peak hour trips which a proposed land use will generate that constitutes new or additional trips added to the County's major roadway system. Those trips that do not represent additional trip ends shall not be counted as new or additional trips. Pass-by trips and diverted trips do not constitute new trips.

**Permanent**

For the purpose of these standards and regulations, the term "permanent" shall mean any use or structure lasting for a period of five years or longer.

**Permanent Grass**

A conservation system in which native grass has been left untilled or reseeded to native or adapted/introduced grasses.

**Permanent Monument**

Any structure of masonry and/or metal placed on or in the ground, including those exclusively placed for surveying reference, which meet the requirements of state law.

**Permanent Structures**

Existing structures constructed after issuance of a valid building permit(s) by Adams County and occupied after the issuance of a valid Certificate(s) of Occupancy by Adams County.

**Permit**

An express written and formal approval, including any conditions of approval, to conduct a use allowed by a Certificate of Designation, Conditional Use, Special Use, Temporary Use, Domestic Sewage Sludge Application Permit, or other written and formal approvals adopted as a part of these standards and regulations.

**Permit Issuing Authority**

The entity authorized by these standards and regulations to issue a permit for a particular type of land use (the Director of Community and Economic Development for zoning review approval and temporary uses, Board of Adjustment for special uses, or Board of County Commissioners for conditional uses).

**Permitted Use**

A use permitted by right in a zone district. The use must comply with all applicable performance standards for the use or uses and all County and State regulations to be permitted.

**Person**

An individual, corporation, partnership, association, firm, other legal entity, state or political subdivision thereof, federal agency, state agency, municipality, commission, interstate body or other organization recognized by law and acting as either the owner or as the owner's agent.

**Philanthropic Institution**

An entity whose mission is to provide monetary, technical assistance, or other items of value for religious, charitable, scientific, literary, or educational purposes.

**Pit**

As it relates to Oil and Gas Operations, a subsurface earthen excavation (lined or unlined), or open top tank, used for oil or gas exploration or production purposes for retaining or storing substances associated with the drilling or operation of oil and gas wells. Pits may include drilling pits, production pits, reserve pits and special purpose pits as defined in COGCC Rules.

**Plains Area of Adams County**

For purposes of these standards and regulations, the Plains Area of Adams County shall mean those areas east of the areas designated for urban uses in the Airport Environs Plan. Separated by a line as follows: I-76 from the Weld County line to 152nd Avenue, then east to Watkins Mile Road, then south to 124th Avenue, then east to Quail Run Mile Road, then south to 80th Avenue, then east to Manila Mile Road, then south to 72nd Avenue, then east to Schumaker Mile Road, then south to the Arapahoe County line.

**Planned Unit Development (PUD)**

A zoning district guided by a planned development plan and developed as a coordinated unit to allow for greater flexibility and creativity in site design in exchange for additional public benefits.

**Planning Commission**

Planning Commission shall mean the Adams County Planning Commission, appointed by the Board of County Commissioners pursuant to C.R.S. § 30-28-103.

**Plant Nurseries and Greenhouses**

An establishments engaged in growing, cultivating, and selling plants, flowers, shrubs, trees, or other vegetation, either wholesale or retail, for transplanting or ornamental use.

**Plat**

A map or maps together with supporting documentation of certain described land prepared in accordance with these standards and regulations as an instrument which shall be filed with the Adams County Clerk and Recorder for providing a permanent and accurate record of the legal description, dedications, exact size, shape, and location of lots, blocks, streets, easements, and parcels of land within a subdivision. The plat, when recorded by the Adams County Clerk and Recorder, becomes the legal instrument whereby the location and boundaries of separate parcels of land within a subdivision are identified.

**Playgrounds and Play Fields**

Designated play areas and/or fields to be used for active and passive recreation for all ages including amenities such as swings, slides, sand boxes, water "spray grounds", volleyball sand courts, hard court play surfaces, open fields, and the like.

**Plaza**

An open space that may be improved and landscaped, usually surrounded by streets or buildings.

**Plugging**

As defined by the State of Colorado Energy and Carbon Management Commission (ECMC) Rules and Regulations.

**Police Station**

An establishment used for administration of police operations, the dispatch of police personnel and vehicles, and the incarceration of criminals.

**Polycyclic Aromatic Hydrocarbons (PAH)**

A large group of carbon-hydrogen organic compounds formed from the incomplete burning of coal, oil, gas, garbage, tobacco, and wood, as well as during high-temperature cooking.

**Polychlorinated Biphenyls (PCBs)**

A group of manmade chemicals that were used in various products like electrical equipment and paints until their production was banned in the U.S. in 1979 following research that concluded that such chemicals persist in the environment, accumulate in the food chain, and can cause health problems such as cancer, immune system damage, and developmental issues.

**Pollutant**

Pollutants may include, but are not limited to, any dredged spoil, dirt, slurry, solid waste, incinerator residue, sewage, sewage sludge, sediment, garbage, trash, chemical waste, biological nutrient, biological material, radioactive material, heat, wrecked or discharged equipment, rock, sand, or any industrial, municipal or agriculture waste, paints, varnishes, and solvents; oil and other automotive fluids; non-hazardous liquid and solid wastes; yard wastes including grass clippings and leaves; refuse, rubbish, garbage, litter, or other discarded or abandoned objects; accumulations that may cause or contribute to pollution; floatables; pesticides, herbicides, and fertilizers; hazardous substances and wastes; sewage, fecal coliform and pathogens; dissolved and particulate metals; pet wastes; wastes and residues that result from constructing a building or structure, concrete washout waste; wastes and residues that result from mobile washing operations; noxious or offensive matter of any kind, and any soil, mulch, or other type of landscaping material.

**Pollution**

Man-made, man-induced, or natural alteration of the physical, chemical, biological, and/or radiological integrity of water. Pollution includes the presence of any foreign substance (organic, inorganic) in water or wastewater which in sufficient concentration tends to degrade its quality so as to constitute a hazard or impair the usefulness or quality of the water to a degree which may not create an actual hazard to the public health but which does adversely and unreasonably affect such waters for their designated use.

**Pool Hall**

A facility wherein the principal use or activity is billiards, pool, or snooker, regardless of the number of billiard, pool or snooker tables.

**Post Office**

An office or station of a government postal system at which mail is received and sorted, from which it is dispatched and distributed, and at which stamps are sold or other services rendered.

**Poultry Farm**

An agricultural operation where chickens, turkeys, ducks, geese, or other domestic fowl are kept, raised, bred, or slaughtered for eggs or meat for the purposes of commercial sale.

**Power Plant**

Any electrical energy generating facility and appurtenant facilities which utilize a substation prior to distribution to a consumer, or any addition thereto, increasing the existing design capacity, except portable generators used in emergency situations.

**Pre-Application Conference (Special District Service Plan Review)**

A scheduled meeting between the applicant and one or more members of the District Review Team. The representative of the District Review Team and one staff person from the Development Review Section of the Community and Economic Development Department must attend this meeting. At the pre-application conference, the proposed District, the state statutes, and these regulations shall be discussed in detail.

**Premises**

A distinct and definite location, which may include a building, a part of a building, a room or any other definite contiguous area.

**Preschool**

See “Day Care Center, Child”.

**Primary Residence**

Primary residence means a residence which is the usual place of return for housing as documented by at least two of the following: motor vehicle registration, driver's license, Colorado state identification card, voter registration, tax documents, or a utility bill. A person can only have one primary residence.

**Principal Structure or Use**

The main or primary purpose for which a structure or land is used, and to which all other uses on the property are accessory.

**Prison**

A secure, government-operated correctional facility used for the confinement, custody, and supervision of individuals convicted of crimes or awaiting trial.

**Private Room**

A room in an adult motel that is not a peep booth, has a bed and a bath in the room or adjacent room, and is used primarily for lodging.

**Private Streets**

Those streets located on private land maintained by private entities and generally restricted to private use.

**Pro Forma (Special District Service Plan)**

A presentation of all projected expenses to be incurred and revenues to be generated by a proposed Special District showing the year-end financial status of the Special District for each year from the organization of the Special District until the repayment of all proposed debt.

**Professionally Prepared (Special District Service Plan Review)**

Meeting the standards set for Special District service plans by the District Review Team, to include, but not limited to, quality of map preparation, organization, and readability.

**Prohibited Animal**

Any animal which is ordinarily found in an unconfined state and is usually not kept as a household pet, including, but not limited to, lions, tigers, cheetahs, panthers, leopards, cougars, mountain lions, ocelots, any wild members of the genus felis, lynx, bobcats, foxes, minks, skunks, raccoons, bears, non-human primates, wolves and coyotes; poisonous lizards, poisonous and/or constrictor snakes; lethal toads and arachnids (spiders, scorpions and tarantulas). "Prohibited Animal" shall not include domestic ferrets (Mustelia furo), livestock, or household pets as defined herein. Alleged domestication of any prohibited animal shall not affect its status under this definition. The determination of prohibited animal status for an animal not listed herein will be made by the Director of Community and Economic Development.

**Property (or Home) Owners' Association**

A private, non-profit corporation or property owners for the purpose of owning, operating, and maintaining various common properties and facilities (except that as this definition relates to a condominium project, the property owners' association does not own the common property/facilities, it operates and maintains them on behalf of the condominium owners).

**Property, Non-Participating**

A parcel of land for which the owner has not entered into any written agreement with the owner or operator of a wind energy facility and has not consented to the placement of wind energy facilities or to reduced development standards.

**Property, Participating**

Participating Property means a parcel of land for which the owner has entered into a written agreement with the owner or operator of a wind energy facility that authorizes the placement of wind energy facilities or associated infrastructure on the parcel and may include consent to reduced setback, noise, or other development standards.

**Protective Living Facilities**

Housing where the residents are assigned to the facility and are under the protective care of the county, state, or federal government. This use includes: jails or prisons; work release; psychiatric hospitals; and comparable facilities.

**Public Improvement**

Any improvement, facility or service together with its associated public site or right-of-way necessary to provide transportation, drainage, public or private utilities, energy or similar essential services.

**Public Sewer and Water Facilities**

Those sewer and water facilities of a municipality or special district authorized by Title 32 of the Colorado Revised Statutes.

**Public Service**

A use that provides public services, including police stations, post offices, and fire stations, as well as other municipal services that are not utilities. The phrase “public service” also includes conservation agencies. The phrase does not include office uses.

**Public Streets**

Any streets or highways recognized by the public agency having jurisdiction over them.

**Public Utility**

Improvements, which include gas lines, water mains, sanitary storm sewerage, electrical cables and lines, telephone cables and lines, telecommunication facilities and lines, or other facilities of a similar nature.

**Public Utility Storage, Yards, and Service Installments**

An area used for storage for establishments engaged in public services or utilities.

**Public Water Supply Well**

A well or system of wells that provide water via piping or other constructed conveyances for human consumption to at least 15 service connections or serves an average of at least 25 people for at least 60 days each year.

**Putrescible Waste**

Those solid wastes that contain organic matter capable of being decomposed by microorganisms, and of such character and proportion as to be capable of attracting or providing food for birds or disease vectors.

# Q

**Quarry**

A place where rock, ore, stone, sand, and similar materials are excavated for sale or for off-site use.

**Quasi-Judicial Rezoning**

A site-specific Zoning Map Amendment that applies to a single property or a limited number of properties and is considered a quasi-judicial action rather than a legislative action.

# R

**Radio and TV Broadcasting Station**

A structure with electronic equipment that generates and amplifies a carrier radio or TV wave, modulates it, and radiates the resulting signal from an antenna.

**Radio or TV Broadcasting Towers**

A structure intended for transmitting or receiving radio or television communications that may include parabolic dishes or microwave relay dishes mounted on the tower.

**Railroad Terminal**

A facility used for the transfer of passengers and freight to other modes of transportation.

**Railroad Transportation**

Facilities and rights-of-way used for the operation of passenger or freight trains, including tracks, switching yards, sidings, stations, terminals, maintenance areas, and related support facilities necessary for rail service. This use does not include passenger or freight terminals intended primarily for truck or bus operations.

**Railroad Yard**

An area of land, a portion of which is covered by a system of train tracks, used for the classifying, switching, storing, assembling, distributing, consolidating, moving, repairing, weighing, or transferring of train cars, trains, engines, locomotives, and rolling stock.

**Ranching**

Land used for grazing livestock for the primary purpose of obtaining a monetary profit.

**Reach**

A hydraulic engineering term to describe longitudinal segments of a stream or river. A reach will generally include the segment of the floodplain where flood heights are primarily controlled by manmade or natural floodplain obstructions or restrictions. In an urban area, the segment of a stream or river between two consecutive bridge crossings would most likely be a reach.

**Real Estate Agents, Brokers, and Management**

An office that employs licensed professionals who represent buyers, sellers, property owners, and lessees in real estate transactions. It includes any administrative support staff or managers also employed at the location.

**Real Estate Office (Temporary)**

The use of an office or model home for the purpose of selling or leasing new homes incidental to a new development.

**Rear Lot Line**

See "Lot Lines, Rear".

**Recovery Residence**

A "recovery residence" as that term is defined in C.R.S. § 27-80-129(1)(b)(I). A recovery residence may be either a Group Home, FHAA or a Group Residential Facility, but in either instance, it is a residential use.

**Recreational Uses**

Recreational uses include active and passive recreational services and parcels open to the public, such as parks, open spaces, trails, playfields, and the like. Incidental sales associated with recreational uses is permitted. These recreational opportunities are meant to serve the recreational and social interaction needs of the residents of all ages, economic situations, and physical conditions, and include publicly owned lands, open spaces, trails, playfields, and the like.

**Recreational, Indoor Uses**

An enclosed facility which offers active recreation opportunities, such as indoor swimming, tennis courts, racquetball, handball, and the like. This use may include incidental eating and drinking areas, incidental sales, and staff offices.

**Recreational, Outdoor Uses**

An area or facility where any portion of the recreation activity takes place outside including swimming pools, game courts, and playgrounds. This use may include incidental eating and drinking areas, incidental sales, and staff offices.

**Recreational Vehicle**

A vehicle that is:

A. Built on a single chassis;
B. Four hundred-square feet or less when measured at the largest horizontal projections;
C. Designed to be self-propelled or permanently towable by a light duty truck; and
D. Not designed primarily for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

**Recyclable Materials**

A type of material subject to reuse or recycling. Recyclable materials include metal, glass, cloth, paper, plastic, or any other material which presently has a commercial use or value as a commodity, raw material, or feedstock and is intentionally separated from a waste stream for reprocessing or remanufacture. Recyclable materials do not include any material meeting the definition of a hazardous waste under C.R.S. § 25-15-101(6), any material meeting the definition of an infectious waste under Section C.R.S. § 25-15-402(1), any material meeting the definition of a putrescible waste, or any other materials likely to contaminate ground water, create off-site odors, or otherwise pose a threat to human health or the environment as a result of processing, reclaiming, recycling, storage prior to recycling, or use of the material.

**Recycling**

The action or process of converting waste into reusable material.

**Recycling Collection Facility**

A bin or other weather-tight container enclosed with a door or lid for the acceptance by donation, redemption, or purchase of recyclable material for transshipment to a recycling center, or an industrial processing facility.

- A small recycling collection facility does not occupy a permanent building and does not contain the processing activities of a large recycling facility.
- A large recycling collection facility may occupy a permanent structure, may also accept used motor oil in accordance with applicable health and safety regulations, and may include such power-driven light processing including aluminum foil and can compacting, baling, plastic shredding, or other light processing activities necessary for efficient temporary storage and shipment of material.

**Recycling Facility**

Operators and owners claiming exclusion from Certificate of Designation Regulations by operating facilities, or sites receiving solid waste materials, for the purpose of processing, reclaiming, or recycling solid waste materials, including but not limited to metals, paper, plastics, organics, asphalt, and concrete. The exclusion requires submittal of a design and operations plan to the Community and Economic Development Department, which will be reviewed in accordance with the recyclable materials criteria.

**Redevelopment**

Improvements to a site that is already substantially developed with 35 percent or more of existing impervious area. Improvements include the creation or addition of impervious area (including removal and/or replacement), to include the expansion of a building footprint or addition or replacement of a structure; structural development including construction, replacement of impervious area that is not part of a routine maintenance activity; and land disturbing activities. Depending on the scale of the redevelopment activity, a Stormwater Quality (SWQ) Permit and/or post-construction stormwater requirements may be required.

**Reduced-till (Minimum-till)**

A tillage and planting system that meets at least 1,000 pounds flat small grain residue equivalent for wind erosion control and at least 30 percent ground cover for water erosion control.

**Reference Tag**

Any type of permanent tag bearing the Colorado registration number of the surveyor responsible for the establishment of said marker.

**Refuse Transfer Facility**

Any facility that accepts garbage, trash, rubbish, debris and other types of discarded or waste materials for the purposes of collection, temporary storage, or transfer to other locations for disposal.

**Religious Institution**

Structures or places in which worship, ceremonies, rituals, and education pertaining to a particular system of beliefs are held, together with its accessory buildings and uses (including buildings used for educational and recreational activities), operated, maintained, and controlled under the direction of a religious group. Accessory uses include school facilities, parking, caretaker's housing, pastor's housing, and group living facilities such as convents. Examples include churches, temples, synagogues, and mosques.

**Rental Services**

A retail establishment that rents to the general public merchandise, such as furniture, appliances, and similar goods that are housed inside a building.

**Repair**

The non-routine process of restoring by replacing a part or putting together what is torn or broken. This term shall also mean the non-routine process of restoring to a sound and serviceable state through correction of a specific failure or unserviceable condition.

**Research, Development, Testing Laboratories**

Research, development, and testing laboratories that do not involve the mass manufacture, fabrication, processing or sale of products. Such uses shall not violate any odor, dust, smoke, gas, noise, radiation, vibration, or similar pollution standards as specified herein.

**Residence**

A place of primary habitation. For the purposes of these standards and regulations, the terms residence and dwelling are interchangeable.

**Resort**

A set of buildings and uses that shall include overnight accommodations, restaurants, and indoor and outdoor entertainment.

**Restaurant, Conventional**

An eating/drinking establishment where the principal business is the sale of food and beverages in a ready-to-consume state where beer, wine, spirits, and other liquors may be produced on the premises as an accessory use. A conventional restaurant may have a drive-through and pick-up window for orders that are phoned in or ordered online; however, customers shall not place orders on-site and outdoor menu boards are not located on-site. A restaurant with a drive-through or pick-up window for orders placed on-site is considered a fast food restaurant.

**Restaurant, Fast Food**

An eating/drinking establishment that provides a drive-through and pick-up facility for placing and receiving orders and may be either: (1) a free-standing operation; or (2) a non-free-standing operation incorporated into a building within which one or more other compatible and complimentary uses exist, and whose principal business is the sale of pre-prepared or rapidly prepared food to the customer in a ready-to-consume state for consumption either within the restaurant building or for carry-out with consumption off the premises, and whose design or principal method of operation includes two or more of the following characteristics:

A. The elimination, in whole or in part, of table service, thus requiring customers to place orders at a counter where the orders are filled;

B. The food is usually served in edible containers or in paper, plastic, or other disposable containers;

C. The facilities for on premises consumption of food are insufficient for the volume of food sold by the restaurant; or

**Restricted Access Area**

A designated and secure area within a Licensed Premises in a Retail Marijuana Hospitality and Sales business where Retail Marijuana is sold to consumers, processed for sale, and displayed for sale, and where no one under the age of 21 is permitted.

**Retail Marijuana**

Marijuana that is grown, tested, manufactured, and/or sold pursuant to the provisions of these regulations, the Colorado Marijuana Code and Section 16 of Article XVIII of the Colorado Constitution, that is cultivated, manufactured, distributed, or sold by a licensed retail marijuana business. If the context requires, retail marijuana includes retail marijuana concentrate and retail marijuana products.

**Retail Marijuana Business**

A retail marijuana store, a retail marijuana cultivation facility, a retail marijuana product manufacturing facility, a retail marijuana hospitality and sales business, a marijuana hospitality business, or a retail marijuana testing facility as set forth in Section 16 of Article XVIII of the Colorado Constitution and as may be more fully defined in the Colorado Marijuana Code.

**Retail Marijuana Code**

C.R.S. § 44-10-101 *et seq*. and any rules or regulations promulgated thereunder.

**Retail Marijuana Cultivation Facility**

A person licensed pursuant to this DSR and the Colorado Marijuana Code as defined therein and in Section 16 of Article XVIII of the Colorado Constitution.

**Retail Marijuana Hospitality and Sales Business**

An entity licensed to (1) purchase Retail Marijuana from a Retail Marijuana Business, (2) Transfer Retail Marijuana to consumers, and (3) permit the use or consumption of Retail Marijuana Transferred to a consumer within the Restricted Access Area.

**Retail Marijuana Products Manufacturer**

A person licensed pursuant to this DSR and the Colorado Marijuana Code as defined therein.

**Retail Marijuana Store**

A person licensed pursuant to this DSR and the Colorado Marijuana Code as defined therein.

**Retail Marijuana Testing Facility**

Shall have the meaning ascribed to it by state law.

**Retirement Home**

An establishment used as a multiple dwelling residence for retired persons in separate dwelling units with limited accessory services such as recreation and other common facilities, and may include nursing or hospital care.

**Revegetation**

The reseeding or planting of native or introduced plant species adapted to the land site and have been approved by the Soil Conservation District Board.

**Riding Stable or Academy**

Any establishment where horses are boarded and cared for; where instruction in riding, jumping, and showing is offered; and/or where horses may be hired for riding. A riding stable or academy may also be an accessory use in the operation of a club, association, ranch, or similar establishment.

**Right-of-way (ROW)**

The legal or physical corridor reserved for transportation purposes. It includes the portion used for vehicle travel, plus shoulders, sidewalks, drainage areas, utilities, landscaping, slopes, and other areas within the public or private transportation easement.

**Riparian Plant Community**

A plant community associated with watercourses in Adams County. Riparian plant communities shall be delineated using the "Field Guide to the Wetland and Riparian Plan Associations of Colorado" (Colorado Natural Heritage Program, Colorado State University, 2003).

**River**

The South Platte River and Clear Creek.

**Road Capital Improvement**

Includes transportation planning, preliminary engineering, engineering design studies, land surveys, alignment studies, right-of-way acquisition, engineering, permitting, and construction of all necessary features for any road construction project on a road on the County's major road system, undertaken to accommodate traffic resulting from new traffic-generating land development activity. Road capital improvements shall include but not be limited to: (a) construction of new through lanes, (b) construction of new bridges, (c) construction of new drainage facilities in conjunction with new road construction; (d) purchase and installation of traffic signals, including new and upgraded signalization, (e) construction of curbs, gutters, sidewalks, medians and shoulders, (f) construction of turn lanes, and (g) widening of existing roads.

**Roadside Stand**

A temporary structure used primarily to sell products produced on the property.

**Roadworthy**

A condition in which a motor vehicle has sufficient power and is fit to operate on the roads and highways of this state after visual inspection by appropriate law enforcement authorities. In order to be roadworthy, such vehicle, in accord with its design and use, shall have all major parts and systems permanently attached and functioning and shall not be repaired in such a manner as to make the vehicle unsafe. "Major parts and systems" shall include, but not be limited to, the body of a motor vehicle with related component parts, engine, transmission, tires, wheels, seats, exhaust, brakes, and all other equipment required by Colorado law for the particular vehicle.

**Rock Climbing Wall**

A feature at a sports center or in a gymnasium fitted with attachments to simulate a rock face for climbing practice.

**Rodeo**

See "Equestrian Arena, Commercial" and "Equestrian Arena, Personal".

**Roof Sign**

Any sign painted, erected, or constructed wholly on and over the roof of a structure, supported by the roof structure, or extending vertically above the highest portion of the roof.

**Rural Street**

Section line roads function in similar capacity to arterials, although may not have the levels of traffic. Paved and gravel rural roads can function in a similar manner as collector or local streets in rural areas.

# S

**Safe Parking Site**

A location that provides individuals and families who are experiencing homelessness and living in their vehicle a dedicated, safe place to park.

**Sale or Sell**

Includes to exchange, barter, or traffic in, to solicit or receive and order except through a licensee licensed under this DSR, to deliver for value in any way other than gratuitously, to peddle or possess with intent to sell, or to traffic in for any in for any consideration promised or obtained directly or indirectly.

**Sales and Office Trailer**

A temporary residential sales office used in conjunction with a residential development or subdivision.

**Salvage Yard**

A building, structure, parcel of land, or portion thereof, where two or more motor vehicles not in running condition, or parts thereof, are stored in the open and are not being restored to operation; or any land, building, or structure used for wrecking or storing of such motor vehicles or farm machinery, or parts thereof, stored in the open and not being restored to operating condition.

**Sanatorium**

A hospital used for treating chronic and long-term illness and various nervous and mental disorders.

**Sanitary Landfill/Solid Waste Disposal**

A site for the disposal of refuse on land without creating a nuisance or hazard to public health and safety by utilizing the principles of engineering to confine the refuse to the smallest practical area, reduce it to the smallest practical volume, and regularly cover it with a layer of earth on a daily or more frequent basis.

**Savings and Loan Institutions**

See “Financial Institutions”.

**Scenic View**

A view from a highway or from private property of a natural setting that contains one or more of the following: mountains, valleys, rivers, wetlands, farmlands, or other open spaces.

**School**

A public or private educational establishment for children between kindergarten and 12th grade.

