# SAMPLE BALLOT

COORDINATED ELECTION  
ADAMS COUNTY, COLORADO  
NOVEMBER 5, 2019

## CITY OF BRIGHTON

### Recall of Mayor Question 3A

The reasons as set forth in the petition demanding recall:

This action is brought to address ongoing dereliction of duty from Mayor Kreutzer, culminating in recent events including:

1. Kreutzer led the council's delayed and muted response to the revelation of an unexplained \$70,000,000 (approx.) "slush fund" in Brighton's water department, only agreeing nearly a year later to an independent forensic audit under extreme public pressure. Kreutzer was on the city council and voted on each budget during the years this surplus formed but claims no knowledge.
2. Kreutzer refused to address charges that a councilmember unlawfully attempted to secure employment within city government, despite being advised of such for more than a year, on the grounds that he "is not the disciplinarian of the council."
3. On 7-9-2019, Kreutzer initiated a suspension and replacement of City Manager Phillip Rodriguez, the sole whistleblower in these two separate city scandals, only seven days after Mr. Rodriguez made them public. Kreutzer refused to provide any reason for his action. Terminating Mr. Rodriguez without cause will cost taxpayers hundreds of thousands of dollars in severance pay, and potential litigation. Kreutzer also allowed two councilmembers with demonstrated conflicts of interest to vote on the suspension of Mr. Rodriguez, despite public demands of recusal.

Mayor's justification for his course in office:

The recall action brought by this group is unnecessary, unwarranted and unreasonable because:

1. As a result of extensive rate studies over the past years and justified rate increases there is unspent money in the capital reserve fund (approximately 70million dollars) and the capital investments (projects) are planned. The projects will address the essential infrastructure needs of our growing city. These funds have always been accounted for and are reported in the 2018 audit of the city's finances. Further an independent rate study presented to City Council on August 20 reported Brighton's average water rates lower than many of our surrounding communities.
2. The city manager serves at the will of council and the majority of the City Council members determined that the City move forward with someone else serving as the chief administrator of Brighton. Mayor Kreutzer stated publicly he lost faith in the leadership of the former City Manager and was one vote in his removal.
3. The driving factors of this recall fall outside the duties of the Mayor and the efforts and anger of the recall group is misplaced. The Mayor and the City Council only set policy, while the administrative responsibility of the City rests with the City Manager.

It is imperative for the community of Brighton to get our City moving forward and back to business. This recall would only set our city back further.