**School, College or University**

A public or private institution of higher learning (beyond grade 12) providing courses as approved by the Colorado Department of Education.

**School, Commercial**

A structure or group of structures where instruction is given to pupils in arts, religion, crafts, philosophy, or trades, and is operated as a commercial enterprise.

**Schools, Primary and Secondary, Public or Private**

A school for any grades between the first and twelfth grade teaching accredited courses of instruction as approved by an agency of the State of Colorado.

**Scrap Processing or Shredding Yard**

A use involving the coordination, scheduling, and management of freight and cargo transportation for others, without the physical handling or storage of goods on-site. Typical activities include freight forwarding, shipping brokerage, logistics management, and other transportation arrangement services that facilitate the movement of goods by air, rail, water, or highway.

**Seasonal Sales**

The temporary sale of goods or products associated with the season or a cultural event, such as the sale of Christmas trees, pumpkins, or seasonal produce. Such sales typically take place in locations not devoted to such sales for the remainder of the year.

**Seismic Operations**

As it relates to Oil and Gas Operations, all activities associated with acquisition of seismic data including but not limited to surveying, shothole drilling, recording, shothole plugging and reclamation.

**Self Storage**

A facility that contains separate storage spaces that are accessed from inside or outside a building. The storage spaces may be of various sizes and are leased or rented on an individual basis.

**Semi-nude**

A state of dress in which clothing covers no more than the genitals, pubic region, and areola of the female breast, as well as portions of the body covered by supporting straps or devices.

**Semi-Volatile Organic Compound (SVOC)**

A class of chemicals with properties between those of highly volatile organic compounds (VOCs) and less volatile substances. They are characterized by their moderate vapor pressure and higher boiling points, leading them to be more likely solids or liquids at lower temperatures and to partition between gas, particle, and dust phases. Common sources of SVOCs include pesticides, flame retardants, personal care products, and chemicals from manufacturing, and they can be found in both indoor and outdoor environments. (US EPA).

**Senior Center**

A building or part of a building used as a place of meeting, recreation, or social activity for persons 55 or older that is operated as a nonprofit.

**Septage**

A liquid or semisolid that includes normal household wastes, human excreta, and animal or vegetable matter in suspension or solution generated from a residential, commercial, or industrial septic tank system.

**Service Plan**

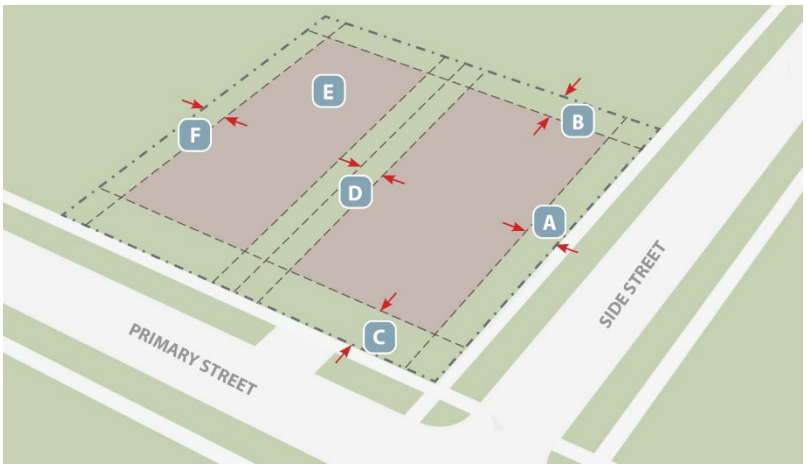
The documentation submitted to Adams County by an applicant proposing the organization of a Special District, including text, maps, charts, and tables, and containing all the information required in the Colorado Revised Statutes and these standards and regulations.

**Service Provider, Special District Service Plan**

Any municipal or quasi-municipal organization, which currently has or plans to have the ability to provide any or all of the services proposed in the service plan under review.

**Setback**

The horizontal distance of a required private open area at grade between the outer wall of a building or structure and the adjoining property lines, or, in the case of an abutting private street, the back-of-curb, unoccupied and unobstructed by any portion of a structure from the ground upward. The front ("C") and rear ("B") setbacks span the entire width of the property. The interior side ("D"), and corner ("A") setbacks extend from the required front setback line to the required rear setback line.



**Setback Line**

A line defining the minimum front, side, and rear yard requirements.

**Setback Line, Front**

The setback required between a building and the front property line of the lot on which the building is located, extending along the full length of the front property line between the side property lines.

**Settlement**

The lowering of the top grade of the landfill due to further compaction of the soil and the decomposition of organic matter.

**Sewage Sludge**

A combination of liquid wastes that may include chemicals, house wastes, human excreta, animal or vegetable matter in suspension or solution, and other solids in suspension or solution that is discharged from a dwelling, building, or other establishment.

**Sexual Encounter Establishment**

A business or commercial establishment, as one of its primary business purposes, offers, for any form of consideration, a place where two or more persons may congregate, associate, or consort for the purpose of "specified sexual activities" or the exposure of "specified anatomical areas" or activities when one or more of the persons is in a state of nudity or seminude. An adult motel will not be classified as a sexual encounter establishment by virtue of the fact it offers private rooms for rent.

**Sexually Oriented Business**

An adult arcade, adult bookstore, adult novelty shop, adult video store, adult cabaret, adult motel, adult motion picture theater, adult theater, sexual encounter establishment, or nude model studio. The definition of sexually oriented businesses shall not include an establishment where a medical practitioner, psychologist, psychiatrist, or similar professional person licensed by the state engages in medically approved and recognized sexual therapy.

**Shelter, Emergency**

An immediate and temporary place for individuals and families without a home to stay that provides support services and short-term stabilization.

**Sheltered Care Home**

A residential dwelling or facility providing room, board, and supervised care for individuals who do not require continuous medical or nursing services but may need assistance with daily living activities, personal care, or protective oversight.

**Shooting Range**

See "Gun and Archery Range".

**Short-Term Rental**

A residential dwelling that is rented, leased, or licensed (in the real estate, not regulatory, meaning of that term) for compensation, direct or indirect, as lodging accommodations in periods of 30 consecutive days or fewer. Short-term rentals shall be occupied by (a) primary resident(s) for at least 180 calendar days of the year. Short-term rentals shall be an accessory use to a principal use of residential.

**Shoulder**

The graded part of the right-of-way that lies between the edge of the main pavement (main traveled way) and the curb line.

**Side Lot Line**

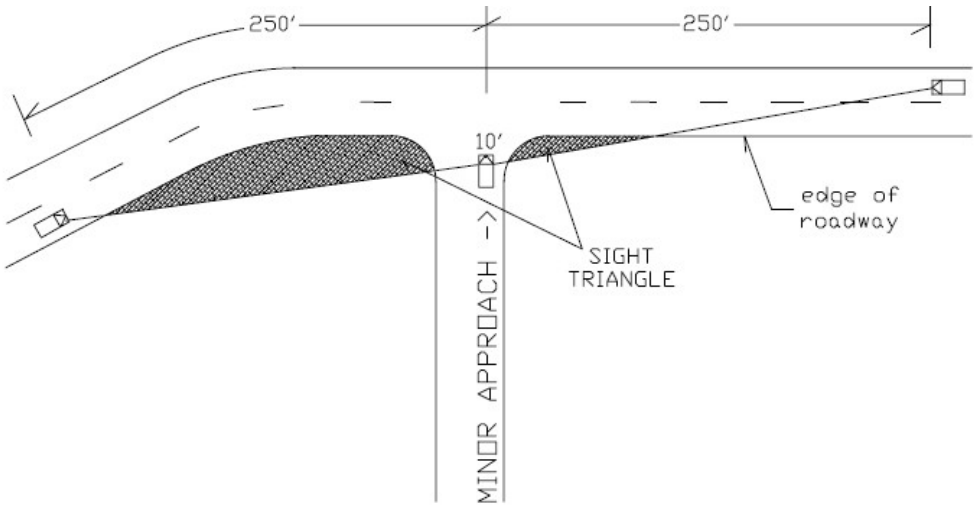
Any property line of a lot other than front or rear lot lines.

**Sidewalk**

A paved path provided for pedestrian use and usually located at the side of a road within the right-of-way, which meets specifications set forth in these standards and regulations.

**Sight Distance Triangle**

An area that includes that portion of public right-of-way and any private property within the shaded area depicted below based on the metrics in Table 16-02-1, *Sight Distance Triangle Measurements*, below. The vertical dimensions of the site distance triangle 30 inches above finished grade and eight feet above sidewalk elevation and 12 feet above road elevation. The sight distance triangle shall be measured from the center of the nearest approach lane at a point 10 feet behind the curb, edge of pavement, or edge of traveled roadway to the center of the nearest approaching traffic lane for each direction. In situations with a higher volume or speed, or projected higher volume of three or more axle, truck trailer combinations, this measurement should be increased to 15 feet behind curb or edge of roadway. The image below shows a sight distance triangle using a posted speed of 25 mph.



| Table 16-02-1, Sight Distance Triangle Measurements | | | | | |
|---|---|---|---|---|---|
| Posted Speed Limit (MPH) | Minimum Sight Distance | Grade Correction Distance (Feet) | | | |
| | | **Upgrades** | | **Downgrades** | |
| | | **3%** | **6%** | **3%** | **6%** |
| 25 | 250 ft. | 0 ft | -10 ft. | +10 ft. | +20 ft. |
| 30 | 300 ft. | 0 ft | -10 ft. | +10 ft. | +20 ft. |
| 35 | 350 ft. | -10 ft. | -15 ft. | +10 ft. | +35 ft. |
| 40 | 400 ft. | -10 ft. | -20 ft. | +30 ft. | +40 ft. |
| 45 | 450 ft. | -15 ft. | -30 ft. | +25 ft. | +55 ft. |
| 50 | 500 ft. | -20 ft. | -40 ft. | +30 ft. | +70 ft. |
| 55 | 550 ft. | -35 ft. | -75 ft. | +40 ft. | +90 ft. |

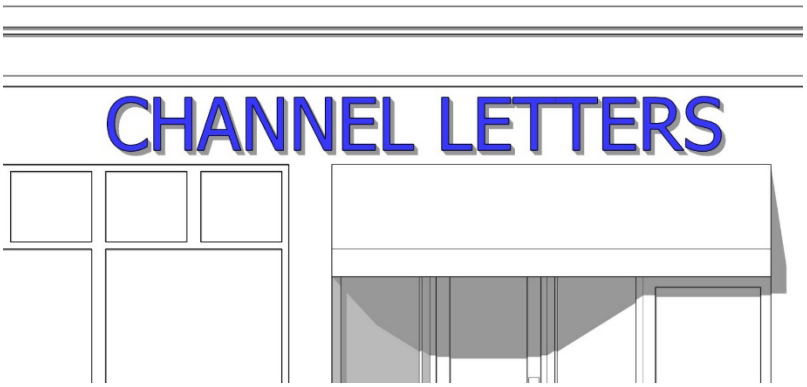
## Sign

Any device, fixture, placard, or structure that uses any color, form, graphic, illumination, symbol, or writing to advertise, announce the purpose of, or identify the purpose of a person, or entity, institution, organization, business, product, event, or location, to communicate information to the public. The term includes structures and objects that are erected or placed on a property or structure to attract attention or to advertise.

## Sign Area

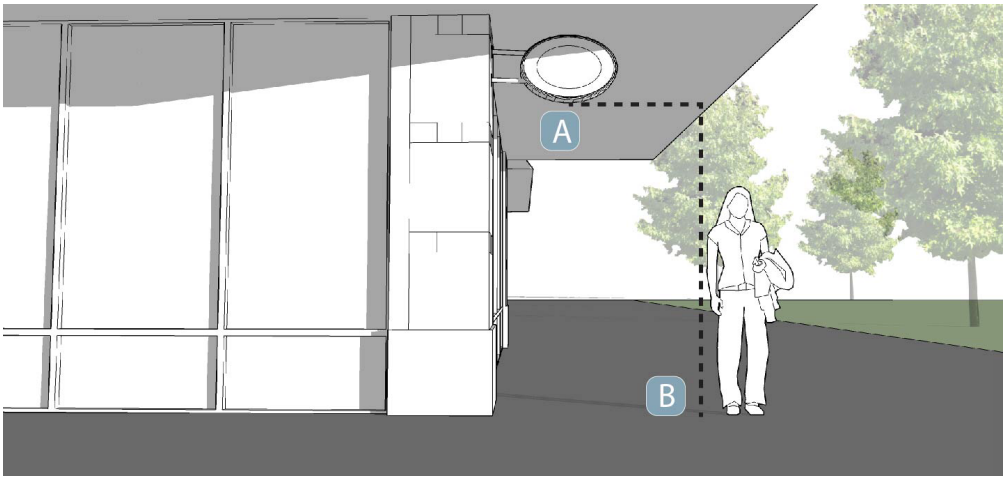
**Cabinet Signs:** Where a sign is enclosed in a frame or cabinet, the area of the entire surface of the sign face within a single continuous perimeter enclosing the extreme limits of the sign and not passing through or between any adjacent elements of the sign. That perimeter does not include any structural or framing elements lying outside the limits of the sign face unless such elements consist of a corporate logo that is part of the face, frame, or cabinet of the sign.

**Channel Letters:** Where a sign consists of individual letters, words, or symbols attached to a surface, the area of the smallest rectangle that completely encompasses all such letters, words, or symbols and any accompanying background of a color different than the color of the wall or sign face.



**Sign Clearance**

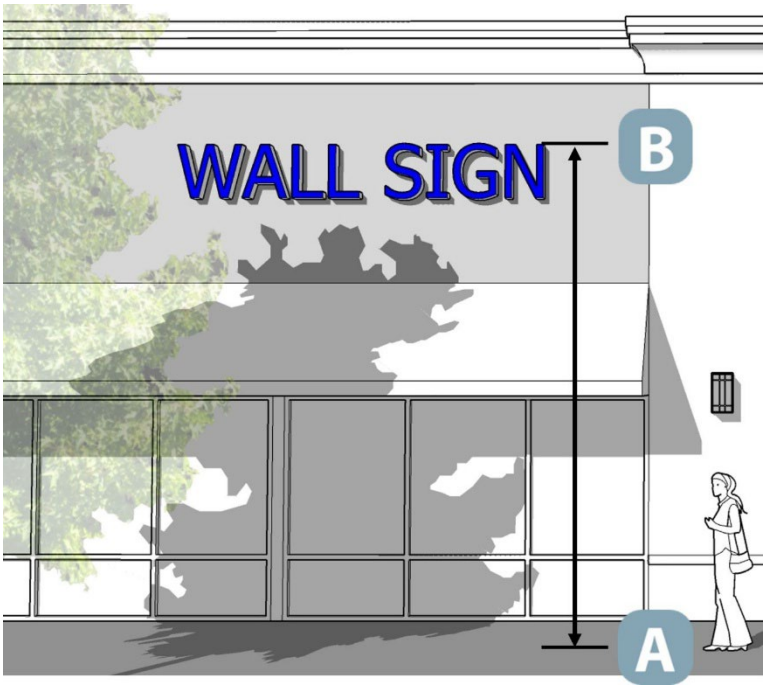
The distance between the bottom of a sign ("A") and the nearest point on the surface under it ("B").



**Sign Height**

**Freestanding Sign Height:** The vertical distance from the base of the sign's supportive structure at its point of attachment to the ground ("A") to the highest point of the sign structure ("B").

**Wall Sign Height:** The vertical distance from the point where the supporting wall meets the ground ("A") to the top of the highest point of the wall sign ("B").



**Sign Setback**

The shortest distance ("A") from each property line to the leading edge of the sign.

**Sign, Animated**

Any sign or part of a sign which changes physical position by any rotation or which gives the visual impression of such movement or rotation through special effects including, but not limited to, lights.

**Sign, Awning**

A sign painted, printed or attached flat against the surface of an awning. For the purposes of determining the maximum permitted sign area, only the area encompassing the graphic representation of the message shall be counted.

**Sign, Banner**

A temporary sign made of fabric or any nonrigid material with no enclosing framework.

**Sign, Canopy**

Canopy sign means a sign that is mounted to the front or side fascia of a canopy (such as for fuel sales) and contained completely within that fascia.

**Sign, Changeable Copy**

A sign with the capability of content change by means of manual or remote input that includes the following types:

A. Manually Activated means a Changeable sign whose message copy or content can be changed manually on a display surface.

B. Electrically Activated means a Changeable sign whose message copy or content can be changed by means of remote electrically energized on-off switching combinations of alphabetic or pictographic components arranged on a display surface. Illumination may be integral to the components, such as characterized by lamps or other light-emitting devices; or it may be from an external light source designed to reflect off the changeable component display. For the purposes of this Code, Electrically Activated Changeable Signs shall be classified as Electronic Message Centers.

**Sign, Elevated**

A sign that is elevated by a support or multiple supports that are narrower than the sign face.

**Sign, Feather**

A temporary sign that contains a harpoon pole or staff driven into the ground for support.

**Sign, Freestanding**

A sign that is erected or mounted on its own self-supporting permanent structure or base detached from any supporting elements of a building.

**Sign, Hanging**

A sign suspended from the ceiling of an arcade, marquee, or canopy.

**Sign, Incidental**

A sign without a commercial message, usually informational, that has a purpose secondary to the use of the lot on which it is located, such as “no parking,” “entrance,” “loading only,” telephone,” and other similar directives.

**Sign, Marquee**

A sign that may include changeable copy sign components on the fascia of a projecting sign that is supported from a building wall, without pillars or posts, and extends beyond the building, building line, or property line.

**Sign, Monument**

A freestanding sign with the entire base of the sign structure affixed to the ground.

**Sign, Portable**

A temporary sign that is not attached to the ground, a building, or other structure, but does not include a Vehicle-mounted sign or a sidewalk A-Frame sign.

**Sign, Post**

A temporary sign, the face of which is affixed to a post installed on the ground.

**Sign, Projecting**

A sign attached to a building or extending in whole or in part greater than 12 inches or more horizontally beyond the surface of the building to which the sign is attached.

**Sign, Sidewalk A-Frame**

A temporary sign constructed to form a two-faced sign with supports that are connected at the top and separated at the base, forming an “A” shape.

**Sign, Stake**

A temporary single or double-sided freestanding sign on a rigid or semi-rigid material affixed to a metal frame that can be pushed into the ground by a single person.

**Sign, Subdivision Entry**

A freestanding sign, or a sign mounted to or engraved on a screening wall or fence, at the entrance of a development.

**Sign, Temporary**

A sign to be displayed for a limited period of time.

**Sign, Vehicle-Mounted**

A sign displayed upon a trailer, van, truck, automobile, bus, railroad car, tractor, semi-trailer or other vehicle, whether or not such vehicle is in operating condition.

**Sign, Wall**

A sign displayed upon or against the wall of a building or structure where the exposed face of the sign is in a plane parallel to the plane of the wall or parapet roof extension and extends not more than 12 inches horizontally from the face of the wall.

**Sign, Window**

A sign that is painted on, applied or attached to, the interior of a window, that can be seen through the window from the exterior of the structure. Merchandise included in a window display shall not be considered to be a sign.

**Significant Change**

A change consisting of or relating to the essential nature, fundamental or characteristic part or quality of the approved Certificate of Designation.

**Site Plan**

An accurately scaled development plan that illustrates the existing conditions on a land parcel as well as depicting details of a proposed development. Site Plan review (formerly referred to as a Change in Use Permit application) is the formal County review process where a project's detailed layout is examined to verify compliance with this DSR.

**Site Related Improvements**

Road capital improvements and right-of-way dedications, which provide direct access to the development. Direct access improvements include, but are not limited to the following: (a) driveways and streets leading to and from the development; (b) right and left lanes leading to those driveways and roads; (c) one through lane; (d) curb, gutter and sidewalks where applicable, (e) acceleration and/or deceleration lanes (f) traffic control measures for those driveways; and (g) internal streets. Credit is not provided for site-related improvements under the terms of this Regulation.

**Site Selection**

The process for determining the location of major facilities.

**Site Specific Development Plan**

A land use approval that grants vested rights in accordance with C.R.S. § 24-68-103. For the purposes of these regulations and standards, the following approvals are deemed "site specific development plans": Exemptions from Subdividing, Final Plats, Preliminary Development Plan (PDP), Final Development Plan (FDP), Major Subdivision, Minor Subdivision. In addition, the following approvals are intentionally omitted from the definition of a "site specific development plan": Preliminary Plat (Major Subdivision), Conditional Use Permits, Overall Development Plan (ODP), Rezoning, Site Plan, Special Use Permits, Temporary Use Permits, and Variances.

**Sixty Ldn**

The standard established for maximum noise exposure in the residential areas of Adams County. This measurement of sound is computed by following the methods described in Appendix A of Federal Aviation Regulation, Part 150, and concerning Airport Noise Compatibility Planning.

**Small Cell**

Shall include "small cell facility" and shall be defined by C.R.S. § 29-27-402(4).

**Small Cell Facility**

Shall mean any of the following: A wireless service facility that meets the following qualifications:

A. Each antenna is located inside an enclosure of no more than three cubic feet in volume or, in the case of an antenna that has exposed elements, the antenna and all of its exposed elements could fit within an imaginary enclosure of no more than three cubic feet;

AND

B. Primary equipment enclosures are no larger than 17 cubic feet in volume as measured on the exterior surface of the enclosure. The following associated equipment may be located outside of the primary equipment enclosure and, if so located, is not included in the calculation of equipment volume: Electric meter, concealment, telecommunications demarcation box, ground-based enclosures, back-up power systems, grounding equipment, power transfer switch, and cut-off switch;

OR

C. A micro wireless facility.

**Social Organizations**

See "Lodges, Fraternal, and Social Organizations."

**Sod Farm**

Land used for the growing of turfgrass sod for the primary purpose of commercial sale.

**Soil Conservation District**

Soil Conservation District in Adams County organized pursuant to C. R. S. Section 35-70-101(ff).

**Solar System**

Any device or structural design feature whose primary purpose is to provide for the collection, storage, or distribution of solar for space heating, space cooling, electricity generation, or water heating.

*Roof-mounted solar system*: A solar system that is structurally mounted to the roof of a building or structure not solely designed to support the solar system.

*Ground-mounted solar system*: A solar system that is structurally mounted to the ground and is not roof-mounted. Ground-mounted systems include parking lot or parking canopy solar.

**Solar System, Large-Scale**

A Solar System that encompasses 320 acres or more of surface area.

**Solar System, Medium-Scale**

Solar Systems that encompass greater than 35 and less than 320 acres of surface area.

**Solar System, Small-Scale**

Solar Systems that encompass less than 35 acres of surface area.

**Solid Waste**

Material such as garbage, refuse, sludge of sewage disposal plants, mill tailings, mining wastes, junk automobiles and parts thereof, and other discarded solid waste material, including solid wastes resulting from industrial, commercial, and community activities, but does not include agricultural wastes. "Solid Waste" does not include any solid or dissolved materials in domestic sewage, or agricultural wastes, or solid or dissolved materials in irrigation return flows, or industrial discharges which are point sources subject to permits under the provisions of the "Colorado Water Quality Control Act," C. R. S. Article 8 of Title 25, or materials handled at facilities licensed pursuant to the provisions on radiation.

**Solid Waste Disposal Site**

The location and facilities at which the collection, storage, treatment, utilization, processing, and/or final disposal of solid wastes occur control in C R. S. Article 11 of Title 25.

**Solid Waste Disposal Site and Facility**

The location and/or facility at which the deposit and final treatment of solid wastes occur.

**Soup Kitchen**

A public or charitable institution that, as an integral part of the normal activities of the institution, maintains an established operation to provide food to persons in need on a regular basis.

**Special District**

A special service district organized under and existing by virtue of, the provisions of C. R. S. Title 32.

**Special Sign**

Any sign incidental to the development or promotion of real estate properties and subdivisions.

**Special Use**

A non-permanent exception from these standards and regulations for use of land, structures, or both approved by the Board of Adjustment.

**Specified Anatomical Areas**

As used herein means and includes any of the following:

1. Less than completely and opaquely covered human genitals, pubic region, buttocks, anus, or female breasts below a point immediately above the top of the areola; or
2. Human male genitals in a discernibly turgid state even if completely and opaquely covered.

**Specified Sexual Activities**

As used herein means and includes any of the following:

1. The fondling or other intentional touching of human genitals, pubic region, buttocks, anus or female breasts;
2. Sex acts, normal or perverted, actual or simulated, including intercourse, oral copulation, or sodomy;
3. Masturbation, actual or simulated;
4. Human genitals in a state of sexual stimulation, arousal or tumescence; or
5. Excretory functions as part of or in connection with any of the activities set forth in subdivisions (1) through (4) of this subsection.

**Standards, Development**

Standards and regulations pertaining to the physical development of a site including requirements pertaining to yards, heights, lot area, fences, walls, landscaping area, access, parking, signs, setbacks, and other physical requirements.

**Standards, Performance**

Regulations and criteria established to control the operation of a use, including noise, odor, smoke, toxic or noxious matter, vibration, fire and explosive hazards, dust, radio-activity, electrical disturbance, heat, glare, or other factors generated by or inherent in uses of land or structure.

**Stacking**

A space that accommodates one passenger motor vehicle waiting in a queue to obtain a service or other activity.

**Start of Construction**

This term is to be used for assistance in determination of substantial improvement, and means the date the Building Permit was issued, provided the actual start of construction, repair, reconstruction, placement or other improvement was within 180 days following the permit date. The actual start means the first placement of permanent construction of a structure on a site, such as the pouring of slabs or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation; or, the placement of a manufactured home on a foundation. Permanent construction does not include land preparation, such as clearing, grading, and filling nor does it include the installation of streets and/or walkways; nor does it include excavation for a basement, footings, piers or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory structures, such as garages or sheds not occupied as dwelling units or as part of the main structure. This definition shall not imply permits are not required for grading or excavation work.

**State Licensing Authority**

The authority created for the purpose of regulating and controlling the licensing of the cultivation, manufacture, distribution, testing and sale of marijuana in this State pursuant to the Colorado Marijuana Code.

**Stockyard**

An enclosure with pens and sheds connected to a slaughterhouse, railroad, or market for the temporary keeping of livestock.

**Storage**

The keeping of machinery, equipment, vehicles, including recreational vehicles, parts, materials, or other goods at the same location for a period of time in excess of 72 hours.

**Storage Area**

Any non-mobile facility used for keeping possessions, belongings, goods, materials or other items, including appurtenant facilities utilized to store fossil fuels, manufactured gas, or other petroleum derivatives for eventual distribution capacity.

1. Private: Items are stored by the owner on the owner's property.
2. Commercial: A fee is charged for the service of storing items for others.

**Storage Capacity of a Floodplain**

The volume of space above an area of floodplain land that can be occupied by floodwater of a given stage at a given time, regardless of whether the water is moving. Storage capacity tends to reduce downstream flood peaks.

**Storage Structure**

An enclosed structure used for the keeping of possessions, belongings, goods, materials or other items.

1. Private: A structure is used for storing items by the owner on the owner's property.
2. Commercial: A fee is charged for the use of the structure for storing items for others.

**Storage Yard**

An outdoor area used for the keeping of possessions, belongings, goods, materials or other items in which the items are screened from view in accordance with these standards and regulations.

**Stormwater**

Precipitation-induced surface runoff. Stormwater is any surface flow, runoff, or drainage occurring during or following any form of natural precipitation event and resulting there from and consisting entirely of water from natural precipitation events.

**Stormwater Quality (SWQ) Permit**

Permit issued by Adams County for the unincorporated portions of the County located within the County's MS4 Permitted Area. The SWQ Permit, when required by County Regulations, is in addition to, and does not replace the State CDPS Stormwater Discharge Permit for Construction Activities.

**Story**

That part of a structure between the surface of a floor and the ceiling immediately above.

**Stream**

A continuous body of surface water, which is neither the South Platte River nor Clear Creek, that is flowing within the bed and banks of a channel.

**Strip Cropping**

Growing crops in a systematic arrangement of strips or bands to reduce wind and water erosion. To counteract wind erosion, the rows of wind-resisting crops are arranged at angles to offset adverse wind effects. To counteract water erosion, the strips are on or near the contour of the land. The crops are arranged so that a strip of grass or a close-growing crop is alternated with a no-till, reduced-till, clean-till or fallow strip.

**Structure**

Anything constructed, erected, located or placed on the ground, excepting mailboxes, ornamental light fixtures, flag and utility poles, static masts and lightning rods, railroad trackage, or ground covering not more than six (6) inches above ground level.

**Structure Height**

Refer to the definition of "height, building or structure".

**Structure, Permanent**

Any structure resting on and attached to its footings or foundation, excluding manufactured homes.

**Structure, Attached**

Two or more structures that (a) are connected by a common wall or party wall; (b) are connected by a common roof; and (c) share building materials and architectural design. Attached structures shall be structurally integrated and provide clear paths of egress and ingress between each unit.

**Structure, Detached**

Any structure having no common wall or party wall with another structure and no common roof with another structure. Bridges, tunnels, breezeways, and other similar means of connecting one structure to another shall not, for the purpose of these regulations, be considered to constitute a common or party wall.

**Subdivider**

Any person, firm, partnership, joint venture, association, corporation, or other entity who participates as owner.

**Subdivision or Subdivided Land**

The division of land into two or more surface lots, tracts, parcels, separate interests, or interests in common, unless exempted from the term "subdivision" or "subdivided land" as set forth in Sec. 5-01-02(C).

**Subdivision Improvements Agreement**

See Improvements Agreement.

**Subject Property**

Property for which a Conservation Plan Permit is sought.

**Substance Abuse Treatment Facility, Inpatient Residential**

Structures and land used for the treatment of alcohol or other drug abuse where one or more patients are provided with care, meals, and lodging.

**Substance Abuse Treatment Facility, Outpatient Clinic**

Structures and land used for the treatment of alcohol or other drug abuse where neither meals nor lodging is provided.

**Substantial Damage**

Damage of any origin sustained by a structure whereby the cost of restoring the structure to its before damaged condition would equal or exceed 50 percent of the market value of the structure before the damage occurred.

**Substantial Improvement**

Any reconstruction, rehabilitation, addition, or other improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure before the "start of construction" of the improvement. This term includes structures that have incurred "substantial damage" regardless of the actual repair work performed. For the purposes of this definition, the term substantial improvement does not, however, include either:

1. Any project for improvement of a structure to correct existing violations of state or local health, sanitary, or safety code specifications which have been identified by the local code enforcement official and which are necessary to assure safe living conditions; or

2. Any alteration of a structure listed on the National Register of Historic Places or a State Inventory of Historic Places.

**Substation**

Any facility designed to provide switching, voltage transformation or voltage control required for the transmission of electricity at 115 kilovolts or more, and any addition thereto increasing the existing design capacity.

**Sufficient Service (Special District Service Plan Review)**

Service adequate in terms of technical, mechanical, organizational, and operational criteria, to meet the public need as proposed in the Special District service plan under review.

**Support Activities for Air Transportation**

This use category engages in providing services to the air transportation industry. These services include airport operation, air traffic control, aircraft maintenance and repair services, aircraft storage, ferrying aircraft, aircraft refueling, fuel storage, flight kitchens, and fixed base operators.

**Suspended Sign**

A sign suspended from the underside of a horizontal plane surface and is supported by such surface.

**Swimming Pool (Public and Private)**

A water-filled enclosure or splash pad constructed for swimming or wading, swimming, or water-oriented recreation. A public swimming pool is constructed for use by the general public for swimming or wading, swimming, or water-oriented recreation, including those operated as a business and those constructed and maintained by the County. A private swimming pool is intended for use by the residents and guests of a single household, a multi-family development, a subdivision, the members and guests of a club, or the patrons of a hotel or motel.

# T

**Tasting Room**

An area devoted to the sampling, and sales thereof, of wine or beer produced on or off premises.

**Telephone Exchange**

A building that is used exclusively for the transmission and exchange of telephone signals.

**Television or Radio Transmission Tower**

A structure set up for the purpose of transmitting and receiving radio and television signals.

**Temporary Display Structure**

Any structure used only for display of retail sales items and does not require a Building Permit.

**Temporary Sign**

Any sign used only temporarily and is not permanently mounted.

**Temporary Stands**

Those structures permitted by these standards and regulations for the sale or dispensing of fireworks and will be referred to as “Stands”.

**Temporary Use**

A use established for a fixed period of time with the intent to discontinue such use upon the expiration of the time period.

**Tennis or Pickleball Facility**

An indoor establishment where the general public may come to play tennis, racquetball, and similar sports.

**Terracing**

An earth embankment, channel, or combination ridge and channel constructed across the slope.

**Textile or Cloth Manufacture**

An establishment or area for the purpose of manufacturing textiles or cloth.

**Theater**

A structure, room, or outdoor area for the presentation of plays, motion pictures, or other dramatic performances.

1. Indoor: A theater entirely contained within a structure.
2. Outdoor/Drive-in: A theater located partially or entirely outdoors, within a roofed structure having sides open to the outdoors, or within a tent.

**Thrift Store**

A store that derives the majority of its sales from donated previously used merchandise such as clothing, furniture, appliances, household goods, sporting goods, recreational equipment, or other merchandise not considered to be antique.

**Tillage**

The practice of plowing or disking or any other mechanical or chemical preparation of the land for the purpose of producing a crop for harvest by any means other than grazing of animals.

**Timbering and Logging**

The growth and harvest of forest tree species on a production cycle of ten years or more.

**Tiny Home**

A tiny home is a permanent structure that is constructed on or off site and placed on a foundation (as defined in Section 3-05-13) for one or more persons' year-round living with a floor area between 100 and 400 square feet, excluding any lofts.

**Tiny Home Village**

Residential occupancy of multiple relocatable temporary buildings containing only sleeping units, combined with one or more separate buildings containing eating, bathing, toilet and gathering facilities for common use, all located on the same zone lot. Tenancy is typically 30 days or longer.

**Tire Store**

A business where the principal use is the sale or installation of new, used, or retread tires or tubes. Any land or structures with a primary or principal use of tire collection, reduction, or transfer shall not be considered a tire store.

**Trade Schools**

Educational facilities which are publicly or privately operated and provide training for trades, such as welding, automobile mechanic, dog grooming, barbers, etc.

**Traveled way**

The portion of the right-of-way actually used for vehicle travel, whether paved or unpaved. It does not include shoulders, sidewalks, drainage areas, utilities, or other parts of the ROW that are not used for vehicle travel.

**Topography**

Configuration of the land surface elevation; the graphic delineation or portrayal of that configuration in map form, as by lines of constant elevation called contour lines.

**Total Maximum Daily Load (TMDL)**

Calculation of the maximum amount of a pollutant that a water body can receive and still meet water quality standards, and an allocation of that amount to the pollutant's sources. A TMDL includes Waste Load Allocations (WLAs), Load Allocations (LAs), Margin of Safety (MOS), and accounts for seasonal variations. (Refer to Section 303(d) of the Clean Water Act and 40 C.F.R. 130.2 and 130.7).

**Towing Service**

The business of transporting, towing, or recovering with a wrecker, tow truck, rollback or car carrier any vehicle not owned by the operator of the wrecker, tow truck, rollback or car carrier for which the operator directly or indirectly receives compensation or other personal gain.

**Tractor Trailer**

The vehicle formed by combining a trailer and a truck-tractor.

**Traditional Farming**

See “Tillage”

**Traffic-Generating Development**

Land development designed or intended to permit a use of the land containing more dwelling units or floor space than the most intensive use of the land within the 12 months prior to the commencement of Traffic-Generating Development in a manner, which increases the generation of vehicular traffic. The land development will be in accordance with the application and permitting procedures outlined in these regulations. Commencement of a traffic generating development occurs upon the issuance of a Building Permit following approval of a development permit as defined by these regulations.

**Trailer**

(Including semi-trailers) A non-motorized vehicle that is pulled by a motorized vehicle for the purpose of transporting equipment, commodities, or for similar purposes.

**Trailer, Truck Sales and Service**

An establishment or area for the purpose of trailer and truck sales, service, and repair.

**Training Schools (Aircraft Operations and Services)**

This use category includes educational facilities which are publicly or privately operated and provide training for aviation maintenance, aircraft dispatch, aviation management, flight training, avionics, and related programs for the aviation and aerospace industry.

**Trampoline Park**

Any place of business that operates for the purpose of offering the recreational use of a trampoline court for a fee.

**Transfer Station**

A facility at which waste material is stored on an interim basis (less than 90 days) while awaiting transportation to a final disposal or treatment site. The waste is generally brought in on one type of collection vehicle and transferred to a larger vehicle at such a site.

**Transmission Lines**

Any electric transmission lines and appurtenant facilities which transmits electricity at 115 kilovolts or more and addition thereto, increasing the existing design capacity.

**Transmission Shop**

An establishment or area for the purpose of sales, service, repair, or replacement of motor vehicle transmissions.

**Transportation Services**

A facility or use providing passenger or freight transportation for the public or for commercial purposes. Typical uses include taxi or rideshare dispatch centers, shuttle or limousine services, charter bus facilities, or similar operations involving the storage, dispatch, and maintenance of vehicles used to transport people or goods. This use does not include railroad facilities, airports, or trucking and freight terminals.

**Transportation Terminal**

A facility for the receipt, transfer, short-term storage, and dispatching of goods transported by truck. Unlike Distribution Centers, these establishments commonly utilize a cross-dock facility and may also include the accessory uses of warehouse, storage or parking or trucks awaiting cargo, as well as facilities for the light servicing of trucks. Included in this definition would be express and other mail and package distribution facilities, including such facilities operated by the U.S. Postal Service, other than a traditional post office.

**Travel Agency and Ticket Sales**

An agency that makes the necessary arrangements for travelers, especially the booking of airline tickets and hotel rooms.

**Tree Farm**

Land used to raise or harvest trees for wood products, such as lumber, posts and poles, fuel wood, and Christmas trees where forest products are sold on-site or transported to market. Tree farms typically operate on a production cycle of ten years or less.

**Trip**

A one-way movement of vehicular travel from an origin (one trip end) to a destination (the other trip end).

**Trip, Diverted**

A trip already on a particular route for a different purpose, diverting travel to a particular land use.

**Trip Generation**

The attraction or production of trips caused by a certain type of land development.

**Trip, Pass-By**

A trip already on a particular route for a different purpose which simply stops at another particular land use.

**Truck**

A motorized vehicle of greater than one-ton carrying capacity with two or more axles, including tractor-trailer combinations and buses; or any vehicle equipped with a body designed to carry property over the public highways and generally and commonly used for such transport of cargo rather than passengers. This term shall also include truck-tractors, trailers, semi-trailers when used in combination, but excludes two-axle, four-tired vehicles that may be classified as a truck for registration purposes, but which have operating characteristics similar to those of a passenger car.

**Truck Repair**

The process or operation of repairing trucks, including major work on engines or transmissions.

**Truck Stop**

A structure or land intended to be used primarily for the sale of fuel for trucks and usually incidental service or repair of trucks. This includes a group of facilities consisting of those uses and attendant eating, sleeping, or truck parking facilities. As used in this definition, the term “truck” includes any vehicle whose maximum gross weight is more than 10,000 pounds.

**Truck, Trailer Sales and Service**

An establishment or area for the purpose of trailer and truck sales, service, and repair.

**Truck-Tractors**

A motorized vehicle with two or more axles that is used to pull a trailer for purposes of carrying property over the public highways and generally and commonly used for such transport of cargo rather than passengers. Truck-tractors may be operated in combination with, or separate from, a trailer.

**Trucking and General Warehousing**

A use involving storage, warehousing, and distribution activities that are part of the operation of a light industrial or heavy industrial facility, and parcel service drop-off locations that are part of a parcel service processing facility. Trucking also includes facilities for the service and storage of trucks and large equipment, excluding the storage or processing of salvage materials.

**Turfgrass**

Continuous plant coverage consisting of nonnative grasses or grasses that have not been hybridized for arid conditions and which, when regularly mowed, form a dense growth of leaf blades and roots.

# U

**Underground Fuel Storage for Use on the Property**

A container located below ground level and designed to hold fuel for vehicles or equipment used on the property where the container is located.

**United States Post Office**

A facility designated or licensed by the federal government to sell U.S. postage stamps and U.S. postal products and accept mail and packages for delivery.

**University**

An Institution of higher learning typically for students who have graduated high school, that offer courses of general or specialized study leading to a degree.

**Unoccupied Structure Feature**

Unoccupied structure features shall only be as large as necessary to achieve the intended function of the feature and shall not exceed the minimum required dimensions as defined in the Adams County Building Codes. These features shall not include space for living, sleeping, eating, cooking, bathrooms, storage or similar space. The unoccupied structure feature may exceed the maximum height by no more than twenty feet. The feature shall also be set back from the perimeter of the building at least five feet.

**Upholstery Service**

An establishment or area for the purpose of sales, service, cleaning, or repair of upholstery.

**Urban Adams County**

For purposes of these standards and regulations, Urban Adams County shall mean those areas west of the Airport Environs Plan, and including the urban uses identified in the Airport Environs Plan. Separated by a line as follows: I-76 from the Weld County line to 152nd Avenue, then east to Watkins Road, then south to 124th Avenue, then east to Quail Run Road, then south to 80th Avenue, then east to Manila Road, then south to 74th Avenue, then east to Schumaker Road, then south to the Arapahoe County line.

**Urgent Care**

An establishment that provides unscheduled, ambulatory walk-in care outside of a hospital emergency room.

**Use**

Use of property allowed to carry on under these standards and regulations in a particular district.

**Use by Right**

Use of land, structures, or both, which is authorized by the zone district classification.

**Useful Life**

Useful life, with respect to a building or other asset, means the amount of time that something is in good enough condition to be used. The useful life of a fence, for example, is an estimate of the fence's expected years in which it can function in the manner intended by the manufacturer. The remaining useful life of a fence is the number of years it is intended to function minus the number of years since it was installed. Factors that affect the useful life of an asset such as a fence include maintenance practices, technological advances, environmental conditions, usage intensity, and quality of materials. (See "Asset Useful Life: Definition and Accounting Basics," Netgain, November 26, 2023.)

**Utilities**

A category of uses containing major or minor infrastructure that serves a site, a development, or the County at large.

*Major Utilities* consist of public or private infrastructure serving the general community, that may or may not be maintained or regulated by a public or municipal entity, possibly having on-site personnel, and include: Electrical substation; Electric generation plant; Solar panel array (large scale); Telecommunication tower; Water or wastewater treatment plant; and other uses that the Director interprets to be functionally similar to a use in this use type.

*Minor Utilities* consist of public or private infrastructure serving a limited area with no on-site personnel and include: Co-located telecommunication antenna; Public or municipally owned utilities; Solar panel array (small scale); Stormwater retention or detention facility; Telephone exchange; and other uses that the Director interprets to be functionally similar to a use in this use type.

**Utility Lines**

All electrical, communication, cable television wiring, coaxial, fiber optic, water, sewer, natural gas, or other such physical system connections.

**Utility Production or Processing Facility**

See "Major Facilities".

**Utility Substation**

A facility used to receive, transform, regulate, or distribute electrical, gas, water, or telecommunications services. This includes electrical substations, switchyards, transformer stations, transmission lines, and related infrastructure necessary for the transmission and distribution of utilities from generation or supply points to end users.

# V

**Vacation Campground**

An outdoor area providing space for vacationers to live on a temporary basis in either tents, tent trailers, or recreational vehicles. A campground may also include an area with rental cabins, but its primary function is to accommodate visitors providing their own shelter.

**Vacation Rental**

A single-family attached or detached residential dwelling where the principal use is for the rental, lease, or license (in the real estate, not regulatory, meaning of that term) for compensation, direct or indirect, of lodging accommodations for periods of 30 consecutive days or fewer. Vacation rentals are not occupied by the same residents for more than 180 calendar days per year.

**Vacation of a Plat, Right-of-Way, or Public Easement**

Recorded plats, rights-of-way, or public easements made null and void by action of the Board of County Commissioners pursuant to these standards and regulations.

**Variance**

Permission to depart from a particular zoning requirement because the physical characteristics or unusual circumstances of a specific property make strict compliance unusually difficult or burdensome, provided the departure does not undermine the purposes of the zoning regulations or substantially harm the public or neighboring properties.

**Vehicle**

A device capable of moving itself, or of being moved, from place-to-place upon wheels or tracks.

**Vehicle, Commercial**

A vehicle used to transport goods or passengers for profit, hire or otherwise to further the purposes of a business, commercial enterprise or public service.

**Vehicle/Equipment Sales and Rentals**

Repair of automobiles, trucks, motorcycles, mobile homes, recreational vehicles, or boards, including the sale, installation, and servicing of related equipment and parts. This use includes auto repair shops, body and fender shops, wheel and brake shops, and tire sales and installation. This use excludes junk yards, vehicle dismantling or salvage, and tire retreading or recapping.

**Vehicle-Miles of Travel**

The combination of the numbers of vehicles traveling during a given time period and the distance (in miles) traveled.

**Vehicle Repair, Major**

The complete repair of automobiles, motorcycles, and light trucks that may include body repair, fender work, or engine repair. In no case shall major vehicle repair include repair of heavy equipment or trucks.

**Vehicle Servicing, Minor**

The limited repair of automobiles, motorcycles, and light trucks that may include tune-ups, brakes, mufflers, automobile glass replacement, and other minor repair customarily done in service stations, but in no case shall minor vehicle repair include auto/truck body and fender work or repair of heavy equipment or trucks.

**Vehicle Storage**

The storage of parking tow-aways, impound yards, and storage lots for automobiles, trucks, buses, and recreational vehicles. Vehicle storage includes only the storage of operable vehicles.

**Vending / Produce Stand**

A concession stand, vending stand, cart service, or other facility at which food, drinks, or other products or related items are sold. Farmer's market also falls under the same category.

**Veterinarian Clinic or Office**

An establishment that provides medical treatment and care to animals, and which may include temporary or overnight boarding of animals that are recuperating from treatment.

**Volatile Organic Compound (VOC)**

Gases emitted from certain solids or liquids. VOCs include a variety of chemicals, some of which may have short- and long-term adverse health effects.

**Voluntary Cleanup and Redevelopment Program (VCRP)**

The Voluntary Cleanup and Redevelopment Program in the Colorado Department of Public Health & Environment was created in 1994 to facilitate the redevelopment and transfer of contaminated properties. The program provides timely (45 days) review of cleanup plans submitted by property owners.

# W

**WWTS**

Wastewater Treatment System.

**Waste Disposal Site**

See “Waste Impoundment”.

**Waste Impoundment**

Any pit, pond, lagoon, trench, or basin used for the storage, treatment, or disposal of solid waste.

**Waste Processing Facility**

A site or structure in which waste materials are collected, stored on a temporary basis, separated by material, compacted and/or treated in preparation for some use or for shipment to a final disposal or additional treatment site. Such facilities may include, but are not limited to, transfer stations; operations where sorting, crushing, grinding, chipping, and baling occur; and sterilizers, incinerators, and composting operations. Disposal, intentional or not, is not permitted at such a facility unless the disposal activity is separately addressed in a permit. In addition, all of the definitions listed in C. R. S. 30-20-101 and the regulations promulgated pursuant to the Solid Waste Disposal Sites and Facilities Act, and C. R. S. 25-15-101, and the Colorado Hazardous Waste Regulations as promulgated by the Colorado Department of Public Health and Environment are hereby incorporated in these standards and regulations.

**Water Bodies**

See Waters of the State of Colorado.

**Water and Sewer Treatment Plant**

A facility for the treatment of water to ensure health standards are met prior to its distribution for human use which complies with state and federal standards.

**Water Purification Plant**

Portion of a public water system which treats or improves the physical, chemical or bacteriological quality of the system's water to bring the water into compliance with state board of health standards.

**Water Quality Control Volume (WQCV)**

The volume equivalent to the runoff from an 80$^{th}$ percentile storm; meaning that 80 percent of the most frequently occurring storms are fully captured and treated while larger events are partially treated.

**Water Storage**

A closed facility for the storage of water.

**Water Supply System**

The County's reservoirs, canals, ditches, flumes, laterals, pipes, pipelines, and other surface facilities and systems constructed or installed for the collection, impoundment, storage, transportation, or distribution of drinking water. It includes water pump stations, water purification plants, water storage, and all other components used by the County in the collection, treatment, and distribution of drinking water.

**Water Surface Profile**

A water surface profile is a graph that shows the relationship between the vertical elevation of the top of the floodwater and of the streambed with the horizontal distance along the stream channel or other watercourse.

**Water-Wise Landscaping**

A reduced water usage landscape achieved through the use of good planning and design, limited turf areas, soil improvements, efficient irrigation, mulching, low water use plants, and appropriate turf material.

**Watercourse**

A channel, natural depression, slough, artificial channel, gulch, arroyo, stream, creek, pond, reservoir, or lake in which storm runoff and flood water flows either regularly or infrequently. This includes major drainageways for carrying urban storm runoff.

**Waters of the State of Colorado**

Any and all surface waters which are contained in or flow in or through the State of Colorado, including, but not limited to, streams, lakes, rivers, ponds, wells, impounding reservoirs, watercourses, watercourses that are usually dry, springs, drainage systems, and irrigation systems, all sources of water such as snow, ice, and glaciers; and all other bodies or accumulations of water, surface and underground, natural or artificial, public or private, located wholly or partially within or bordering upon this state and within the jurisdiction of this state. This does not include waters in sewerage systems, waters in treatment works of disposal systems, waters in potable water distribution systems, and all water withdrawn for use until use and treatment have been completed. This definition includes water courses that are usually dry.

**Weed**

Any underbrush, bush, shrub, or plant material greater than nine inches in height that:

- Ordinarily grows without cultivation; not in planting beds or otherwise in a controlled manner; or not for the purpose of food production; and
- Is allowed to grow in such a manner or extent that it causes or is likely to cause a public hazard or nuisance, or is unacceptably offensive in light of community standards of cleanliness or generally accepted neighborhood aesthetics.

**Welding Shop**

An establishment or area for the purpose of welding.

**Well**

As it relates to Oil and Gas Operations, an Oil or Gas well for purposes of exploration and production.

**Well Site**

As it relates to Oil and Gas Operations, a definable area where an Operator has disturbed or intends to disturb the land surface in order to locate an Oil and Gas well facility, and includes a Production Site.

**Wetlands**

An area where water is at, near, or above the land surface long enough to support aquatic or hydrophytic vegetation and which has soils indicative of wet conditions. Delineation of wetlands in the County shall be according to the 1989 Army Corps of Engineers definition of jurisdictional wetlands. This definition excludes irrigation-induced wetlands.

**Wildlife Sanctuary**

A protected area established for the preservation, study, and management of wildlife and their habitats, where activities are limited to conservation, education, research, and passive recreation.

**Wind Energy Conversion System, Small**

A localized setup that uses a wind turbine to turn the wind's movement into clean electricity for homes, farms, or small businesses and that typically produces 100 kilowatts (kW) or less of electricity.

**Wind Turbine, Small**

Any mechanism, including blades, rotors, or other moving surfaces, designed for the purpose of converting wind into mechanical or electrical power and that typically produces 50 kilowatts (kW) or less of electricity. For purposes of this DSR, also included are towers, tower bases, guy wires, and any other structures necessary for installation of the wind turbine system.

**Winery**

An establishment that manufactures vinous liquors which may include a restaurant or samples venue that sells the winery's products, including retail sales.

**Wireless Communication Facility (WCF)**

A facility used to provide personal wireless services as defined at 47 U.S.C. § 332(c)(7)(C); or wireless information services provided to the public or to such classes of users as to be effectively available directly to the public via licensed or unlicensed frequencies. A WCF does not include a facility entirely enclosed within a permitted building where the installation does not require a modification of the exterior of the building; nor does it include a device attached to a building, used for serving that building only and that is otherwise permitted under other provisions of this DSR. A WCF includes an antenna or antennas, including without limitation, directional, omnidirectional and parabolic antennas, support equipment, and towers. A WCF does not include the support structure to which the WCF or its components are attached if the use of such structures for WCFs is not the primary use. A WCF does not include mobile transmitting devices used by wireless service subscribers, such as vehicle or hand-held radios/telephones and their associated transmitting antennas, nor does it include other facilities specifically excluded from the coverage of this DSR.

**Wireless Communication Tower**

A self-supporting monopole structure constructed from grade which supports any cables, wires, lines, wave guides, antennas, and any other equipment or facilities associated with the transmission or reception of communications, including cellular/PCS towers and microwave communication facilities.

**Wool Scouring**

The process of preparing and washing a batch of raw sheep's wool to remove impurities such as grease, dirt, and suint.

# X

# Y

**Yard Sale**

See “Garage Sale”.

**Youth Center**

A public building used as a place of meeting, recreation, or social activity for persons 18 years old or younger that is operated as a nonprofit.

# Z

**Zoning Review**

A review performed by planners in the Development Review Section of the Community and Economic Development Department as part of the Building Permit or Site Plan review process to determine conformity with the requirements of these standards and regulations. This review is under the authority of the Director of Community and Economic Development, and the approval of a Building Permit requires a positive zoning review approval.

**Zoo**

A facility with indoor and outdoor settings where living, typically wild, animals are kept especially for public exhibition.

# APPENDIX A. LEGACY DISTRICTS

A. **Generally.** Legacy districts are zone districts that were in effect in the previous version of the DSR. Such districts shall continue to be in effect where they were in place prior to the effective date of this DSR but are no longer eligible for a Zoning Map Amendment to establish a new zone of such a type in the County.

B. **Mobile Home (MH) District.**

1. *Permitted and Conditional Uses.* Table A-1, below, lists the land uses that are permitted by right in the Mobile Home (MH) District, subject to building permit review and approval, and additional land uses that require Conditional Use Permit from the Board of County Commissioners and building permit review and approval.
2. *Permitted Accessory Uses.* See Div. 3-02, *Use Categories*, for lists of common accessory uses associated with each category of principal uses. The following accessory uses are permitted in the MH District, subject to building permit review and approval.
   a. Residential accessory uses.
   b. Institutional accessory uses.
   c. Recreational accessory uses.
3. *Permitted Special / Temporary Uses.* Special uses are permitted in a Mobile Home Dwelling District, subject to the issuance of a Special Use Permit from the Board of Adjustment. Temporary uses are permitted in a Mobile Home Dwelling District, subject to the issuance of a Temporary Use Permit from the Director of Community and Economic Development.
4. *Prohibited Uses.* All uses not expressly identified as permitted uses in the Table A-1, below, or determined to be permitted by the Director pursuant to Section 2-05-01, *Use Table Legend and Instructions,* of these standards and regulations, are prohibited.

| Table A-1, Permitted (P) and Conditional (C) Uses | |
|---|---|
| Permitted Uses | |
| Aquarium | Membership Organizations |
| Arboretums | Miscellaneous Retail except Fuel Dealers |
| Areas for Hiking | Miscellaneous Services |
| Botanic Garden | Nature Areas |
| Commercial-Residential Mixed-Use Development | Physical Fitness Center |
| Commercial Retail | Playgrounds and Playfields |
| Food Stores | Picnic Areas |
| Furniture and Home Furnishings Stores | Public Areas for Active Recreational Activities |
| Garden Plots | Recreation-oriented Parks |
| General Merchandise Stores | Restaurants |
| Greenhouses (retail) and Greenhouses with Garden Supplies | Services |
| | Social Services (except Care Facilities) |
| Health Services | Solar Energy Facility, Small-scale |
| Legal Services | |
| Conditional Uses | |
| Accessory Dwelling Unit | Indoor Swimming Pools |
| Boarding/Rooming Houses | Institutional Care |

| Table A-1, Permitted (P) and Conditional (C) Uses | |
|---|---|
| Permitted Uses | |
| Branch Libraries | Manufactured Home Park |
| Convalescent Homes | Multi-Family Dwelling |
| Convents or Monasteries | Museum |
| Day Care Centers (Day or Nursery Schools) (Adult or Child) | Neighborhood Community or Recreational Centers |
| Emergency Service Buildings or Garages | Neighborhood Indoor Uses |
| Extraction Uses | Nursing homes |
| Foster Homes | Pool Arcade |
| Golf Course/Driving Range, Commercial | Protective Living Facilities |
| Government Offices | Places of Worship |
| Group Home for the Developmentally Disabled | Public or Private Primary and Secondary Schools (excluding Trade Schools) |
| Group Home for the Elderly | Public Service |
| Group Living Facility (1 to 5 persons) | Sanitariums |
| Group Living Facility (in excess of 5 persons) | Sheltered Care Homes |
| Group Living Facility (with more than 1 registered sex offender) | Single-Family Dwelling |
| Gymnasiums | Tiny Home Villages |
| Hospitals/Clinics | Two-Family Dwelling |
| Indoor Recreational Uses | Universities |
| Indoor Racquet Game Courts (I.E. Handball, Racquetball, Tennis) | Utility Substations or Transmission and Distribution Facilities |
| Indoor Recreational Centers | Vacation Rental |
| Indoor Skating Rinks (Ice or Roller) | Video Arcade |

| Table A-2, *MH, Mobile Home District Dimensional Standards* | |
|---|---|
| **Standard** | **Dimensions** |
| **Lot and Building Dimensions** | |
| **Minimum Parcel Size** | 40 ac. |
| **Minimum Lot Size** | 5,000 sf. |
| **Minimum Lot Width** | |
| - Mobile Home < 20 ft. wide | 45 ft. |
| - Mobile Home > 20 ft. wide | |
| **Minimum Floor Area of MH and Accessory Dwellings** | 600 sq. ft. |
| **Building Height** | 20 ft. |
| **Building Setbacks** | |
| - Minimum Front | 20 ft. |
| - Minimum Side Corner | 20 ft. |
| - Minimum Side, where side includes an Accessory Structure | 17 ft. |
| - Minimum Side, with no Accessory Structure | 5 ft. |
| - Minimum Rear | 15 ft. |
| **Street Side and Section Line Setbacks** | |

| Table A-2, *MH, Mobile Home District Dimensional Standards* | |
|---|---|
| **Standard** | **Dimensions** |
| - Arterial street | 40 ft. |
| - Collector and local street | 20 ft. |
| - Section Line Arterial | 60 ft. |
| - Section Line[1] | 100 ft. |
| - Other District Boundaries | 100 ft. |
| **Accessory Structure Setbacks and Dimensions** | |
| - Front Setback (Minimum) | 20 ft. |
| - Side Corner Setback (Minimum) | 20 ft. |
| - Side Setback (Minimum) | 5 ft. |
| - Rear Setback (Minimum) | 5 ft. |
| - ROW Setback (Minimum) | 20 ft. |
| - Section Line Setback[1] (Minimum) | 100 ft. |
| - Accessory Structure Height (Maximum) | 10 ft. |
| - Accessory Structure Coverage (Maximum) | 600 sf. |
| - Floor Area of Dwellings | 5 ft. |
| - Height of an Accessory Structure | 10 ft. |

**TABLE NOTES**:
sf = Square Feet | ft. = Feet | du = Dwelling Unit

1. A variance may be permitted if the Department of Public Works determines no additional right-of-way is required.

B. [Reserved.]

# APPENDIX B. PLANT LIST

A. **Trees.**

1. *Types.* Table B-1 lists approved shade, ornamental, and evergreen tree species including the botanical name, common name, and varieties.
2. *Right-of-Way, Water-wise, and Fire Resistance.* Table B-1 denotes if the tree is approved to be located in the ROW (R), if the tree is a water-wise species (WW), and if the tree is fire resistant (FR).
3. Hydrozone. The Hydrozone column denotes the tree's hydrozone placement of High (H), Moderate (M), or Low (L).

**Table B-1, Approved Tree List**

| Botanical Names | Common Name | Varieties | ROW / Water-wise / Fire Resistant | Hydrozone |
|---|---|---|---|---|
| **Shade Trees** | | | | |
| Acer campestre | Hedge Maple | | | |
| *Acer glabrum var. diffusum | Rocky Mountain Maple | | N | |
| Acer grandidentatum | Bigtooth Maple | Manzano, Schmidt | R/X | L |
| Acer griseum | Paperbark Maple | | | |
| *Acer negundo | Sensation Boxelder | 'Sensation' | N | |
| Acer platanoides | Norway Maple | Schwedler, Emerald Queen, Jade Glen | R | M |
| Acer rubrum | Red Maple | Red Sunset | R | M |
| Acer saccharinum | Silver Maple | Autumn Splendor, Balista, Caddo, Green Mountain, John Pair, Legacy | | M |
| Acer tataricum | Tartarian Maple | | R/WW | L |
| Aesculus Arguta | Texas Horse Chestnut | | R/WW | L |
| *Alnus tenuifolia | Thinleaf/ Mountain Alder | | FR | M |
| Catalpa Speciosa | Western Catalpa | | R/WW | M |
| *Celtis reticulata | Hackberry | | R/WW/N | L |
| Fraxinus Pennsylvanica Lanceolata | Green Ash | Marshall Seedless, Summit, Patmore | R/WW | L |
| Gleditsia Triancanthos Inermi | Honeylocust | Skyline, Sunburst, Moraine, Imperial, Shademaster | R/WW/FR | L |
| Gymnocladus Dioicus | Kentucky Coffeetree | | R/WW | L |
| Platanus Occidentalis | Sycamore | | R | M |
| *Pinus ponderosa ssp. scopulorum | Ponderosa Pine | | N | |
| *Populus x. acuminata | Lanceleaf Cottonwood | | N | M |
| *Populus angustifolia | Narrowleaf Cottonwood | | | |

| Table B-1, Approved Tree List | | | | |
|---|---|---|---|---|
| Botanical Names | Common Name | Varieties | ROW / Water-wise / Fire Resistant | Hydrozone |
| *Populus deltoides ssp. monlifera | Plains Cottonwood | | N | |
| Quercus Alba | White Oak | | R | M |
| Quercus Borealis | Northern Red Oak | | R | M |
| Quercus Gambelii | Gambel Oak | | R/WW | L |
| Quercus Macrocarpa | Bur Oak | | R/WW | L |
| Quercus Robur | English Oak | | R | M |
| Tilia Americana | American Linden | | R | M |
| **Ornamental Trees** | | | | |
| Acer Ginnala | Amur Maple | | | M |
| Acer Glabrum | Rocky Mountain Maple | | FR | M |
| Aesculus Glabra | Ohio Buckeye | | R/WW | L |
| Catalpa Ovata | Chinese Catalpa | | | M |
| Cercis Canadensis | Redbud | | | M |
| *Crataegus Species | Hawthorn | Washington, Downy, Cockspur | FR | M |
| Koelreutaria Paniculata | Golden Raintree | | R/WW | L |
| Malus Species | Crabapple (varieties resistant to fire) | Dolga, Royalty, Radiant, Etc. | FR | M |
| Populus Tremuloides | Aspen | | N | M |
| Prunus Newport | Newport Plum | | | M |
| Prunus Virginiana Melanocarpa | Canada Red Cherry | | R | M |
| Sorbus Aucuparia | European Mountain Ash | | R | M |
| Tilia Cordata | Littleleaf Linden | Greenspire, Glen Leven | R | M |
| **Evergreen Trees** | | | | |
| Abies Concolor | White Fir | | | M |
| *Juniperus communis ssp. alpina | Common juniper | | | |
| Juniperus Scopulorum | Rocky Mountain Juniper | | WW | L |
| Juniperus Virginiana | Eastern Red Cedar | | WW | L |
| Magnolia x soulangiana | Saucer Magnolia | | | H |
| Picea Pungens Glauca | Colorado Blue Spruce | | | M |
| Pinus Aristata | Bristlecone Pine | | WW | L |
| Pinus Cembroides Edulis | Pinyon Pine | | WW | L |
| Pinus Nigra | Austrian Pine | | R | M |
| Pinus Ponderosa | Ponderosa Pine | | R/WW | L |
| Pinus Sylvestris | Scotch Pine | | | M |

| Table B-1, Approved Tree List | | | | |
|---|---|---|---|---|
| Botanical Names | Common Name | Varieties | ROW / Water-wise / Fire Resistant | Hydrozone |
| *Sabina (Juniperus) scopulorum | Rocky Mountain Juniper | | N | |

B. **Shrubs.**

1. *Types.* Table B-2 lists approved shade, ornamental, and evergreen tree species including the botanical name and common name.
2. *Size.* The size of the shrub is denoted in the third column of Table B-2 where T = Tall, M = Medium, and S = Short.
3. *Water-wise.* Table B-2 denotes if the shrub is a water-wise speciesin this DSR.

| Table B-2, Approved Shrub List | | | | |
|---|---|---|---|---|
| Botanical Names | Common Name | Size | Water-wise/ Fire Resistant | Hydrozone |
| **Deciduous Shrubs** | | | | |
| Amelanchier alnifolia | Serviceberry | T | WW/FR | L |
| Berberis Thunbergia[1] | Japanese Barberry | M, S | WW | L |
| Caragana Arborescens | Siberian Peashrub | T | WW | L |
| Caryopteris Clandonensis | Bluemist Spirea | S | WW | L |
| *Cercocarpus Montanus | Mountain Mahogany | M | WW/N | L |
| *Cercocarpus ledifoliius | Cutleaf Mountain Mahogany | M | WW/N | |
| *Chrysothamnus sp. | Rabbitbursh | M | WW/N | L |
| *Cornus Stolonifera | Red & Yellowtwig Dogwood | T | N | M |
| Cornus Alba | Variegated Dogwood | M | | M |
| Cotoneaster Acutifolia | Peking Cotoneaster | M | | M |
| Cotoneaster Divaricata | Spreading Cotoneaster | S | WW | L |
| Euonymus Alatus[1] | Burning Bush | M | | M |
| Ligustrum Vulgare | Common Privet | M | | M |
| *Lonicera Compacta Nana | Dwarf Honeysuckle | S | N | M |
| Lonicera Zabeli | Zabel's Honeysuckle | T | | M |
| Physocarpus monogynus | Ninebark | M, T | N | M |
| Pentaphylloides floribunda | Potentilla (Cinquefoil) | S | WW/N | L |
| *Prunus Americana | American Plum | T | WW/N | L |
| *Prunus Besseyi | Sand Cherry | M | WW/N | L |
| Prunus Cistena | Cistena Plum | M | | M |
| Rhamnus sp.[1] | Buckthorn | T | | M |

| Table B-2, Approved Shrub List | | | | |
|---|---|---|---|---|
| Botanical Names | Common Name | Size | Water-wise/ Fire Resistant | Hydrozone |
| *Rhus aromatica ssp. trilobata | Sumac | M, T | WW/N | L |
| Ribes Alpinum | Alpine Currant | S | WW | L |
| Ribes Aureum | Golden Currant | M | WW | L |
| Ribes cereum | Wax Current | S | WW/N | |
| Rosa Foetida | Shrub Rose | M | WW | L |
| *Rosa Woodsii | Wood's (or Wild) Rose | S | WW/N | |
| Salix sp. | Willow | M, T | | M |
| Salvia Yangii | Russian Sage | S, M | | M |
| *Sambucus sp. | Elder | T | N | M |
| *Shepherdia Argentea | Silver Buffaloberry | T | WW/N | L |
| Spirea sp. | Spirea | S, M | | M |
| *Symphocarpus sp. | Snow & Coralberry | S | WW/N | L |
| Syringa sp. | Lilac | T | WW | L |
| Viburnum sp. | Viburnum | T | | M |
| **Evergreen Shrubs** | | | | |
| Arctostaphylos patula | Manzanita, Bearberry | S, M | WW | L |
| Artemisia cana | Silver Sagebrush | S | | M |
| Juniperus Chinensis | Pfitzer & Gold Tip Juniper | M, T | WW | L |
| Juniperus Horizontalis | Spreading Junipers | S | WW | L |
| Juniperus Sabina | Tammy, Buffalo & Broadmoor Juniper | M | WW | L |
| Mahonia Aquifolium | Oregon Grape | S, M | | M |
| Pinus Mugo | Mugo Pine | M | WW | L |
| Pyracantha sp. | Pyracantha | M, T | | M |
| Yucca sp. | Yucca | S | WW | L |

Table Legend:
L = indicates a low water requiring species
VL = indicates a very low water requiring species
S = indicates a small shrub (less than four feet in height)
M = indicates a medium sized shrub (four to seven feet in height)
T = indicates a tall shrub (over seven feet in height)
FR = Fire resistant species

C. **Groundcover.**

1. *Types.* Table B-3 lists groundcover species including the botanical name and common name.
2. *Water-wise.* Table B-3 denotes if the groundcover is a water-wise species in this DSR.

| Table B-3, Approved Ground Cover List | | | | |
|---|---|---|---|---|
| Botanical Names | Common Name | Water-wise | Notes | Hydrozone |
| Arctostaphylos Uva-Ursi | Kinnikinnick | | Evergreen | L |
| Ajuga Reptans | Ajuga | | Evergreen | |
| Antennaria Rosea | Pussytoes | WW | | L |
| Artemesia | Silvermound | WW | | |
| Cerastium Tomentosum | Snow-In-Summer | WW | Evergreen | |
| Convallaria Majalis | Lily of the Valley | | Shaded Areas | |
| Dianthus Deltoides | Maiden Pink | | | |
| Delosperma Nubigenum | Hardy Iceplant | WW | | L |
| Euonymus Fortunei | Wintercreeper | | Evergreen | |
| Mahonia Repens | Creeping Grapeholly | WW | Evergreen | L |
| Phlox Sublata | Creeping Phlox | | | L |
| Polygonum Affine | Himalayan Border Jewel | WW | | |
| Sedum Species | Sedum (Stonecrop) | WW | Evergreen | |
| Thymus Pseudolanuginosus | Wooly Thyme | WW | | |
| Vinca Minor | Periwinkle | | Evergreen, Shaded Areas | |

Table Legend:
L= indicates a low water requiring species
VL = indicates a very low water requiring species

| Table B-3, Approved Grasses, Turfgrasses, and Sedges List | | | | |
|---|---|---|---|---|
| Botanical Names | Common Name | Water-wise | Notes | Hydrozone |
| Bouteloua gracilis | Blue Grama | WW | Grass | L |
| Buchloe dactyloides | Buffalo Grass | WW | Grass | VL |
| Agropyron cristatum | Crested Wheatgrass | WW | Grass | L |
| Bromus inermis | Smooth Brome | WW | Grass | L |
| Cynodan dactylon x C. transvaalensis | Tahoma 31 Bermuda Grass | WW | Grass | L |
| Agrostis palustris | Bentgrass | | Turfgrass | H |
| Poa praetensis | Bluegrass | | Turfgrass | H |
| Festuca ovina duriuscula | Hard Fescue | | Grass | M |
| Lolium perenne | Perennial Ryegrass | | Grass | M |
| Festuca rubra | Red Fescue | | Grass | M |
| Festuca arundinacea | Tall Fescue | | Grass | M |
| Poa arachnifera | Texas Hybrid Bluegrass | | Grass | M |

| Table B-3, Approved Grasses, Turfgrasses, and Sedges List | | | | |
|---|---|---|---|---|
| Botanical Names | Common Name | Water-wise | Notes | Hydrozone |

Table Legend:
L= indicates a low water requiring species
VL = indicates a very low water requiring species

**Adams County**
**Development Standards Overhaul (DSO) – Phase 1**
**Stakeholder Engagement Report 2024 – FINAL**

# INTRODUCTION

The Adams County Development Standards Overhaul (DSO) project aims to comprehensively review and modernize the Development Standards and Regulations (DSR) governing development in unincorporated Adams County. Through community and stakeholder engagement facilitated by third-party contractors, Peak Facilitation Group (Peak), the Adams County Planning Department sought feedback on four key land use code categories: residential and subdivision standards, environment and sustainability standards, commercial and industrial standards, and process and governance improvements. For a comprehensive list of the locations, mediums, and dates where Adams County Planning staff advertised community engagement events, workshops, and meetings, please refer to Appendix 1: Community Engagement Advertisement Details.

Following the conclusion of the preliminary engagement stage, County staff will use all feedback received from stakeholders and the community to inform draft updates to the code. These updates will be made in accordance with the project's guiding principles, which are:

- Align with the Advancing Adams Comprehensive Plan (2022).
- Conduct meaningful and inclusive engagement with the public and stakeholders.
- Increase housing choice.
- Address economic and climate resiliency.
- Identify and remove redundancies and conflicts.
- Improve the development process.
- Encourage fairness and equity.
- Ensure compliance with federal and state laws.

# ENGAGEMENT REPORT GUIDE

- The following report and appendices present comments, issues, and ideas from participants engaged by Adams County staff.
- The report begins with an overview of the cumulative engagement activities hosted by County staff. The rest of the report is organized by stakeholder group, engagement activity, and key themes. Feedback is categorized into two main stakeholder groups: industry-focused and community-focused.
- Each section outlines engagement results, with detailed information available in the appendices.

# OVERVIEW OF ENGAGEMENT EFFORTS

Adams County engaged stakeholders through meeting sessions, online tools, and surveys. Participants had the opportunity to provide feedback on consistent topics across all these mediums. Details of the engagement activities are described below.

## *Meetings*

Adams County hosted a series of events in January, February, and March of 2024 to gather feedback on the land use code in unincorporated areas. These events included the information shown in the following table.

| MEETING | DATE AND TIME | LOCATION | NUMBER OF ATTENDEES |
|---|---|---|---|
| **Neighborhood Meetings** | | | |
| **Meeting 1** | January 10, 2024<br>6 pm-8 pm | Bennett Community Center | 2 |
| **Meeting 2** | January 17, 2024<br>6 pm-8 pm | Virtual | 0 |
| **Meeting 3** | March 12, 2024<br>6 pm-8 pm | Adams County Government Center | 11 |
| **Industry Workshops** | | | |
| **Residential and Subdivision Standards** | February 6, 2024<br>9 am-12 pm | Virtual | 16 |
| **Environment and Sustainability Standards** | February 7, 2024<br>1 pm–4 pm | Virtual | 17 |
| **Commercial and Industrial Standards** | February 8, 2024<br>9 am–12 pm | Virtual | 22 |
| **Process and Governance Improvements** | February 15, 2024<br>1 pm-4 pm | Virtual | 4 |
| **Open Conversation** | February 16<br>9 am-12 pm | Virtual | 6 |
| ***Total participant count*** | | | **78** |

### *Surveys*

In addition to neighborhood meetings and industry workshops, Adams County developed and conducted community- and industry-focused surveys throughout the same months to gather feedback on the land use code. Sixteen industry stakeholders completed the industry-focused survey, while 113 community members participated in the community survey.

### *Online Engagement Input*

In November 2023, upon initiating the project, the Adams County Planning Department launched information regarding the land use code update and engagement efforts on the Engage with Adams County website. The public contributed input or upvoted existing contributions on an idea board housed on the County's online portal, "PublicInput." Through this platform, participants shared their perspectives and highlighted topics and issues they deemed important for the land use code update.

The top ten most upvoted topics are listed from highest to lowest below, with a comprehensive list in Appendix 2: PublicInput Idea Board Public Contributions.

- Stormwater management (drainage design and quality)
- Conservation easements (preservation of open space, water, and wildlife habitat)
- Alignment of future land use and zoning districts
- Landscaping requirements (biodiversity, xeriscaping, and native plants)
- Housing diversity (choice and type) and affordability
- Renewable energy (solar and wind)
- Urban design standards (land use transitions, visual appearance, and aesthetics)
- Agriculture preservation (re-generation, sustainability, and innovation)

- Water conservation (usage, efficiency, groundwater requirements, and surface run-off capture)
- Traffic, parking, and roadway standards

This list reflects the prominent topics discussed by participants and emphasizes the broader themes and concerns expressed through online engagement.

## OVERVIEW OF INDUSTRY STAKEHOLDER FEEDBACK

### *Industry Stakeholders, Survey, and Workshop Topics*

Adams County Planning staff developed a survey tailored to industry stakeholders, soliciting their input on preferred discussion topics for the virtual workshops. Survey participants represented various organizations and stakeholder groups, including industrial property owners, business operators, developers, architects, storage facility owners, and other businesses as permitted within an industrial zone district. A complete list of survey participants is available in Appendix 3: Industry Stakeholder Survey Results.

Throughout the five workshops, industry stakeholders contributed input on the following topics and preferred themes identified as preferences in the survey results.

- **RESIDENTIAL AND SUBDIVISION STANDARDS:** Density, mixed-use zoning, transit-oriented development (TOD), and agriculture uses
- **ENVIRONMENT AND SUSTAINABILITY STANDARDS:** Design incentives, multi-modal transportation, stormwater management and water conservation, usage, efficiency, and groundwater
- **COMMERCIAL AND INDUSTRIAL STANDARDS:** Permitted uses, permitting process, and performance standards
- **PROCESS AND GOVERNANCE IMPROVEMENTS:** Permitted uses, permitting process, and permits

## INDUSTRY STAKEHOLDER SUGGESTIONS

Participants addressed key questions regarding the current land use code at each industry stakeholder workshop. Specifically, stakeholders identified aspects within the code that should remain unchanged and described areas not functioning optimally. Additionally, stakeholders suggested modifications or improvements to fix perceived problems within the code. These suggestions are summarized, organized by theme and topic, and presented below. For a comprehensive overview of feedback on each topic, please refer to the detailed summary in Appendix 4: Industry Stakeholder Workshop Comments.

| RESIDENTIAL AND SUBDIVISION STANDARDS |
|---|
| ***DENSITY*** |
| • Refine setback regulations and standards to maximize urban density efficiently.<br>• Include interdependent water availability and density related requirements.<br>• Review subdivision regulations (Section 5-03-02-02-01) to achieve compatibility with urban development.<br>• Clarify use-by-right provisions to optimize property use. |
| ***MIXED-USE ZONING*** |
| • Evaluate the effectiveness of the County's mixed-use zone.<br>• Develop more mixed-use zones and horizontal use exceptions.<br>• Consider vertical use requirements for context sensitivity. |

- Provide density bonuses for affordable housing.
- Revisit Sections 3.18-06-0-01 and -02 to ensure they meet housing diversity needs in urban areas.

***TRANSIT-ORIENTED DEVELOPMENT (TOD)***

- Consider alternative unit density in TOD areas.
- Review parking standards in TOD areas in comparison to other communities in the region (e.g., eliminate parking minimums, establish parking maximum).
- Explore the addition of electric vehicle charging regulations.

***AGRICULTURAL USES***

- Review uses that are conditionally allowed in A1-zoned and consider adding more uses by right to diversify activities and support agriculture.
- Increase the emphasis in the Advancing Adams Comprehensive Plan (2022) on protecting and preserving small agricultural heritage areas (e.g., A-1) within unincorporated areas of Adams County, not just large-scale agricultural producers (e.g., crops, pasture grass, etc.).
- Maintain A-1 zoned areas to protect the lifestyle of these properties.
- Identify the discrepancies between the A-1 codes and the transitions to RE-zoned properties.

## ENVIRONMENT AND SUSTAINABILITY STANDARDS

***DESIGN INCENTIVES***

- Develop a prescriptive list and require new buildings to incorporate at least one green design feature.
- Implement a sustainability point system involving a ranking system for different design incentives.
- Expand the current development code to allow more economically viable solutions.
- Conduct cost-benefit analyses for any proposed code changes.
- Consider requiring a third-party Social Impact Study as part of the development application process to assess non-financial impacts and benefits in projects.
- Consider the use of low-water native plants in landscaping criteria.
- Address environmental injustices in new regulations.
- Incorporate provisions to prioritize the restoration and protection of native plants.
- Consider state-designated species in site development plans and involve the Department of Natural Resources.
- Align the Adams County Advancing Adams Comprehensive Plan (2022)'s environmental planning section with the Colorado State Wildlife Action Plan.

***MULTI-MODAL TRANSPORTATION***

- Improve community engagement, especially for marginalized communities.
- Improve connectivity requirements for biking and pedestrian infrastructure in new developments.

### *STORMWATER MANAGEMENT*

- Strengthen stormwater management requirements for low-impact development techniques.
- Ensure regulations are cost-effective and provide meaningful benefits rather than just incremental improvements.
- Formalize allowances for underground stormwater detention with appropriate maintenance requirements.
- Increase coordination between local and federal government agencies.
- Account for the long-term impacts on the environment and humans.

## COMMERCIAL AND INDUSTRIAL STANDARDS

### *PERMITTED USES*

- Avoid imposing additional restrictions on outdoor storage regulations.
- Clarify permitted uses for a manager's residence within the industrial zoning category.
- Prioritize connectivity and consistency, particularly concerning the definition and application of accessory dwellings in industrial zones.
- Explore cost-effective screening methods and ways to enhance the visual appearance of industrial properties.
- Aim to improve the visual impression of industrial properties in Adams County by considering locating outdoor storage in specific areas of the property rather than prominently displaying it at the front.
- Prioritize improvement of or more consistent enforcement of existing regulations rather than introducing new ones.

### *PERFORMANCE STANDARDS*

- Utilize a "common sense" approach when applying development standards and evaluate projects based on their individual merits rather than applying blanket regulations.
- Consider the specific context of each project location.
- Balance regulatory requirements with the practical needs of industrial businesses and the economic impact on the community.
- Prioritize enforcement of existing regulations rather than introduce more regulations.
- Conduct more staff on-site visits and direct observation of properties for informed decision-making.
- Incorporate flexibility into the land use code to allow for exceptions or alternative solutions without the need for formal variance or adjustments.

## PROCESS AND GOVERNANCE IMPROVEMENTS

### *PERMITS*

- Change the code to regulate solar energy facilities through performance standards rather than conditional use permits if it streamlines the process.
- Reassess the permit structure to better align the application re-submittal timeline with the lifecycle of buildings and contracts. This will reduce risks of violations and costs to developers.

## NEIGHBORHOOD AND COMMUNITY OUTREACH

### *Overview of Neighborhood and Community Survey and Open Houses*

Adams County Planning staff designed a neighborhood and community survey published on PublicInput from January through March 2024. Staff also hosted two in-person and one virtual meeting. Staff developed the content of the survey and open houses to parallel one another; the same questions in the survey were transferred into station activities for open house participants. The cumulative responses of both engagement activities are reported below.

***Note:*** *The responses and data vary slightly due to differences in question formats between the survey and in-person stations, as well as variations in the number of respondents per question.*

### *Demographics*

The demographics of the plurality of participants engaged in this process are listed below. For comprehensive engagement data, please refer to the Demographics section in Appendix 5: Community Survey and Open House Results.

- 30% are in the age range of *31-40 years old.*
- The topmost engaged zip codes were *80221, 80022, and 80601*.
- 86% of participants *own property.*
- 82% of participants who own property *own single-family homes.*
- 52% of participants *live in Adams County.* 38% of participants *live and work* in Adams County.

## *Housing Diversity & Affordability*

Community members shared their preferences about the future of housing diversity and affordability in unincorporated areas of Adams County.

### Housing Type Preferences

Participants indicated whether they would prefer to see more, the same, or less of specific housing types. The following table illustrates *the most frequently chosen response and its associated percentage based on the total number of responses for each housing type.* Participants also provided open-ended comments regarding any housing type. For additional details on participants' preferences and comments, please refer to the Housing, Urban Design, and Aesthetics section in Appendix 5: Community Survey and Open House Results.

| PREFER TO SEE MORE | PREFER TO SEE THE SAME | PREFER TO SEE LESS |
|---|---|---|
| • **Single-family** (56%)<br>• **Accessory dwelling units (ADUs)** (46%) | • **Duplex** (38%)<br>• **Townhomes** (42%) | • **Modular homes** (41%)<br>• **Tiny homes** (46%)<br>• **Multi-family** (48%)<br>• **Mixed-use** (41%) |

**Regulations**
Participants indicated their level of satisfaction with Adams County's ADU and modular home regulations. The majority of respondents (53%) indicated *a lack of knowledge about the ADU and modular home regulations.*

Participants also offered suggestions for Adams County to improve regulations pertaining to various housing types, including ADUs and modular homes, and housing affordability overall. Three themes emerged from their responses:

- *Address concerns about community character and livability.*
- *Revise administrative processes within Adams County and analyze the drivers of costs to developers and property owners.*
- *Establish consistent code enforcement.*

## *Housing, Urban Design, and Aesthetics*

Community members shared their preferences regarding urban design and aesthetics, detailing aspects they desire or wish to avoid in the future of unincorporated areas of Adams County.

**Building Design Preferences**
Participants described their preferences for neighborhood building design components. The following table presents *open-ended comments categorized by themes for each listed design component*. The comments provided in the table are presented verbatim. To see additional comments unrelated to the following design components see the Housing, Urban Design, and Aesthetics section in Appendix 5: Community Survey and Open House Results.

| DESIGN COMPONENT | PREFERENCES |
|---|---|
| **Shape** | ***Architectural diversity with some uniformity***<br>• Homes that are squared and uniformed.<br>• A neighborhood with a variety of shapes and architectural diversity.<br>• I like seeing consistent design and color in a neighborhood.<br>• Not all the same buildings but similar sidings and roofs.<br>• Homes are designed with Victorian and Edwardian styles.<br>• Individuality and less modern buildings that have no character.<br><br>***Integration of urban and rural elements***<br>• Areas of rural uses mixed with urban designs.<br>• New modern architecture is ugly, please make sure new designs are cohesive with existing surrounding structures. Also do not lose the "farm life" historical background of Adams County. Design with common sense. |
| **Color** | ***Color diversity with some constraints***<br>• Homes that use neutral colors.<br>• Homes that reflect the aesthetics of the community.<br>• Diversity in color of homes is nice, though if home is a bright color, it sets the tone of the neighborhood off. |

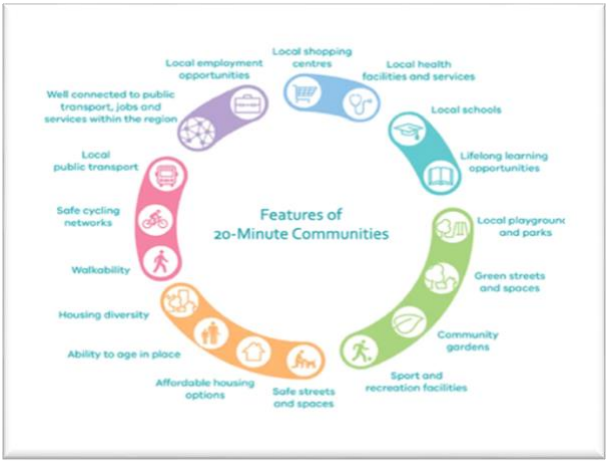
| | |
|---|---|
| **Height** | ***Balanced density***<br>• Increase height if necessary for higher density.<br>• Ranch homes. Dislike tall apartment building of more than four stories.<br><br>***Preservation of views***<br>• Residents should have views from their second story windows and balconies.<br>• Do not want tall buildings blocking views.<br>• I do not want to lose my view of the mountains. This is why I did not purchase a home in a more populated area (Denver, Aurora, Commerce City). I purchased my home in Thornton to enjoy the scenery and the height of an apartment complex is definitely an eye sore. Perhaps, consider building homes to allow more families to enjoy the view. |
| **Proximity to Other Homes** | ***Spacing and variability***<br>• Housing needs more spacing between each other.<br>• I prefer not seeing housing in a straight line with no variability between units that are very close together.<br>• I do not like seeing houses that are right on top of each other.<br>***Conforming to zoning***<br>• Base proximity on zoning.<br>• Create buildings that fit into the community and offer mixed-use options that allow for living and shopping. |
| **Landscaped Areas** | ***Water conserving and xeriscaped areas***<br>• Landscapes with mature trees.<br>• Homes with xeriscape areas.<br>• Natural and water conserving landscapes.<br>• More landscaping requiring less resources to maintain.<br>• Properties should have lots of trees and greenspaces other than water-sucking grass.<br>• Houses that have natural/xeriscaping are so much better for the environment and our natural flora and fauna.<br><br>***Maintenance of greenery***<br>• Properties with well-maintained vegetation and trees (e.g., few dead vegetation).<br>• Spaces that have trees and greenery.<br>• Yards with flowers not modern art.<br>• Environmentally friendly landscape that will be easy for people to maintain over the years and as they age. Limit use of lawns due to watering needs and also if it dies it is very expensive to replace.<br>• Buildings that are landscaped and kept up!!! Do not just plant trees or shrubs and never water them! |

| | |
|---|---|
| **Material** | ***Preference for specific materials***<br>• Use brick.<br>• Use metal.<br>• Use concrete.<br>• Do not use corrugated metal that will be left to rust.<br>• Use adobe.<br>• Use environmentally friendly material.<br>• Use copper, wood, and greenery to build homes.<br>• Natural materials with a modern twist: Concrete, steel, and glass are classic modern materials, but incorporating them in unexpected ways can keep things fresh. Integration with nature: Modern design does not shy away from nature, it embraces it. Think native plants, sustainable landscaping practices, and blurring the lines between the built environment and the natural world. |

**Parking in Adams County**
Participants provided open-ended comments regarding any aspect of parking in Adams County that was of interest or concern to them. The overarching themes recommended by the majority of participants include *accommodating large vehicles, being considerate to one's neighbors, improving County infrastructure, increasing parking availability, and regulating abandoned cars.* For a comprehensive list of comments, refer to the Housing, Urban Design, and Aesthetics section in Appendix 5: Community Survey and Open House Results.

## *20-minute Communities*

The Advancing Adams Comprehensive Plan (2022) includes the concept of 20-minute Communities. These types of communities are walkable, mixed-use, and transit-oriented places where people can live, work, and play at all stages of their lives, with close access to most of their daily needs. The benefits of 20-minute Communities include vibrant neighborhoods, a stronger sense of community, more viable local businesses and commerce, lower emissions, and shorter commuting time.



**20-minute Community Features Preferences**
Community members indicated their top three preferences for 20-minute community features they wish to see implemented in Adams County in the future based on the image above. The most frequently indicated features include *safe streets and spaces (30%), local schools (23%), and walkability (21%).*

Participants also identified opportunities for ways that 20-minute Community features can improve their current community. For the entire list of comments, refer to the 20-minute Community section in Appendix 5: Community Survey and Open House Results. In the open-ended responses, four themes emerged:

1. *Establish essential goods, services, and economic opportunities in closer proximity to homes.*
2. *Improve public infrastructure for safety and connectivity.*

3. *Maintain existing communities; they are adequate "as is."*
4. *Provide a variety of amenities.*

Participants indicated whether they prefer the County to require, incentivize, or consider certain 20-minute Community features as "not important." *The most frequently chosen features and their associated percentage based on the total number of responses per feature* are shown in the table below. For detailed information on participants' preferences, refer to the 20-minute Community section in Appendix 5: Community Survey and Open House Results.

| SHOULD BE REQUIRED | SHOULD BE INCENTIVIZED | NOT IMPORTANT |
|---|---|---|
| • **Improved safety** (e.g., walkability and lighting) (85%)<br>• **Amenities** (e.g., open spaces, plazas, gyms, and parks) (63%)<br>• **Increased or improved green spaces** (59%)<br>• **Accessible and age-friendly designs** (50%)<br>• **Connectivity** (48%) | • **Flexible and temporary uses** (e.g., pop-ups, community gardens, and cultural activities) (57%)<br>• **Small healthcare facilities** (46%)<br>• **Missing middle housing** (41%)<br>• **Affordable housing units** (41%)<br>• **Low-income housing units** (39%)<br>• **Ground level and street-facing uses** (e.g., pedestrian-only areas and dining/seating) (40%) | **Ground level and street-facing uses** (e.g., pedestrian-only, dining, and seating areas) (40%) |

## *Green Design, Sustainability, Landscaping, and Water Conservation*

Participants indicated whether they prefer the County to require, incentivize, or consider certain green design features as "not important." The table below shows the *most frequently chosen category and associated percentage based on the total number of responses per category*, none of which were considered "not important" by the majority. For green design or sustainability feature-related suggestions from community members, refer to the Green Design, Sustainability, Landscaping, and Water Conservation section in Appendix 5: Community Survey and Open House Results.

| SHOULD BE REQUIRED | SHOULD BE INCENTIVIZED |
|---|---|
| • **Stronger tree preservation/tree cover** (69%)<br>• **Low-energy outdoor lighting (LEDs)** (52%)<br>• **Pollinator-friendly and water-efficient landscaping** (63%)<br>• **Low-impact development** (e.g., stormwater management) (66%) | • **Green infrastructure** (e.g., green roof systems) (49%)<br>• **Solar readiness** (60%)<br>• **Green building certification** (e.g., LEED and Energy Star) (52%)<br>• **Electric vehicle charging stations** (49%)<br>• **Energy efficient fixtures and design** (51%) |

**Current Efforts and Willingness to Change**

Community members also shared their current efforts and willingness to change green designs, sustainability, landscaping, and water conservation on their property in unincorporated areas of Adam County.

***Properties with Xeriscaped Areas***

- *52% of respondents have xeriscaped areas* on their property.

- Community members indicated xeriscaped areas on their property based on the following list: whole back yard, whole front yard, part of the back yard, part of the front yard, or entire property. The most frequently indicated xeriscaped area on a property is *part of one's backyard.*
- The most frequently indicated reason for transitioning part of their property to a xeriscaped area was because of *water conservation.*

***Willingness to Transition to Xeriscaped Areas***

- *48% of respondents do not have xeriscaped areas* on their property.
- Participants most frequently indicated that they would be willing to *transition their whole property* to xeriscape based on the following list: whole back yard, whole front yard, part of the back yard, part of the front yard, or entire property.
- The most frequently indicated concern with transitioning part of their property to a xeriscaped area is *cost.*
- Most respondents indicated they would be willing to transition their property *within six months to two years*.
- Most respondents indicated they would be willing to transition their property *within three months to one year* *if offered a dollar-per-dollar match to their investment.*

Community members provided suggestions for changes to Adams County regulations on xeriscaped areas. The overarching themes from their responses include:

- *Encourage and regulate water conservation and xeriscaping.*
- *Emphasize community-wide environmentally friendly efforts.*
- *Provide support and resources for homeowners, considering accessibility and affordability barriers.*

## *Permitted Uses (Home-based Businesses and Agricultural Use)*

Community members shared their experiences and concerns regarding home-based businesses and agricultural uses in unincorporated areas of Adams County. For the full list of comments, please refer to the Permitted Uses section in Appendix 5: Community Survey and Open House Results.

**Home-based Businesses**

When asked what, if any, type of home-based business an individual would want Adams County to allow on residential properties, three themes emerged from respondents' comments.

- *Specific examples:* The three most frequently mentioned home-based business examples provided were *children's daycare; barber, hair and nail salons; and food production and catering.*
- *Conditional support:* Community members *expressed support* for home-based businesses as long as the businesses minimally disrupt the neighborhood, respect neighbors, are environmentally responsible, and comply with zoning regulations.
- *Concerns:* Community members also *expressed concerns* regarding the negative impacts on the neighborhood's quality of life, frustrations with a perceived lack of response or action from Adams County on non-compliant uses/ zoning enforcement, and a preference for maintaining the residential character of their neighborhood.

When asked about their perspective on Adams County's current home-based business regulations, *73% of respondents expressed a lack of familiarity with the current regulations.*

**Additional Uses and Flexibility**
Participants expressed desires for additional uses on their property, irrespective of current regulations. The overarching themes highlighted by the community include *incorporating more agricultural uses, encouraging local entrepreneurship, and creating flexible mixed development uses.*

**Experiences with Development Applications**
Eleven percent of respondents indicated they had submitted a development application to Adams County. Those of the eleven percent provided information on the type of application they submitted and their experience submitting through Adams County. One response indicated a positive experience. The other six responses indicated difficulties with the process. For the detailed list of responses, please refer to the Permitted Uses (Home-Based Businesses and Agricultural Use) section in Appendix 5: Community Survey and Open House Results.

**Agricultural-zoned Property**
Fifteen percent of respondents indicated they farm or own an agricultural-zoned property. Of the eleven percent, two responses from agricultural-zoned property owners indicated that the County should increase the number of horses allowed on their properties. When asked what factors would support economic viability and sustainability on farms in Adams County, responses suggested:

- Protecting the ability to store vehicle accessories for farm operations.
- Facilitating easier cell tower development.
- Allowing produce sales, livestock keeping, horse boarding, and nurseries with public access.
- Considering the larger global economies that affect family farms.

## *Community "Genie in a Bottle" Wishes*

Community members described three wishes that they desire to see in unincorporated areas of Adams County. The overarching themes from their comments are listed below. For the full list of comments, please refer to the Genie in a Bottle section in Appendix 5: Community Survey and Open House Results.

| First Wish | Second Wish | Third Wish |
|---|---|---|
| • Improve walking infrastructure.<br>• Improve specific infrastructure components.<br>• Assess zoning impacts.<br>• Change interactions with the public.<br>• Balance individual property owners and neighborhood desires. | • Improve public spaces and infrastructure.<br>• Improve regulations, permits, and civic engagement.<br>• Consider environmental tradeoffs for different land uses. | • Improve public spaces and infrastructure.<br>• Improve county processes.<br>• Consider individual property owners and neighborhood desires.<br>• Consider social and economic impacts for residents. |

## Summary and Next Steps

The engagement results presented above will be presented to the Board of County Commissioners and will inform technical code update amendments in Phase 2 of the project.

For details on the project timeline and additional engagement opportunities on draft text amendments, please consult the project website for the most current information: https://publicinput.com/landusecodeupdate.

Project update subscribers: 126

## APPENDIX 2: PublicInput Idea Board Public Contributions

| PUBLICINPUT IDEA BOARD CONTRIBUTIONS | |
|---|---|
| ***What should be considered in the land use code update?*** | |
| **Comment** | **Upvotes** |
| Stormwater management (drainage design and quality) | **19** |
| Conservation easements (preservation of open space, water, and wildlife habitat). | **19** |
| Alignment of future land use and zoning districts | **18** |
| Landscaping requirements (biodiversity, xeriscaping, native plants) | **16** |
| Housing diversity (choice and type) and affordability | **15** |
| Renewable energy (solar and wind) | **15** |
| Urban design standards (land use transitions, visual appearance, and aesthetics) | **15** |
| Agriculture preservation (re-generation, sustainability, and innovation) | **13** |
| Water conservation (usage, efficiency, groundwater requirements, surface run-off capture) | **13** |
| Traffic, parking and roadway standards | **13** |
| Green building techniques (energy usage, alternative energy) | **12** |
| Community resiliency (climate change adaptation and mitigation) | **11** |
| Subdivision regulations and process | **11** |
| Consistency with Adams County long-range plans (e.g. Sustainability Plan, 2022, Economic Development Plan, 2023, upcoming Balanced Housing Plan Update, Hazard Mitigation Plan, 2020, Neighborhood Plans, etc.) | **10** |
| Overlays (Flood, Natural Resource Conservation Overlay (NRCO) | **9** |
| Compliance with federal and state regulations (e.g. Fair Housing Act, Right to Farm Act) | **9** |
| Hazard mitigation (wildfire, flooding, storms) | **9** |
| To create a regulatory environment that is competitive to receive Low-Income Housing Tax Credit-funded affordable housing developments, Adams County needs to provide lower parking ratios for developments serving people 80% AMI and below (that is because LIHTC-funded developments are leased by household and not by roommate occupancy- thus significantly reducing the number of cars on-site). Additionally, households earning 60% of AMI and below often cannot afford more than one vehicle, further supporting the need for reduced parking requirements. Notably, parking represents a significant expense in the development process. Adams County also needs a development review process that can be completed administratively within 12 months (meaning from site plan to building permit issuance) in accordance with the rules outlined by the Colorado Housing & Finance Authority rules for LIHTC award. Without these two big changes, Adams County will not be a competitive county to receive LIHTC investments and be unable to meet the housing needs of its residents. | **9** |
| Electric Vehicle (EV) infrastructure (charging stations, parking, and new build requirements) | **8** |
| Performance standards (special, temporary, agricultural, residential, institutional, industrial, mixed-use, commercial, and recreational uses) | **8** |
| Process and administrative improvements | **8** |

| | |
|---|---|
| Would like to see further discussion of how ADCO is protecting species losses as identified with the State Wildlife Action Plan and cooperatively working with DRCOG and the Mile High Compact. | **7** |
| Transfer of Development Rights (program re-evaluation) | **6** |
| Encouragement of mixed-use development, walkability, transit access, and pedestrian safety, and development of design practices that prioritize safety and alternative mobility options. | **6** |
| Land Dedication Fee (methodology and rates) | **5** |
| Access design | **5** |
| Properties should be required to get a permit for sheds, a lot of properties have multiple sheds. | **4** |
| Siting (where a building or use is located on a parcel of land) | **4** |
| Adams County needs to keep accountability for properties of residential, business, and commercial. | **3** |
| Update zoning classification based on actual usage. A fully built-out sub-division zoned as a farm does not make sense. | **2** |

## APPENDIX 3: Industry Stakeholder Survey Results

### Industry Stakeholder Survey - Topic Preferences

Project Engagement

| VIEWS | PARTICIPANTS | RESPONSES | COMMENTS |
|---|---|---|---|
| 195 | 16 | 199 | 24 |

* What organization or stakeholder group do you represent?

- Denver Regional Council of Governments (DRCOG) — 2 months ago
- Individual — 2 months ago
- Industrial Property Owner — 2 months ago

## APPENDIX 4: Industry Stakeholder Workshop Comments

### ENVIRONMENT AND SUSTAINABILITY STANDARDS

#### DESIGN INCENTIVES

***What is working?***

There is support for the streamlined two-hour inspection timeframe.

***Challenges and Concerns***

- Environmental racism persists with the lack of inclusion of tribal voices in policy decisions.
- Native plants are declining across tribal and ancestral lands.
- Developers and property owners will face increased costs from more stringent regulations.
- Developers and property owners will incur higher costs for limited improvements.
- Cities annexing wildlife habitat land is a concern, as unincorporated Adams County residents may bear the costs of habitat maintenance if the county fails to mitigate these annexations.

***Suggestions for Code Update***

- Develop a prescriptive list and require new buildings to incorporate at least one green design feature.
- Implement a sustainability point system involving a ranking system for different design incentives.
- Expand the current development code to allow more economically viable solutions.
- Conduct cost-benefit analyses for any proposed code changes.
- Consider requiring a third-party Social Impact Study as part of the development application process to assess non-financial impacts and benefits in projects.

- Consider the use of low-water native plants in landscaping criteria.
- Address environmental injustices in new regulations.
- Incorporate provisions to prioritize the restoration and protection of native plants.
- Consider state-designated species in site development plans and involve the Department of Natural Resources.
- Align the Adams County Advancing Adams Comprehensive Plan (2022)'s environmental planning section with the Colorado State Wildlife Action Plan.

| MULTI-MODAL TRANSPORTATION |
|---|
| ***Challenges and Concerns*** |
| • Road safety concerns for pedestrians and cyclists, especially in communities near industrial areas, are significant.<br>• The application of concepts like 20-minute communities uniformly without considering different land uses and contexts is problematic.<br>• The difficulty in implementing multi-modal transportation in industrial areas due to challenges with employee commutes is a notable concern. |
| ***Suggestions for Code Update*** |
| • Improve community engagement, especially for marginalized communities.<br>• Improve connectivity requirements for biking and pedestrian infrastructure in new developments. |

| STORMWATER MANAGEMENT |
|---|
| ***Challenges and Concerns*** |
| Potential higher costs for property owners and developers to implement underground systems instead of above-ground options. |
| ***Suggestions for Code Update*** |
| • Strengthen stormwater management requirements for low-impact development techniques.<br>• Ensure regulations are cost-effective and provide meaningful benefits rather than just incremental improvements.<br>• Formalize allowances for underground stormwater detention with appropriate maintenance requirements.<br>• Increase coordination between local and federal government agencies.<br>• Account for the long-term impacts on the environment and humans. |

| RESIDENTIAL AND SUBDIVISION STANDARDS |
|---|
| **DENSITY** |
| ***What is working?*** |
| The code's clarity regarding density in municipal and unincorporated areas and building height (e.g., Westminster station) is effective. |

| ***Challenges and Concerns*** |
|---|
| • The interaction of setbacks and other standards creates regulatory hurdles and competition for space on a site plan, which deters projects from maximizing community benefits and density objectives.<br>• Open space and retention area requirements are two examples that prevent maximizing the density the code intends to achieve.<br>• Examples of how these regulatory hurdles and space limitations impact stakeholders include increasing risk, costs, and time on multiple hearings, writing additional Planned Unit Developments (PUDs), and the uncertainty that projects will be approved after all the previous efforts.<br>• The by-right code is unclear enough for landowners to utilize and maximize their total rights for their property. |
| ***Suggestions for Code Update*** |
| • Refine setback regulations and standards at an administrative level or through by-rights to correct aspects currently preventing full maximization of density in urban areas of the County.<br>• Write into the code interdependent water availability and density related requirements.<br>• Review the section of subdivision regulations (Section 5-03-02-02-01 setback) to achieve compatibility with urban development.<br>• Improve the code's language about use-by-rights to clarify the way landowners utilize and maximize their property. |

## MIXED-USE ZONING

### *Challenges and Concerns*

- Vertical mixed-use requirements restrict the first floor to commercial use, the second floor to offices, and the top floors to residential space, which prevents flexible or opportunistic uses at each level.
- The mixed-use district is new and needs a first-time evaluation to determine whether it is working as intended.
- The County emphasizes the necessity for a variety of housing options in mixed-use district codes, yet code 3.18-06-0-01 specifies a minimum density of 35 dwelling units per acre, while code "-02" sets the maximum density at the same level.

### *Suggestions for Code Update*

- Conduct an evaluation of whether the mixed-use zone is accomplishing its objectives.
- Modify vertical use requirements that are more context-sensitive.
- Develop more mixed-use zones and horizontal use exceptions.
- Provide density bonuses for affordable housing.
- Revisit codes 3.18-06-0-01 and -02 to evaluate whether the minimum and maximum unit requirements in this district adequately address the full spectrum of housing diversity needs in urban areas of Adams County.

## TRANSIT-ORIENTED DEVELOPMENT

### *Challenges and Concerns*

- Few TOD projects have existed in the County since the TOD code was adopted in 2015. The upfront design and investment requirements to rezone an area for TOD make

developers uneasy that they are taking risks without certainty that a project will be approved.

- A commissioner previously expressed concern about a site plan with too few parking spaces even though the number met the County's requirements.
- The code's language regarding the frequency at which elevations must change for various housing types is unclear, causing confusion about its interpretation even internally across the county departments.
- The Planning Commission does not understand parking and project costs well, whereas the Commissioners do. There is a misalignment between them regarding parking.

***Suggestions for Code Update***

- Consider alternative unit density in TOD areas.
- Review parking standards in TOD areas in comparison to other communities in the region (e.g., eliminate parking minimums, establish parking maximum).
- Explore the addition of electric vehicle charging regulations.

**AGRICULTURAL USES**

***Challenges and Concerns***

- The County is losing historical A1-zoned lands.
- In order for agriculturally zoned areas to remain viable, they need more conditionally allowed uses and a shorter approval process for conditional uses.
- Some commercial uses could be useful for supplemental income in agriculturally zoned areas.
- Neighbors are trying to rezone their traditional agricultural land to RE so that they can subdivide and sell it for a higher profit.
- The Comprehensive Plan does not well define or discuss A-1 properties in detail, although it does define large agricultural properties.

| ***Suggestions for Code Update*** |
|---|
| • Review uses that are conditionally allowed in A1-zoned and consider adding more uses by right to diversify activities and support agriculture.<br>• Increase the emphasis in the Comprehensive plan on protecting and preserving small agricultural heritage areas (e.g., A-1) within unincorporated areas of Adams County, not just large-scale agricultural producers (e.g., crops, pasture grass, etc.).<br>• Maintain A-1 zoned areas to protect the lifestyle of these properties.<br>• Identify the disconnects between the A-1 codes and the implementation/ transfer to RE-zoned properties. |

## COMMERCIAL AND INDUSTRIAL STANDARDS

| **PERMITTED USES** |
|---|
| ***What is working?*** |
| • The clarity, cleanliness, and expansiveness of definitions related to permitted uses are notable.<br>• Adams County staff is supportive. |
| ***Challenges and Concerns*** |
| The code lacks clarity and consistency, particularly concerning the definition and application of accessory dwellings in industrial zones. |

| ***Suggestions for Code Update*** |
|---|
| • Avoid imposing additional restrictions on outdoor storage regulations.<br>• Clarify permitted uses for a manager's residence within the industrial zoning category.<br>• Prioritize connectivity and consistency, particularly concerning the definition and application of accessory dwellings in industrial zones.<br>• Explore cost-effective screening methods and ways to enhance the visual appearance of industrial properties.<br>• Aim to improve the visual impression of industrial properties in Adams County by considering locating outdoor storage in specific areas of the property rather than prominently displaying it at the front.<br>• Prioritize improvement of or more consistent enforcement of existing regulations rather than introducing new ones. |
| ***Specific Suggestions for Code Update*** |
| • Add a new provision, numbered 5, to development standard 3-2-03 to include "dwelling, accessory" or "residential, accessory" as permitted uses in industrial zones.<br>• Amend the use chart 3-07-01 under residential uses for industrial zones to include "dwelling, accessory" to the list of permitted uses to recognize the need for managers' residences in industrial areas.<br>• Revise developmental standard 4-03-05-01 to make space for a new provision. Renumber existing provision 11 to become provision 12 and add a new provision, numbered 11, to permit "dwelling, accessory" in industrial zones. |

| PERMITTING PROCESS |
|---|
| ***What is working?*** |
| • The permitting process demonstrates flexibility with variances, allowing for tailored solutions to unique circumstances.<br>• The permitting process operates smoothly and efficiently when a developer is already in the system. |
| ***Challenges and Concerns*** |
| • Staff turnover often results in changes in perspectives and interpretations, which may lead to setbacks in ongoing projects.<br>• The lack of clarity and guidance in the permitting process, particularly concerning understanding the requirements for proposed projects, can be challenging for applicants to navigate. |

| PERFORMANCE STANDARDS |
|---|
| ***What is working?*** |
| The process operates smoothly and efficiently when a developer is already in the system. |
| ***Challenges and Concerns*** |
| • The extensive landscape requirements are impractical and do not align with goals for conserving resources.<br>• Performance standards, especially screening requirements, impact the ability to maintain outdoor storage within industrial facilities. |

- Proposed regulations that impose limitations on outdoor storage, such as requiring storage to be moved within a certain time frame, pose challenges for industrial users who require semi-permanent outdoor storage for materials and equipment.

***Suggestions for Code Update***

- Utilize a commonsense approach when applying development standards and evaluate projects based on their individual merits rather than applying blanket regulations.
- Consider the specific context of each project location.
- Balance regulatory requirements with the practical needs of industrial businesses and the economic impact on the community.
- Prioritize enforcement of existing regulations rather than introduce more regulations.
- Conduct more staff on-site visits and direct observation of properties for informed decision-making.
- Incorporate flexibility into the land use code to allow for exceptions or alternative solutions without the need for formal variance or adjustments.

## PROCESS AND GOVERNANCE IMPROVEMENTS

**PERMITTED USES**

No comments.

**PERMITTING PROCESS**

No comments.

**PERMITS**

| ***What is working?*** |
| --- |
| Performance standards are well-defined for conditional use permits for solar energy facilities, and the process is clear. |
| ***Challenges and Concerns*** |
| CUP and discretionary permits expire every 10 years, which does not align with developers' operational processes and contracts and leads to increased project risks and financing challenges. |
| ***Suggestions for Code Update*** |
| • Change the code to regulate solar energy facilities through performance standards rather than CUPs if it streamlines the process.<br>• Reassess the permit structure to better align the application re-submittal timeline (e.g., from every 10 years) with the lifecycle of buildings and contracts, reducing risks and costs to developers. |

## APPENDIX 5: Community Survey And Open House Results

| Question |
|---|
| *Please share your thoughts on any of the previously mentioned housing types in Adams County.* |
| **Responses** |

***Modular Homes***
**Proponents of More**

- The example shown is attractive.
- I am concerned about the lowest common denominator.

**Proponent of Less**
bullets? Allow fewer trailer parks.

***Duplex***
**Proponents of More**
bullets? A variety of housing types is needed.

***Single-family***
**Proponent of More**
I would like to see more single-family homes with fenced in yards for children and dogs. Home ownership with private yards give owners a sense of pride and belonging. Being outdoors in your own yard gives neighbors a great opportunity to get to know their neighbors and form healthy neighborhoods. We need more safety in our neighborhoods.

**Proponents of Less**

- Less or more approved open space or space the houses out.
- Sherrelwood has plenty of single-family; more architectural diversity is needed.
- This seems to be the dominant housing type in Adams County by a large margin.

***Tiny homes***

**Proponents of More**

- We need tiny homes, modular homes, and ADU to help with housing issues.
- I think tiny homes are a great option. It is nice to see some growth in the area, but I think we have hit our max capacity that our water can sustain while also leaving enough for farmers.

**Proponents of Less**

- I am not a big fan of tiny homes. Instead, make a larger home and break out multiple units in it. This seems like an old idea of having a single-family dwelling for everyone.
- Hate the tiny homes. They are so stupid and wasteful.
- It seems like construction of tiny and modular homes are lacking in quality. We are also lacking affordable housing so multifamily and townhouses would be helpful. Other than that, I feel folks should be able to have freedom of choice for housing.

***Multi-Family***

**Proponents of More**

- More multi-family with ground floor retail space
- Definitely need more multi-family especially affordable housing
- More in the right spot
- Would be a great way to reduce housing costs

**Proponent of Less**

People with single family homes that they work really hard for do not want multifamily and mixed use within the same neighborhood, especially neighborhoods that are established and have been around for years. It causes values to go down and brings crime to the area. This is proven.

***Mixed-use***

**Proponent of More**

- The more, the merrier.
- Would love to see a lot more mixed-use development, especially in Sherrelwood.
- I think mixed use would be nice to create walkable communities.
- In our area of Adams County, sandwiched between Westminster, Denver, and Arvada, there is a huge opportunity to develop the area into a cultural hub with the G line train running along currently industrial / wetland areas.
- This area is ripe for development with mixed usage bringing in new business and providing more leisure opportunities to the residents in the area.
- It is a shame to see development prioritized to single-family or duplex-style homes continuing a pattern of low access to neighborhood businesses and continued car reliance.
- This area could be very nice and attractive to middle/high income earners, particularly as they are priced out of Denver and the Highlands area.

- As a homeowner, more mixed-use means less driving and errands, shops and cafes right outside your door, a vibrant community with events and activities, increased property values, and a more sustainable and environmentally friendly neighborhood. Sounds pretty sweet, right?
- We need more attainable housing that is part of mixed-use developments.

**Proponent of Less**
My biggest concern is affordable housing, in whatever form that takes. I personally do not like the look of mixed-use buildings.

***Non-Housing Type Specific Comments***
**Density**

- It is too crowded in north Commerce City. And the taxes are way too high with all the new developments.
- There are too many apartments in Thornton.
- Adams County is not listening to us. They are allowing too many developers to disregard SB 35 and build inferior housing that are too close together that do meet federal regulations.
- I am thinking these questions are more geared towards future development of subdivisions with HOA's and covenants, not so much to those in unincorporated Adams and those that have small acreages that are zoned A-1 residential. But, putting in more duplexes, townhouses, multi-family and mixed use really opens the areas up to a LOT of traffic and unsafe ROW areas such as the apartments/condos across the street from the King Soopers in Brighton at 50th and Bridge. Cramming as many people as possible into small areas is dangerous and irresponsible planning.
- I moved to Thornton to enjoy the family-lifestyle. I enjoy that the Residential areas are quiet and well-kept. I believe the roads are already not large enough to hold (family) residential areas. Add in single units and multi-family units and congestion will only increase and schools will require additional support. It is important to consider conserving and tending to what we already have (potholes, decreasing traffic congestion, conserving environment and habitat for animals) before adding more to the area. Increasing the population will only drive folks away. I enjoy what Thornton is now, and it could use improvements. These improvements will not ever happen with added structures.
- Create more density but overall, more housing needed.

**Resident Needs**

- Healthy blends of all the types of houses are needed. Additionally, jobs to support those rooftops are necessary in the community so we do not just build "Bedroom" communities like Reunion has become.
- We need it all and the type of housing depends on the location.
- I have never seen a tiny house village in Adams County.
- We want our home values to go up not down.
- I would love to see a tapestry that meets everyone's personal needs.
- With the boomer generation aging, we are going to need more housing that is conducive to their mobility needs. Patio homes would be a wonderful addition to our community and would provide much needed housing accommodations to our senior residents.
- We need more affordable housing. Less short-term rentals and houses owned by corporations.
- Colorado just needs more housing approved more quickly. Make it easier for people to get homes!

| Question | Response | |
|---|---|---|
| | ***Category*** | ***Written Responses*** |
| *When you walk around a neighborhood, what building design components do you enjoy seeing?* | Shape | ***Architectural diversity with some uniformity***<br>• Homes that are squared and uniformed.<br>• A neighborhood with a variety of shapes and architectural diversity.<br>• Seeing consistent design and color in a neighborhood.<br>• Not all the same buildings but similar sidings and roofs.<br>• Homes are designed with Victorian and Edwardian styles.<br>• Individuality and less modern buildings that have no character.<br><br>***Integration of urban and rural elements***<br>• Areas of rural uses mixed with urban designs.<br>• New modern architecture is ugly, please make sure new designs are cohesive with existing surrounding structures. Also do not lose the "farm life" historical background of Adams County. Design with common sense. |
| | Proximity to other homes | ***Spacing and variability***<br>• Housing needs more spacing between each other (6 responses).<br>• I prefer not seeing housing in a straight line with no variability between units that are very close together.<br>• I do not like seeing houses that are right on top of each other.<br><br>***Conforming to Zoning***<br>• Base proximity on zoning (2 responses).<br>• Create buildings that fit into the community, and offer mixed use options that allow for living and shopping. |
| | Color | ***Color diversity with some constraints***<br>• Use neutral colors (2 responses).<br>• Reflect the aesthetics of the community.<br>• Diversity in color of homes is nice, though if home is a bright color, it sets the tone off of the neighborhood. |
| | Landscaped areas | ***Water conserving and xeriscaped areas***<br>• Landscapes with mature trees (2 responses).<br>• Homes with xeriscape areas (2 responses).<br>• Natural and water conserving landscapes.<br>• More landscaping requiring less resources to maintain.<br>• Properties should have lots of trees and greenspaces other than water-sucking grass.<br>• Houses that have natural/xeriscaping are so much better for the environment and our natural flora and fauna.<br><br>***Maintenance of Greenery***<br>• Properties with well-maintained vegetation and trees (e.g., few dead vegetation).<br>• Spaces that have trees and greenery. |

| | | |
|---|---|---|
| | | • Yards with flowers not modern art.<br>• Environmentally friendly landscape that will be easy for people to maintain over the years and as they age. Limit use of lawns due to watering needs and also if it dies it is very expensive to replace.<br>• Buildings that are landscaped and kept up!!! Do not just plant trees or shrubs and never water them! |
| | Height | ***Balanced density***<br>• Increase height if necessary for higher density.<br>• Ranch homes. Dislike tall apartment building of more than four stories.<br><br>***Preservation of views***<br>• Residents should have views from their second story windows and balconies.<br>• Do not want tall building blocking views.<br>• I do not want to lose my view of the mountains. This is why I did not purchase a home in a more populated area (Denver, Aurora, Commerce City). I purchased my home in Thornton to enjoy the scenery and the height of an apartment complex is definitely an eye sore. Perhaps, consider building homes to allow more families to enjoy the view. |
| | Material | ***Preference for specific materials***<br>• Use brick (4 responses).<br>• Use metal (2 responses).<br>• Use concrete (2 responses).<br>• Do not use corrugated metal that will be left to rust.<br>• Use adobe.<br>• Use environmentally friendly material.<br>• Use copper, wood, and greenery to build homes.<br>• Natural materials with a modern twist: Concrete, steel, and glass are classic modern materials, but incorporating them in unexpected ways can keep things fresh. Integration with nature: Modern design does not shy away from nature, it embraces it. Think native plants, sustainable landscaping practices, and blurring the lines between the built environment and the natural world. |
| | Other | • Create more mixed industrial and agricultural uses.<br>• Allow for balconies and front porches.<br>• Maintain industrial uses in those areas.<br>• Establish consistent materials, color, and design but not cookie cutter.<br>• Develop with modern and sustainable designs and energy efficiencies.<br>• Create family homes.<br>• Single family homes with giant lots/acreage, wide streets, mix of only 1 or 2 story buildings with professional landscaping.<br>• I like seeing different types of architecture and style- modern designs with wood and metal, Victorian, craftsman, old buildings being repurposed instead of torn down.<br>• Create clean and modern looking homes. |

| | | |
|---|---|---|
| | | • Would be really cool to see some type of grant program or something by the County to give to residents to fix/maintain fences. They are extremely expensive to fix or maintain and many people leave them broken which causes the entire area to look less cared for. People want to have nice homes but the cost of maintaining a home has become incredibly unaffordable for most people.<br>• Modern styles that incorporate natural elements-things that celebrate the beauty of Colorado, xeriscaping. |
| **Note:** *The survey participants were asked to rank categories in order of most importance.* Out of 27 respondents their priorities are listed in order of most to least importance: material, proximity to other buildings, landscaping, shapes, color, and height. | | |

| **Question** |
|---|
| *If you had a magic wand and could change one thing about parking in Adams County, what would you change and why?* |
| **Responses**<br>**Note:** The themes are ordered by the frequency a respondent mentioned it. Themes most frequently mentioned are listed at the top and the least frequently mentioned themes are listed last. The verbatim comments are not listed in any particular order. |
| ***Considerations for Large Vehicles***<br>• Small businesses and starting entrepreneurs are discouraged at best and prohibited in most cases from parking large vehicles, trucks, and equipment in Adams County, and I would change that to be more friendly with those trying to start their own business.<br>• Way less dumb curbs to make the parking lot look nicer when in reality they just make it more difficult to drive around especially if you have a big vehicle.<br><br>***Considerations to Neighbors***<br>• No cars on the front lawn, meaning they are on a driveway or on the street.<br>• Make people use their own garage and driveways for parking.<br>• Well, we only own one car. But we get a lot of vehicles parking in front of our home day and night. I would vote for a regulation which says you need the permission of the homeowner to park overnight in front of someone's home.<br>• Parking overweight vehicles on residential streets and in open space areas.<br>• There is a lack of parking and narrow roads in front of residential areas.<br>• I would wish that there was a limit on the number of cars someone could park in their neighborhood. We have a neighbor that works for a landscaping business, and they have multiple trucks with trailers parked on our street in addition to their own personal vehicles. It takes up all the street parking and makes the roads by our house very narrow. Two cars can barely pass and there was a fender bender there the other day where two cards scraped each other. The HOA said they cannot do anything about it because it was a County area of jurisdiction or something (we did not specifically ask; it was brought up in passing at a meeting). It would be nice if there was a limit to commercial vehicles or something.<br>• Less commercial vehicles in residential areas. |

***Infrastructure & Availability***

- No paid parking allowed. No one should have to pay to park somewhere.
- Potholes (3)
  - Fixing the streets so we can park where there are not any potholes.
  - Actual roads that are kept and not full of potholes.
  - Maintain property to prevent wear and tear on vehicles (e.g. potholes).
- Strive for clean air and water. Please.
- More available parking in the newly developed areas of Adams County.
- Houses are too close to each other which puts limits on street parking.
- More handicap parking.
- Stop developing open space when existing development are abandoned and unused.
- Make all parking lots smooth and with obvious parking lines and direction of travel.
- Enforce the "no parking" zones.

***Abandoned Cars***

- Control abandoned cars on the streets or street parking in residential neighborhoods.
- That the county would enforce current code/laws. There are so many unregistered expired cars everywhere.

***Keep Parking "As Is," and Focus Efforts Elsewhere***

- I think parking is fine.
- I w change anything about parking. If anything, I would increase the accessibility to paths and experience as a walker (water fountains, trash/recycle, benches, distress button, increased lighting, improved landscape). This would keep many off the roads and reduce the need to increase/enlarge parking lots.
- Add trash cans to the areas.
- Increase speed control and maintenance of areas for high visibility of pedestrians.
- I do not have any problems with parking in Adams County.
- Having space to lock up bikes.
- I would make connectivity to the wider transit network reliable and robust enough that we could, without controversy, remove minimum parking requirements.
- Establish more public transit options.

***HOUSING DIVERSITY & AFFORDABILITY***

| Question | Response | | |
|---|---|---|---|
| | ***Category*** | ***Number of Responses*** | ***Percent of Total Participants*** |
| *How satisfied are you with the Adams County ADUs and modular homes regulations?* | **I do not know enough about Adams County's ADUs and modular homes regulations.** | **43** | **53%** |
| | I am entirely satisfied with Adams County's ADUs and modular homes regulations | 1 | 1% |
| | I am somewhat satisfied with Adams County's ADUs and modular homes regulations. | 6 | 7% |

| | | | |
|---|---|---|---|
| | I feel neutral about Adams County's ADUs and modular homes regulations. | 20 | 25% |
| | I am somewhat dissatisfied with Adams County's ADUs and modular homes regulations. | 6 | 0% |
| | I am entirely dissatisfied with Adams County's ADUs and modular homes regulations. | 5 | 6% |
| | **Total Respondents** | | **81** |

| **Question** |
|---|
| *Do you have any suggestions for ways that Adams County can improve the regulations to support ADUs, modular homes, other housing types, and housing affordability generally?* |
| **Responses** |

***Communities' Character and Livability***

- Locate these type of housing options near accessible mass transit and employment opportunities, not in rural communities.
- Do not do it. Look at Denver and various cities in California.
- Keep in mind that those like us worked hard to afford a little space between our neighbors after living on top of one another most of our lives. Please choose carefully where the crammed together are to live and play.
- There are too many apartments.
- Naturally I want to protect nice neighborhoods such a mine, but I am willing to compromise for affordable housing.
- Accessory uses should not be discouraged.
- Establish more open space to offset all the growth.
- It is important when you are looking to add affordable housing that you consider the measures that will need to take place to ensure that all areas of the community are supported (schools, traffic congestion, adding increased walking/biking paths, pedestrian bridges for increased accessibility and safety when walking). These areas requiring affordable housing should have funding and supportive efforts in place before construction begins otherwise it is a failed effort.
- If people need "affordable housing" than they can move to where It is less expensive to live, Like I had to when I was buying my first house. We do NOT need to bring "affordable housing" TO the more expensive, nicer areas!
- I guess making it easier for the everyday person to buy, not just the rich developers. Properties should be built to be sold to individuals and families, not just rented by big property management companies.
- Please limit the amount of "For Rent" product and focus on for sale properties. Previously working for a multi-family developer, I know the ins and outs of this pyramid structure. Allowing this product continues to make the rich richer and keeps the constraints tight on the consumer.
- I think ADUs are a great option for affordable housing.
- I highly support diversity of housing options to both address housing need, reduce cost barriers for those looking for housing, and as an opportunity to improve the quality of the surrounding areas. I cannot stress how much I would support any development leading to walkable locally owned restaurants and bars, etc.; It is currently a drag that I have to get in a car to get to anything worthwhile in the area, and this is something that we are constantly considering as a potential reason to leave Adams County.

***Administrative Processes, Costs, and other Considerations***

- Increase eligibility.
- Define how to find the pathways for ADUs on a Planned Unit Development site.
- They should be more accessible and more easily permitted.
- Less restrictions the better to promote more housing options.
- If the quality is good, it is just another way of building a house. Quality control is paramount, however.
- Stop making more regulations for building. Housing would be more affordable if building and zoning issues did not create such large financial obstacles for property owners.
- Typically, people may own the unit, but not the property it sits on. Prices have been SOARING for lot rentals. A close friend's lot rental is more than my mortgage payment!
- Provide a way to obtain lower interest starter loans to help cover the first 20% down payment and avoid the pricey insurance required for any smaller payment.
- Reduce regulations of modular purchase and transportation.
- Enable a quicker turn around for transport permits and other requirements.
- Diversity of home type is not only important but makes an area more interesting to look at. I think we need to reconsider the tight regulations on tiny homes and keep water usage and green practices at the front of our minds.
- Make it easy for any homeowner to add an ADU, limit the use of ADU's for short-term rentals (e.g., AirBnB).

***Code Enforceability***

- Make sure building inspections are properly done. Not like the ones in midtown that are too close together and are completely constructed of wood.
- ADU's will be abused by those that put them in or people that put them in and move and sell their house to a large family and next thing you know there are 20 people living in a single-family residence. Not sure how modular homes are environmentally friendly, but the wording sells. Economically, yes because they're cheap. But again, you get too many people in too small of an area and It is a safety issue and irresponsible planning. And as for the ADU's, the county cannot get people to follow basic land use codes as it is, particularly those that are zoned A-1 residential. What makes you think people are going to follow updated land use codes when the code agents and courts aren't even following the current codes with loopholes?
- I have started seeing more and more homeless people and some unsavory characters roaming in our areas that have no business being there. The walking trails area between the King Soopers and neighboring condos at Independence/ Wadsworth now have homeless putting up tents behind the realtor office. We need to see some police units patrolling occasionally which are rarely ever seen.

***20-MINUTE COMMUNITIES***

| Question | Response | |
|---|---|---|
| *Which three features of 20-minute Communities shown in this image do you value the most?* | ***Category*** | ***Percent of Most Valued Features*** |
| | **Safe streets and spaces** | **30%** |
| | **Local schools** | **23%** |
| | **Walkability** | **21%** |
| | **Green streets and spaces** | 16% |
| | **Affordable housing options** | 15% |
| | **Local shopping centers** | 11% |
| | **Housing diversity** | 10% |
| | **Local playgrounds and parks** | 9% |
| | **Local public transit** | 9% |
| | **Safe cycling networks** | 8% |
| | **Well connected to public transport, jobs, and services within the region** | 8% |
| | **None of the above** | 8% |
| | **Sports and recreation facilities** | 7% |
| | **Ability to age in place** | 7% |
| | **Local health facilities and services** | 5% |
| | **Community gardens** | 4% |
| | **Local employment opportunities** | 4% |
| | **Lifelong learning opportunities** | 3% |
| | **Other** | 0% |
| | ***Total Respondents*** | **79** |

| **Question** |
|---|
| *What is lacking in your current community that Adams County could address using the 20-minute Community framework?* |
| **Responses** |
| ***Essential Goods, Services, and Economic Opportunities***<br>• Grocery stores that are closer than 4.5 miles<br>• Grocery, diverse retail, and restaurants' safety<br>• Shopping for necessities (e.g., Home Depot, Petco, Walmart, etc. are all 20 minutes away via car.)<br>• Most of these are supported by having a healthy mix of employment and rooftops. Economic development is the key to accomplishing these characteristics.<br>• Affordable housing: It seems very difficult to own a home when making less than $100k/year. Most homes in the area are going for $400k minimum, and more for single-family.<br>• There are many food deserts in the southwestern portion of Adams County. This is an area where many lower income families live. Attracting affordable and healthy grocery options would be a community benefit.<br>• The community lacks homes for seniors that do not cost over $300,000.<br><br>***Adequate "As Is"***<br>• Nothing is missing. |

- Adams County has been good in keeping open spaces and parks.
- This is a complete joke. NOTHING is lacking in my community. I live in a really nice area with nice houses and acreage. Take your 20-minute cities and build them out by DIA.
- I am very impressed with the County's work! Once I became informed with everything happening within the county, I am satisfied with their areas of focus.

***Infrastructure Improvements for Safety and Connectivity***

- Improve lighting for safety.
- Public knowledge of water analysis. Specifically where leakage of fracking pipelines throughout our neighborhood. 56th to be exact to Suncor. Analysis of cancer deaths and diagnosis of cancers, asthma, emphysema within Adams County and Globeville and all with properties connected with the refinery pipelines to the refinery.
- Safe streets and spaces and walkability are not here. Sidewalks are not safe. Public transit is confusing. No connectivity. No affordable housing or ability to age in place.
- Public transportation and bike friendly commute options.
- Pave the streets. Keep overweight vehicles off our residential streets and speeding. Plow our streets; just because we are rural with ditches and no sidewalks does not mean you can forget us. Spray for mosquitos. Clean out our ditches.
- Trash all over the place, making it unpleasant to walk anywhere.
- Trash cans and community clean-up efforts.
- It would be nice if there was a more diverse selection of restaurants and if the ADCO fairgrounds would get the indoor arena rebuilt so people who own horses have a place to go ride all year round especially in the winter months.
- More and better open space are a huge benefit for all. Public transport as it exists today is way too expensive. Lower cost or even free cost would greatly increase participation and therefore greatly reduce traffic and all traffic problems. I believe free public transportation pays for itself many times over, but few communities have the courage to do it.
- In my residential area there is a newer recreation center (Riverdale). However, there is a need for pedestrian safety and paths to and from the residential area to the center. Increased lights or access to a crossing path that is not a quarter of a mile apart from one another. I also see that a lot of the area's habitat is not properly maintained. Yes, there are folks who are hired to maintain the landscape, but it does not mean that it occurs.
- Walkability: For instance, on 120th avenue between Peoria and Tower there are really no sidewalks, but Prairie View Middle and High Schools are there. I see kids walking that and it seems like a safety hazard.
- There is a large homeless population so the lack of affordable housing results in not feeling as safe within the community.
- Safety has gone down over the last 5 years and is continuing to get worse. We have too many of the same kinds of businesses (e.g., 3 McDonalds and 3 Taco Bells, 10 taco places), public transit is limited, walkability is ok but could be better.
- We need safer streets (e.g., establish speed bumps).
- The items with the lowest barrier to entry would be to improve walkability/access to public transit/bikability. The pedestrian and bike infrastructure are extremely poor compared to the surrounding areas and discourages community engagement and improvement. 64th Ave could be a great corridor for walking and biking to amenities situated along Clear Creek Park and reservoir areas. Given that there is already some development present for parks and recreation, it would be a boon to utilize more of the area as mixed-use and

further increase the attractiveness of the area. Adding more housing diversity through mixed-use would bring more interest and investment and improve the experience of existing residents.

***Amenities***

- We live in unincorporated Adams. Being part of a city would be beneficial.
- Establish community garden opportunities.
- Places for teens to go. They have nothing to do in North Commerce City besides walk from 120th Chambers to 104th and Chambers to just eat. They get restless and bored.
- A lack of access to groceries, open spaces, safe spaces for youth, and small businesses.
- Green streets, amenities, and good restaurants are lacking.
- Local employment to complete the concept of live, work, play in your neighborhood.
- There is little ability to age in home, a need for more green space, and limited places to shop.
- If a person lives in the Welby area there is NOTHING! The only development is that of warehouses that sit empty. No walking paths, no nearby grocery stores, only fast-food restaurants, no recreation center or community centers; It is a concrete jungle.
- Local retailers, public transit are lacking.
- Not much variation of restaurants and independent shops.
- There is a lack of shops and parks.
- A Super Walmart and senior discount at Bison Ridge Rec. Center.
- Lacking retail options and walkability to parks.
- Neighborhood is surrounded by industrial area, there is one park but that is it. Would love more access to walkable amenities. Right now, I would not feel safe walking around the main streets that lead out of the neighborhood. Clean up old lots or business that have not been in use. Our house and neighborhood are amazing, however when you get out onto the main streets there are only industrial businesses and two strip clubs within a close distance. Also, I would like to see other grocery and food options besides fast food.
- The community lacks safe cycling networks, access to public transit, and bars and restaurants within easy walking distance.
- There is little retail and difficult walkability. No affordable housing. Very limited public transit.
- The County's walkability is low.

**Question**

*Do you think the following 20-minute community features should be required, incentivized, or are not important for new development in Adams County?*

| ***Category*** | ***Number of Responses*** | | | | |
|---|---|---|---|---|---|
| | ***Should be required*** | ***Should be incentivized*** | ***Not Important*** | ***Cumulative Preferences Per Category (row)*** | ***Percent of the Most Frequently Chosen Response per Category*** |
| Increased or improved green spaces | **42** | **23** | 6 | 71 | **59%** |
| Accessible and age-friendly designs | **37** | 31 | 6 | 74 | **50%** |

| | | | | | |
|---|---|---|---|---|---|
| Connectivity | **32** | 26 | 8 | 66 | **48%** |
| Missing middle housing | 18 | **26** | 19 | 63 | **41%** |
| Affordable housing units (e.g., minimum %) | 22 | **29** | 16 | 67 | **43%** |
| Low-income housing units (e.g., minimum %) | 17 | **25** | 22 | 64 | **39%** |
| Amenities (e.g., open spaces, plazas, gyms, parks) | **46** | 21 | 6 | 73 | **63%** |
| Ground level and street-facing uses (e.g., pedestrian-only areas and dining/seating) | 26 | **27** | 15 | 68 | **40%** |
| Live/work units and spaces | 9 | 5 | **31** | 45 | **69%** |

| *When considering transitioning the landscape on your property to xeriscape, what aspect(s) are you most concerned about?* | ***Category*** | ***Number of Responses*** |
| | **Cost** | **44** |
| | Time | 24 |
| | Water conservation | 22 |
| | Aesthetics | 21 |
| | Complexity | 17 |
| | Regulation requirements | 13 |

| | | |
|---|---|---|
| | Environmental ethic | 11 |
| | Other | 3 |

| Question |
|---|
| *Based on your experience, please share any suggestions you may have about changes to Adams County regulations regarding landscaping and/or xeriscaping.* |
| **Responses** |

- Encourage and require waterwise landscaping requirements.
- Use Colorado State University extension office landscape conservation vegetation guide.
- I would love to add more xeriscape areas but so expensive to hire it to be done when I cannot do it on my own.
- Please plant trees!
- A great idea is to mandate some xeriscape landscaping.
- I understand not wanting properties to be totally uncared for but having a yard that is more natural and taller than a couple inches should not lead to a write up and possible fine.
- I am very interested in converting more space on our property to be xeriscape, but it is fairly difficult to achieve alone as a homeowner. Any resources available would be great, such as lists of local plants that are pollinator friendly that could be broken down by: time of year they are colorful / height / how deep roots will form (particularly to manage water pooling against foundations!). If the county were to provide any guidance on composting or provide community spaces / county wide capacity, then these could directly aid homeowners trying to make these conversions.
- Assistance of some form in planning how to xeriscape my whole yard would be wonderful!
- All new housing should be required to implement xeriscape areas.
- I would vote for some requirements, especially new construction or remodel.
- I think it should be required in all new home developments especially in the right of ways. Encourage and help to reduce homeowners' green yards by 50 percent. ENFORCE homeowners to follow watering schedule. It is not fair to people in a development who do their best to reduce and their neighbor is watering lawns, sidewalks, and driveways daily.
- I do not know if this is possible but telling HOAs to stop requiring folks to have green lawns. We were given a fine for having a brown lawn when we first moved into our house. The previous homeowners did not care for it, and it was the peak of summer when it was like 105 degrees for days. That lawn was not coming back. Luckily when we went to fight the fine the HOA said they do allow xeriscape, and we would not be fined since it was our first "offense," however as new homeowners that was not financially possible to rip out the entire front yard. It would be nice if there was some ordinance that said green lawns cannot be a HOA requirement; it is not good for the environment and an unrealistic expectation for homeowners.
- Probably too controversial, but it would be a good idea to ban glyphosates and other harmful management solutions. The health impacts to humans should be stressed along with negative impacts to the ecosystem.

***PERMITTED USES (HOME-BASED BUSINESSES AND AGRICULTURAL USE)***

| **Question** |
|---|
| *What additional uses would you like to be able to have on your residential property?* |
| **Responses** |
| • Allow chickens (2 responses).<br>• None, it is residential for a reason.<br>• Allow for more flexibility within R-1-C and other residential areas to allow for corner store retail.<br>• Allow retail/ commercial uses in garages and in residential zone districts.<br>• Establish community gardens.<br>• Create children's play areas.<br>• Allow music outdoor arena and petting zoo.<br>• We were forced to stop our auto detailing business at our house. This business should be allowed in my opinion.<br>• Ability to build multifamily and ADUs.<br>• Ability to board more than two horses per acre on A-1 zoned properties would be nice.<br>• Ability to use outdoor storage and accessory uses.<br>• Multi-family dwelling or a commercial-residential development / mixed-use that has apparel/accessory, food, general merchandise, fitness, and restaurants. |

| **Question** |
|---|
| *If you are unsure whether a use that you desire on your property is allowed, please share that use.* |
| **Responses** |
| • Allow barber or salon in detached building, music outdoor arena, and petting zoo.<br>• Allow boarding of more than 2 horses per acre on A-1 zoned properties.<br>• I am unsure, yet we at Sunstream Condominiums have no children access areas.<br>• Not sure what exactly applies, but I have heard that sometimes zoning codes do not allow childcare on commercial sites due to zoning. As companies look for ways to improve recruiting and retention of employees, offering on-site care - for children or perhaps seniors - might be a good option. I would encourage you to consider how this might be possible in the code revisions. |

| **Question** |
|---|
| *What, if any, type of home-based businesses would you want Adams County to allow on residential properties?* |
| **Responses** |
| ***Specific Examples***<br>• Daycare (mentioned 6 times) –because we do not have enough affordable places to go.<br>• Barber, Hair Salon, Nail Salon (mentioned 3 times) –possibly a one person only barber shop or salon, with no signage in the yard.<br>• Food production and catering should be allowed (mentioned 3 times).<br>• Offering auto detailing from our properties.<br>• Keeping A-1 zoned properties as primarily agricultural businesses. |

- There should be trucking opportunities.
- Allow more flexibility for short- and long- term rental income.
- Tax preparation, insurance, or businesses that do not have customers coming and going.
- Allow consulting, therapy, and art studio businesses.
- Uses currently falling under: business park uses, reasonable uses under light industry, light manufacturing or processing.
- Allow any use.
- Allow education, crafts, and trades.
- These times are changing with the advent of remote work.

***Considerations of the Neighborhood***

- Any business that positively impacts the local community is okay, as long as it does not negatively affect the neighborhood (e.g., increasing traffic, noise, hours of operation outside of 7AM -4 PM or 8 AM-5 PM, loitering, and trash).
- I cannot say other than the business should not disrupt other people's rights and freedoms.
- Allow any home business that does not harm the community environmentally or socially.
- Allow any business that adds value and convenience to the neighborhood.
- Allow any home business which does not burden existing facilities (e.g., roads, water, electricity).
- Allow businesses as long as it does not increase vehicle traffic in a residential neighborhood as it increases wear and tear, along with pollution to neighborhood.
- Home businesses that keep aesthetics of community intact, and which are water wise and energy efficiency.
- Any as long as there is no negative effect/look on the outside appearance of the home and it does not disturb neighbors.
- Yes, to an extent. As a neighbor to someone who runs a business out of their home I would not feel as comfortable having random people constantly coming and going, but I also believe that people should be able to conduct business from their homes based on the services provided. I also think it should not affect the yard. I would not like my neighbor to have business related property all over their yard.
- Businesses that do not harm neighbors (e.g., many cars stopping by a property or park on the street) are fine.
- Any business that does not interfere with their neighbors' rights to enjoy their homes outdoors and that does not encroach or cause a nuisance and that is within the zoned land use code.
- Not home-based businesses that are loud or bring a lot of traffic/cars. Please no.
- Generally, think that reasonable businesses should be allowed, reasonable including but not limited to noise, pollution, traffic, waste, significant alteration of character.
- I think people should be allowed to run any legal business at their house if it does not affect other people's lives. If there are any complaints the business should be allowed to alter operations to satisfy neighbors.

***Dissent Towards Home-based Businesses***

- Stop allowing heavy trucks and repair operations and junkyards unless in zoned commercial and industrial areas. What are these individuals washing out or off of these tractors and trailers directly into our aquifers? Road damages also.
- I do not think home based businesses are a good idea.
- Many buyers are trying to turn these properties into car repair and auto storage, junk/salvage lots, construction supply storage, trucking businesses, and large truck storage. The list goes on about the violations or those unwilling to follow the codes, and nothing is being done. Some go to court, and they get told "put up a

fence so your neighbors cannot see and go about your business" as a work around to keep using their A-1 zoned property as a commercial site. All while the rest of the neighborhood abides by the codes.

- We have several home-based businesses in my neighborhood. Some cause increased local traffic I do not like. Some cause massive quantities of parked vehicles - I do not like. Have not personally had issues with noise related to home businesses so far.
- No tire stores as a home-based business. There is one in Great Rock, Brighton. Have called in several times and county won't do anything about it!!!!
- None.

| Question | Responses | |
|---|---|---|
| *Adams County wants to improve and clarify the regulations for home-based businesses. What is your perspective on the County's current home-based business regulations?* | ***Category*** | ***Number of Responses*** |
| | **I do not know enough about the regulations.** | **48** |
| | I agree with some of the regulations. | 7 |
| | I disagree with some of the regulations. | 5 |
| | I disagree with all regulations. | 3 |
| | I feel neutral about the regulations. | 2 |
| | I agree with all the regulations. | 1 |

| Question | Response | |
|---|---|---|
| *Have you ever submitted a development application to Adams County?* | **No** | **56** |
| | Yes | 7 |
| | **Total** | **63** |

| Question |
|---|
| *Please write:*<br>*a) the type of development application you submitted.*<br>*b) your experience while submitting a development application to Adams County.* |
| **Responses** |

- We added an outbuilding to our 1-acre property that is similar in size and design to our neighbors. Our experience was mixed. Eventually the outbuilding was approved after having to appear before the Board of County Commissioners. However, when County staff come to inspect, they told us we had to demolish free-standing storage shed which was already on the property when we bought it. We agreed to make changes for the fire code and were allowed to retain the building.
- Rezone: some of the requirements in the application were not applicable to the rezone we were doing (vacant land rezoning requiring traffic impact and discharge surveys).
- I submitted a Conditional Use Permit for agricultural property to operate commercial business. I found the process to be more difficult than becoming a commercial airline pilot for Frontier Airlines.
- I submitted a new business permit without changes; it was difficult to get the building department to understand that no changes were happening.
- I had a poor experience submitting a Conditional Use Permit.

- Construction of a church: The County would not accept it because of the intergovernmental agreements with Commerce City. Working with Commerce City, Adams County, and the water district was a nightmare!
- I love the planning commission. They are so insightful!

| Question | Response | |
|---|---|---|
| *Do you farm or own an agricultural-zoned property?* | **No** | **53** |
| | Yes | 9 |

| Question |
|---|
| *Please describe any experiences when you have been limited by what you could do on your property from an agricultural/farming perspective.* |
| **Responses** |
| • The limited number of horses allowed on property, which also limits the number of horse trailers to be parked on individual owners boarding on said property.<br>• I am only allowed 2 horses per acre on my property. |
| **Question** |
| *What factors would support economic viability and sustainability on farms in Adams County?* |
| **Responses** |
| • The ability to store vehicles accessory to farm operations should be protected.<br>• Allow easier cell tower development (e.g., 3-year approval).<br>• Make available produce sales, livestock keeping, horse boarding and nurseries with public access.<br>• Family farms are the exception rather than the rule, especially in today's economic climate. A few years ago, I attended a meeting where many farmers lamented the little dollar per acre price they would receive if they sold. All this to say, there are larger (global) economic factors that affect economics and sustainability of farms, not just in Adams County. |
| **Question** |
| *Do you have any other feedback related to home-based businesses in Adams County?* |
| **Response** |
| People follow the land use codes for their areas and apply for permits (approval) to have said business ran from their property. |

# Adams County

# Stakeholder Engagement Report 2024
# Appendices

***GENIE IN A BOTTLE***

| Question |
|---|
| *If a genie granted you 3 wishes regarding changes to land use and development in Adams County, what would you wish for?* |
| **First Wish Responses** |
| ***Walking Infrastructure Improvements***<br>• Offer more walkable mixed-use areas in Sherrelwood.<br>• Create better spaces to walk in nature.<br>• More and better open space.<br>• Bridges, Bridges, Bridges! They are horrendous down Wadsworth before reaching Midway. I am truly fearful every time I crossover those bridges in this area!<br>• I want to see more mature trees, lining the streets, in parks, everywhere. Also, walkable neighborhoods.<br>• Transform Adams County into a vibrant network of walkable, bikeable communities. We already have trails that connect Brighton, Denver, Aurora, and Golden but imagine if these could be combined with expansive bike lanes crisscrossing the county, connecting with dedicated bus lanes and RTD, letting you breeze past traffic to reach any corner of the metro area. E-scooters and e-bikes should be regulated but highly encouraged to make the last mile to public transit.<br>• Establish more connectivity and walkability.<br><br>***Other Infrastructure Improvements***<br>• Longer lease periods on cell tower sites. Service sucks, particularly east of Strasburg, and cell/Wi-Fi providers will not go state of the art with anything under a 30-year term.<br>• Maintain industrial character in industrial areas.<br>• More trees in medians, streets, and parks. There is a lot of commercialism in Commerce City, which is great, but adding trees would help with aesthetics, emissions, and privacy.<br>• Establish more water features.<br>• More disc golfing options.<br><br>***Zoning Impacts***<br>• Better understanding which agricultural parcels are best suited to convert to housing and/or mixed-use development.<br>• Encourage development to locate in incorporated towns and cities.<br>• I wish my CUP could be permanently zoned Commercial, My land is zoned A3 and my CUP is five years. I am taxed commercially, but planning says it is improbable to be rezoned Commercial, but I do not understand why, if I meet all the requirements.<br>• Keep industrial and trucking company in industrial and commercial areas.<br>• Stop trucking industries in everything but commercial and industrial areas along the corridors that can provide water cleanup.<br>• Use existing space before developing open spaces.<br>• Limit how long Walmart can sit on open space without developing it.<br>• Less heavy industry.<br>• For the county to keep up what they had before adding ill planned development. |

- Stop reducing the amount of Industrial zoned property that has been so instrumental to Adams County's success over the decades.
- Increased space for land to be that - land.
- Better blend of economic development and support of existing businesses. Do not try to discourage industrial, transportation, logistics, and energy jobs and companies.
- No more dentists or medical centers! We do not need 12 dentists within 5 blocks! More restaurants (not the same old chains).
- Less industrial projects and more green spaces, and business for shopping, fitness classes, cafes, etc. It would be cool to see areas like Old Town Arvada with small local businesses and walkable areas.
- Moving forward with only mixed-usage plans.

***County Interactions with the Public***

- More strongly enforced code violations.
- Enforce noise complaints, dogs out of control, trashed front yards, and junk in front yards (e.g., old cars).
- More engagement and notice to county residents regarding land use and development plans.
- More community and family events in north Thornton.
- Code enforcement that actually enforces code violations with higher fees for said violations handled in a timelier manner.

***Individual Property-Owner and Neighborhood Considerations***

- Allow people to run any legal business at their house.
- More flexibility to build multi-family, more flexibility to build ADU, and more flexibility to allow home-based small businesses.
- Require trees and shrubs to be cut back on corners, very hard to see around or over these.
- Housing for our elders, including accessory units.
- Trash pick-ups.
- Easier and cheaper way to build or transport a house for the little guy.
- I would make houses farther apart and with the option of having larger backyards.
- No live bands or discos outside where there are houses in unincorporated Adams County. We need a noise ordinance for unincorporated Adams County.

| Second Wish Responses |
|---|
| ***Improvements to Public Spaces and Infrastructure***<br>• Require way more trees in all instances! Make trees a priority element of all development proposals.<br>• Fix busy streets such as Broadway St. and 70th Ave., accessibility to I-25 from 70th Ave., and add a sidewalk on Broadway St. between highway 30 and 70th Ave.<br>• Bike paths near 144th from Washington to Holly on the south side.<br>• More shopping options near 104th & Tower or Reunion. There's no walkable/bikeable shopping on the east side of Tower Road.<br>• More places for kids/teens to hang out.<br>• Free public transportation.<br>• Build small parks.<br>• Improve the flow and aesthetic appearance of the roundabout located at Highway 7 and US 85.<br>• Improving walkability/bike-ability of neighborhoods.<br>• I'd conjure up a tapestry of mixed-use havens. Picture bustling hubs where apartments seamlessly blend with shops, breweries, and restaurants. Think open-air terraces buzzing with conversation, sidewalk cafes spilling onto vibrant streets, all within a stone's throw of your cozy mid-density apartment. These hubs w just be destinations, they'd be the beating heart of our community.<br><br>***Regulations, Permits, and Civic Engagement Considerations***<br>• I am required to give permanent right-of-way dedications to operate under a Conditional Use Permit. Planning says it is unlikely to be rezoned. I wish I was Commercially zoned as I meet all the requirements.<br>• Clarify zoning regulations overall, including the uses and limitations.<br>• Property owners should be fined for unruly tenants.<br>• Engagement from Adams County officials and, appropriate local and state officials for speed, traffic, and safety enforcement.<br>• Remove all HOAs. No one should tell you how your house is supposed to look. It is your house.<br>• More community say in what gets developed and where with better consideration of surrounding already established residents.<br>• Provide reasonable solutions for property owners to operate without having to ask permission from the Commissioners and Planning staff every few years.<br>• Overall, less regulation.<br>• No target practice on properties that are under 5 acres. Especially AR-15. My neighbor has 3 acres and does target practice facing our home.<br><br>***Environmentally Friendly Considerations***<br>• Water is valuable, so let us remember that.<br>• Fewer warehouses and more parks and green spaces.<br>• Leave open spaces for wildlife.<br>• Stop building and instead have more greenery, gardens, xeriscaping, trees, a space for bees and other animals to thrive.<br>• Increase trash cans. |

| Third Wish Responses |
|---|
| ***Public Spaces & Infrastructure Suggestions***<br>• Do something cool with the water tower on Elmwood (e.g., paint a mural similar to the water tower in Thornton).<br>• Establish a recreation center near 144th.<br>• Please get the trash picked up and potholes fixed.<br>• Library within walking distance to the house.<br>• Ensure ample parking.<br>• Land/building/parking improvements in many areas of Adams County which would draw a variety of stakeholders willing to invest in and create "20 Minute Communities."<br>• Unleash a wave of green spaces. Lush parks with winding trails would snake through the county. Open meadows would offer respite from the urban buzz, while green roofs would cool the cityscape and provide havens for pollinators.<br><br>***County Processes***<br>• A reasonable review of development plans with county, local residents, and state officials to understand proposed development(s) and the reason(s) why those things have to happen around the proposed location. Are all impacts being considered?<br>• Stop increasing development fees and making it difficult to do business in Adams County. Get off the "green" agenda.<br><br>***Individual Property-Owner and Neighborhood Considerations***<br>• Require water saving landscaping.<br>• Allow us to detail at our house again so we can be closer to our children and let our children be involved in our business.<br>• Do something about so many vehicles parked on the street, especially overnight.<br>• Cleaning up dilapidated / abandoned property and generally maintaining a standard of appearance for high traffic areas (64th Ave, Federal, for example.).<br>• No pit bulls. My neighbor's pit bull attacked my husband last year and animal control did nothing about it.<br>• No tire stores in residential agriculture neighborhoods.<br><br>***Social and Economic Impacts***<br>• Minimum wage jobs for teens or volunteer programs to clean up the city would make Adams County a much more enjoyable place to live.<br>• Developers and funding do not always get the final word.<br>• Community events for trash clean up. |

> Some people who received this message don't often get email from lcampbell@adamscountyco.gov. Learn why this is important

Good afternoon,

This email is going out to all of the Adams County referral agencies. I reached out to you all at the end of June to ask for comments on our Development Standards Overhaul project. I am reaching out again for a final opportunity to provide comments on the case. If you wish to include comments on the below described case, please do so by **September 4, 2026.**

Adams County is in the process of a comprehensive update of its Development Standards and Regulations (DSR). In conjunction with the DSR update, Adams County is initiating a Zoning Map Amendment to align the zoning map with the new regulations. The Zoning Map Amendments will consolidate the six commercial zone districts into three districts, rezone all

the R-1-A zoned properties to R-1-C, and rezone the one Conservation Overlay zoned property to the Public Lands zone district.

**EXPLANATION OF PROPOSED ZONING MAP CHANGES**:

●**Commercial zone districts**: The intent of these zoning map amendments is to consolidate zone districts that are currently governed by functionally identical land use standards. Consolidating the districts from six to three makes the underlying zone district land use standards easier for property owners to follow and more efficient for the County to administer. Existing C-0 or C-1 zoned properties will become Neighborhood Commercial; existing C-2 or C-3 will become General Commercial; and existing C-4 or C-5 will become Heavy Commercial.

●**R-1-A zone district**: The intent of this zoning map amendment is to clean up the zoning map, as the R-1-A zone district is currently governed by the R-1-C zone district standards. This is essentially a housekeeping change.

●**Conservation Overlay:** The intent of this zoning map amendment is to clean up the zoning map. There is only one property zoned Conservation Overlay, so we are getting rid of this zone district and rezoning that property to Public Lands. This is essentially a housekeeping change.

You can review the draft of the proposed Development Standards and Regulations and the zoning map changes at this link: https://publicinput.com/j80053

Please note that the linked draft does will not reflect the changes made to incorporate the comments I have already received from some of you. I have reached out to the entities that have sent me comments and let them know how those comments were addressed. If you sent me comments and did not receive a response from me, please let me know and I will make sure to address your comments.

Thank you very much for your time. Please let me know if you have any questions.

**Subject:** Request for Comment: PRC2026-00016 Development Standards Overhaul Text Amendments and Zoning Map Amendments

Good afternoon,

This email is going out to all of the Adams County referral agencies. I reached out to you all at the end of June to ask for comments on our Development Standards Overhaul project. I am reaching out again for a final opportunity to provide comments on the case. If you wish to include comments on the below described case, please do so by **September 4, 2026.**

Adams County is in the process of a comprehensive update of its Development Standards and Regulations (DSR). In conjunction with the DSR update, Adams County is initiating a Zoning Map Amendment to align the zoning map with the new regulations. The Zoning Map Amendments will consolidate the six commercial zone districts into three districts, rezone all the R-1-A zoned properties to R-1-C, and rezone the one Conservation Overlay zoned property to the Public Lands zone district.

**EXPLANATION OF PROPOSED ZONING MAP CHANGES**:
●**Commercial zone districts**: The intent of these zoning map amendments is to consolidate zone districts that are currently governed by functionally identical land use standards. Consolidating the districts from six to three makes the underlying zone district land use standards easier for property owners to follow and more efficient for the County to administer. Existing C-0 or C-1 zoned properties will become Neighborhood Commercial; existing C-2 or C-3 will become General Commercial; and existing C-4 or C-5 will become Heavy Commercial.
●**R-1-A zone district**: The intent of this zoning map amendment is to clean up the zoning map, as the R-1-A zone district is currently governed by the R-1-C zone district standards. This is essentially a housekeeping change.
●**Conservation Overlay:** The intent of this zoning map amendment is to clean up the zoning map. There is only one property zoned Conservation Overlay, so we are getting rid of this zone district and rezoning that property to Public Lands. This is essentially a housekeeping change.

You can review the draft of the proposed Development Standards and Regulations and the zoning map changes at this link:

https://publicinput.com/j80053

Please note that the linked draft does will not reflect the changes made to incorporate the comments I have already received from some of you. I have reached out to the entities that have sent me comments and let them know how those comments were addressed. If you sent me comments and did not receive a response from me, please let me know and I will make sure to address your comments.

Thank you very much for your time. Please let me know if you have any questions.

**Lia Campbell**

American Petroleum Institute
Colorado

COGA
COLORADO OIL & GAS ASSOCIATION

August 27, 2026

Adams County
Board of County Commissioners
4430 South Adams County Parkway
Brighton, CO 80601

Dear Board of County Commissioners,

The American Petroleum Institute Colorado (API Colorado) and the Colorado Oil and Gas Association (COGA) appreciate the opportunity to provide comments on Adams County's (the County) latest draft development standards regulations issued on August 7, 2026, specifically those addressing oil and gas development.

API Colorado is a division of the American Petroleum Institute, which represents all facets of the natural gas and oil industry. API Colorado's more than 600 members produce, process, and distribute most of the nation's energy. COGA is a nationally recognized trade association that promotes the expansion of Rocky Mountain natural gas markets, supply, and transportation infrastructure through its growing and diverse membership.

Colorado continues to boast some of the most robust regulations in the oil and natural gas industry. Following the passage of Senate Bill 19-181, each year, multiple state agencies, including the Colorado Energy and Carbon Management Commission (ECMC) and the Public Utilities Commission (PUC), hold a number of rulemakings to protect public health, safety, welfare, the environment and wildlife resources. While Senate Bill 19-181 granted local governments authority to regulate the surface impacts of oil and gas operations, it did so with an important qualifier: regulations must be both reasonable and necessary and supported by substantial evidence.

Although the most recent draft improves upon the prior draft and includes updates for clarity and enhanced implementation, several challenges remain. Among the other issues listed below, one critical item is to allow for the 2,000' setback to be presumed inapplicable where the platted residential lot does not anticipate inhabitation prior to drilling. API Colorado and COGA urge the County to align its regulations with state rules by adopting consistent definitions, standards, and practices. Clear guidance will support operators in meeting requirements in an efficient and effective manner. For these reasons, we suggest the following revisions:

**<u>CHAPTER 3 SPECIFIC USE STANDARDS</u>**

**3-09-06.C.1. Access.**

This section states: "Oil and gas operations shall avoid or minimize impacts to the physical infrastructure of the County transportation system." API Colorado and COGA request the County add "or mitigate" to the phrase "avoid or minimize." This is consistent with other variations of the phrase in the Code.

**3-09-06.C.4.b) Administrative Waiver from Setback requirements for Existing Residences or Platted Residential Lots.**
This section allows an Operator to seek an administrative waiver from the setback requirements if the Operator receives written consent or a waiver from each primary resident and property owner within the setback. It then lists several criteria Staff will evaluate to determine if the administrative waiver should be granted. However, if the lot is merely platted with no residents living within the lot, the waiver should be presumed to be granted, regardless of waiver or consent from the property owner(s) where the platted residential lot does not anticipate inhabitation prior to drilling. The criteria become inapplicable and do not require evaluation because there are no residents, and none are anticipated, who could be affected by drilling.

**3-09-06.C.4.c) Administrative Waiver from Setback Requirements for Environmentally Sensitive Areas (ESA).**
The proposed provisions regarding Environmentally Sensitive Areas (ESAs) raise several questions regarding implementation and coordination with existing state permitting processes. This provision authorizes the County to evaluate the "level of best management practices, facility design considerations, and control measures" proposed for a facility. Operators routinely develop these materials as part of the ECMC Oil and Gas Development Plan (OGDP) process, where they are reviewed by ECMC staff and relevant state agencies. Since county approval may precede final ECMC action, the County should clarify how its review will be coordinated with the ECMC process. In particular, the County should explain whether information prepared for an OGDP may be submitted to satisfy County requirements, whether the County intends to apply standards different from those used in the ECMC process, and how any conflicts between County and ECMC determinations would be resolved. Similarly, the proposed mitigation provisions authorize the County to impose additional mitigation measures as a condition of granting an administrative waiver. The County should clarify how these requirements will interact with mitigation measures already developed through the ECMC permitting process and in consultation with Colorado Parks and Wildlife (CPW).

API Colorado and COGA also request clarification of the following language "…and hydraulically upgradient of, at a significantly lower topographic elevation or relief of, or otherwise physically isolated, as determined by the Director of Community and Economic Development, from an ESA..." More specifically, the trades seek clarity around what "physically isolated" means. The trades suggest it should be clarified that sites downgradient do not trigger the setback. Further, the trades request that the measures in 3-09-06.C.4.c.2.a.-c. be "may be required" instead of "shall" be required.

**3-09-06 C.10.b) Emergency preparedness plan.**
The phrase "a format suitable for input into the County's GIS system" is vague and may result in inconsistent requests. We recommend specifying the information sought, such as GIS data consistent with information submitted to the PUC.

**3-09-06 C.13 Well Plugging and Abandonment, Workover Operations, and Subsequent Operations.**
The addition of the phrase "workover operations" in this section could lead to confusion. For example, as currently written, the section could be interpreted to require notices of intent to abandon and brass plaques for all workover operations. To avoid confusion, we recommend creating a separate paragraph pertaining only to workover operations labeled as new 3-09-06 C.14 and containing the workover-specific provisions currently contained in 3-09-06 C.13.e) and f).

**3-09-06 C.31. Gathering Lines**

The County's proposed language requires operators to submit GIS information regarding pipeline location, line status, and operator information. We note this information is submitted to the Pipeline and Hazardous Materials Safety Administration (PHMSA) and the Colorado Public Utilities Commission under PUC Rule 11100(c). Requiring operators to submit the same information to the County creates an unnecessary duplication of existing reporting requirements. Furthermore, the PUC's Pipeline Safety Program makes portions of this information publicly available through its online mapping system while maintaining protections for more detailed data, which local governments may access by entering into the appropriate confidentiality agreements with the PUC. The portions which are not publicly available are not publicly available for cause, namely safety reasons. Where appropriate, the information should similarly be held confidentially by the County and not available through Colorado Open Records Act requests.

**<u>CHAPTER 13 DEVELOPMENT REVIEW PROCEDURES</u>**

**13-03-02. Conditional Use Permit Procedures, General**

API Colorado and COGA have similar concerns in this section regarding pipeline mapping requirements. The term "pipelines" is broad and undefined. ECMC regulations distinguish among flowlines, crude oil transfer lines, gathering lines (which ECMC does not regulate, other than having extremely limited jurisdiction to address exploration and production waste spills), produced water transfer systems, and other facilities. Flowlines themselves include multiple categories, including wellhead lines and on-location production piping. API Colorado and COGA requests that the County clearly define the facilities covered by this provision.

Additionally, several mapping-related provisions in the draft rules would benefit from language clarifying that GIS data is informational only and is not intended to replace Colorado's one-call notification system, 811. We recommend incorporating language that aligns with the PUC rules, which state:

> *11100. Submission of Reports and Notices - General.*
> (c)(III)(C) …the Commission will keep all such GIS data confidential
> (c)(III)(D) This data will not be used in lieu of Colorado 811 locates and is subject to civil penalties set forth in and fines assessed pursuant to §§ 9-1.5-104.4 or 9-1.5-104.5, C.R.S.

API Colorado and COGA further recommend that the County attach a standardized disclaimer to all submitted GIS data identifying the submission date and expressly stating that the data should not be used in lieu of Colorado 811 notification prior to any subsurface disturbance.

We also note that Section 3-09-07 C.2.b. appropriately recognizes the confidentiality protections available under C.R.S. § 24-72-204 for certain GIS information submitted for emergency preparedness purposes. However, similar protections do not appear in other sections requiring submission of GIS data. API Colorado and COGA propose extending consistent confidentiality language to all provisions requiring submission of pipeline or facility GIS data to ensure consistent protection of sensitive infrastructure data.

Finally, the provisions addressing pipeline data in Chapters 3 and 13 do not identify how the County intends to secure, maintain, or manage the submitted data. Since this information may include sensitive infrastructure location information, COGA and API Colorado request that the County clarify its data governance procedures, including security protocols, access controls, confidentiality protections, and

quality assurance measures that ensure data is entered accurately. We suggest the County consider confidentiality agreements with operators to further safeguard data. Additionally, the County should specify how often operators must submit updated information. If submitted annually, API Colorado and COGA recommend aligning the deadline with the PUC's established March submittal deadline. Without this clarification, operators lack certainty regarding the scope of the obligation and the handling of sensitive information once submitted.

**CHAPTER 16 WORD USAGE**

**16-02 General Terms Defined**

*Environmentally Sensitive Areas*

API Colorado and COGA request the County confirm that "designated outside activity area[s]" refer to those areas meeting the ECMC definition of "Designated Outside Activity Area[s]."

*High Priority Habitat*

API Colorado and COGA are concerned that the proposed definition of "High Priority Habitat" introduces unclear language that differs from, and expands upon, the definition adopted by the ECMC. The proposed definition first refers to habitat areas and "applicable buffer areas." However, the ECMC rules respecting protection of wildlife include only one reference to buffers. ECMC Rule 1202.a.(8) deals with vegetation removal and it provides that if an active nest is located by an operator during pre-construction work, the operator must provide a buffer zone around active bird nests. It is unclear from the County's proposal whether the County plans to adopt other buffer zones beyond what the ECMC adopted in close coordination with CPW.

Additionally, the draft definition references habitat and buffers identified, defined, or delineated by CPW but does not reference the High Priority Habitat mapping adopted by the ECMC following consultation with CPW. This may lead to a county definition that is at odds with the ECMC's definition of high priority habitat. To provide consistency and regulatory certainty, API Colorado and COGA recommend adopting the ECMC's existing definition:

> High Priority Habitat means habitat areas identified by Colorado Parks and Wildlife where measures to Avoid, Minimize, and Mitigate Adverse Impacts to wildlife have been identified to protect breeding, nesting, foraging, migrating, or other uses by wildlife. Maps showing, and spatial data identifying, the individual and combined extents of the High Priority Habitats will be provided by CPW and attached to this Rule as Appendix VII. The Commission will provide the maps on its website.

*Oil and Gas Facility*

API Colorado and COGA also request clarification regarding the proposed revision to the definition of "Oil and Gas Facility." The ECMC definition focuses on equipment and improvements used or installed at an oil and gas location. The County's proposed definition instead focuses on the "definable area of maximum disturbance" and expands the scope to include activities such as "withdrawal" and "treatment."

It is unclear whether these additional terms are intended to encompass facilities beyond traditional upstream operations, including midstream activities. The proposed language creates uncertainty regarding the scope of facilities subject to County regulation. Lastly, in the most recent revision to the

draft rules, the phrase "additional supporting facilities" was added, which significantly broadens this definition. To clarify the scope of the draft definition, API Colorado recommends aligning the County's definition with the ECMC definition of oil and gas facility.

API Colorado and COGA appreciate the County's willingness to engage stakeholders throughout this process. We look forward to working with County staff in developing standards for continued safe and reliable operation within Adams County. Thank you.

Sincerely,

Carly West
Executive Director
API Colorado

Lynn Granger

---

You don't often get email from aracruzpoet@gmail.com. Learn why this is important

Please be cautious: This email was sent from outside Adams County

Lia,
I am writing after briefly reviewing the proposed changes that affect my property at 70 Del Norte St, Denver, CO 80221

Since my property taxes increased and I have to pay an extra $200 on top of my monthly mortgage payment, I thought I would take this time to advocate for my neighbors and myself. Our road off of Bannock St (between Del Norte St and Cragmore St) that extends to Del Norte is a mess (numerous potholes). I have heard the excuse that sections of the road belong to different entities (at least 1 hasn't existed for years). Over 20 townhomes are along this road. Almost all of us are Brown and Spanish-speaking. We feel abandoned by the county, especially after our property taxes have increased so dramatically. I will attend both public hearings to raise this concern in person. I will also talk to my neighbors. Something needs to be done.

Sincerely,

Ara Cruz

**RE: PRC2026-00016: Development Standards and Regulations Update**

Dear Ms. Campbell, Members of the Adams County Planning Commission, and Members of the Board of County Commissioners,

COSSA Institute appreciates the opportunity to comment on the proposed update to the Adams County Development Standards and Regulations (DSR). Our comments focus on several provisions related to solar energy and battery energy storage systems (BESS).

**1. Clarify the Relationship Between Large-Scale Energy Projects and Solar and BESS Uses**

The proposed DSR separately identifies solar energy systems and Battery Energy Storage System Facilities as specific uses, while the definition of "Large-Scale Energy Project" also expressly includes solar and battery storage. This creates conflicting classifications. A Large-Scale Energy Project includes a facility that occupies more than two acres, has a capacity of at least 1 MW, or principally serves the electric grid or other off-site users. At the same time, Medium-Scale Solar is defined as more than 35 acres but less than 320 acres, with separate zoning treatment.

As a result, the same solar project may simultaneously qualify as Medium-Scale Solar and a Large-Scale Energy Project even though the use tables assign different approval processes in some zoning districts. Similar conflicts can occur for other scales. The overlap also appears unnecessary because solar and BESS already have their own use classifications and development standards. Where the County intends certain Large-Scale Energy Project requirements to apply, those requirements can be directly cross-referenced, as the solar standards already do for decommissioning and financial assurance.

**COSSA Institute recommends removing solar energy systems and Battery Energy Storage System Facilities from the Large-Scale Energy Project definition/applicability.**

**2. Revise the Battery Energy Storage System Facility Definition**

The definition of "Battery Energy Storage System Facility" describes systems that are connected to an energy generation source and store energy produced by that source. This does not clearly account for standalone battery storage facilities that charge directly from the electric grid and later discharge electricity back to the grid.

We recommend revising the definition to clearly include both co-located and standalone BESS. A simple clarification would be to state that a Battery Energy Storage System Facility may receive and store energy **from**

**the electric grid or from a generation source**. Recent standalone BESS applications in Adams County indicate that the County already interprets its regulations to accommodate these facilities. So, this does not appear to present a permitting barrier, but the updated DSR provides an opportunity to clarify the language and avoid future uncertainty.

**3. Reconsider Fixed BESS Separation Requirements**

Section 3-06-02 requires BESS facilities to be located at least 200 feet from residential uses or structures and at least 100 feet from other off-site uses or structures. The same section also requires compliance with NFPA 855 and other applicable codes. **COSSA Institute recommends removing the blanket 200-foot and 100-foot separation requirements and relying on applicable fire, building, electrical, and energy storage safety standards, including NFPA 855.**

Modern BESS safety is addressed through standards covering equipment design, listing, installation, thermal runaway, fire propagation, emergency response, and system-specific separation. UL 9540 and UL 9540A testing also provide information that can be used to evaluate system performance and appropriate installation configurations. A fixed land use separation requirement does not account for differences in battery chemistry, enclosure design, system size, fire protection, tested performance, or other site-specific factors. Requiring additional distance regardless of system design may unnecessarily restrict viable sites without providing a corresponding safety benefit.

Where setbacks are needed to address other impacts, such as noise or visual compatibility, those issues can be addressed directly through standards designed for those purposes.

Sincerely,

Jeremiah Garrick

# REQUEST FOR COMMENTS AND PUBLIC HEARING NOTIFICATION

Case Name: Development Standards Overhaul Text Amendments and Zoning Map Amendments
Case Number: PRC2026-00016
Planning Commission Hearing Date: Thursday, October 22, 2026 at 6:00 PM
Board of County Commissioners Hearing Date: Tuesday, November 17, 2026 at 9:30 AM

August 28, 2026

Public hearing have been set by the Adams County Planning Commission and Board of County Commissioners to consider the following: (1) Text Amendments to comprehensively update the Adams County Development Standards and Regulations (DSR); (2) Zoning Map Amendments to align the new standards with the official zoning map. The Text Amendments will repeal and replace the current DSR. The Zoning Map Amendments will consolidate the six commercial zone districts into three districts, rezone all the R-1-A zoned properties to R-1-C, and rezone the one Conservation Overlay zoned property to the Public Lands zone district.

You are receiving this letter because (i) you own property that is being rezoned; (ii) you occupy a property that is being rezoned ; or (iii) your property is located within 600 feet of one of the properties being rezoned.

Please forward any written comments on this case to the Community and Economic Development Department at 4430 South Adams County Parkway, Suite W2000A Brighton, CO 80601-8216. You can also email your comments to Lia Campbell at LCampbell@adamscountyco.gov or provide comments over the phone by calling (720) 523-6949. **The deadline to submit comments is Friday, September 18th, 2026.**

The public hearings will be held in the Adams County Hearing Room of the Adams County Government Center located at 4430 S. Adams County Parkway, Brighton, CO 80601. These proceedings will be a public hearing and any interested parties may attend and be heard. If you require any special accomodations (*e.g.*, wheelchair accessibility, an interpreter for the hearing impared, etc.), please contact the Adams County Community and Economic Development Department at (720) 523-6800.

BOARD OF COUNTY COMMISSIONERS

Julie Duran Mullica — District 1
Kathy Henson — District 2
Emma Pinter — District 3
Steve O'Dorisio — District 4
Lynn Baca — District 5

The full draft of the proposed Development Standards and Regulations and the new Zoning Map can be found at *publicinput.com/DSOdraft*, or via the QR code on the back of this letter. The land use standards for each zone district can be found in Chapter 2 of the draft.

**FOR MORE INFORMATION:**
Please reach out to me at LCampbell@adamscountyco.gov or (720) 523-6949 for more information or with any questions.
